CITY OF BOSTON

MAYOR MICHELLE WU

June 13, 2022

TO THE BOSTON CITY COUNCIL

Dear Councilors:

I respectfully return to your Honorable Body the City's Fiscal Year 2023 (FY23) Budget for the City of Boston. Thank you for your continued collaboration, starting with our joint budget listening sessions this past winter and through the robust public process this spring including over 30 hearings and working sessions. In this moment of urgency and opportunity for our city, our amended \$4 billion FY23 Operating Budget and \$3.6 billion FY23-FY27 Capital Plan sets a foundation for our future, connects our communities, and delivers on the details of city services across our neighborhoods. Through sound fiscal management, this budget is a roadmap for investing critical resources to build a more connected city for everyone.

This returned budget is responsive to the advocacy and legislative intent of the City Council, while recognizing the importance of fiscal stability. Many proposed amendments were accepted, though most at reduced amounts in recognition of existing resources or anticipated start-up timing. In partnership with the City Council, the returned budget includes enhanced funding for youth jobs, housing vouchers, neighborhood clean up, and valuable programming for historically underserved communities including immigrants, LGBTQ+ residents, and returning citizens. As required, the City Council's proposed additions to the budget were offset by reductions in other areas. While the City is pleased to be able to slightly increase the FY23 Operating Budget at this time due to net state aid revenue adjustments in the House budget passed this spring, that funding alone is not enough to accommodate the entirety of the Council's suggested additions, and it is still subject to the legislature's budget reconciliation process and final approval. After careful review, this returned budget partially accepts some suggested Council reductions that can be taken without harming city services or transparent budget practices.

I'm proud that the first budget of our administration comes in the first year of a new balance of budgetary power with the City Council, and we have reshaped this process to reflect direct community engagement and City Council collaboration from the very beginning. For the first time, public feedback guided budget drafting from the start as residents highlighted community needs and priorities through listening sessions co-hosted by City Councilors, a citywide survey in 12 languages, and direct engagement over the last three months. Our recommended budget reflects the clear call for transformative action to support our people, our neighborhoods, and our City services.

Even as Boston continues to absorb the impacts of a lingering pandemic, our City's fiscal health has paved the way for a strong public health response and citywide recovery. This spring, the City of Boston received AAA credit ratings for the eighth year in a row. These top credit ratings not only highlight solid financial management and policies embedding fiscal responsibility, but also secure the most favorable rates for our infrastructure investments to support equity, affordability, and resiliency in every neighborhood.

To maintain the City's strong fiscal health and to support honest, transparent dialogue with community members about how taxpayer dollars are put to use, we must be clear about planned expenditures. The City Council unanimously voted to present a proposed budget to the administration that would secure a collective \$10 million increase for various initiatives through a reduction to the Boston Police Department's overtime line item by that amount. As we are all aware, due to state laws that require payment of all public safety overtime hours worked—regardless of the size of a budgeted line item—this would set up the City to repeat the pattern over several years of overspending on this line item and dipping into needed reserves from other areas to cover that. Therefore, I cannot include a false reduction to the budget that would create unpredictability elsewhere. We will continue to work through leadership, organizational improvements, and collective bargaining to rein in overtime. However, in recognition of the unanimous advocacy and intent of the City Council, a total of \$1.2 million in reductions to the Police Department have been identified: \$1 million in the reduction to the Police Department's personnel line is retained as a reduction to the permanent employee line, which will delay the next recruit class by two months; and a \$200,000 reduction to the department's equipment line is included. Should net state revenues come in higher than currently budgeted over the next few months as the state budget is finalized, this will be a top priority to restore and accelerate our recruit class.

This returned budget also includes most of the City Council's proposed investments and our team has tremendous respect for the Council's advocacy and representation of communities across our neighborhoods. While the Mayor's Administration is charged with the executive and administrative duties of city government, the valued partnership with the Council is critical to ensure that City government meets the needs of our residents. Directives about how to staff or execute public work within a departmental budget category constitute executive action, which is reserved to the Mayor under the City Charter, and are not within the City Council's legislative authority to amend appropriations. Therefore, the intra-departmental transfers set forth in the appendix to the City Council's amended budget is a non-binding narrative of priorities that I cannot formally accept as appropriations. However, the intra-department portion of the appendix highlighted some key community priorities that our returned budget dedicates funding toward, such as arts grants and pest control.

Specific accepted and partially accepted amendments include the following.

- Accepted amendments at reduced amounts in recognition of existing resources or expected start-up timing: \$3.5 million for youth jobs (offset by grant funding), \$1.85 million for housing vouchers, \$500,000 for Main Streets technical assistance, \$544,000 for tree and urban wilds maintenance, \$482,000 for neighborhood clean-up (hokeys) and waste reduction positions, \$300,000 for Office of Returning Citizens, and \$200,000 for the Office of Black Male Advancement.

- Accepted amendments at full amounts proposed by City Council: \$250,000 for the Mayor's Office of Immigrant Advancement programming and events, \$150,000 for the Office of LGBTQ+ Advancement, additional positions to support the 311 system, increased burial assistance, a new position to expand capacity at the office of the City Clerk, Graffiti Busters grants to help small businesses restore their storefronts, programming for older adults, increased support for the Boston Groundwater Trust, and additional funding for City Council staffing.
- A total of \$1.5 million in partially accepted reductions that can be taken without harming city services or transparent budget practices: \$1 million in Police personnel line by delaying recruit class two months, \$200,000 from Police equipment line, and \$300,000 from the Fire Department equipment line.

The returned FY23 Operating Budget proposes a year-over-year increase of \$219 million or 5.8% over FY22, coordinated to target impact in key areas, including:

- Focusing on housing affordability, including creating and acquiring new affordable units, housing stability services, and an expanded voucher program. Over the next three years, new commitments in the Operating and Capital Budgets paired with federal recovery funds will infuse an unprecedented \$365 million into affordable housing, supportive services, and public housing preservation and creation.
- Moving fast on a Boston Green New Deal, with a greener City vehicle fleet, improvements for mobility and active transportation, the first citywide composting program, new leadership for food justice and urban agriculture, and investments in our tree canopy and open space.
- Investing in public safety grounded in public health, with a new Center for Behavioral Health to elevate mental health as a citywide priority, a coordinated crisis response program, specialized supports for older adults, and pathways for greater representation of Boston residents and people of color in public safety jobs.
- Accelerating an equitable economic recovery by more than doubling investments in our Main Streets districts to support our small businesses; creating an innovative Legacy Business Fund; funding the new Office of Contract Services that will help tie city contracting to wealth-building opportunities for BIPOC- and women-owned local businesses; expanding workforce development for immigrant professionals, young people, and city residents; and investing in neighborhood placemaking, arts, and culture.
- Amplifying all voices, with a major expansion of our language access capacity, investments in immigration legal services, wraparound supports for returning citizens, and resources to grow our new Office of Black Male Advancement and Office of LGBTQ+ Advancement.
- Empowering youth and families, with a significant commitment to the Boston Public Schools through \$40 million in Operating Budget growth paired with over \$100 million in federal ESSER funding to support students and school communities, strengthen academics, and improve facilities and operations; a new Office of Early Childhood; and funding for 6,000 youth summer jobs and 1,000 full-year jobs.

The operating budget works in concert with the City's proposed budget for allocation of \$349.5 million in unallocated federal resources from the American Rescue Plan Act (ARPA), intended to accelerate a Green New Deal for Boston. These funds represent a once-in-a-generation set of

transformational investments that will create lasting impact. I ask the City Council to act with urgency and put these resources to work for Boston residents.

Informed by community-driven visioning and guided by the urgency for bold change, our proposed investments include \$206 million for affordable housing and homeownership, \$34 million for economic opportunity and inclusion, \$31.5 million to advance climate resilience and improve mobility for all Bostonians, \$20 million to strengthen arts and culture in both downtown and our neighborhood communities, \$20 million to ensure an equitable response to the ongoing pandemic, \$18 million to support behavioral and mental health, \$15 million to focus on our early education and childcare system, and \$5 million for administration, evaluation and data transparency.

It will take time for the city's economy to fully regain its footing, and we are planning carefully around the uncertainty from viral variants, geopolitical events, and macroeconomic pressures. This fiscally responsible, balanced budget fully funds our long-term liabilities, such as pensions and debt service, enabling investment in the largest Capital Plan in our City's history. The Capital Plan supports capital projects across all our neighborhoods, from healthier schools and beautiful libraries, to safer streets, street trees, and dog parks.

As we continue to emerge from the pandemic, this budget points the way toward an equitable recovery and charts the course for our brightest future. Thank you for your many hours of analysis, community outreach, and thoughtful discussion. I look forward to the continued partnership of the City Council in this budget process and beyond. I respectfully request your favorable action on the FY23 Operating Budget, the FY23-FY27 Capital Plan and the ARPA orders.

Sincerely,

TO THE BOSTON CITY COUNCIL

Dear Councilors:

I transmit herewith my Fiscal Year 2023 (FY23) Recommended Budget for the City of Boston. In this moment of urgency and opportunity for our city, our \$3.99 billion FY23 Operating Budget and \$3.6 billion FY23-FY27 Capital Plan sets a foundation for our future, connects our communities, and delivers on the details of city services across our neighborhoods. Through sound fiscal management, this budget is a roadmap for investing critical resources to build a more connected city for everyone.

Even as Boston continues to absorb the impacts of a lingering pandemic, strong fiscal health has paved the way for a strong public health response and citywide recovery. Last month, the City of Boston received AAA credit ratings for the eighth year in a row. These top credit ratings not only highlight solid financial management and policies embedding fiscal responsibility, but also secure the most favorable rates for our infrastructure investments to support equity, affordability, and resiliency in every neighborhood.

I'm proud that the first budget of our administration comes in the first year of a new balance of budgetary power with the City Council, and we have reshaped this process to reflect direct community engagement from the very beginning. For the first time, public feedback guided budget drafting from the start as residents highlighted community needs and priorities through listening sessions co-hosted by City Councilors, a citywide survey in 12 languages, and direct engagement over the last three months. Our recommended budget reflects the clear call for transformative action to support our people, our neighborhoods, and our City services.

The Recommended FY23 Operating Budget proposes a year-over-year increase of \$216 million or 5.7% over FY22, coordinated to target impact in key areas, including:

- Focusing on housing affordability, including creating and acquiring new affordable units, housing stability services, and an expanded voucher program. Over the next three years, new commitments in the Operating and Capital Budgets paired with federal recovery funds will infuse an unprecedented \$365 million into affordable housing, supportive services, and public housing preservation and creation.

- Moving fast on a Boston Green New Deal, with a greener City vehicle fleet, improvements for mobility and active transportation, the first citywide composting program, new leadership for food justice and urban agriculture, and investments in our tree canopy and open space.
- Investing in public safety grounded in public health, with a new Center for Behavioral Health to elevate mental health as a citywide priority, a coordinated crisis response program, specialized supports for older adults, and pathways for greater representation of Boston residents and people of color in public safety jobs.
- Accelerating an equitable economic recovery by more than doubling investments in our Main Streets districts to support our small businesses; creating an innovative Legacy Business Fund; funding the new Office of Contract Services that will help tie city contracting to wealth-building opportunities for BIPOC- and women-owned local businesses; expanding workforce development for immigrant professionals, young people, and city residents; and investing in neighborhood placemaking, arts, and culture.
- Amplifying all voices, with a major expansion of our language access capacity, investments in immigration legal services, wraparound supports for returning citizens, and resources to grow our new Office of Black Male Advancement and Office of LGBTQ+ Advancement.
- Empowering youth and families, with a significant commitment to the Boston Public Schools through \$40 million in Operating Budget growth paired with over \$100 million in federal ESSER funding to support students and school communities, strengthen academics, and improve facilities and operations; a new Office of Early Childhood; and funding for 6,000 youth summer jobs and 1,000 full-year jobs.

To lay a foundation for the future, this operating budget works in concert with the federal resources of the American Rescue Plan Act (ARPA) to accelerate a Green New Deal for Boston. Of Boston's nearly \$560 million ARPA allocation, \$110 million has been previously earmarked for revenue replacement from FY22 to FY24 to support the City's annual operating budget and vital public services through the economic uncertainty of the pandemic. The City also previously appropriated \$90 million for an emergency relief package, financial support for small businesses, and a two-year fare-free bus pilot—leaving \$349.5 million for once-in-a-generation, transformational investments that must create lasting impact. Informed by community-driven visioning and guided by the urgency for bold change, our proposed investments include:

- \$206 million for housing stability, affordable homeownership and financial assistance to first-generation homebuyers, strategic acquisitions to combat displacement, and deeply-affordable housing creation on City-owned land; a nation-leading pilot to advance energy efficiency in triple deckers and other multi-family homes while maintaining affordability; and upgrades to public housing units across five sites for air quality, energy efficiency, and health;
- \$34 million for economic opportunity and inclusion, to grow BIPOC-owned businesses, further invest in our Main Street business districts, expand tuition-free community college and workforce training programs, and create a commercial rental rebate program to support small business recovery and build wealth in our neighborhoods;
- \$31.5 million for climate-focused investments, including expanding the Green Youth Jobs program, creating walking and biking infrastructure, growing and preserving our

urban tree canopy, strengthening our local food systems, and supporting electrification of the City vehicle and school bus fleet;

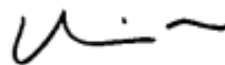

- \$20 million for transformative arts and culture investments that will facilitate placemaking and strengthen both downtown and our neighborhood communities;
- \$20 million to ensure an equitable response to the ongoing pandemic by support critical COVID-19 vaccination efforts, ongoing testing, community engagement, and continued collaboration with community-based organizations and community health centers;
- \$18 million to tackle behavioral health and substance use disorder challenges;
- \$15 million for investments in our early education and childcare system, including growing the early educator workforce and streamlining access and enrollment for Boston families; and
- \$5 million for evaluation and equitable administration, to support language access, establish an equity framework, and ensure strong compliance with federal guidelines.

These ARPA investments are paired with the Operating and Capital Budgets to jumpstart solutions to long-term challenges; coordinate across departments and sectors to deliver equity, climate resiliency, jobs, and health as the foundation for a Boston Green New Deal; and prioritize financial sustainability beyond ARPA. Along with coordinated housing investments, engineering and planning positions funded in the Operating Budget support ARPA-funded projects to make Boston more bikeable and walkable, as well as an expanded capital project for the Blue Hills Multimodal Corridor. A new Office for Early Childhood and a new Behavioral Health Center in the Operating Budget are complemented by significant infusions of ARPA funding to immediately scale impact.

It will take time for the city's economy to fully regain its footing, and we are planning carefully around the uncertainty from viral variants, geopolitical events, and macroeconomic pressures. This fiscally responsible, balanced budget fully funds our long-term liabilities, such as pensions and debt service, enabling investment in the largest Capital Plan in our City's history. The Capital Plan supports capital projects across all our neighborhoods, from healthier schools and beautiful libraries, to safer streets, street trees, and dog parks.

As we continue to emerge from the pandemic, this budget points the way toward an equitable recovery and charts the course for our brightest future. I look forward to the continued partnership of the City Council in this budget process and beyond. I respectfully request your favorable action on the FY23 Operating Budget, the FY23-FY27 Capital Plan and the forthcoming ARPA orders.

**Budget Document Structure**

The Operating Budget for FY23 and Five Year Capital Plan for FY23-27 are presented in three volumes. Volume I is an overview of the City's financial position and policy direction.

Volumes II and III, which are organized by cabinet, present the budget detail for each department's operating budget and capital projects. Please refer to the chapter on Budget Organization and Glossary in Volume I for an illustration of the City's organizational chart.

The City's budget is built at the program level for each department, which is the basis for budget planning. However, line item budget detail is only provided in this budget document at the department level. Program line item detail is available upon request.

In addition to program budgets, Volumes II and III provide a mission statement, key objectives, as well as past and promised performance levels for each departmental program. For those departments with capital projects, a project profile is provided for every capital project. The project profile includes authorization information as well as planned spending levels.

Definitions of the terms used throughout the budget document are presented in the glossary, which can be found in Volume I in the chapter titled Budget Organization and Glossary.

# Executive Summary

## INTRODUCTION

This year's \$3.99 billion Fiscal Year 2023 (FY23) Operating Budget and \$3.6 billion FY23-FY27 Capital Plan sets a foundation for our future, connects our communities, and delivers on the details of city services across our neighborhoods. Through sound fiscal management, this budget is a roadmap for investing critical resources to build a more connected city for everyone.

As Boston continues to navigate its way through the economic and social impact of the COVID-19 pandemic, the equitable distribution of resources has been set as the new standard. We now know the pandemic revealed the stark inequalities that have existed in our City for too long. This budget is one important part of the shared goals and priorities of making Boston a more equitable city for all.

With support provided through the American Rescue Plan Act (ARPA), Boston will not only grow its operating budget to provide the core city services our residents need and deserve, it will have an additional one-time funding infusion of federal resources to make transformational change over the upcoming years. Boston entered this pandemic as one of the best prepared local governments in the country. Unlike many cities that are using the vast majority of their federal ARPA resources to replace lost revenue to maintain basic services, Boston can afford to make targeted investments to proactively address the impacts of the pandemic. Boston's economic strength manifests itself in the reaffirmed triple-A credit rating now maintained for 8 years straight.

Thanks to continued strength in local revenue and a significant infusion of federal funding from the American Rescue Plan Act, the FY23 Operating Budget includes \$3.99 billion in spending, a year-over-year increase of \$222.5 million or 5.9% over FY22. Even with lingering weakness in certain sectors of the economy, property tax revenue has proven resilient over the past year. This year's budget has been crafted within the context of uncertainty related to the long-term impact of the pandemic on new development in the City. Other local revenue sources like excise taxes and department revenue will grow modestly as the economy continues to rebound more fully, but will continue to be below pre-pandemic levels.

The most significant new dynamic to Boston's budget is the American Rescue Plan Act (ARPA) signed by President Biden in March 2021 that provides hundreds of millions in federal funding to the City, the Boston Public Schools, and other local organizations over the next four fiscal years. The City's ARPA allocation totals almost \$560 million, of which \$95 million is earmarked for revenue replacement over FY22 and FY23 to help support the City's annual operating budget.

The guiding principles for the use of Boston's ARPA funds include:

- Once-in-a-generation opportunities for transformative investments.
- Jumpstarting solutions to long-term challenges and making some big bets on Boston, while recognizing that we have to tackle the ongoing COVID-19 pandemic at the same time.

- Focusing on cross-departmental ideas that address equity, climate justice, jobs, and health.
- Leveraging additional public and private resources and prioritize financial sustainability beyond ARPA.
- Incorporating public feedback from the Budget Listening Tour in winter 2022 and the Let's Go Better Campaign in Fall 2021.

