

## CUTILLO PARK UPDATE MARCH 3, 2022

Thank you for your continued interest in the Malcolm X Park project!

### **SCHEDULE UPDATE:**

**I apologize for the lack of communication; it has not been because of lack of work happening on the project. A few updates for you are below. Thank you for your patience.**

- First, the park design is the same as was presented to the community in the update of June of 2021.
- Several of the items included in the project have quite a lot of coordination including lighting and security cameras. Due to the extended coordination, the project documentation has taken longer than expected.
- The final construction documents are being completed now and the plan is to bid the project this spring with a late summer construction start date.

### **OTHER ITEMS:**

Please use [311](https://311.boston.gov) to document non-emergency issues relating to park use, and 911 for emergency situations relating to public safety. Construction questions and concerns can be directed to Lauren Bryant, Project Manager for Boston Parks and Recreation ([Lauren.Bryant@boston.gov](mailto:Lauren.Bryant@boston.gov)).
