Email: elias@mergearchitects.com
Mailing: 332 Congress St. Floor 6
Boston, MA 02210

Contractor: TBD

PART III (additional documentation attached)

Description of Proposed Work:

All facades: Remove all existing single-pane, double-hung windows on Levels 1, 2, and Attic (dormer). Replace with new energy efficient double pane, double-hung windows with full divided lights (ref. muntin pattern in Window Legend) all with white exterior finish to match existing.

Front (west), Rear (east), and Side (north) facades: Remove existing single-pane, awning windows at Basement. Replace with new energy efficient double pane, awning windows with full divided lights (ref. Pattern in Window Legend) all with white exterior finish to match existing.

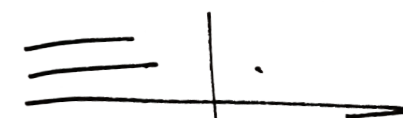

Side (south) facade: Remove existing single-pane, awning windows at Basement. Enlarge openings and excavate to accommodate code-compliant egress window wells. Replace windows with casement windows with white exterior finish.

Rear (east) facades: Remove existing storm and exterior doors at Basement, Level 1, and Level 2. Replace doors with half-height exterior doors with dark bronze anodized finish. Paint trim white to match existing.

Rear (east) and Side (north) facades: Remove existing rear Basement access stair bulkhead, first level porch, second level deck, and roof. Replace with new metal stacked stair within roughly the existing porch footprint to provide access to the Basement, first floor unit, and second level unit. Railings and support structure to have dark bronze anodized finish. Decks to have wood-look decking. Modifications have very limited visibility from the public way.

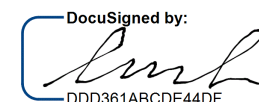

Side (south and north) roofs: Add four flat-profile, operable skylights with dark bronze anodized frames within the existing clay tile roof. Patch with clay roof tiles to match where required. Three skylights to be located on the south setback portion of the roof with very limited visibility from the public way. One skylight to be located on the north setback portion of the roof with no visibility from the public way.