To date \$551.7 million has been appropriated to continue the response to the COVID-19 pandemic and to help drive an equitable recovery for all Boston residents. \$7 million has been set aside in reserve for future use.

- \$362.2 million appropriated for Transformative Investments (July 2022)
- \$81.5 million appropriated for Emergency Relief Package (July 2021)
- \$55 million appropriated for FY22 Revenue Replacement (July 2021)
- \$40 million Revenue Replacement appropriated for FY23 (June 2022)
- \$8 million Fare Free Bus Expansion appropriated (Nov. 2021)
- \$5 million appropriated for Small Business Fund 2.0 Expansion (Jan. 2022)

This fiscally responsible budget will also fully fund long-term liabilities, like pensions and debt service, enabling investment in our City's largest Capital Plan in history. The plan touches all neighborhoods and supports capital projects, including schools and libraries, and programs, such as Vision Zero transportation efforts and street tree plantings.

The proposed FY23 operating budget also surpasses the last year of the City's three-year \$100 million commitment to the Boston Public Schools (BPS). An increase of \$40 million will go into schools and

classrooms to bridge gaps in opportunity and achievement, and make significant strides in supporting the social-emotional wellbeing of our students.

The robust \$3.6 billion FY23-27 Capital Plan proposes to invest heavily in revitalizing the shared neighborhood spaces, which Boston's residents grew to love even more during the pandemic. This year's capital plan increases in overall size and will serve as a catalyst for the local economy. The capital plan serves the dual purposes of creating and preserving vital City assets but also stimulating the local economy.

This year's Capital Plan continues to pay particular attention to equity and focus on investments in the City's inventory of roads, bridges, schools and parks in the neediest parts of the City. The Capital Plan invests in projects in every neighborhood consistent with the strategic master plans that have been developed with the community. This ensures that the municipal, civic and open space assets, which residents cherish in their neighborhoods, remain active and vibrant parts of the community.

The FY23-FY27 Capital Plan also includes funding for new schools and upgrading existing schools; transformative mobility projects like new bridges, roads, bus and bike lanes; major park upgrades in neighborhoods throughout the city; new civic places like City Hall Plaza and new community centers; and dedicating over 10% of new City funding toward climate resilient projects.

## PUBLIC ENGAGEMENT

As we closed out FY21 and entered FY22, the Office of Budget Management in partnership with the Mayor's Office of New Urban Mechanics, launched the *Moving Through the Budget* (MTTB) engagement effort. During the MTTB program, the City and local movement therapists taught a pilot group of East Boston residents how to engage with the City, and then process their feelings about city government and city budgets. While it was held virtually due to the COVID-19 pandemic, group participants appreciated gaining the tools to learn how to engage with the city over budget matters. To learn more, visit: <https://www.boston.gov/departments/new-urban-mechanics/moving-through-budget>

As the City embarked on the FY23 budget development process, the order of public engagement on the upcoming budget was flipped. Before budget recommendations were finalized, a series of public listening sessions were held in collaboration with City Councilors who served as co-hosts for the listening sessions. These sessions were held virtually due to a reemergence of COVID-19 and interpreters were present to ensure non-English speakers could engage. In addition, the City launched their first budget survey, translated into multiple languages, to directly hear from constituents about what they want to see in their budget, and how they want to learn about the budget. The survey garnered 992 responses and over 500 people attended the listening sessions. The survey, listening sessions, and other ad hoc communication and feedback loops greatly influenced the budget as recommended to the Boston City Council.

As a result of Ballot Question 1 passing in the fall of 2021, the City will create a new Office of Participatory Budgeting. This new office is funded in the Administration and Finance cabinet and is charged with creating an equitable decision-making

process in which all Bostonians may participate in the budget process by Fiscal Year 2024. For additional information on this Office, see the Appropriations section in Chapter 2 Operating Budget.

Moving into FY23, OBM and MONUM will do a second round of *Moving Through the Budget*, and will work to find new ways of engaging the public and incorporating their direct feedback.

## NEW CITY COUNCIL BUDGET APPROVAL POWERS

In November 2021 Boston voters approved Ballot Question 1, a City Charter change, which amended the City of Boston's existing budgetary process from the City Council having power to adopt or reject a budget or reduce a specific item in a budget to the Mayor and the City Council holding budgetary powers together, with the City Council now able to modify and amend appropriation orders as long as the changes do not exceed the total amount of the Mayor's proposal.

The FY23 Adopted Budget is the first budget approved following the change to the City Charter. Changes from Recommended to Adopted include:

- Targeted appropriations from the City Council (e.g., \$3.5M for Youth Jobs, \$2.5M in Housing investments, \$800k for Office of Returning Citizens); and,
- Settled collective bargaining agreements that occurred between the submission of Recommended and the end of June; and,
- An increase in state revenue to offset some of the increased investments, based on updated state data.

Through City Council budget amendments, advocacy and an override vote on a small set of items, the City Council influenced changes to the budget that totaled \$9.9

million. However, with a reduction to state assessments the overall FY23 budget increased \$6.8 million from the April 2022 submission to the final adoption in June 2022.

THE GENERAL FUND

The City’s entire \$3.99 billion budget is funded through the general fund. All revenues discussed below are deposited into the City’s general fund and are reflected on a fiscal year basis July 1 through June 30.

REVENUE

The City’s growing revenue budget, growth that persisted even during recent pandemic-impacted years, is a testament to the resilience of Boston’s economy and tax base. Property tax continues to drive year-over-year revenue growth through a combination of the allowable 2.5% increase and cautious new growth estimates. Local receipts, such as fines, fees and excise taxes, are expected to build on signs of recovery in FY22, though this improvement comes after dramatic declines due to COVID-19 disruption. The City also expects to receive an increase in State Aid based on the FY23 State budget as submitted by Governor Baker in January 2022 and subsequently modified by the Legislature over the spring.

The FY23 Operating Budget relies on \$3.99 billion in revenue, a \$222.5 million increase over FY22 (5.9%). \$153.8 million is projected to come from property tax growth, state revenue is budgeted to increase by \$23.2 million, and local receipts (including Excises and Departmental revenue) are projected to increase by \$60.6 million. Non-Recurring revenue is decreasing by \$15.0 million, as rebounding local receipts enable the City to reduce the amount of American Rescue Plan Act funding used to replace lost revenue.

Figure 1 – Share of Revenue By Category FY02, FY10, and FY23

Property Tax

While property tax remains the primary revenue source for all City services and departments, in Massachusetts, Proposition 2 ½ constrains the amount of property tax revenue the City can raise each year from its existing tax base to a 2.5% annual increase. So while total property value has grown 124% in the past 10 years, property tax revenue has grown by 77%. However, Proposition 2 ½ also allows the addition of new growth (e.g. new construction) to the City’s property tax levy. Due to the City’s commitment to new housing construction and the strength of Boston’s development climate, property tax growth continues to be a point of strength for the City.

In FY23, we expect new growth to be lower than the last six years due to economic uncertainty and the effects of COVID-19 on construction and the real estate market. During the past half dozen years, the City has seen notable construction projects in Boston enter the City property tax base for commercial, mixed-use and residential properties, most notably in the Seaport District, Dorchester, and the Back Bay. More building activity is forthcoming with

the BPDA Board approving 14.6 million square feet of development in FY21.

**Figure 2 - Property Tax Levy Increase by Type (in millions), FY14 - FY23**

Despite the need to maintain and grow property tax revenue, the City is committed to keeping residential property tax bills down to retain more low and middle class homeowners in the City. Policies we have pursued are demonstrating success, as residential taxes are more than 30% below the statewide average. Thanks to advocacy to increase the residential exemption limit to 35% of the average assessed value of all class one residential properties, the City Council, with the approval of Mayor Wu, once again was able to allow the maximum exemption permitted by law. The FY22 residential exemption amount increased by \$152 over the FY21 exemption and has saved residents an average of over \$30 million annually since it was increased to 35%.

### State Aid

In 2002, State Aid comprised 30% percent of the City's annual budget and helped the City maintain a sustainable balance between local revenue and other resources. In the following decades the State pulled back from its investment, and FY23 State Aid is projected to be 12.6% of the City's budget. This divestment by the State has largely been driven by stagnation in K-12

Education (Chapter 70) funding and increases in State assessments.

The Student Opportunity Act, passed in 2019, represents a welcome development and includes a commitment to fully fund the City's charter school tuition reimbursement. Full funding is being phased in over multiple years; for FY23 the Commonwealth's benchmark is to fund 90% of charter school tuition reimbursement. As reflected in the FY23 Governor's budget, Boston will receive an increase of \$14 million in tuition reimbursement relative to its FY22 appropriation.

**Figure 3 - State Aid, State Assessments and Net State Aid (in millions), FY08-FY23**

Net state aid, which is gross state aid revenue less state assessments, has been trending down steeply since FY02. Net State aid will increase substantially by \$10.7 million in FY23 over the FY22 appropriation, driven primarily by charter school tuition reimbursement and a proposed 2.7% increase to unrestricted general government aid. Boston's net state aid remains \$226.7 million, or 62%, below its FY08 level of net state aid. The FY22 projected net state aid totals \$127.7 million, and the FY23 budget assumes a total of \$138.4 million based on state budget negotiations at the time the City budget was finalized. Though better off in FY23, the City's long run loss of resources has put

extraordinary pressure on the property tax and other local revenue sources, as well as on levels of expenditures.

**Local Receipts**

Local receipts or revenue the City is able to generate locally, include items like excise taxes, fees, fines, and permits. This vital revenue source generally follows the City’s overall economic health and was greatly impacted by the coronavirus pandemic and economic fallout, dropping \$190 million, or nearly a third, between FY19 and FY21. In FY23 local receipts are projected to increase by \$60.6 million, or 14.9%, in FY22, building on improved collections in FY22 and anticipating continued economic recovery.

Even with projected growth, local receipts as budgeted will be \$148.1 million, or 24.0%, below FY19 levels. The need for caution has been reinforced by the uncertainty created by viral variants, geopolitical events, and macroeconomic pressures. Yet improved conditions should produce gains in excise taxes that are closely linked to the economy, such as Room Occupancy, Meals and Aircraft Fuel taxes. The City is also monitoring a series increases to the Federal Reserve Federal Funds target range given the implications for national and local economic activity, as well as income derived from City investments.

Constrained by broader economic forces and limited revenue tools, the City aims to maximize local revenue. In FY23, the Administration & Finance Cabinet will continue to work with departments citywide to review collections, understand revenue drivers, and maximize revenue recovery efforts.

As local receipts are one area where the City can pursue new and expanded revenue streams and target that revenue towards critical initiatives, the City will also continue to study opportunities to raise revenue in a thoughtful, equitable, and sustainable manner.

**Non-Recurring Revenue**

The FY23 budget includes \$40 million in funding from the American Rescue Plan Act of 2021 (ARPA) to replace revenue lost as a result of the COVID-19 crisis. Boston is fortunate to be in a position to devote a smaller share of its ARPA dollars to backfilling revenue compared to other large cities, and this year’s allotment is \$15 million less than the prior year due to rebounding local receipts. However, this funding remains an important near-term resource to enable Boston to deliver essential services and address the needs of its residents.

**EXPENDITURES**

Overall FY23 operating budget expenditures are increasing by \$222.5 million or 5.9% over FY22, for a total of \$3.99 billion. The FY23 spending growth falls within the City’s projected revenue growth and coupled with revenue replacement provided by the American Rescue Plan protects core services and allows for strategic recovery-based investments. The combined appropriations for City Departments, the Public Health Commission (PHC) and the School Department (BPS), and non-departmental appropriations as shown in the FY23 Budget Summary have increased by 5.7% from FY22.

**Figure 4 - Budgetary Growth by Category**

## **Education**

With a record \$1.33 billion appropriation, the Boston Public Schools (BPS) budget is increasing by \$40.1 million over the FY22 appropriation. Boston's total investment in education, including BPS and the City's charter school tuition assessment, is growing by \$12.9 million, or 5.1%, over FY22.

In FY23, the BPS level services budget is decreasing slightly, driven by central office efficiencies, while \$52 million in funding for new investments will be added to provide for the health and safety of school communities returning to classrooms, address COVID-19 impacts to learning and wellness, and improve student outcomes while advancing equity goals. Federal COVID-19 relief funding will also be aligned with investments in these areas.

## **City Services**

City Services such as Police, Fire, Public Works, Housing, and other central funds are projected to increase by a total of \$48 million (3.3%). The largest area of growth in the operating budget is in the Housing Cabinet, which is growing by \$8.9 million or 25.2%, and will build staffing capacity in the cabinet and increase resources for low income property renters. This new operational staffing capacity will help deliver transformational projects, funded by the American Rescue Plan Act (ARPA), making significant investments in housing and homelessness to prevent displacement and expand housing opportunities for families of every income in neighborhoods across the city.

The Equity and Inclusion cabinet will seek to include every Boston resident as part of a new shared inclusive vision for Boston with the creation of two new City departments whose missions are to provide resources and promote inclusivity for historically marginalized groups. The new departments for Black Male Advancement and LBGTQ+ Advancement are charged with that mission.

The Streets Cabinet will grow by \$5.9 million or 3.5% by increasing staffing levels to build capacity to make significant transformational changes to modes of transportation and mobility, supporting investments made with ARPA funding.

The Economic Opportunity and Inclusion cabinet will invest \$5.6 million to bolster small businesses, particularly legacy small businesses facing displacement and reimagining the roles and strategy approaches to support the City's Main Street districts.

Most City union contracts have expired and are not yet settled. The City continues to negotiate successor agreements for the outstanding contracts. The FY23 budget includes a \$75.4 million reserve for collective bargaining. As contracts are settled, the funding with the approval of the Boston City Council and the Mayor will be moved from the reserve to the individual departmental budgets where the wages will be paid. The City feels its employees are its greatest resource for providing excellent city services. Fair wages are an important component to support the City's greatest resource.

The Public Health Commission (PHC) budget is growing by \$7 million (6.3%) in FY23. This increase includes key investments in public health preparedness and growing the number of EMTs. Unlike other city departments, the PHC budget contains health insurance and pension.

## **Fixed Costs**

City is required to meet its long-term financial commitments, such as pensions and debt service. This budget will continue to support the City's fixed costs for next year, including pensions, debt service and non-charter school state assessments, and it maintains the City's level of reserves to buffer against changes in the larger economic landscape. Fixed cost growth consumes 25% of the City's revenue growth but this funding commitment is critical to

maintaining Boston’s AAA bond rating and securing the long term fiscal health of the City.

Boston’s pension schedule used for the FY23 budget is based on an actuarial valuation as of January 1, 2020. Boston’s pension liability was 75.6% funded and is estimated to be fully funded by 2027.

Figure 5 - Pension Funding Schedule

FY23-27 CAPITAL PLAN

The \$3.6 billion FY23-27 Capital Plan will make critical investments in the City’s infrastructure in every Boston neighborhood, guided by Imagine Boston 2030 and the schools, streets, arts, climate and resilience plans under its umbrella. Taken together, these initiatives will support Boston’s dynamic economy and improve quality of life for residents by encouraging affordability, increasing access to opportunity, promoting a healthy environment, and guiding investment in the public realm.

Planned borrowings are expected to increase 2.8% over last year’s plan, one-time funding sources are leveraged, and the City continues to collaborate with the Massachusetts School Building Authority on the design and construction of new schools and the repair of existing building systems.

An estimated 90% of the investment in the FY23-27 Capital Plan is aligned with the City’s planning efforts:

- The Capital Plan supports a commitment to invest \$1 billion over ten years to bring Boston’s school buildings into the 21st century, with the construction of new schools, MSBA Accelerated Repair Program partnerships, completion of projects in the pipeline, school kitchen renovations that support the delivery of fresh and nutritious food, and reserves for future projects identified by BuildBPS community engagement.
- Boston, in collaboration with State and Federal sources, will invest \$1.2 billion implementing the core initiatives outlined in Go Boston 2030: streets that are safer for all users of our roads and sidewalks, particularly pedestrians and cyclists; travel that is more reliable and predictable; and quality transportation choices that improve access to interconnect our neighborhoods for all modes of travel.
- Boston will prepare for climate change by investing at least 10% of all new capital funding to open space, infrastructure, and facilities projects that are climate resilient or contribute to making the City more environmentally friendly.
- Setting the stage for planning and early action items for the comprehensive, long-term recovery campus on Long Island to tackle the opioid crisis and when fully permitted move forward with the construction of a new bridge to Long Island.
- The Percent for Art Program, demonstrates the City’s leadership and commitment to sustainable funding for the arts by setting aside 1% of the City’s annual capital borrowing for the commissioning of public art.

# Operating Budget

## OVERVIEW

The FY23 Budget totals \$3.99 billion and represents an increase of \$222.5 million or 5.9% over FY22. This budget sets a foundation for our future, connects our communities, and delivers on the details of city services across our neighborhoods. Through sound fiscal management, this budget is a roadmap for investing critical resources to build a more connected city for everyone.

Property Tax continues to drive revenue growth in FY23, accounting for the majority of revenue growth over FY22. The City is expected to experience continued property tax growth in FY23, as well as a measured but substantial increase in Local Receipts, particularly Excise taxes. Net State Aid (state aid net of assessments) is budgeted to increase by \$10.7 million, welcome but not enough to alter the decades-long stagnation in State Aid. Non-Recurring Revenue includes \$40 million from the American Rescue Plan Act funds to replace revenue losses related to the pandemic.

On the expenditure side, the FY23 budget reflects an increase of \$222.5 million or 5.9% over FY22. Of this year's growth, 24% is dedicated to education, including Boston Public Schools (BPS) and Charter School Tuition Assessment. 20% of the FY22 growth is dedicated to the Fixed Costs of Pension and Debt Service. 24% of the growth is for strategically targeted investments to build internal capacity to support the transformational investments planned with both the capital plan and through the American Rescue Plan Act (ARPA) budget. Finally, the largest component of spending growth at 32% supports a collective bargaining reserve for unsettled union contracts in City

Departments, Boston Public Schools and the Boston Public Health Commission. The collective bargaining reserve is an investment in the City's workforce where high quality city services are delivered.

This Operating Budget section lays out the FY23 budget and discusses trends in each category of the budget summary table (Table 1) on the following pages. An overview of the City's revenues is followed by a detailed explanation of appropriations and personnel trends and a review of major externally funded services. An all-funds budget is also presented.

**Table 1**

The City's projected revenues provide the basis for planning FY23 appropriations to maintain a balanced budget. Selected FY23 budgeted City revenues compare with FY22 projected revenues as follows: the net property tax levy increases \$153.8 million or 5.5%; excises increase \$42.3 million or 36.7%; miscellaneous department revenue increases by \$10.2 million or 18.0%; and state aid increases by \$23.2 million, or 4.8%.

