Case: BOA1133941 & BOA1133951 Address: 42 Irving Street
Purpose: Discussion of Open Meeting Law Complaint received April 13, 2021 alleging violation of the OML during the hearing of the above appeals at the April 6, 2021 hearing of the Board of Appeal.

Discussion: The Board requested that the Executive Secretary explain what administrative measures were in place to ensure those interested in offering testimony could offer testimony. The Executive Secretary explained that there is a WebEx session in the afternoon on the day before every scheduled hearing date for people to check whether their audio/visual equipment functions with the WebEx software. At the hearing, the Board also includes slides at the beginning of the hearing and after each break explaining how to indicate an interest in participation and verbally reviews those slides each time.

The Board then asked whether the complainant in this matter would have had the opportunity participate in the equipment check session. The Executive Secretary confirmed that the equipment check session was held on April 5, 2021. The Board then asked whether it had any written submissions from the complainant in the case file. The Executive Secretary confirmed that the Board had received a written submission prior from the complainant prior to the hearing that was part of the record at the hearing.

Vote: Board Member Ruggiero moved to allow the Executive Secretary of the Board to file a response to the complaint with the complainant and with the Attorney General’s Office expressing the Board’s position that it did not violate the Open Meeting Law in this matter. The motion was seconded, and the Board voted unanimously to allow the response.
