# Summary of Benefits

January 1, 2022–December 31, 2022

## You have choices about how to get your Medicare benefits

- One choice is to get your Medicare benefits through Original Medicare (fee-for-service Medicare). Original Medicare is run directly by the federal government.
- Another choice is to get your Medicare benefits by joining a Medicare health plan (such as Tufts Health Plan Medicare Preferred HMO).

## Tips for comparing your Medicare choices

This *Summary of Benefits* booklet gives you a summary of what Tufts Health Plan Medicare Preferred HMO Prime Rx City of Boston covers and what you pay.

- If you want to compare our plan with other Medicare health plans, ask the other plans for their Summary of Benefits booklets. Or, use the Medicare Plan Finder on [www.medicare.gov](http://www.medicare.gov).
- If you want to know more about the coverage and costs of Original Medicare, look in your current *Medicare & You* handbook. View it online at [www.medicare.gov](http://www.medicare.gov) or get a copy by calling **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**.

## Things to Know About Tufts Health Plan Medicare Preferred HMO Prime Rx City of Boston

### Who can join?

To join Tufts Health Plan Medicare Preferred HMO Prime Rx City of Boston, you must be entitled to Medicare Part A, be enrolled in Medicare Part B, and live in our service area.

The service area for the plan described in this document includes the following counties in Massachusetts: Barnstable, Bristol, Essex, Hampden, Hampshire, Middlesex, Norfolk, Plymouth, Suffolk, and Worcester.

### Which doctors, hospitals, and pharmacies can I use?

Tufts Health Plan Medicare Preferred HMO Prime Rx City of Boston has a network of doctors, hospitals, pharmacies, and other providers. If you use providers that are

not in our network, the plan may not pay for these services.

You must generally use network pharmacies to fill your prescriptions for covered Part D drugs. You can see our plan's *Provider Directory* and *Pharmacy Directory* at our website ([www.thpmp.org](http://www.thpmp.org)).

This document is available in other formats such as braille and large print.

## Referral circles

Your PCP works with certain plan specialists, called a “referral circle,” to provide the medical care you need. Your PCP will provide most of your care and will help arrange the rest of the covered services you get as a plan member. In most cases, you must get a referral from your PCP before you see any other health care provider. This means you will not have access to the entire Tufts Health Plan Medicare Preferred HMO network, except in emergency or urgent care situations, or for out-of-area renal dialysis.

## What do we cover?

We cover everything that Original Medicare covers—and more.

- Our plan members get all of the benefits covered by Original Medicare. For some of these benefits, you may pay less in our plan than you would in Original Medicare. For others, you may pay more.
- Our plan members also get more than what is covered by Original Medicare. Some of the extra benefits are outlined in this booklet.

Tufts Health Plan Medicare Preferred HMO Prime Rx City of Boston covers Part B drugs such as chemotherapy and some drugs administered by your provider.

- You can see the complete plan formulary (list of Part D prescription drugs) and any restrictions on our website, [www.thpmp.org](http://www.thpmp.org).

## How will I determine my drug costs for Tufts Health Plan Medicare Preferred HMO Prime Rx City of Boston?

Our plan groups each medication into one of three “tiers.” You will need to use your formulary to locate what tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug’s tier and what stage of the benefit you have reached.