On the expenditure side of the budget, total appropriations increase by \$166 million or 5.7% and fixed costs increase by \$57 million or 6.4%. Selected FY23 budgeted appropriations compare with FY22 projections as follows: City appropriations increase \$48 million or 3.3%; the Boston Public Health Commission (PHC) increases by \$7 million or 6.3%; and the School Department (BPS) increases \$40 million or 3.1%. In addition, a collective bargaining reserve has been set aside at \$75 million; when the outstanding collective bargaining agreements are negotiated, these reserves will be used to cover those increased costs in City departments, PHC and BPS. Most union contracts remain unsettled and as a result departmental personnel increases are limited in the FY23 budget. City Appropriations also consist of 11 central appropriations, including a large appropriation for Health Insurance totaling \$217.3 million, which is an increase of 2.4% over FY22.

FY23 budgeted fixed costs are growing by \$57 million over FY22. Charter School Tuition assessment is expected to increase by \$12.9 million or 5.1%. Pensions, a key driver, will increase by \$30.2 million or 9.3%. Debt Service is also growing with a \$15.3 million or 7.5% increase.

## **THE GENERAL FUND**

The City's entire \$3.99 billion budget is funded through the general fund. All revenues discussed below are deposited into the City's general fund and are

reflected on a fiscal year basis July 1 through June 30.

## **REVENUE**

The City's revenue budget can be divided into five categories: Property Tax, State Aid, Departmental, Excise and Non-Recurring revenue. Over the past two decades, the City's revenue structure has shifted significantly towards a growing reliance on property tax, while State Aid has decreased as a share of the budget. In addition, the COVID-19 pandemic and the resulting economic recession dealt a severe setback to Departmental and Excise revenue that will take time to reverse. A more detailed discussion of City revenues is provided in the *Revenue Estimates and Analysis* chapter of this volume.

### **Property Tax Levy**

The property tax levy has always been the City's largest and most dependable source of revenue. In FY22 the net property tax levy (levy less a reserve for abatements) totals \$2.79 billion, providing 74.0% of the City's revenue. In FY23, the net property tax levy is estimated to total \$2.94 billion and account for 73.7% of budgeted revenues.

In Massachusetts, Proposition 2 ½ constrains the amount of property tax revenue the City can raise each year from its existing tax base. In each year since FY85, the City has increased its levy by the 2.5% allowable under the limits set forth in Proposition 2 ½.

During these same years, the levy has also been positively impacted by taxable new value, or "new growth," that is excluded from the levy limit. Due in part to efforts to attract business development to Boston and grow its housing stock, Boston has experienced unprecedented new growth property tax revenue from FY17 through FY22. New growth is budgeted at \$60.0 million in FY23, down a little more than a

quarter from the new growth revenue realized in FY22; the effects of the pandemic on development in Boston are still being evaluated.

State Aid

The primary sources of aid from the State to municipalities are education aid and unrestricted general government aid. The Commonwealth also distributes aid for libraries and provides some other reimbursements to municipalities.

State aid has been reduced substantially over the course of the last two recessions. Since FY02, net state aid (defined as state aid revenues less state assessments) to the City has been reduced by \$290.0 million or 67.7%. In FY23, net state aid is budgeted to increase by \$10.7 million, or 8.4%, compared to FY22, based on the status of the FY23 State Budget at the time the City’s budget was finalized. This growth is attributable to a more fully funded Charter school tuition reimbursement as part of the phased implementation of the 2019 Student Opportunity Act and a 2.7% increase to unrestricted general government aid.

Figure 3 - State Aid, State Assessments and Net State Aid (in millions), FY08-FY23

Local Receipts

A combined 11.7% of the City’s budgeted revenue in FY23 is comprised of excise taxes, fines, payments-in-lieu-of-taxes,

Chapter 121A payments, investment income, departmental revenue, licenses and permits, penalties and interest, and available funds. To forecast these receipts, the City analyzes trends in historical collections and incorporates available economic data into its assumptions.

The FY22 revenue projection includes \$407.2 million in Local Receipt revenue, and the FY23 budget increases to \$467.8 million. This \$60.6 million increase is mostly driven by excise taxes and assumes continued, albeit gradual, economic recovery.

American Rescue Plan Act

In FY23 the City will allocate \$40 million in American Rescue Plan Act (ARPA) State and Local Fiscal Recovery Funds (SLFRF) to replace a portion of revenue lost as a result of the COVID-19 pandemic. This is \$15 million less than was dedicated for the same purpose in FY22 and considerably less, as a share of total ARPA spending, than other major cities. However, Local Receipts are still well off FY19 levels, so federal funding serves to bridge the gap.

Budgetary Fund Balance

Fund Balance can be appropriated for use during the fiscal year. Budgetary fund balance, more commonly referred to as “free cash”, is described as the portion of available reserves, generated to a considerable degree by annual operating surpluses, which the City can responsibly appropriate for spending. The FY23 Budget uses \$40 million in budgetary fund balance to fund the appropriation for other post-employment benefits (OPEB).

See the *Financial Management* section of Volume I for more detail on this revenue source.

EXPENDITURES

Expenditures are broken down into two primary groups: (1) appropriations directly related to departmental services and (2)

fixed and mandated costs. FY23 appropriations are subdivided into three subgroups as follows:

- City Appropriations, which includes all operating department appropriations, centrally budgeted costs such as health insurance and Medicare, a risk retention reserve and a set-aside for tax title and annual audit expenses;
- Boston Public Health Commission (PHC), the City appropriation for the quasi-independent authority and successor to the Department of Health and Hospitals;
- School Department, the City appropriation for the Boston Public Schools (BPS).

Appropriations are also presented by expenditure category across the three subgroups listed above (Figure 3).

**Figure 4 - FY23 Appropriations by Category**

Personnel Services include salaries, overtime, unemployment compensation and workers' compensation, and collective bargaining reserves for estimated wage increases for union employees whose agreements are not settled.

The Health Benefits category includes the cost of health, dental and life insurance for City, BPS and PHC employees and retirees, employer Medicare payroll taxes, and the

appropriation for Other Post-Employment Benefits (OPEB).

The Contractual Services category includes expenditures for communications, repairs and service to buildings, equipment and vehicles, transportation, trash collection and disposal, as well as outside legal, advertising, and printing expenses.

Included in the "Other" category are supplies and materials such as gasoline, uniform allowances, office supplies, workers' compensation medical expenses, medical indemnification in the Fire and Police Departments, legal liabilities, and aid to veterans. Also included in the "Other" category are appropriations for equipment, vehicles, a risk retention reserve, the Housing Trust Fund, tax title, and funding for the City's outside audit.

## Health Benefits

Health benefit costs comprise a significant portion of the City budget and are a critical benefit for City employees and retirees.

In 2020, the City of Boston conducted an RFP for its non-Medicare health insurance plans. On July 1, 2021, the City transitioned from two HMO plans to one standard HMO plan and one value HMO plan, with the standard HMO plan under a new provider. As a result of the RFP process, \$12 million in savings will be realized in FY22, due to lower administrative fees and anticipated medical claims and prescription drug savings.

The City continues to benefit from health care cost reforms achieved in the FY21-25 Public Employee Committee (PEC) agreement, which continues to provide over 30,000 active and retired employees with quality healthcare coverage while saving the City \$59.7 million over five years. Based on savings included in this agreement, the City will realize up to \$14.9 million in new avoided health care costs in FY23.

The FY23 budget includes \$420 million for all health benefits-related costs for the City’s employees and retirees, comprising 10.5% of total City expenditures – compared to 7.8% in 2001. \$42.25 million of these costs are for future OPEB liabilities, which are discussed in more detail in the following section. The remaining \$378 million of these costs are for current health, dental and life premiums, and employer Medicare payroll taxes.

As shown in Figure 5, these costs grew from \$132 million in FY01 to \$378 million in FY23, an increase of \$246 million or 187%. Over the same period, all other City costs increased 132%. Figure 5 shows three distinct periods of annual cost increases. Steep increases averaged 9% per year from FY01 – FY11. Between FY12 – FY15, costs decreased on an average of 1% per year due to multiple factors, including state health reform legislation, cooperative efforts by the City and its unions to reduce both the City’s share of costs and total costs, and lower nationwide health care cost trends. For FY16 through FY23, health care costs increased at an average of 3% per year, contained by PEC agreement savings.

**Figure 5 – Health Care Costs (\$ Mil)**  
**Health, Dental, Life Premiums and Medicare Tax**

**Medicare**

Municipal health care reform legislation, passed by the State legislature in 2011, provided municipalities more freedom in health plan design. It also mandated that all Medicare-eligible municipal retirees enroll in Medicare Part B and a City sponsored Medicare supplement plan. As a direct result of the legislation, approximately 5,500 additional City retirees and their spouses enrolled in Medicare supplement plans. Benefits for these plans are comparable to non-Medicare plans but costs are lower due to Medicare reimbursements. As a result of this reform, 74% of retirees and spouses are now enrolled in Medicare plans, compared to just 37% prior to the legislation. City savings from this mandate, beginning in FY13, have totaled approximately \$20 million annually – a major contributor to the total cost decrease in FY13.

City retirees and their beneficiaries are eligible for Medicare through payment of Medicare payroll taxes during their working career. Medicare taxes are paid for all City employees who were hired after March 1986. The City’s share of 50% Medicare taxes, totaling \$24.6 million in the FY23 budget, has increased an average of 7% annually since FY01. This growth is due to increases in total payroll and also the increasing percentage of total employees hired after March 1986 who have retired.

**City - Union Partnership**

In FY12, assisted by 2011 Municipal Health Care Reform, the City adopted MGL Chapter 32B S.19 and began working

closely with its thirty-six unions, as represented through the Public Employee Committee (PEC), in making health care changes. Through the terms of the City and PEC's three agreements, City employees and retirees are now paying a higher share of total health care costs through increased premium share, as well as higher out-of-pocket costs for co-pays and deductibles.

\*Budget estimates

**Table 3**

The City and the PEC's FY21-25 agreement is projected to reduce costs by approximately \$59.7 million over five years. With changes occurring over the course of five years, the City and the PEC have agreed to a number of cost-saving plan changes. These changes include a new value network plan (introduced in FY22) consisting of lower-cost, high-quality providers; small deductibles for PPO and standard HMO plans; and new co-payments for hospitalization and advanced imaging. The agreement also increases current co-payment charges and the share of the premiums paid by employees and retirees.

The City and PEC have also pursued changes to the management of health care

claims costs, which have reduced total costs - for both the City and the members:

*Self-insurance*

Funding of health care costs has progressively moved to self-insurance since FY13. In FY23, roughly 98% of enrollees are enrolled are in self-insured plans, for an estimated annual City savings of \$13.7 million, vs. insured premiums.

*More cost effective prescription drug management*

The City and the PEC continue to explore more cost effective management of the City's prescription benefits, which total roughly \$77 million per year for all plans, net of rebates. The City and PEC have worked to replace the City's existing Medicare prescription drug coverage with lower cost prescription drug plans (PDPs).

*Cost effective provider networks*

In FY22, the City and PEC made a significant step to encourage cost savings for both members and the City by introducing a value HMO plan, effective July 1, 2021. The AllWays Health Partners value network is focused on high quality, high performance, lower-cost providers, and enrollees will pay lower premiums and out-of-pocket costs. Savings realized from moving from the existing AllWays HMO plan to the AllWays value HMO plan are projected at \$2.5 million.

*Expanded wellness and disease management programs*

The City, through the PEC agreement, annually contributes \$150,000 toward wellness programs, managed through a subcommittee of the PEC. Recent wellness initiatives have included employee wellness fairs and the establishment of a citywide digital platform through which City employees, retirees, and their dependents can access information about fitness and nutrition programs, and participate in wellness challenges. Also, new disease

management initiatives are being explored and implemented through each respective carrier to assist members in managing chronic diseases such as diabetes.

**Other Post-Employment Benefits (OPEB)**

Similar to pensions, employees earn post-employment health care and life insurance benefits (OPEB) over their years of active service, with those benefits being received during retirement. The City, including the Boston Public Health Commission (BPHC), had an unfunded liability for these benefits of \$2.13 billion, as of the most recent independent actuarial valuation on June 30, 2019. The size of this liability is largely influenced by changes to retiree health benefits, the City’s annual additional contribution to fund the liability, and the discount rate assumed.

While the City is required by law to make an annual contribution toward reducing its unfunded pension liability, there is no such requirement for retiree health and life insurance benefits. In FY08, the City followed new Governmental Accounting Standards Board (GASB) requirements to identify and disclose this estimated liability, and also began voluntary annual allocations to fund the liability. Annual allocations are retained in an irrevocable Trust Fund, authorized through the City’s acceptance of M.G.L. Chapter 32B section 20. As of June 30, 2022, the Fund had a balance of \$860.0 million.

As in previous years, this budget dedicates \$40 million toward reducing the City’s long term other post-employment benefits (OPEB) liability. These fiscally responsible actions are critical to the Administration’s prudent financial management policies, which have contributed to Boston’s triple A bond rating.

The annual Actuarially Determined Contribution (ADC) for the City to significantly reduce the OPEB liability over

a 30 year period is projected at \$213.5 million in FY23, as shown in Table 4. Of this amount, \$197.4 million (92%) will be funded through a combination of pay-as-you-go benefit payments for current retirees (included in health care costs discussed in previous section), a \$40 million FY23 allocation by the City to the Trust, and an additional \$2.25 million deposit by the BPHC into the Trust.

**Table 4**

The City is currently on a schedule that targets reducing its pension liability by 2027 and then plans on redirecting some portion of its annual pension contribution to further reduce the OPEB liability. However, this schedule is illustrative only of the currently expected funding schedule, and actual circumstances will likely vary from current assumptions.

**Energy Management**

In FY23, department energy budgets total \$50.1 million with electricity costs making up 55% of the budget, natural gas costs making up 23% of the budget and gasoline/diesel comprising 11% of the budget. The remaining 11% of the budget funds water and sewer, steam, and heating oil.

The Chief of Environment, Energy and Open Space and Chief Financial Officer are charged with making decisions regarding the City’s procurement, use, and conservation of energy. In addition, the

Chief of Environment, Energy and Open Space monitors the City's progress in meeting the greenhouse gas reduction goals required by the City's Climate Action Plan. The Municipal Energy Unit housed within the Environment, Energy and Open Space Cabinet works with City departments and the Office of Budget Management to develop design standards and implement measures that enhance the energy efficiency of the City's new construction and capital improvement projects.

Over the past nine years, the City has achieved operational savings through the conversion of street lights to newer fixtures using Light Emitting Diode ("LED") technology. The street light retrofits that the City has completed to date have permanently reduced the City's electricity consumption by 37.4 million kilowatt hours (kWh) per year. As a result, about \$6 million of electricity expenses were avoided in the FY22 operating budget.

In FY23, the City will continue implementing improvements that result in utility cost savings for City facilities, under the "Renew Boston Trust" initiative. This is not a trust in the traditional sense, but a program to bundle municipal utility cost savings projects. Efforts began with selection of an Energy Service Company ("ESCO") and their subsequent Investment Grade Audits ("IGA") of the City's facilities portfolio to identify projects with significant utility savings potential. The City selects projects based on the IGA analysis and the improvements are implemented through an Energy Management Service Agreement ("EMSA") by the ESCO. The EMSA provides long-term financial guarantees on the net savings for such projects. The second phase of construction work is nearing completion and a third phase of construction of energy saving improvements is expected to begin in FY23. The City finances this program with general obligation bonds with debt service costs

expected to be offset by the long-term energy savings guaranteed by the ESCO.

To improve the tracking and control of energy use, the City has re-procured services to support an Enterprise Energy Management System ("EEMS"). The current EEMS enables the City to monitor and report on the energy consumed by its 300+ buildings and other fixed assets, and its vehicle fleet, and is used by the City to meet its public reporting obligation under the Building Energy Reporting and Disclosure Ordinance. The EEMS has also facilitated the identification of energy efficiency projects and billing errors that have saved the City \$1.3 million in utility expenses.

The City's electricity requirements have been met by third-party commodity supply contractors since March 2005. To date, the amounts the City has paid to its third-party electricity suppliers have been less than the amounts it would have paid if it had continued to accept default electric service from its local distribution company, Eversource. Avoided costs since FY15 total approximately \$28 million.

## **Appropriations**

The combined appropriations for City Departments, the Public Health Commission (PHC) and the School Department (BPS), and non-departmental appropriations as shown in the FY23 Budget Summary have increased by 3.34% from FY22.

Boston Public Schools with a \$1.33 billion appropriation is increasing by \$40 million over FY22. Boston's total investment in education, including BPS and the City's Charter School Assessment, is growing by \$53 million (3.4%) over FY22.

City Services such as Police, Fire, Public Works, Housing, and other central funds are projected to increase by a total of \$48 million (33%). The City has created two new Cabinets, Planning and Public Health. The

FY23 budget includes transformative investments in economic opportunity, mobility and climate change. Many of these investments are paired with ARPA appropriations, for more information on those see the External Funds section. The appropriation for the Housing Cabinet is growing by \$8.9 million or 25.2% with the significant investments in housing and homelessness efforts to prevent displacement and expand housing opportunities for families of every income in neighborhoods across the city. The majority of union contracts have expired, so departmental wage growth is limited, while outstanding contracts are reserved for centrally. Funding for unsettled City, PHC and BPS union contracts are centralized in a \$75 million collective bargaining reserve.

The Public Health Commission (PHC) budget is growing by \$7 million (6.3%) in FY23. This increase includes key investments in a citywide mental health initiative, Public Health preparedness, alternative mental health responses and additional EMTs. Unlike other city departments, the PHC budget contains health insurance and pension.

The FY23 budget also continues and expands upon a number of savings initiatives.

- Boston will realize \$14.9 million in avoided health care costs in FY23, related to FY23 changes per the PEC agreement.
- Renew Boston Trust energy conservation savings will amount to \$973,000 in FY22.
- Continuing the practice of proactive review, the City eliminated long-term vacant positions from the budget in FY23 for \$230,000 in savings.

Continued tightening within City departments enables the City to afford targeted investments after reserving for costs associated with collective bargaining,

funding its pension obligations, and paying its debt service.

**Figure 6 - FY23 Appropriations by Cabinet**

The departmental appropriations are shown in the General Fund Appropriation by Cabinet table.

Departmental appropriations can also be viewed by cabinet, to better reflect the overall policy priorities and trends by service area.

In FY23 some programs have transferred between departments. Details of these changes are described below in each of the following cabinet sections.

