MUJI Newbury Proposed additional blade signs

359 Newbury St, Boston, MA 02115 BBAC Presentation 7/10/19

What is MUJI?

MUJI, originally founded in Japan in 1980, offers a wide variety of good quality products including household goods, apparel and food.

Mujirushi Ryohin, MUJI in Japanese, translates as "no-brand quality goods."

MUJI is based on three core principles, which remain unchanged to this day:

- 1. Selection of materials
- 2. Streamlining of processes
- 3. Simplification of packages

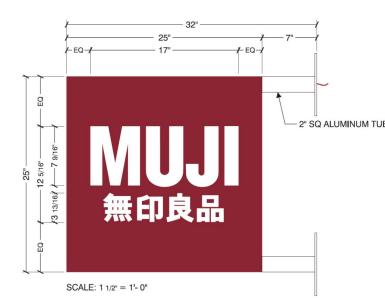

MUJI's products, born from an extremely rational manufacturing process, are succinct, but they are not in the minimalist style.

That is, they are like empty vessels. Simplicity and emptiness yield the ultimate universality, embracing the feelings and thoughts of all people.

Proposed work

Three additional blade signs.

- Two on Massachusetts Avenue
- One on Newbury Street

Reason for additional signage

As seen from the below photos, it is difficult to see our store from the subway

station and down newbury street due to neighboring tenants

Reason for additional signage

Nearby tenants have similar signage as seen in the below photos
