B Clearance

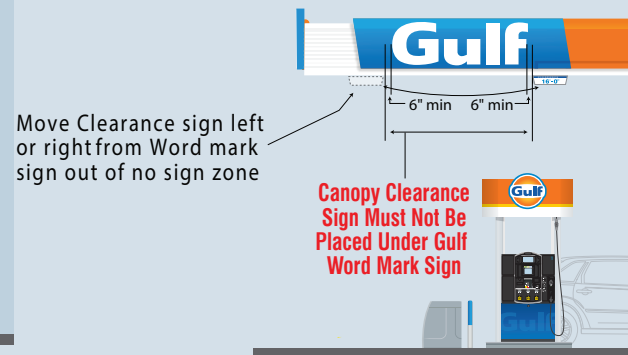

Note:
1. Canopy Clearance
 Sign should be positioned in the most visible sight lines for consumers entering the forecourt.

2. Align off column as first priority. If that location does not provide adequate visibility, move to a position that does.

3. Do not position Clearance sign under a Gulf word mark sign or Gulf disc sign. Follow rules established on this sheet

4. (2) Clearance signs are typically used per canopy. If more are needed, seek approval from Gulf reimage team

C Dispensers

State/local regulatory messages are the responsibility of Gulf Oil's dealer/distributor

*While reimaging the dispensers, if the weights and measures labels have to be altered please remove them and place them on a 8.5"x11" paper and hand deliver to a store representative. Ask the store representative to call the listed number for a new test.

E

Color Specifications

NOTE: Towel dispensers should be removed from canopy columns and given to the dealer/site management should they want to keep them OR disposed of in installer supplied dumpsters.

NOTE: Fire extinguisher cabinets should be removed prior to painting the canopy columns and reinstalled after painting the columns.