### Mayor's Office

The FY23 budget for the Mayor's Office Cabinet has grown 13.3% from FY22. The cabinet contains the Mayor's Office, the Election Department, Intergovernmental Relations, and the Law Department. The Election Department's budget will increase by 7.3% in FY23 due to additional expenses for implementation of no-excuse mail in voting and early voting. The Mayor's Office Budget will increase by 13.2%, reflecting new senior level positions to advance transformative agenda items. The Law Department budget increased by 18.7% as the result of a comprehensive salary review for legal staff. Intergovernmental relations is increasing by 9.6% due to the addition of a federal relations position.

For additional budget detail on the Mayor's Office Cabinet see Volume II.

### Equity & Inclusion

The new Equity & Inclusion Cabinet's budget totals \$12 million. The Cabinet includes the Office of Equity, as well as several new and existing departments. The Office of Equity provides administrative and policy direction to the departments making up the cabinet. Headed by the Chief of Equity, the Office of Equity plans to add staff in FY23, including an equity officer to lead efforts to embed equity throughout the government, a research and policy specialist and a Director of Strategic Initiatives; as well as absorbing the functions of the Office of Diversity.

This cabinet also contains the newly created Offices of Black Male Advancement and LGBTQ+ Advancement; part of Mayor Wu's goal of amplifying voices not previously heard by city government. The Mayor's Office of Resilience and Racial Equity (MORRE) will decrease by 32%, as a result of racial equity training moving into a maintenance phase in FY23. FY22 saw a whole city push to train all employees, while FY23 contains funding for a smaller number of employees.

In FY23, the Commission for Persons with Disabilities moved from the Human Services Cabinet to the Equity Cabinet. Its budget will increase by 10.3%. FY23 will see the department adding an architectural access architect, to ensure that all right of way plans are accessible to all. This has come into prominence with the proliferation of outdoor dining under the temporary program; ensuring that sidewalks are still ADA/ABA compliant is a priority.

Language and Communication Access continues to grow in FY23, with an increase of 58% or \$678.7 thousand. The FY23 budget invests in seven new positions, including in-house translators and LCA specialists to better support departments.

There is also funding for in-house contracts to speed up the translation and interpretation procurement process.

The FY23 budget of the Mayor's Office for Immigrant Advancement (MOIA) is increasing by 82%. FY23 investments include an expansion of a successful pilot internship program for immigrant professionals trained in COVID-19 recovery sectors, and continuation of the Summer Fellowship program first piloted in summer 2020. The budget will also expand legal service capacity in the city and fund staffing to support immigrants impacted by the Temporary Protected Status Program changes.

Women's Advancement's budget will decrease by 45.2% as a result of the Childcare Entrepreneur Fund and one position moving to the Human Services to support the newly created Office of Early Childhood. The Office of Fair Housing moved to this cabinet in FY23, with a budget that is mostly level to FY22.

For additional budget detail on the Equity & Inclusion Cabinet see Volume II.

### **Office of Police Accountability & Transparency (OPAT)**

The Office of Police Accountability & Transparency (OPAT) Cabinet is growing by 14.4%, with investments in community and public safety mediation, paid internships and a review of Police Department BIPOC data. FY23 will be the second year that this office has existed and their budget also includes funding for the Civilian Review Board and the Internal Affairs Oversight Panel.

The Office will support lasting, generational change by rooting out impropriety and ensuring the type of enhanced oversight that leads to greater community trust. The purpose of OPAT is to provide a single point of entry for individuals with concerns or

complaints related to the Boston Police Department and its officers and sworn personnel.

### **Operations**

In FY23 the budget for the Operations Cabinet is increasing by 6.85%, with the addition of 26 positions, as well as, investments in critical repair to maintain city property in Property Management.

The Public Facilities' FY23 budget will increase by 14.6%, or \$1.1 million, due to the addition of 8 positions directly related to supporting efforts on the City's capital plan, as well as 2 clerks dedicated to supporting Renew Boston Trust projects.

The Property Management Department's budget will increase by 10.3%, or \$1.8 million, due to the addition of security and custodial positions. With the planned reopening of City Hall Plaza and the North Entrance of City Hall, additional staff will be needed to support these capital investments.

The Inspectional Services Department's (ISD) budget will increase by 1.5% or \$338 thousand. Increases in positions in the Building Division as well as administrative support will help the department better serve residents. There is also a new floodplain administrator position to ensure the City is meeting all FEMA and other requirements. These additions are offset by a slight reduction in 3rd party overtime to match the FY22 projections.

For additional budget detail on the Operations Cabinet see Volume II

### **Community Engagement**

The FY23 budget for the Community Engagement Cabinet will increase by 12.8%, or \$529 thousand. The Community Engagement Cabinet contains the Office of Neighborhood Services, which is home to

the City's neighborhood liaisons, Boston 311, and the Office of Civic Organizing. The FY23 budget will support five additional call takers to maintain a high level of responsiveness for 311 calls as well as a workforce development investment to ensure the department is able to promote a high standard of civic engagement. The My Brother's Keeper program was transferred to the new Office of Black Male Advancement.

For additional budget detail on the Community Engagement Cabinet see Volume II.

### **Arts & Culture**

In FY23, funding for the Arts and Culture Cabinet will increase by 12.4%, or \$448 thousand. The FY23 budget maintains a \$1 million FY22 investment in an art training program. It also adds three positions for community engagement, developer review and a position for City Hall Plaza Operations. It also adds a position and grant funding for community arts programming and supports. In FY23, the Library Department moved from the Arts and Culture cabinet to the Human Services cabinet.

For additional budget detail on the Arts & Culture Cabinet see Volume II.

### **Economic Opportunity and Inclusion**

The Economic Opportunity and Inclusion Cabinet includes the Office of Economic Opportunity and Inclusion, the Department of Supplier and Workforce Diversity, Consumer Affairs & Licensing, and the Office of Tourism. Overall, the Cabinet will see an increase of 77% or \$5.6 million, in FY23.

The Office of Economic Opportunity and Inclusion's (OEI) FY23 budget will increase by 102.9%, or \$3 million, from its FY22 appropriation; driven by the transformative investments in business support. A \$1.5 million investment in Main Streets will

provide direct support to existing Main Streets and add additional districts to the program. There will also be a newly created \$1 million Legacy Business Fund to support long term community business anchors. Almost another \$1 million in grant funded positions will be moved to the operating budget, to free up grant funds for small business supports. The department continues to support Small, Minority- and Women-owned Business Enterprises (MWBE). Additionally, the department continues to manage the Boston Cannabis Equity Fund, which supports the development of equity applicants for the emerging cannabis industry.

The Office of Tourism will decrease by 36.8% from its FY22 appropriation, as a result of a one-time hospitality investment being shifted to ARPA funding. The Consumer Affairs and Licensing Board will remain level funded.

In FY23, the Department of Supplier Diversity and Workforce Development will move from the Equity and Inclusion Cabinet. The \$3.5 million budget aims to ensure that minority-owned and/or women-owned business enterprises (MWBE) are certified as such, and supported through the procurement process. The Department also reviews developer and contractor compliance with the Boston Residents Jobs Policy (BRJP). The team continues to grow their data monitoring and reporting capacity regarding diversity in city procurement. For additional budget detail on the Economic Opportunity and Inclusion Cabinet see Volume II.

### **Education**

At \$1.33 billion, the FY23 operating budget is the largest in the history of the Boston Public Schools (BPS), increasing by \$40 million, or 3.1%, over the FY22 appropriation. In FY23, \$52 million in

funding for new initiatives will be included in the BPS budget.

Funding directed to schools will increase to \$853 million. Combined with another \$334 million in school services budgeted centrally – such as transportation, special education, and facilities – total spending in schools will reach nearly \$1.19 billion, representing 89% of the BPS budget.

Investments in BPS are guided by three principles: Return, Recover, and Reimagine. Operating investments focus on a safe return to schools to continue the work disrupted by COVID-19 and the equitable academic and emotional recovery of students from the pandemic.

The FY23 budget includes transformative investments for new social workers, school psychologists, and guidance counselors. These investments will enable school support teams to better coordinate recovery across teams, build learning plans, address special education IEPs, and analyze English learner data to ensure students are meeting their academic goals to return and recover successfully. In addition, the budget will expand access to libraries across the district, with new school librarians and inclusive library collections and materials.

The district will also provide access to MassCore at the secondary level with more access to physical education, art, music, and academic enrichment. This will help the district create a high-quality, rigorous, ethnically and culturally responsive curriculum. This work also aims to reimagine what is possible within the district, by standardizing graduation requirements across high schools and setting the bar high to college and career readiness through accelerated learning and equitable opportunities for all.

Additionally, to mitigate the impact of declining enrollment due to COVID-19, a

\$26.7 million investment provides resources to schools beyond Weighted Student Funding, and on top of existing soft landings and Foundation for Quality supports. These supports go directly to schools and ensure that schools are able to maintain level services and support their students, regardless of enrollment declines.

In addition to operating investments, BPS is allocating federal Elementary and Secondary School Emergency Relief (ESSER) funding to support Return, Recover, and Reimagine efforts, including investing in high quality facilities, equitable literacy, and supports for bilingual students and students with disabilities. For more information, see the Education section in Volume I.

For additional budget detail on the Education Cabinet, see Volume II.

### **Environment, Energy & Open Space**

The Environment, Energy and Open Space Cabinet, which includes the Environment Department, the Parks and Recreation Department, and, newly created in FY23, the Offices of Historic Preservation and Food Justice, will increase by 11.8%, or almost \$4 million, in FY23. The cabinet is making targeted investments to ensure access to high-quality open spaces for all Bostonians, implement the City's Climate Action Plan, implement BERDO 2.0 and advance Boston's Green New Deal.

In FY23, the Environment Department's budget will decrease by \$1.1 million. This is driven by the separation of the Office of Historic Preservation from the Environment Department to its own department. The Environment Department will begin BERDO 2.0 reporting and compliance; including a \$500 thousand Equitable Emission Fund, to jumpstart the city's ability to support businesses in their energy efficiency efforts. This fund will eventually be refilled from owners making

Alternative Non-Compliance payments into the fund. There is additional funding for BERDO staff and resources to fully implement the ordinance requirements. The Environment Department will also add two new positions in resiliency and renewable energy, plus a piloted training program to focus on high climate impact city employees and ensure they are educated about the Green New Deal.

The Parks and Recreation Department budget will increase by 8.7%, funding investments that will protect the city's tree canopy and ensure access and employee training. In support of climate justice goals, the department will create a new Division of Urban Forestry. Staff support for this division includes six tree canopy positions, two arborists, a Tree Canopy Director and a finance position to manage contracts. There is also additional funding to maintain non-standard tree pits. Modern street design may include a number of tree pit features (irrigation, pervious pavement) that require additional care for the tree to survive. The department will also purchase five sidewalk snow removal vehicles and add on an additional four weeks of lights at city courts, to expand access of all types to city resources.

The Office of Food Justice has moved from the Office of Human Services into its own department in FY23. Its FY23 budget is \$1.36 million and includes staff, funding for Boston Eats, a program that feeds children over the summer as well as funding for a program that matches EBT payments at Farmers Markets, to essentially double the amount available.

The Office of Historic Preservation has moved from its former home in the Environment Department. Including the City's Archaeology Department, this office will ensure the preservation of historic buildings and sites around the city. The budget of \$1.3 million will support 9 existing positions and add 2 more for a Commemoration Commission.

For additional budget detail on the Environment, Energy & Open Space Cabinet see Volume II.

## **Finance**

In FY23, the Administration and Finance Cabinet will split into the Finance and People Operations Cabinet. The Finance Cabinet will contain the Auditing, Assessing, Budget, Participatory Budgeting, Procurement, and Treasury Departments, as well as other central appropriations. The FY23 Finance Cabinet Budget includes select strategic investments in equitable procurement as well as public safety staffing analysis. The cabinet has a 5.5% increase, or \$1.9 million, in FY23. This increase is primarily driven by a 100% increase, or \$1 million, in Participatory Budgeting.

The Finance cabinet has broadly expanded the resources in FY23 to continue to implement the Citywide Equitable Procurement Initiative, which works to ensure the full participation of all enterprises in City spending, focusing on small and local minority-, woman-, and veteran-owned businesses.

In FY23, the cabinet will continue a citywide review of collections to better optimize the City's non-tax revenues. The City will also continue to work to maximize federal health insurance reimbursements and revenue recovery efforts.

In June 2021, the Mayor approved a proposed amendment to the City of Boston Charter that intended to strike a more equal balance of budgetary powers between the Mayor and the City Council and also included a provision concerning the implementation of Participatory Budgeting. The charter amendment was included on the municipal ballot in November 2021, and approved. The amendment requires the city to pass an ordinance creating the Office of Participatory Budgeting by the start of the FY24 Fiscal Year. The FY23 budget includes

\$2 million to fund staff and begin programming efforts prior to the required start date. The Participatory Budgeting appropriation will support the City's efforts to incorporate participatory budgeting practices, with the goals of being more democratic, inclusive, and transparent. The appropriation will fund efforts to include all residents, with a focus on those residents historically disconnected from the budgeting process.

For additional budget detail on the Finance Cabinet see Volume II.

### **People Operations**

The People Operations FY23 Cabinet includes the Human Resources, Labor Relations and Registry Departments. Formed to create an organization that is healthy, responsive, and human-centered, the cabinet's FY23 budget includes strategic investments green transportation initiative and an investment in health Insurance benefits.

This cabinet, which consists of approximately 150 employees, supports the work of the 17,000 employees in the city of Boston, as well as maintains the records for all Births, Deaths, and Marriages for the City of Boston. Its budget will increase by 3% or \$7.4 million, driven by investments in Health Insurance.

For additional budget detail on the People Operations Cabinet see Volume II.

### **Human Services**

The FY23 appropriation for the Human Services Cabinet will increase by \$7 million or 6.3%. The majority of that increase is for expanded summer youth jobs. The cabinet works to promote the health and well-being of the City's residents, particularly its most vulnerable.

The Office of Human Services which includes the Office of Public Safety (which includes the Office of Returning Citizens),

will be incubating the Office Early Childhood in FY23. The department's budget will decrease by 1.8%; driven by the shift of the Alternative Public Safety Response funding to BPHC and the shift of Office of Food Justice to being its own department. The department's budget includes \$1.5 million for the Youth Development Fund (an increase of \$250 thousand in FY23), a grant program which is a key part of a targeted violence prevention strategy with the goal of zero homicides in the City of Boston. Also included is a \$2 million investment in the Returning Citizens (part of the Office of Public Safety) to fund case management staff and support dedicated to people returning from incarceration. Additionally, the office of Early Childhood will include three staff and an increase to the successful Child Care Entrepreneur Fund, which supports small businesses providing essential child care services.

Boston Centers for Youth and Families' (BCYF) FY23 budget will increase by .3% overall from FY22. The FY23 budget includes an investment in youth mobility. The department's budget also continues to provide grants to local nonprofits supporting after-school youth activities, sports, and academic study programs. Additionally, BCYF runs both winter and summer Camp Joy programs with structured enriching activities for children and young adults with special needs.

The Age Strong Commission's budget will increase by 14.1% in FY23. Investments in Age Strong for FY23 include a new corps of Age Strong Ambassadors, to use peers to connect more seniors with existing resources, as well as \$600 thousand for mental health needs in the community. The latter investment will be in partnership with BPHC's comprehensive, citywide mental health efforts; see the Public Health Cabinet, below.

The Boston Public Library (BPL) budget will see a 2.4% increase, or \$1 million, in FY23.

BPL also moved from the Arts and Culture Cabinet to the Human Service Cabinet. BPL's budget includes an investment in support for the smaller branches, with the addition of 6 new positions at (list branches here). This will prevent lunch hour closures, when, due to lack of staff, the library has to close so the librarians can take lunch. BPL will also add resources for cyber security, to support the central office's efforts to modernize electronic security.

In addition to the FY23 general fund budget, BPL has support from external funding sources. These crucial resources, including the Commonwealth of Massachusetts and Affiliates of the Public Library, support a variety of initiatives.

The FY23 budget for the Boston Office of Veterans Engagement, Transition, and Services (Boston VETS) will show a 1.6% increase, despite a reduction in the need for services under state Chapter 115 due to fewer qualifying Boston veterans. The Boston VETS FY23 budget will include \$71 thousand for the addition of a transition and integration specialist.

The budget for Youth Engagement and Employment (YEE) will increase by 42%, or \$5.2 million, in FY23. Funding will continue to support a successful partnership with community-based organizations, and FY23 investments will provide an estimated 6,000 summer jobs. The department will also work year-round to support youth through the Mayor's Youth Council and provide for 1,500 school-year jobs. Additionally, YEE will increase staff capacity and enhance outreach efforts to engage all youth in employment and educational opportunities.

For additional budget detail on the Health & Human Services Cabinet see Volume III.

## **Public Health**

The Boston Public Health Commission (BPHC) serves as the City's health department and provides emergency

medical services (EMS); infectious disease surveillance; substance abuse prevention and treatment programs; community health programming; shelter, food, and advocacy for homeless individuals; and home and school-based health services for children and families. In FY23, BPHC's appropriation will increase by 6.3%, or almost \$7 million. Unlike most City departments, BPHC's appropriation includes health insurance, pension and other post-employment benefits (OPEB).

BPHC is strengthening its public health preparedness team by adding twelve positions to better prepare Boston for the aftermath of the next public health crisis, be it epidemic, natural disaster or man-made crisis. The city is also investing in a Chief of Mental and Behavioral Health position, as well as three additional positions to fully map out the mental and behavioral health landscape of the city. This will support other mental health initiatives across the city. An initiative will shift over from the Office of Human Services: the Mental Health Response pilot to ensure all mental health emergencies are responded to with the right level of support.

As a partner to the Mental Health Response pilot, EMS will add 4 EMTs dedicated to co-responding with a BEST clinician to provide direct mental health care to residents in need. EMS will also add twenty new EMTs to cover for staffing shortages caused by longer call times. As a result of the COVID-19 pandemic, additional safety measures need to be taken to protect first responders; as a result, calls can take longer. These new EMTs will ensure that response times remain on target.

For additional budget detail on the Health & Human Services Cabinet see Volume III.

## **Housing**

The FY23 budget for the Housing Cabinet will increase by 25.2%; or \$8.9 million. The

Wu administration commits at least \$380.4 million in funding across the Operating, Capital and ARPA budgets between FY23 and FY25 to increase affordable housing availability, improve housing conditions in existing units, and bolster supportive services for individuals facing housing instability and homelessness, amongst other goals.

In FY23, the City will expand the City-funded rental voucher program with \$2.5 million in additional funding; bring total funding for the program to \$7.5 million. This program will subsidize the rents of those with the most need through providing hundreds of vouchers over five years. The goal is for tenants to pay no more than 30% of their income to rent.

