Brenda Cassellius, Superintendent

Cabinet Mission

The Education Cabinet will be responsible for Boston's education landscape and tasked with crafting and executing an education agenda for the City. From early childhood education, to kindergarten, to junior high, to higher learning institutions, to educations for seniors. The cabinet will implement the vision for academic excellence across the City.

External Funds Projects

Formula Grants

Project Mission

Formula grants are funds received through federal or state programs that provide assistance for educational services for low income, minority, and special needs students. Levels of funding are established through a predetermined formula that considers the amount of legislative appropriation and the number of students eligible for the program. Federal formula grants include the Title I, Title II, and IDEA grants. MCAS support/Academic support is a state formula grant.

Competitive Grants

Project Mission

Competitive grants are funds received through open competition with other school districts and non-profit organizations. The grant providers establish the levels of funding. The use of these funds is determined through local planning, which typically aims to advance local priorities while meeting the funding requirements.

Reimbursements

Project Mission

Reimbursement funds are resources received by the local school districts as compensation for costs incurred by certain programs. Reimbursement programs include the Department of Agriculture's School Lunch Program and Summer Food Program.

Revolving Funds and Other Grants

Project Mission

Additional resources are received through revolving funds and other grants. These include funds raised through the Boston Education Development Foundation, and the Homeless Student Initiative.

Boston Public Schools Capital Budget

Overview

Boston Public Schools is entering Year 4 of BuildBPS, the District’s 10-year educational and facilities master plan. BuildBPS will transform the way the District and the City plan, build, and renovate school facilities. Boston is on track for its planned \$1 billion investment in schools over 10 years, with \$730 million coming from City borrowing.

FY21 Major Initiatives

- Construction will continue on the new \$137 million Boston Arts Academy building, funded in partnership with the Massachusetts School Building Authority (MSBA).
- 29 school kitchens will be upgraded over the summer in Phase 3 of “My Way Café,” an innovative fresh food program that launched in early fall 2018.
- The City will upgrade bathrooms at various schools, including fixtures, flooring, partitions, lighting, and paint.
- The City will invest in plumbing and fixture upgrades to expand the availability of drinking water across the district.
- The City will invest in core maintenance projects to improve school entryways, radiators, and fire systems.
- BPS will study school conversions for grades K-6 and 7-12, in line with the goals of BuildBPS.
- Funding has been set aside for future projects coming out of the BuildBPS engagement process and accelerated repair partnerships with the MSBA.
- BPS will continue upgrading school building security with expanded card access systems, re-keying doors, installing cameras at entrances and other critical areas, installing motion detectors, and other related improvements.