The Mayor's Office of Housing conducts various programs to move the needle on chronic, family, and youth homelessness. A \$1.2 million investment will offer housing and case management services for an additional 50 individuals experiencing homelessness. A \$644 thousand investment will expand housing stability services such as legal assistance, given that renters in eviction proceedings do not have access to a free public defender. A \$1.85 million investment in BHA vouchers and a BHA homeownership pilot will also be funded.[JB1]

Following a tradition of supporting the community programs, the Office of housing will receive \$500 thousand for the Strand Theater. It will receive a new roof, new interior paint, house lights, and other maintenance work to ensure the historic building's attractiveness and safety.

GrowBoston, which aims to convert open space to food-producing green space and offer communities technical assistance, will see its first operating investment of \$800 thousand. The initiative started part way through FY22, but did not yet have programming funds.

Furthermore, the FY23 budget projects that the Mayor's Office of Housing will have \$145 million in external funds available from federal and state grants, as well as revenue from certain developer fees.

For additional budget detail on the Housing & Neighborhood Development Cabinet see Volume III.

### **Information & Technology**

The Department of Innovation and Technology (DoIT) will see a 4.2% increase over its FY22 appropriation. The COVID-19 pandemic has underscored how critical access to the internet is for enabling households to engage with the economic, social, and civic life of their communities. Building on investments in FY22 for digital equity, the FY23 budget will focus on the user experience of all residents who wish to engage with the city electronically. An investment in three positions will ensure the city's website is as easy and intuitive to navigate.

The FY23 Budget also responds to the changing nature of work by adding an asset manager and support to the service desk. A pilot period for hybrid work options will be available to certain employees and DoIT will ensure that the technical hurdles will be overcome. To support employees, the department will also receive \$100 thousand in additional training and professional development for staff. The nature of IT work is fast moving and DoIT needs to be on the forefront of technology.

For additional budget detail on the Information & Technology Cabinet, see Volume III.

### **Public Safety**

Overall, the Public Safety Cabinet, which includes the Police Department, the Fire Department, and the Office of Emergency Management, will decrease by .61% or \$4.1 million from FY22. The FY23 budget supports cadets in both Police and Fire; an

increase of 30 police cadets to promote increased diversity, and the start of the fire cadet program.

The Police Department will decrease by 1.3%, due to a higher than anticipated level of attrition. While replacement classes are keeping up with attrition, officers retiring earn more than newly sworn in replacements. The department will continue its efforts to reduce overtime hours and in FY23 will move ahead with efforts to return to duty officers that are on injured leave. This budget continues to include funding for BEST clinicians who will be available to help police officers better serve their community. In FY23, the department will expand its Public Records team through one corporation counsel position (funded in the law department) as well as records assistant in the Police Department.

Building on the continued success of recruiting a diverse police cadet class in FY19 through FY22, the FY23 budget increases the number of cadets from 60 to 90. This addition to the cadets will continue to provide a stable pipeline of diverse young people for future police officer classes. This budget also funds promotional opportunities by putting on a Detectives Exam in FY23 and starting the process for the much larger Civil Service exam (for Sergeants, Lieutenants and Captains) to be held in FY24.

The Fire Department budget will increase by .4% in FY23, which is primarily due a newly required lease payment for the Special Operations team. That team had been hosted on land owned by an educational organization that can no longer support the department. There is also a \$500 thousand investment to update the telephone system at Fire Headquarters. The FY23 operating budget continues previous investments in facilities improvements, health and wellness training, and the start of the fire cadet program to bring on cadets in the spring of 2023.

The Office of Emergency Management budget represents an increase of 13.5%. This increase is due to an enhancement of the Emergency Notification System, to allow for reverse 911 calls to warn residents about life threatening situations. For additional budget detail on the Public Safety Cabinet see Volume III.

## **Streets**

The FY23 Streets Cabinet budget, which includes the Public Works Department and the Boston Transportation Department, increased by 3.5% over the FY22 appropriation. This budget reflects innovative new investments that expand high-quality basic city services to keep our streets clean, safe, and accessible for all users.

The Public Works Department (PWD) FY23 budget will increase by 3.5%, or \$3.5 million, over FY22, partially driven by projected increases in the waste removal contracts. Building on FY23 investments in Zero Waste, the city will start a composting pilot for curbside food waste, as well as targeted pilots in the Boston Housing Authority and Chinatown. The department will receive three additional positions to support the Zero Waste goals, plus additional Hokey positions to keep city streets clean. The FY23 budget will invest \$136 thousand in critical concrete building maintenance and additional staffing resources. Supporting the City's goal of having all pedestrian ramps ADA compliant by 2030, the department will receive a Chief Highway Inspector to focus on ramps. In an investment shared with BTB, PWD will add two engineers to support innovative projects coming out of the Transportation Departments Active Transportation and Transit Teams.

The Boston Transportation Department's (BTB) FY23 budget will increase by .6% over FY22, with a focus on the Future of Transportation; improving mobility no matter how you get around the city. FY23

investments are offset by one-time FY22 pandemic related programs ending. This budget includes \$628 thousand in ten new positions, for the projects in new mobility, transit and active transportation. This budget intends to revolutionize how streets are designed and how people move about the City. To that end, there is an additional \$362 thousand in basic mobility tools; including a street asset management system to be able to track installation, maintenance and location of every sign pole, traffic signal and bike lane. Finally, the city will take over management of the Lafayette Garage from a private contractor. Maintenance expenses are anticipated at \$1 million; while revenue from the garage will far outpace that amount.

The Office of Streets is the central administrative arm of the cabinet. Its budget will increase by 11.3%; with three new positions to support recruiting for specialized positions, a senior procurement coordinator to support contract diversity and an administrative position to support Future of Transportation contractual needs. Central Fleet Maintenance is increasing by 1.3%, with a \$50 thousand investment in Fleet Electrification Planning For additional budget detail on the Streets Cabinet see Volume III.

### **Non-Mayoral**

The Non-Mayoral Cabinet includes the City Clerk, the Finance Commission and the City Council. This Cabinet's budget increases by 24.3%; driven by an increase in the City Council budget of \$1.5 million or 25.3%. This includes investments in staff as well as language access and technology.

For additional budget detail on the Non-Mayoral Cabinet see Volume III.

### **Reserve for Collective Bargaining**

The FY23 collective bargaining reserve, a \$75 million reserve for City departments, Boston Public Schools, and the Public

Health Commission, contains funding for unsettled union contracts. Most union contracts have expired and the City has reserved a limited amount for successor agreements. Salary increases in these agreements will have a direct impact on dollars available in FY23 and in the upcoming years.

### **FIXED COSTS**

Fixed costs make up a growing portion of the City's Budget. The City is required to budget for fixed costs and its growth, largely driven by the Charter School Tuition Assessment, which is directly deducted from Boston's state aid, and the City's Pension schedule, which requires a 9.3% increase in FY23 to ensure funding consistent with the current pension schedule.

### **Pensions**

Boston's Pension budget is based on the current pension schedule approved by Boston's Retirement Board. The City's Pension schedule requires a \$30.2 million or 9.3% increase in FY23.

The City of Boston participates in a contributory defined benefit retirement system that is administered by the Boston Retirement System (BRS). BRS is one of 104 public pension systems governed by Massachusetts General Law Chapter 32. Boston's current pension schedule is based on an actuarial asset valuation as of January 1, 2020. The current pension schedule assumes a long term rate of return of 7.05%. The City's pension liability is currently 75.6% funded and is on track to reduce the unfunded liability to zero by 2027, thirteen years prior to the legally required funding date of 2040. The current Cost of Living Adjustment (COLA) base (the amount the annual COLA increase is applied to) is \$15,000. In the spring of 2022 BRS approved a 3% COLA increase effective July 1, 2022. In the fall, BRS will update its Pension valuation, as of January 1, 2022, and

approve a new pension schedule that will be used for the FY24 budget.

### **Debt Service**

The Debt Service budget supports borrowing to finance the City's capital plan. In FY23 Debt Service is budgeted at \$219.0 million, which is a \$15.3 million or 7.5% increase over the previous year.

The City benefits from its strong financial policies and practices and has triple A credit ratings from Moody's and Standard and Poor's. Strong credit ratings are an assessment of the City's long-term financial stability and lower the cost of borrowing.

For further detail see the *Capital Planning* and *Financial Management* chapters of this volume.

### **State Assessments**

Accompanying the local aid distributions on the State's Cherry Sheet are charges to the City from the Commonwealth. These include items such as charter school tuition and MBTA service. The City expects to be assessed \$363.7 million by the Commonwealth in FY23.

For further detail see the *Revenue Estimates & Analysis* chapter of this volume.

### **Suffolk County**

The Suffolk County budget is a fixed cost mandated by state legislation, budgeted at

\$2.9 million in FY23. State legislation converted all existing and future Suffolk County Sheriff employees to state employees effective January 1, 2010. The State charges the City for Suffolk County through an assessment based on the residual unfunded pension liability for former Sheriff employees who retired prior to January 1, 2010. Once the unfunded pension liability is fully extinguished, the budget for Suffolk County will no longer be necessary.

### **Reserve**

The Reserve budget is a fixed cost stipulated by state law and requires the City of Boston to maintain a reserve of 2.5% of the prior year appropriations, not including the School department, on its balance sheet. The reserve's balance as of June 30, 2021 is \$38.6 million; with this balance Boston met its reserve requirements. The reserve can be used to provide for extraordinary and unforeseen expenditures and the Mayor may make drafts or transfers against this fund with City Council approval after June first of each fiscal year. Since the establishment of this reserve, the City has yet to make any drafts or transfers from the reserve.

## Personnel Changes

The Personnel Summary table shows a four-year comparison of city-funded and filled full-time equivalent (FTE) positions. This includes both permanent and emergency employees. The projected FTE numbers used for FY23 are estimates based on the personnel funding levels contained in the FY23 budgets.

### FY21 - FY22 FTE Changes

The total net decrease in FTEs from January 1, 2021 to January 1, 2022 was 178.2. While the priority of Education grew by 30, most other large departments saw decreases. The City's Position Review Committee continued to review all proposed job postings for vacant positions. While the controlled hiring instituted during the pandemic has been eased, the city continues to scrutinize all requests to post open positions. Many departments have seen unprecedented attrition and retirements. Additionally 14 long-term vacant positions were eliminated in the FY22 budget.

The School Department increased by 31.3 FTEs. Overall, teachers are down 13.1 positions from Jan 1, 2021, driven by vacancies. Although General Education teachers decreased by 54.0, Special Education and Bilingual teachers are up 42.9 and 16.3 respectively because of increased special education and English language learner needs. Aides increased by 24.9 FTEs, driven by Special Education aides. Bus monitors are down -38.7 FTEs due to vacancies, but Program Support and Technical Support positions grew by 99.8 FTEs due to FY22 investments in additional social workers and family liaisons.

Public Safety FTEs decreased by 57.7 from Jan 1, 2020 to Jan 1, 2021. The Police Department declined by 80.3 FTEs; driven by a delay in the class from December to

April. The Fire Department had a minimal decline of 12 FTEs due to normal attrition.

The Streets Cabinet decreased by 46.8 FTEs. Due to the controlled hiring policy in FY21, Public Works is down 18.8 positions since Jan 1, 2021; despite efforts, PWD has had difficulties hiring. BTD also decreased 25 FTEs, driven by vacancies in the Parking Enforcement Officers. A key management vacancy has delayed the hiring of a new class. Finally, the Office of Streets is down 4, driven by several key vacancies that the department is actively hiring for.

The Equity and Inclusion Cabinet has increased by 35 from Jan 2021 to Jan 2022. The Jan 2021 FTEs included only three of the departments in the cabinet, while there were seven as of January 2022. The Human Rights Commission was reactivated in FY21 with services to promote education and enforcement of human rights; it has an increase of 3 FTEs as the department filled position. The Office of Immigrant Advancement increased by 2 over Jan 2021 due to programmatic expansion. Women's Advancement reduced by 1 due to vacancy.

The Offices of Equity, Diversity, Resiliency and Racial Equity and Language Access all transferred from other departments in FY22.

The Office of Police Accountability and Transparency (OPAT) was created in FY22 to oversee police reform. It has five positions as the department hires investigators, intake workers and administrative staff.

The Operations Cabinet as a whole increased by 18 FTEs. Property Management had an increase of 7.5 FTEs, driven by filling custodial and security positions. ISD increased by 5 with the hiring of building inspectors; Public Facilities increased by 6 as investment positions were filled.

The Community Engagement Cabinet decreased by 1 due to attrition. The Arts & Culture Cabinet decreased by 10 FTEs. While the Office of Arts and Culture increased by 2 FTEs due to filling vacancies, the Boston Public Library decreased by 12 FTEs due to hiring delays resulting from branch closures during the COVID-19 pandemic.

The Economic Opportunity and Inclusion Cabinet decreased by 11.9. Driven by the shift of the Equity and Inclusion unit into the Office of Equity, the Office of Economic Opportunity and Inclusion decreased by 13.9. Consumer Affairs and Licensing increased by 3 due to filling vacancies. The Environment, Energy and Open Space Cabinet decreased by 5 from January 2020 to January 2021. The Parks Department decreased by 4, the Environment Department by 1.

The Human Services Cabinet shows a net decrease of 53 FTEs. This is driven by a Boston Centers for Youth and Families decrease of 30.2 positions. The department has multiple vacancies, driven by lifeguards and front line staff. The Public Health Commission's decrease of 24.8 is spread over multiple bureaus. EMTs are up 17 reflecting the start time of the new class. Additional departments in the cabinet remained the same or had minor changes.

The Administration and Finance Commission has decreased 8 positions from Jan 2021 to Jan 2022. Increased in Procurement and Human Resources are offset by normal attrition in other departments.

The Non-Mayoral cabinet is down by 22.3, driven entirely by City Council transitions.

Other cabinets had minor changes that are reflective of regular attrition and hiring patterns.

#### **FY23 Projected FTE Changes**

The City projects a net increase in FTE levels of 478.5 from January 1, 2022 to

January 1, 2023. The vast majority of the growth is targeted in the priority areas of education, public safety, mobility, and equity.

The City will continue to review the need for hiring into all vacant positions in FY23. Only critical positions will be approved to post and hire. Departments eliminated 14 long-term vacant positions in the current budget process.

The School Department represents the greatest portion of the projected growth, with an expected increase of 113.8 filled FTEs from January 2022 to January 2023. The district's hiring plan will result in additional school psychologists to meet the national standard ratio of 1 psychologist for every 500 students districtwide, as well as an increase in guidance counselors and librarians. Teaching and aide positions will increase following the continued trend of additional Special Education and Bilingual teachers and ABA Specialists.

The Public Safety Cabinet is expected to show an additional 71.1 FTEs in January 2023. Historically, the number of Public Safety employees on the payroll as of January 1 of any year has fluctuated with the timing of retirements and new classes. The Fire Department's projected increase of 10.5 is due partly to an increase of 5 added to the spring 2022 class in an effort to promote diversity. The goal of the department is to have enough firefighters in the suppression force to cover the minimum staffing levels and to reduce overtime. The Fire Department will also add an additional Delta car to focus on opioid response. Due to class timing, the Police Department will increase by 60.6; a planned fall 2021 class was delayed until spring 2022. BPD will add 30 additional cadets, in order to grow the diverse pipeline of young people who are qualified to join the police class.

The Equity & Inclusion Cabinet is projected to have 69 FTEs, showing a projected

increase of 6. The Office of Equity is decreasing by 10. A shift of 20 FTEs in the Equity and Inclusion unit to the newly created Supplier and Workforce Diversity Office is offset by the addition of positions for research and policy, a director of strategic initiatives, two Economic Mobility Lab staff and the three positions from the Office of Diversity. Language and Communications Access is adding 7 FTEs, including translators and language access specialists. Black Male Advancement and LGBTQ+ Advancement are newly created Offices in FY23. Immigrant Advancement and Women's Advancement are each projected to be up by 1. Also in FY23, the Offices of Fair Housing and Commission for Persons with Disabilities moved from Human Services into this cabinet. The latter will remain stable, while Commission for Persons with Disabilities will increase by 2 by adding an architect positions and replacing vacancies.

The new Office of Police Accountability & Transparency is expected to have 23.4 FTEs as of Jan 1, 2023, as they fill their remaining positions, including Board Members.

The Operations Cabinet is anticipated to increase by 14 FTEs as the departments hire investment positions; ISD will hire a floodplain administrator as well as 3 administrative capacity positions. Public Facilities is projected to be up by 5, as the department hires new project managers to support the expansion of the capital plan. Property Management will increase by 5 as security and staffing positions for the newly opened City Hall Plans are filled.

The Community Engagement Cabinet will increase by 7 as new 311 Call Takers are added. The Arts and Culture Cabinet will grow by 3 FTEs. A director for City Hall Plaza will ensure the space is activated with local artists at the forefront and additional positions in community engagement and developer review will add needed capacity.

The Environment, Energy and Open Space Cabinet will grow by 21 FTEs. The Environment Department is decreasing by 6, primarily due to the removal of 9 Historic Preservation positions to the new Office of Historic Preservation. Offsetting that reduction are additions in Green New Deal Staff to promote resiliency in city operations and a renewable energy expert to support existing municipal energy staff. There will also be 2 new BERDO staff to support private landowners in their effort to comply with the city ordinance. The newly created Office of Food Justice will have 6 FTEs, including 5 transferred over from the Human Services Department. This Office will support year round food access to all Bostonians. The Office of Historic Preservation has 9 FTEs shifted from the Environment Department, including the Archaeology team, as well as 2 new positions for a Commemoration Commission. Parks and Recreation will add a Tree Canopy Director, 2 arborists, 6 additional Urban Forestry positions to focus directly on tree care and a contract position to support FY23 investments in the city's tree canopy.

The Finance Cabinet projects an increase of 13 FTEs including additional procurement staff to support the new Office of Contacted Services in the A&F department. Budget Management will increase by 4, replacing recent vacancies and the new Office of Participatory Budgeting will have two positions as a starting point. Treasury will be up 5 FTEs, as they also fill recent vacancies.

The new People Operations Cabinet will include 83 FTEs. Consisting of the Office of People Operations, Human Resources, Labor Relations and Registry, this cabinet will increase by 4 positions over FY22. The increase is driven by positions to support human centric initiatives in the Office of People Operations.

The Human Services Cabinet will increase by 32 FTEs primarily due to BCYF and BPL.

As Boston Centers for Youth and Family fully restarts their programming, we anticipate their staffing levels to return to normal with an addition of 10 FTEs. Boston Public Library recently moved to this cabinet and will be adding 6.5 FTEs as part of an investment to bolster staffing at smaller branches. This will prevent branches from having to close when librarians take their lunch breaks. Overall, BPL is projected to increase 11.5 FTEs as they continue to return to pre-pandemic staffing levels. The Office Human Services will increase by 2, but that belies a bigger shift. 5 Food Justice positions were shifted to the new department, while the Office Returning Citizens (which lives inside human services) is increasing by 5. Human Services also gained 3 Early Childhood positions to support the new Office of Early Childhood. Youth Engagement & Employment will be up by 2, including a new FTE dedicated to outreach and engagement.

The Boston Public Health Commission was moved into its own cabinet in FY23. FTEs will grow by 44; driven by priority investments. 24 EMTs will be added; 4 of which will be dedicated to co-responding to mental health calls with a BEST clinician to ensure that mental health crises are appropriately responded to. The other 20 EMTs will be distributed across the city to maintain response times. BPHC will also add 12 FTEs in the area of public health preparedness, so that BPHC is prepared for the public health aftermath of human and climate made disasters. Finally, the department will add 4 FTEs to directly focus on citywide mental health initiatives.

The Mayor's Office of Housing in the Housing Cabinet will increase by 15; including 6 FTEs moved off of the CDBG grant to allow for more direct program spending. An additional 2 FTEs will be added to support housing stability efforts along with adding 3 to the supporting housing team. The Department of Innovation and Technology in the Information & Technology Cabinet anticipates adding 4 FTEs, with renewed efforts on hardware asset management and a focus on the website user experience.

The Streets Cabinet is projected to increase by 43 FTEs. This is driven by the Transportation Department, with an increase of 25; this includes 10 Parking Enforcement Officers as the department has not put on a class since the fall of 2021 due to management vacancies. There will be an additional 10 FTEs for the Future of Transportation initiatives; this is staff for the Transit team, the Active Transportation team and the New Mobility group. Similar to Public Works, the department is working to fill vacancies. Public Works is projected to be up 12 positions. 5 will focus on Zero Waste efforts, including citywide compost pilot and targeted efforts in Chinatown and the Boston Housing Authority. An additional 5 hokeys will be added to do daily street cleaning. 2 engineers will support the Future of Transportation work from the implementation side, and a Chief Engineer will be added to focus on ramp compliance with accessibility mandates. The Office of Streets will add 3 positions for recruiting, procurement and contract administration.

**Table 7**

## External Funds

The City's \$3.99 billion operating budget is supplemented by approximately \$951 million in external funds. These funds consist mainly of federal, state, and private funding earmarked for specific purposes. Education, housing, economic development, public health and public safety are some of the largest areas for which these funds are targeted.

Thirty-three departments and agencies expect to receive federal, state or other forms of external funding in FY23. Roughly 96% of the City's external funds are found in eight of those thirty-two departments. These eight departments are Boston Public Schools, Office of Housing, Public Health Commission, Treasury Department, Emergency Management, Age Strong Commission, Police Department and the Library Department. Descriptions and amounts of grants by department can be found in Volumes II and III.

Federal grants have historically provided funding for the key City priorities of education, community development, and services for seniors. Boston Public Schools, the Mayor's Office Housing, and the Age Strong Commission have been the

traditional recipients of recurring entitlement grants provided by the federal government.

In response to the catastrophic impact of the COVID-19 pandemic, the federal government has passed three unprecedented relief packages. These packages include:

### **CARES-Coronavirus Relief Fund (CRF)**

The Coronavirus Aid, Relief, and Economic Security Act, also known as the CARES Act, is a \$2.2 trillion economic stimulus bill signed into law on March 27, 2020. CARES provided additional funding to Boston using existing federal funding formula grants to city departments including the Office of Housing and the Age Strong Commission plus to Boston Public Schools through the Elementary and Secondary School Emergency Relief (ESSER) program. Finally, the most significant CARES program provided directly to Boston is the Coronavirus Relief Fund (CRF), specifically targeted for local government. Boston was awarded \$120.8 million from CARES-CRF. The three caveats for CARES-CRF funds are:

- Necessary expenditures incurred due to the public health emergency of COVID-19,
- Budgets costs not accounted for in most recent adopted budget, and
- Costs incurred March 1 thru December 31, 2021.

### **FEMA**

In addition to CARES CRF funding created as an immediate response to the COVID-19 emergency, the City anticipates reimbursement from the Federal Emergency Management Agency (FEMA) provide through the Commonwealth of Massachusetts for approximately \$16 million in COVID-19 emergency response spending.

### **Coronavirus Relief Bill**

The second stimulus bill, the Consolidated Appropriations Act of 2021, provided an additional \$900 billion in stimulus relief, extended the availability of CARES-CRF funding by one year and was signed into law on December 27, 2020. This second stimulus package provided a second round of Elementary and Secondary School Emergency Relief (ESSER II) funding to Boston Public Schools, and a brand new Emergency Rent Relief program awarded to the Mayor's Office of Housing.

### **American Rescue Plan Act (ARPA) of 2021**

The American Rescue Plan Act (ARPA) of 2021 is a \$1.9 trillion stimulus bill providing hundreds of millions in federal funding to the City, the Boston Public Schools and other local organizations. The City of Boston will have access to the ARPA State and Local Fiscal Recovery Funds (SLFRF) and Boston Public Schools will be provided resources through an unprecedented third round of Elementary and Secondary School Emergency Relief (ESSER III) over the next four fiscal years.

Eligible uses of ARPA SLFRF funding include:

- Revenue replacement to strengthen support for vital public services and help retain jobs;
- Urgent COVID-19 response efforts to continue to decrease spread of the virus and bring the pandemic under control;
- Assistance to small businesses, households, and hard-hit industries to support economic recovery;
- Addressing systemic public health and economic challenges that have contributed to the unequal impact of the pandemic on certain populations; and
- Investments in water, sewer and broadband infrastructure.

Boston's guiding principles for the use of ARPA funds include:

- Targeting once-in-a-generation opportunities for transformative investments.
- Jumpstarting solutions to long-term challenges and making some big bets on Boston, while recognizing that we have to tackle the ongoing COVID-19 pandemic at the same time.
- Focusing on cross-departmental ideas that address equity, climate justice, jobs, and health.
- Leveraging additional public and private resources and prioritize financial sustainability beyond ARPA.
- Incorporating public feedback from the Budget Listening Tour in winter 2022 and the Let's Go Better Campaign in Fall 2021.

In total, the City has received \$558.7 million in SLFRF funding; the City received \$212.1 million from the U.S. Treasury in May 2021 and a second payment of \$212.1 million in May 2022. In addition, the City received

\$134.5 million from the Commonwealth of Massachusetts. Under SLFRF, funds must be used for costs incurred on or after March 3, 2021 and funds must be expended by the end of 2026.

In partnership with the Boston City Council, the City has already appropriated \$551.7 million to continue the response to the COVID-19 pandemic and to help drive an equitable recovery for all Boston residents. \$7 million has been set aside in reserve for future use.

- \$362.2 million appropriated for Transformative Investments (July 2022)
- \$81.5 million appropriated for Emergency Relief Package (July 2021)
- \$55 million appropriated for FY22 Revenue Replacement (July 2021)
- \$40 million Revenue Replacement appropriated for FY23 (June 2022)
- \$8 million Fare Free Bus Expansion appropriated (Nov. 2021)
- \$5 million appropriated for Small Business Fund 2.0 Expansion (Jan. 2022)

The CARES-CRF, FEMA and ARPA budgets are reflected in the Office of Budget Management.

### **FY23 All Funds Budget**

The all funds table consolidates the projected FY23 expenditures from the General Fund, Special Revenue Funds

### **Community Preservation Act**

By adopting the Community Preservation Act (CPA) in November 2016, the City has created a Community Preservation Fund. This fund is not part of the City's general fund and is displayed as a special revenue external fund in this budget document. This fund is capitalized primarily by a one percent property tax-based surcharge on residential and business property tax bills that began in July 2019. The City uses this revenue to fund initiatives consistent with CPA guidelines: affordable housing, historic preservation, open space and public recreation.

Boston has collected a \$19.7 million in FY19 and \$22.1 million in FY20, which was matched with \$3.6 million and \$4.8 million from the state through the CPA Trust Fund, respectively. The city expects to collect \$26.3 million in revenue in FY21 and \$29.5 million in FY22.

Since 2018, the first year of allocations, Boston's 9-member Community Preservation Committee, comprised of Boston residents, recommended 198 projects totaling \$92.8 million in all three CPA categories.

(primarily external grants) and the Capital Fund by department. More detail on the expenditures made from each of these funds is shown in Volumes II and III of the City of Boston's FY22 budget document.

## Performance Management

Boston's performance management efforts, driven by the Citywide Data Analytics Team in the Department of Innovation and Technology, strive to ensure that the City delivers the most effective and efficient services possible. The Data Analytics team has focused on setting up visual displays of data, creating multiple dashboards in an attempt to create transparency around City government data and promote better use of existing data. Many of these live at Analyze Boston: <https://data.boston.gov/>

In FY23, the Data Analytics team will again be reviewing and renewing departmental measures. Their new framework is based on Mayor Wu's principles of *Getting City Hall out of City Hall*, *Getting the Big Things Done by Doing the Small Things Right*, and *Expanding the Possible*. This is a shift from previous efforts in 2018 and 2020 to review and automate all metrics.

## CityScore

Launched in 2016, CityScore is a nationally recognized tool designed to inform the

Mayor, City managers, and the public about the performance of City government by aggregating key performance metrics.

CityScore's 22 metrics are monitored daily to get an understanding of the quality of life in Boston and the performance of City government. Since its inception, CityScore has prompted key process improvements, increased data-driven decision-making at all levels of city government, and informed the budget process.

## Focus on Priorities

The Mayor's FY23 budget priorities highlight the goals of *Getting City Hall out of City Hall*, *Getting the Big Things Done by Doing the Small Things Right*, and *Expanding the Possible*. Equity has lived at the heart of every budget decision, with the vision of addressing the city's greatest challenges by investing in our greatest strengths: Our People, Our Neighborhoods, and Our Services. The performance measures listed below reflect the City's top priorities and the partnerships necessary to achieve these ambitious goals.

## MULTI-YEAR BUDGET PLAN

### Introduction

While the City must maintain an annual budget process by statute, a two-year projection provides a useful context for current decision making and future planning purposes.

With City costs rising faster than its revenue, the City is projecting budget shortfalls in FY24 and FY25. In projecting the City's operating budget for FY24 and FY25, education cost growth, increasing annual pension schedule obligations, uncertain costs related to outstanding collective bargaining agreements and continued health insurance cost escalation continue to drive high rates of expenditure growth. The property tax levy is assumed to grow from its base by the allowable 2.5% and by new growth in the levy. In terms of state aid, continued pressure from rising state Charter Schools costs and relatively stagnant education aid, will likely lead to the resumption of the negative growth trend in net state aid.

The next round of negotiations for FY21 and beyond has begun with six unions settling during the course of FY22 and the hope to settle the remaining unions during FY23. The projected FY24 and FY25 collective bargaining reserves are intended to acknowledge some costs in this area but do not indicate an established wage pattern for successor contracts.

Another area of concern is the unfunded liability related to other post-employment benefits. The City currently provides post-employment health care and life insurance benefits to eligible retirees in accordance with state law and pays its share of the cost on a pay-as-you-go basis in the current year's operating budget. This method of financing understates the full obligation to provide these benefits after retirement. The City, including the Boston Public Health Commission (BPHC), has an unfunded

liability for these benefits of \$2.13 billion, as of the most recent independent actuarial valuation on June 30, 2019. The FY21 budget authorizes another payment of \$40 million to the City's OPEB Liability Trust Fund; the FY24 and FY25 projections also include \$40 million payments.

### Revenue Trends

The following chart displays the breakdown of revenue projected for FY24-FY25.

**Figure 1 – Multi-Year Revenue Forecast  
FY23 Budget, FY24 & FY25 Projected**

Major revenue trends include:

**Property Tax Levy:** The levy will grow by the allowable 2.5% increase, and new growth is projected to decline slightly in FY24 and again in FY25 due to uncertainty regarding the course of development in the wake of the pandemic. The net property tax assumes an overlay reserve set at \$10.0 million, level with FY23. A net total increase in the levy of over \$245 million is projected over the two years.

*State Aid:* Gross state aid is assumed to increase in both FY24 and FY25, by 2.8% in FY24 and an additional 1.6% in FY25. The City is projecting that Unrestricted General Government Aid will grow by 2.0% in both FY24 and FY25. Chapter 70 education is also expected to grow slightly, by roughly 2.3% in FY24 and 1.6% in FY25. The Student Opportunity Act pushed charter school reimbursement higher in FY23 and it is expected to remain at roughly that level in FY24 and FY25. However, funding challenges will continue in FY24 and FY25, as these reimbursement increases will be accompanied by a significant increase in the Charter School Tuition Assessment, decreasing total resources available for appropriations.

*Excises:* Excises are expected to continue to rebound strongly in FY24 and FY25 as travel and hospitality-oriented businesses recover, yielding growth of more than 36% over the two years.

*Fines:* Fines are expected to increase steadily given improvements made in enforcement.

*Interest on Investments:* Interest income is expected to rise sharply by \$9 million in FY24 compared to the FY23 Adopted budget based on ongoing Federal Reserve interest rate increases and then decline slightly in FY25 due to market uncertainty.

*Payments in Lieu of Taxes (PILOT):* PILOT revenue is projected to grow modestly in FY24 and FY25 by 0.8% annually. PILOT revenue grew during a five year ramp up of payments over FY12-FY17 and has been steady since that time. We expect the program to continue with support from the non-profit community.

*Miscellaneous Department Revenue:* In FY24 and FY25, the City projects increases in departmental revenue reflecting City departments operating near full capacity, slowed only by decreases to federal health insurance reimbursement and other areas.

*Licenses and Permits:* Building permits are projected to increase in FY24 and FY25 based on the health of the development pipeline and its resilience amid COVID-19.

*Budgetary Fund Balance:* For FY24 and FY25 the use of Budgetary Fund Balance for OPEB expenses is projected to be level at \$40 million.

*Federal Relief:* The City projects that it will discontinue use of American Rescue Plan Act funds for revenue replacement in FY24, reducing Non-Recurring revenue by \$40 million relative to FY23.

These estimates are based on conservative revenue assumptions and are reflective of persistent uncertainty in the post-pandemic economy.

## **Expenditure Trends**

The expenditure chart displays the allocation of expenditures projected for FY24-FY25.

As the City examines projected expenditures for FY24 and FY25, expenditures are anticipated to grow at a faster rate than the City's revenue growth, leading to projected shortfalls for FY24 and FY25. Fixed costs alone are projected to grow significantly due to increases in charter school costs under the existing cap and upward adjustments in the City's pension schedule. In addition, the City continues to project considerable appropriations growth due to rising employee-related costs.

*Appropriations:* Inflationary and other increases have been estimated in FY24 and FY25 for expenditures such as health insurance and other personnel cost growth. At the School Department, estimated inflationary increases for health insurance and other personnel cost growth have been projected for FY24 and FY25.

Due primarily to the factors referred to above, appropriations are estimated to increase by a total of \$116.2 million or 3.8%

in FY24 and cumulatively increase by \$218.5 million or 7.2% in FY25.

Figure 2 - Expenditures

**FY23 Budget, FY24 & FY25 Projected**

**Fixed Costs:** In FY24 fixed costs are expected to increase by 8.8% and cumulatively increase by 15.8% in FY25. These increases can be attributed to several factors including: the continued expansion of charter schools, even under the existing cap and the resulting increase in the tuition assessment, scheduled pension cost increases, and increased borrowing.

Under these revenue and expenditure assumptions, the FY24 and FY25 budgets are currently projected to have shortfalls of approximately \$28 million and \$48 million. For the most part, the projections are based on current operations and the roll out of approved initiatives in FY24 and FY25. As the FY24 budget process goes forward and projections are further refined, the City will be looking at ways to operate more efficiently within the confines of projected revenues.

Employee hiring must continue to be managed, as the bulk of the projected increase in appropriations is employee-related. New collective bargaining agreements will need to be affordable,

given cost and revenue pressures outlined in this forecast. The City, in partnership with its unions, will continue to look at ways to mitigate the impacts of annual increases in the cost to provide health insurance to its employees and retirees. The City’s policy regarding the use of its fund balance has been to limit the use of this source of revenue to offset certain fixed costs such as pension contributions and related post-retirement health benefits and/or to fund extraordinary and non-recurring events as determined and certified by the City Auditor. The projections shown here assume that budgetary fund balance will be used only to support the OPEB appropriations for FY24 and FY25.

**Planning a Balanced Budget**

Multi-year planning is useful because it allows for time to make adjustments to relieve the cost pressures on certain services. It also promotes cost-saving or new programming alternatives to improve the financial position projected in the out years, and helps monitoring changes in assumptions as new needs or innovations present themselves.

Much of the City’s budget remains fairly stable during the year, but a variance of just 1% would equate to a \$40 million problem in the bottom line. Common areas of variance are snow removal, with year-to-year swings of millions of dollars; legal settlements, for which the City attempts to reserve for but may need to absorb on a pay-as-you-go basis; public safety overtime, particularly if a significant event occurs (acts of terrorism, natural disasters or major public events, for example), and outside funding sources for essential needs that may suddenly be eliminated.

It is important to note that the City’s fiscal controls are effective in reducing the chances of an unmanageable deficit. The City manages position vacancies through a committee comprised of the Chief Financial

Officer, the Human Resources Director, and the City's Budget Director. In place for over a decade, the committee serves to strictly control and monitor all hiring. In addition, the City's financial and human resources information system (BAIS) provides levels of systematic controls that can be used to project and plan for personnel funding requirements. Similar BAIS systematic controls are in place to control non-personnel expenditures.

### **Conclusion**

This multi-year overview is provided as a guide to understand the impacts of the

decisions presented in the budget, and to provide a framework for addressing future challenges and initiatives. Although it is not statutorily required, it is a useful tool in long-range planning and policy analysis.

From a budget planning and management standpoint, the parameters summarized here were built through an interactive forecast model. This approach allows for the development of multi-year scenarios based on various assumptions for City operations set within the financial constraints of the City's revenue and fixed cost budgets.

## **BUDGET DOCUMENT STRUCTURE**

The Operating Budget for FY23 and Five Year Capital Plan for FY23-27 are presented in three volumes. Volume I is an overview of the City's financial position and policy direction.

Volumes II and III, which are organized by cabinet, present the budget detail for each department's operating budget and capital projects. Please refer to the chapter on Budget Organization and Glossary in Volume I for an illustration of the City's organizational chart.

The City's budget is built at the program level for each department, which is the basis for budget planning. However, line item budget detail is only provided in this budget document at the department level. Program line item detail is available on the city's Open Data Portal:

<https://data.boston.gov/organization/office-of-budget-management>

In addition to program budgets, Volumes II and III provide a mission statement, key objectives, as well as past and promised performance levels for each departmental program. For those departments with capital projects, a project profile is provided for every capital project. The project profile includes authorization information as well as planned spending levels.

Definitions of the terms used throughout the budget document are presented in the glossary, which can be found in Volume I in the chapter titled Budget Organization and Glossary.

### **Technical Note**

The City of Boston's combined FY23 Budget and FY23-FY27 Capital Plan was published using Microsoft Word. Graphics were generated using Microsoft Excel. Oracle - Hyperion Planning and Microsoft Access were used for data management and analysis.

# Revenue Estimates and Analysis

## OVERVIEW

The FY23 Adopted Budget is supported by \$3.99 billion in total revenue, an increase of \$222.5 million, or 5.9%, from budgeted FY22 revenue. The FY23 Adopted budget includes \$3.91 billion in recurring revenue and \$80.0 million in non-recurring revenue.

The City's revenue budget can be divided into five categories: Property Tax, State Aid, Departmental, Excise and Non-Recurring revenue. Over the past two decades, the City's revenue structure has shifted significantly towards a growing reliance on property tax, as illustrated in Figure 1, while State Aid has decreased as a share of the budget.

**Figure 1 - Categories of Recurring Revenue, FY02, FY10, and FY23**

In addition, the COVID-19 pandemic and the resulting economic recession dealt a

severe setback to Departmental and Excise revenue that will take time to reverse.

Property tax accounts for more than two-thirds of the year-over-year net revenue increase in FY23. Meanwhile, Excises are responsible for a fifth of the increase and State Aid for a little more than a tenth.

## The National Economy

The State and national economies are of great importance to the City's well-being. The COVID-19 pandemic required public health interventions that created economic disruptions across the world. As Boston was significantly impacted by the pandemic and the resulting economic downturn, the City responded to the unfolding crisis, prioritizing the programs and services that kept Bostonians safe and moving forward.

Prior to the COVID-19 pandemic, the Great Recession was the last period of general economic decline, lasting between December 2007 and June 2009. Due to the bursting of the housing bubble in the U.S., consumer spending was cut significantly and business investments dried up. Job loss was at its greatest since the Great Depression.

The nation's economic recovery lasted for over 10 years, ending with the COVID-19 crisis. Annual growth in the U.S. Gross Domestic Product (GDP) averaged 2.3% from 2010 to 2019 (Figure 2). In 2020, GDP contracted by 3.4%, as the COVID-19 pandemic had devastating effects on the stock market and the U.S. and World economies.

**Figure 2 – Real U.S. Gross Domestic Product Growth, Chained 2012 Dollars 2002-2021 (FRED Economic Data)**

Prior to March 2020, the civilian unemployment rate in the U.S. had steadily decreased since the end of the Great Recession: the unemployment rate was 3.5% in February 2020. The global pandemic caused many companies, institutions, and government entities to lay off or furlough large shares of their employees. In April 2020, the national unemployment rate reached 14.7% and it has been slowly decreasing since. The annual unemployment rate was 8.1% in 2020, falling further to 5.4% in 2021.

**Figure 3 – Civilian Unemployment Rate, Seasonally Adjusted, 2002-2021 (FRED Economic Data)**

The unemployment rate captures people without a job, available to work and actively searching for work, out of the entire labor force – unemployed and employed

combined. Those who are not actively looking for a job are not counted. The COVID-19 pandemic created additional obstacles for workers, causing them to delay returning to work out of fear of contracting the virus, as well as forcing many parents, more commonly mothers, to adjust their employment in order to take care for their children due to closed or remote schools and childcare. While conditions have improved, the long-term effects on workers, and female workers in particular, are still uncertain.

The Federal Funds rate is the interest rate at which depository institutions trade federal funds with each other, with the target rate representing the upper limit of the projected range. In December 2015 Federal Reserve began increasing the target rate for the first time since 2007, an indication of confidence in the economy. Rates climbed until August 2019, whereupon the Federal Reserve started to decrease its target rate gradually, reaching a range of 0% to 0.25% in March 2020. A low rate encourages people and businesses to invest their money and stimulate the economy, however keeping rates low for extended periods increases the risk for higher inflation.

**Figure 4 – Federal Funds Target Rate March 2016- August 2022 (FRED Economic Data, Monthly, End of Period)**

Indeed, inflation has become a major concern for policymakers during the recovery from the pandemic, with rising prices for basic goods such as groceries and

gas posing challenges to households. The Personal Consumption Expenditures Price Index averaged 1.6% growth between the second quarter of 2021 and the second quarter of 2022, rising a cumulative 6.5% over the period. In response, the Federal Reserve has embarked on a series of rate hikes intended to fight inflation. The first of these occurred in March 2022 with the target range being raised to 0.25% to 0.5%; as of August 2022 the target rate upper limit stood at 2.5%.

### The State and City Economies

Massachusetts' real GDP decreased by 3.7% in 2020 and rebounded in 2021 with annual growth of 6.4%. During the Great Recession, Massachusetts' real GDP declined by 1.9%.

**Figure 5 - Real Massachusetts Gross Domestic Product Growth, Chained 2012 Dollars 2002-2021**

Prior to the COVID-19 pandemic, the unemployment rate had been decreasing for both Massachusetts and Boston, with both hovering around 3% in 2019. However, the prolonged shutdown in Massachusetts due to the spread of the virus in the state caused the state unemployment rate to reach 17.1% in April 2020, or 594 thousand unemployed residents, the highest rate in the country. In May, the rate began dropping, reaching 6.0% in June 2021, or 225 thousand unemployed residents, and

falling still further to 3.5% by June 2022. Boston's unemployment rate peaked at 16.1% in June 2020, fell to 7.6% in December 2020, and registered at 3.5% in June 2022. See the Boston's *People & Economy* section of Volume I for more details on Boston's population and labor force trends.

### The Commonwealth Budget

State aid to the City represents its second largest single source of general fund revenue, although in the past two decades it has been declining as a share of revenue. Often, changes to law or policy recommendations that affect City expenditures and revenue generating capacity occur within or alongside budget language. As a result, the State budget is of great interest to the City.

### Recent State Budget History

After the economic downturn in June 2009, the State faced several years of ups and downs in managing their structural balance. While State revenue growth, especially income tax, rebounded considerably, large variances in quarterly and yearly revenue collections made budget decisions difficult at the State level.

As a result, the State has made use of its stabilization or "rainy day" fund, in addition to reductions in expenditures and increases in revenue, to deal with its structural imbalance. At the close of FY08, the stabilization fund balance was \$2.1 billion. The State drew down the balance considerably by the close of FY10 to a low of approximately \$670 million before revenues began to increase again in FY11-FY12. By FY18 the fund again exceeded \$2 billion. The Commonwealth may have been expected to access the fund during the COVID-19 crisis, but a massive infusion of over \$50 billion in federal relief and healthy capital gains tax inflows to the fund led to its highest ever balance, \$4.6 billion, at FY21's close.

State revenue collections for fiscal year 2021 totaled in excess of \$5 billion above

benchmark expectations. On January 14, 2022, as part of the FY23 Consensus Revenue process, the FY23 projection was set at \$36.92 billion, a 2.7% increase over the adjusted fiscal 2022 revenue projection of \$35.95 billion.

### **The FY23 State Budget**

The City's FY23 state aid budget is based on the Governor's proposed budget for FY23, as well as versions passed by the House and Senate in spring 2022. At the time the City approved its budget, the state budget had not yet been finalized and signed into law.

For more details, see *State Aid and Assessments* under the *Revenue Estimates* section below.

### **THE GENERAL FUND**

The City's entire \$3.99 billion budget is funded through the general fund. All revenues discussed below are deposited into the City's general fund and are reflected on a fiscal year basis July 1 through June 30.

## **REVENUE ESTIMATES**

### **The Property Tax**

The property tax levy has always been the City's largest and most dependable source of revenue. In FY22, the net property tax levy (levy less a reserve for abatements) totaled \$2.79 billion, providing 74.0% of the City's revenue. In FY23, the net property tax levy is estimated to total \$2.94 billion and account for 73.8% of budgeted revenues.

Boston's economy was surging prior to the COVID-19 pandemic and property values in Boston have continued to rise steadily. In FY21, property values increased by \$14.5 billion or 82.1%, and in FY22, property values increased by an additional \$7.2 billion or 3.8%, currently totaling \$197.8 billion. The City is mindful of potential effects of COVID-19 on property values and continues to monitor its impacts.

Proposition 2 ½ has been the overwhelming factor affecting the City's property tax levy since being passed in 1980 by the State Legislature. Proposition 2 ½ limits the property tax levy in a city or town to no more than 2.5% of the total fair cash value of all taxable real and personal property (referred to as the *levy ceiling*). It also limits the increase in the total property tax levy to no more than 2.5% over the prior year's total levy (referred as the *levy limit*), with certain provisions for new construction. This means that while the property values have grown 124% in the past 10 years, property tax revenue has grown by 77% due to Proposition 2 ½.

In each year since FY85, the City has increased its levy by the allowable 2.5%. These increases have grown as the levy has grown, beginning in FY85 at \$8.4 million and reaching \$70.6 million in FY23.

Finally, Proposition 2 ½ provides for local overrides of the levy limit and a local option to exclude certain debt from the limit by referendum. The City of Boston has never sought a vote either to override or to exclude debt from the levy limitations.

Despite these constraints, the City is committed to keeping residential property tax bills down to retain more low and middle-income homeowners in the city. Policies the City has pursued are demonstrating success, as the average owner-occupied single-family tax bill in Boston is 30% below the FY22 statewide average. In 2016, the City advocated for a change in State law that increased the residential exemption limit, a reduction in real estate taxes for homeowners who occupy their property as their principal residence, from 30% to 35% of the average assessed value of all Class One residential properties. The City Council, with the approval of the Mayor, once again chose the maximum exemption allowed by law – 35% for the FY22 Tax Rate. The FY22 residential exemption amount increased by \$152 over the prior year's amount.

During these same years, the levy has also been positively impacted by taxable new value, or “new growth”. New growth can arise from both real and personal property and is outside of the Proposition 2 ½ cap. Thanks to efforts to attract business development and grow its housing stock, Boston experienced unprecedented new growth in property tax revenue over the past several fiscal years. In FY23, the City expects new growth to decrease due to economic uncertainty and the lagged effects of the pandemic, including a two-month pause in non-essential construction in the spring of 2020.

During the past half dozen years, the City saw notable construction projects in Boston enter the City property tax base for commercial, mixed-use and residential properties, most notably in the Seaport District, Dorchester, and the Back Bay.

New growth is projected to total \$60.0 million in FY23. Property tax growth from new growth has exceeded growth from the allowable 2.5% increase in 15 of the last 21 years. However, as was evident during the last recession, new growth revenue is volatile and depends on the development cycle and the local, state and national economies. See Figure 6 for Property Tax growth in the past 10 years.

It is important for the financial health of the City that the property tax levy continues to grow, combined with diversification of the City’s revenue sources. Efforts continue to reduce reliance on the property tax through increasing existing or establishing new local revenue sources.

**Figure 6 – Property Tax Levy Increase by Type (in millions), FY14-FY23**

The percentage of the total tax levy borne by residential taxpayers has averaged around 39% since FY05 and is now 41.7%. The amount and value of residential and commercial properties determine the ratio between the different categories.

Classifying properties in the residential, commercial and industrial categories reduces the residential tax rate, the rate per \$1,000 of property value, to the lowest level allowed by law. Without it, residential taxpayers would see their property taxed at a much higher rate. Figure 7 shows the two tax rates – for residential properties and for commercial, industrial and personal properties – since FY09. Rates increased following the Great Recession (FY08-FY13), when values decreased significantly due to the burst of the housing bubble. Starting in FY14, rates decreased for multiples years thanks to the acceleration of development and the recovery of the economy. Since FY18, rates have moved within a narrow range.

**Figure 7 – Property Tax Rates  
FY10-FY22**

With many workers working from home and a slowdown in the economy, office vacancy rates, an indicator of commercial real estate value, have increased since 2019, with some neighborhoods faring worse than others. According to Jones Lang LaSalle data, the commercial office vacancy rate for Boston as a whole was 17.3% in the second quarter of 2022. In the South Boston Waterfront and Downtown, the rates were 11.8% and 15.7% respectively.

The citywide median single-family home price was \$745,000 in 2021. Vacancy rates in residential buildings with five or more units increased during the pandemic. For the city as a whole, multifamily residential vacancy rates increased from 5.0% in 2019 to 9.2% in 2020. In 2021, the vacancy rates fell to 3.3%.

Any significant decline in property values can present a problem for cities as dependent on the property tax as Boston. As property values decreased in the early 1990's, and the City continued each year to maximize the allowable levy increase under Proposition 2 ½, the levy rapidly approached the levy ceiling of 2.5% of total assessed value. Reaching the 2.5% ceiling would further limit the City's capacity to increase the annual levy and raise the needed revenue to support the City's budget.

However, due to years of strong new growth increases, the City has significant

space between its FY22 net effective tax rate of 1.4% and the tax levy ceiling of 2.5% of total assessed values. If the real estate market were to depreciate, having a tax levy significantly lower than the levy ceiling would insulate revenues from an immediate shock. Nevertheless, if values were depressed long enough, future growth of the property tax would be impaired. The darker area in Figure 8 shows the difference, or gap, between the tax levy and ceiling.

**Figure 8 – Property Tax Levy and Levy Ceiling (in millions), FY02-FY22**

## State Aid and Assessments

State aid refers primarily to distributions from the State to municipalities for Chapter 70 education aid, unrestricted general government aid, and charter school tuition reimbursement, along with other relatively small State programs such as library aid. State aid, as it is used here, excludes any grants to or offsets for direct expenditures by City departments.

State aid in FY23 is based on both the Governor's proposed budget for FY23 and budgets passed by the Senate and House. The state budget was still being finalized at the time the City's budget was approved.

The City received General Fund gross State aid totaling \$458.8 million in FY20 and \$468.8 in FY21. The City was projected to receive \$478.9 million in State aid in FY22 and has budgeted \$502.1 million for FY23.

Municipal Charges, also known as State assessments, are charged by the State to municipalities for items such as charter school tuition and MBTA service. State aid distributions are reduced by the amount of assessments charged to a municipality. The City paid \$295.9 million in FY20 and \$316.4 million in FY21. The City budgeted to pay \$351.2 million in assessments in FY22 and is budgeting \$363.7 million in FY23.

In 1993, the State began an effort to increase and equalize funding for local education. The Chapter 70 education aid formula, derived from that effort, establishes a foundation budget, or a minimum level of education spending in each school district, which the State and the district then fund with the district's local contribution and the State Chapter 70 education aid. The City received Chapter 70 education aid from the State totaling \$221.9 million in FY20 and \$221.8 million in FY21. The City expected to receive \$223.7 million from the State in FY22 and is budgeting \$227.2 for FY23.

Boston is assessed by the Commonwealth to fund charter schools on a per-pupil basis. This assessment rapidly increased following enactment of the 2010 Achievement Gap legislation that expanded the number of charter school seats. Boston's charter school tuition assessment is budgeted to increase by \$12.9 million, or 5.1%, over the FY22 budget, as 11,001 Boston students are projected to attend a state charter school in FY23.

Boston has seen its charter school costs rise dramatically in the past 10 years – 195% or \$175.0 million between FY13 and the FY23 budgets. As seen in Figure 9, the net cost of charter schools to the City – charter school tuition less charter school reimbursement – has been increasing over time as well. The City projected a \$207.7 million net cost in FY22 and is projecting a slightly lower \$206.6 million net cost in FY23.

**Figure 9 – Net Charter School Costs, FY14-FY23**

The Student Opportunity Act, passed in 2019, represents a welcome development and includes a commitment to fully fund the City's charter school tuition reimbursement. Full funding is being phased in over three years; for fiscal year 2023 the Commonwealth's benchmark is to fund 90% of charter school tuition reimbursement. The City anticipates that this commitment will be met or exceeded, increasing tuition reimbursement by \$14 million relative to the FY22 appropriation for a total of \$57.9 million.

The second largest source of State revenue is the unrestricted general government aid (UGGA). From the FY10 budget going forward, the Governor and the Legislature have combined general government aid from Additional Assistance and Lottery into one account: UGGA. Revenue derived from the State's lottery now accounts for nearly all funds dispersed through UGGA. For Boston, UGGA revenue totaled \$198.1 million in FY20 and \$213.3 million in FY21. The City was projected to receive \$208.2 million in FY22 and expects \$213.8 million in FY23, a 2.7% increase over the FY22 budget.

Net state aid, which is gross state aid revenue less state assessments, has been trending down steeply since FY02. The rapid annual increase in the charter school tuition assessment has contributed to this trend. Despite a substantial increase in net state aid in the FY23 budget, Boston projects to be \$226.7 million, or 62.1%,

below its FY08 level of net state aid. Net state aid amounted to \$163.0 million in FY20 and decreased to \$152.4 million in FY21. The FY22 projected net state aid totaled \$127.7 million, and the FY23 budget assumes an uptick to \$138.4 million, driven by fuller funding of charter school tuition reimbursement. Though the increase in FY23 is welcome, the long-run loss of resources has put extraordinary pressure on the property tax and local revenue sources, as well as on expenditures.

**Figure 10 – State Aid, State Assessments and Net State Aid (in millions), FY08-FY23**

### Local Receipts

The City also collects recurring revenues other than property tax and State aid. Revenue from excise taxes, payments-in-lieu-of-taxes, licenses and permits, fees and fines, investment income and available funds are part of this local receipts group. To forecast these receipts, the City uses analytical trending of historical collections, based on the specific revenue source and the availability of data, and integrates economic data where appropriate.

The City collected \$615.9 million in local receipts revenue in FY19, \$574.4 million in FY20, and \$425.9 million in FY21. The impact of the COVID-19 pandemic is evident in the dramatic \$190 million, or 31%, drop across these years. Exercising caution and in light of some deferred FY20 revenue

having inflated FY21 collections, the City is budgeted to collect \$407.2 million in FY22.

In FY23, local receipts are expected to build on signs of economic recovery, with the City budgeting \$467.8 million. However, caution continues to be necessary given uncertainty around viral variants, geopolitical events, and macroeconomic pressures.

**Figure 11 – Recurring Local Receipts by Type FY19-FY23**

### Excise Taxes

There are eight excise taxes. Listed below are the main ones.

The *local room occupancy excise* was increased in FY20 from 6% to 6.5%, and is levied on both hotels and short-term rental units. In addition to the local tax, the State collects a 5.7% excise tax and a 2.75% fee, transferred to the State’s convention center fund, for a total tax from all sources of 14.95%. Local room occupancy excise revenue totaled \$100.6 million in FY19 and \$99.3 million in FY20 before falling to \$15.6 million in FY21 as COVID-19 devastated the travel and hospitality sector.

The FY22 budget assumed a slow return to normal business would result in \$32.0 million in room occupancy excise. The FY23 projection of \$54.0 million anticipates further improvement but does not depend

on visitor volume reaching pre-pandemic levels.

The Commonwealth imposes an *excise in lieu of property tax on motor vehicles*, the proceeds of which are collected by the municipality in which the vehicle is principally kept. The excise is a uniform rate of \$25 per \$1,000 of vehicle valuation. Valuations are determined by a statutorily-defined depreciation schedule based on the manufacturer's list price and the year of manufacture.

Motor vehicle excise revenue totaled \$66.0 million in FY19, \$62.8 million in FY20, and \$54.2 million in FY21. For motor vehicle excise revenue, the City budgeted \$50.0 million in FY22 and is budgeting \$54.3 million in FY23. Since the tax lags the sale of the vehicle, this revenue estimate is generated based on projections of current year tax collections on motor vehicle sales in the state, as well as trend analyses.

Beginning in 2009, the State granted municipalities a new *local option tax on restaurant meals*. The City collected \$33.0 million in FY19, \$28.9 million in FY20, and \$14.2 million in FY21. The decrease in collection is attributed to the state's stay-at-home advisory, lost income, and concern over the safety of dining in restaurants. The City budgeted \$17.5 million in FY22 and increased its projection to \$25.0 million in FY23, expecting restaurants to benefit from ongoing economic recovery and successful public health measures.

The *excise on the sale of jet fuel* is 5% of the average sales price of the previous quarter, but no less than five cents per gallon. Increases in flights arriving and departing Logan International Airport led to increased jet fuel excise revenue in recent years, mitigated by constant changes in prices. Jet fuel excise revenue totaled \$34.5 million in FY19, \$32.5 million in FY20, and \$8.5 million in FY21. The City budgeted \$12.0 million in FY22 and is budgeting \$20.0 million in FY23. The total number of flights to and from

Logan decreased by 52% and total passengers decreased 70% in 2020. Numbers in 2021 were still off 2019 levels but showed substantial gains.

The 2017 state legislation that established the framework for cannabis sales included a 3% local tax option layered on top of the 6.25% sales tax and a 10.75% state marijuana excise. The City receives quarterly payments for the local option *marijuana excise* equivalent to 3% of cannabis sales by operations located in Boston. Under City ordinance, the first \$1 million of marijuana excise the City received was transferred to the Cannabis Equity Fund to assist equity applicants and one-sixth of subsequent revenue will be transferred until 2024. In FY23 the City is budgeting \$1.25 million in General Fund marijuana excise revenue, a small increase from the \$1.0 million budgeted in FY22.

The *vehicle rental surcharge* is a revenue-sharing arrangement with the State. Under this arrangement, all vehicle rental contracts originating in the City are subject to a \$10 surcharge. The City receives \$1 of this surcharge. Revenue from this source was \$1.6 million in FY19 and FY20 and \$574 thousand in FY21. In FY22, the budget was reduced to \$600 thousand due to decreased traveler volume. A modest increase to \$750 thousand is budgeted in FY23.

## **Fines**

In FY21, the City issued roughly 900,000 parking tickets, 166 thousand or 16% less than in FY20. The FY21 collection rate remained over 90%. Major factors contributing to the City's successful collection rate include non-renewal of violator's registration and license by the Registry of Motor Vehicles until penalties are paid, increased ability to recover fine payments from rental agencies, and systematic collection of fines for company cars and leased vehicles. The City also contracts with a third-party vendor to

collect delinquent fines from out of state vehicles and other hard-to-reach offenders.

The City collected parking fines revenue of \$70.1 million in FY19. In FY20, issuance and collection were affected by COVID-19, starting in March 2020, as many businesses were closed throughout the City and traffic into the City was reduced. Parking fines revenue collection decreased to \$62.7 million in FY20 and fell further in FY21 to \$48.5 million. As the pace at which trips into Boston will rebound is uncertain, parking fines are budgeted at \$48.5 million in FY22 and \$54 million in FY23.

### **Interest on Investments**

The City's level of investment income is a function of prevailing short-term interest rates and daily cash balances. Investment income totaled \$30.4 million in FY19, \$29.5 million in FY20, and \$3.6 million in FY21.

The City budgeted interest income at \$2.8 million in FY22 and \$3.0 million in FY23. The City's investments are sensitive to the Federal Funds rate, so the very low range in which the Federal Reserve had maintained the rate depressed income. Since rates are now climbing, growth may be expected.

### **Payments in Lieu of Taxes**

Payments in Lieu of Taxes (PILOTs) are payments made by property tax-exempt institutions located in the City, including hospitals, universities, and cultural institutions. These are voluntary contributions for municipal services such as police and fire protection, street cleaning, and snow removal.

Growth in PILOT revenue comes from new agreements, escalations that adjust the payments for inflation, and re-negotiation or expansion of current agreements. The Massachusetts Port Authority (MassPort) currently provides 41% of the PILOT revenue the City receives annually.

In April 2010, the City released a report suggesting more standardization of PILOT

agreements. Specifically, each agreement should represent, in cash or in-kind, 25% of the amount of tax that would be due if properties were not tax exempt. This change has generated more revenue than what was previously collected, while providing some equity across paying institutions. New agreements under this framework were adopted in FY12, and that year included the first installment of a five-year phase-in period to the new amounts. FY17 was the first year after that phase-in period.

Payments in lieu of taxes totaled \$54.0 million in FY19, \$44.9 million in FY20, and \$63.1 million in FY21. Due to the COVID-19 impact on universities, hospitals and cultural institutions, revenue collection was decreased from this source in FY20 and late payments for amounts requested in FY20 boosted FY21. The FY22 budget includes \$49.6 million in PILOTs revenue and the FY23 budget includes \$51.1 million.

### **Urban Redevelopment Chapter 121A**

Massachusetts General Law (MGL), Chapter 121A allows local governments to suspend the imposition of property taxes at their normal rates in order to encourage redevelopment. Chapter 121A revenues are based on two separate sections of the law as described below.

The Urban Redevelopment Corporation excise (Chapter 121A, section 10) is collected in-lieu-of-corporate income tax for which the Commonwealth acts as the collector and distributes the proceeds to municipalities. In most cases, the formula for the 121A section 10 payment in-lieu-of-tax is \$10 per \$1,000 of the current cash value of property plus 5% of gross income. In FY19, FY20, and FY21, the City received Chapter 121A section 10 distributions of \$19.7 million, \$13.9 million, and \$21.4 million, respectively, with the latter year consisting of some FY20 payments pushed into FY21 due to administrative delays on the state level. Chapter 121A section 10 revenues

were projected at \$11 million in FY22 and \$10 million in FY23, as timing of these payments is inconsistent and agreements expire over time.

In addition to the Section 10 payments collected by the State, most 121A corporations have individual agreements with the City that result in additional payments made directly to the City. These section 6A agreements are complex, with actual amounts owed dependent on a formula that varies widely. The City collected section 6A payments of \$24.6 million in FY19, \$18.8 million in FY20, and \$15.2 million in FY21. The City budgeted section 6A collections at \$11.0 million in FY22 and expects \$9.0 million in FY23. When Chapter 121A agreements expire and the properties transition back to regular property taxes, these payments decrease, while contributing to the new growth portion of the property tax levy.

#### **Miscellaneous Department Revenue**

With revenue tools limited by local tax authority in Massachusetts, the City is continuing in the FY23 budget to better maximize local revenue options. In FY23, the Administration and Finance cabinet will continue a citywide review of collections, as well as address past due bills to recover additional revenue.

The largest revenue source in this category is Street Occupancy permits, which averaged \$10.1 million in annual collections between FY19 and FY21. Street Occupancy Permits were budgeted at \$9.5 million in FY22 and \$10.0 million in FY23.

Overall FY23 miscellaneous department revenue is projected to increase \$10.2 million, or 18%, over FY22. One driver is Parking Facilities, where the City will no longer be making debt service payments on Lafayette Garage in FY23 and is pursuing a new operating model. These changes are expected to push net revenue 50% or more above the garage's typical annual take of \$2.5-\$3 million.

#### **Licenses and Permits**

This category is dominated by *building permits revenue*, from which the City received \$61.8 million and \$69.6 million in FY19 and FY20, respectively. Building permits revenue dropped to \$48.7 million in FY21 due to the effects of COVID-19 on construction starts. In FY22 this source was budgeted at \$45.0 million and will be increased to \$48.0 million in FY23.

The second largest Licenses and Permits revenue is the *cable television license fee*, from which the City received \$6.5 million in FY19, \$6.3 million in FY20, and \$5.8 million in FY21. A declining base of cable subscribers explains the decrease over time. Revenue from cable television was budgeted at \$5.2 million in FY22 and is budgeted at \$4.6 million in FY23.

*Alcoholic beverage licensing* is the only other revenue source in this category that regularly exceeds \$4 million in annual revenue. Alcoholic beverage licenses are budgeted at \$4.5 million in FY22 and FY23.

#### **Penalties and Interest**

Taxpayers are assessed both a penalty and interest for late payments of property tax bills, motor vehicle excise bills, and other payments. The City collected \$11.4 million in such penalties and interest in FY19, \$10.1 million in FY20, and \$10.3 million in FY21. The City has budgeted this revenue source at \$9 million in both FY22 and FY23.

#### **Available Funds**

Most of the City's General Fund budget is supported by the revenues that are estimated to come in during the course of the fiscal year, including property tax, excises, state aid, and the various other categories of revenues described above. Available funds are linked to a separate category of expenditure appropriation - those supported by immediately available fund transfers.

The only two significant available funds that the City budgets each year are parking meter revenues to support the Transportation Department, and cemetery trust monies that are used to support the City’s maintenance of its public cemeteries. Both special funds have fees collected during the course of the year. By transferring out less than what is collected over the years, the City typically builds up a balance in both funds. Trust fund balances, such as the Cemetery Trust, also benefit from the opportunity to invest in securities offering a higher return than short-term fixed-income investments.

The City transferred \$20 million from the Parking Meter Fund to the General Fund in FY21 after not making any funds transfers in FY19 or FY20. The City budgeted to transfer \$30 million from the Parking Meter Fund and \$950,000 from the Cemetery Trust Fund to the General Fund in FY22 and will do the same in FY23.

See the *Financial Management* section of Volume I for details.

### Non-Recurring Revenue

#### Surplus Property

The surplus property disposition fund contains proceeds from the sale of various City land or buildings. The use of these funds is usually restricted to one-time expenditures. No funds are included in the FY23 budget from this revenue source.

#### Budgetary Fund Balance

Budgetary Fund Balance can be appropriated for use during the fiscal year after certification by the Department of Revenue (DOR). Budgetary Fund Balance is more commonly referred to as “Free Cash” when used this way. This item is most simply described as the portion of available reserves, generated to a considerable degree by annual operating surpluses that the City can responsibly appropriate for spending.

In FY21 \$40.0 million in Budgetary Fund balance was dedicated to supporting the appropriation for Other Post-Employment Benefits (OPEB), the liability associated with retiree health insurance costs. The FY22 and FY23 budgets likewise assume the use of \$40.0 million to support OPEB.

See the *Financial Management* section of Volume I for more details on this revenue source.

#### American Rescue Plan Act

The FY23 budget includes \$40 million from the City’s American Rescue Plan Act of 2021 (ARPA) State and Local Fiscal Recovery Funds (SLFRF) award for the purpose of replacing revenue lost as a result of the COVID-19 public health emergency. This is one allowable use of ARPA funds, which by law are to be obligated by December 31, 2024.

The \$40 million budgeted for FY23 is a step down from the \$55 million budgeted in FY22 to replace lost revenue. Gradual recovery of local receipts revenue should enable reduced reliance on federal funding in FY23. However, as Figure 12 shows, even with the addition of ARPA revenue replacement funding, local receipts are projected to remain significantly below FY19 levels.

**Figure 12 –Local Receipts and ARPA Revenue Replacement (in millions), FY19-FY23**

See the *Operating* section of Volume I  
(*External Funds* subsection) for more details  
on the City's programming of federal relief  
funding.

## OVERVIEW

The FY23 Boston Public Schools (BPS) budget reflects a continued focus on equitable recovery for Boston's students and families. A record \$1.33 billion in funding will support 50,000 students at BPS, and another \$264.5 million will support approximately 11,001 Boston students in charter schools.

The increase of \$40 million over the FY22 BPS operating budget supports the district's aim to provide a high-quality experience for every student regardless of school, program, or neighborhood. Boston's FY23 education budget, including the BPS operating budget and the City's charter school tuition assessment, continues to represent roughly 40% of the City's budget as a whole.

Through the pandemic, BPS pivoted to remote learning and sought new ways to deliver critical services like meals and counseling to students and their families. Now, BPS balances support and collaboration across the City as well as federal funding to address the immediate needs of students, academically socially, and emotionally, while continuing to adapt and evolve to ensure better outcomes for all students.

### FY23 BPS Investments

	Operating Budget	FY23 ESSER
Return	\$6.2M	\$18M
Recover	\$35.7M	\$66M
Reimagine	\$10.4M	\$20.1M
<b>Total</b>	<b>\$52.2M</b>	<b>\$104.2M</b>

**Table 1**

FY23 investments in BPS are grouped in three categories – *Return*, *Recover*, and *Reimagine* – across operating funds and federal Elementary and Secondary School Emergency Relief (ESSER) funds (Table 1). To meet facility management challenges and achieve a safe return to school buildings, the district is increasing staffing for exterior grounds and training for custodians. In addition to \$4.8 million in operating funds, \$8 million in ESSER funds will be put towards investments in high quality facilities, including health and safety costs.

The *Recover* category responds to the learning loss and trauma that has disproportionately impacted students of color, English language learners, students with disabilities, and low-income students. An investment of \$26.7 million in direct funding for schools will maintain key support positions despite enrollment declines. BPS will also add 26 social workers to the operating budget, expanding social emotional supports for students, matched by \$3.75 million in ESSER funds. By leveraging \$63 million more in ESSER funds, BPS will tackle other *Recover* priorities, such as expanded access to academic counseling and libraries and \$50 million in school-based ESSER allocations.

*Reimagine* expresses the district's intention to transform BPS schools into what students need them to be. Operating investments of \$10.4 million support expanded access to guidance counseling for high schoolers, implementation of Mass Core for all high schools, and expanded translations and interpretations for district communications. An additional \$20 million in ESSER funds allotted for this category in

FY23 will also provide additional programming for English Language Learners and students with disabilities.

Together, operating and ESSER funds work to implement sustainable investments to provide a quality guarantee to students and their families in the years to come.

**BPS OPERATING BUDGET**

At a \$1.33 billion appropriation, the FY23 operating budget is the largest in BPS's history (Table 2), despite a projected decline in student enrollment. The FY23 allocation makes investments to support efforts to not only recover from COVID-19, but also transform the school district. The FY23 budget assists schools with declining enrollments to mitigate the negative impacts COVID-19 has had on school communities.

**BPS Operating Budget Summary**

**Table 2**

Funding directly in schools will increase by \$23 million from the FY22 budget to \$853 million.

In addition to school budgets, schools receive significant support from services that are budgeted centrally. This includes items such as transportation, particular special education services, and facilities maintenance. This portion of the budget will increase 4.6% from the FY22 budget to \$334 million. With these support funds added to funds budgeted at the school level, \$1.187 billion is expected to be spent

on school services, nearly 90% of the BPS budget.

BPS is also responsible for funding services for students living in Boston and attending school outside of BPS, including adult education students, students placed out-of-district for special education and vocational education, and pre-kindergarten students at community-based organizations. In addition, BPS provides transportation for out-of-district special education students, and these costs comprise 23.7% of the FY23 BPS transportation budget. Total funds budgeted for non-BPS students will decrease 3.1% from the FY22 budget to \$69.2 million, comprising 5.2% of the overall FY23 BPS budget.

In FY23, the Central Administration budget will increase by 6.8% to \$78.6 million, to ensure organizational effectiveness, accountability, and strong coordination and support from district leadership.

Along with additional federal funding, the \$52.2 million in FY23 BPS operating investments will support children and their families through a post-pandemic world with more opportunities for everyone. The FY23 BPS investments continue to be guided by three principles: *Return*, *Recover*, and *Reimagine*.

In FY21 and FY22, BPS used operating investments to put a full time nurse and full time social worker at every school, with additional student and family supports provided by Family Liaisons. FY23's investments build on that support team to invest in school-based academic counselors, coordinating recovery across teams, building learning plans, addressing special education IEPs, and analyzing English learner data to ensure students are meeting their academic goals to return and recover successfully.

To create a high-quality, rigorous, ethnically and culturally responsive

curriculum and instruction, the district is utilizing operating and federal funds to provide access to MassCore at the secondary level, increasing access to physical education, art, music, and academic enrichment. Along with investments in inclusive curricula and programming, this work aims to reimagine what is possible within the district, by standardizing graduation requirements across high schools and setting the bar high to college and career readiness through accelerated learning and equitable opportunities for all.

To provide equitable transportation, nutritious meals, and safe education spaces adequately equipped to help students thrive and succeed, the FY23 BPS budget includes investments in staffing and increased contracts for the Operations and Facilities teams. The additional capacity will address critical infrastructure emergencies as well as contribute to long-term planning in the district.

Also included in the FY23 BPS budget are investments in extended learning and enrichment. These investments aim to expand access to quality library collections and redesign athletics at the elementary, middle, and high school levels.

Because of enrollment declines, the FY23 operating budget includes additional supports to mitigate negative impacts COVID-19 has had on school communities. A \$26.7 million investment in school supports on top of existing soft landings and the Foundation for Quality is intended to ensure that schools are able to maintain level services and support their students, regardless of enrollment declines.

### **Early Childhood Education**

Each year, the City continually expands the number of quality pre-kindergarten seats, as part of the Universal Pre-K (UPK) initiative. In the 2022-2023 school year,

over 4,600 three- and four-year-olds are expected to be enrolled in a quality pre-kindergarten program, up more than 1,500 seats compared to when the UPK initiative began in FY14. The City's Quality Pre-K Fund has enabled and accelerated this expansion over the last several years, and a new partnership between BPS and the City's Office of Early Childhood will support Mayor Wu's vision of universal, affordable, high-quality early education for all infants, toddlers, and children under five, including a strategy of integrating family child care providers into the UPK system.

BPS early education programs have been recognized as among the most effective in the nation at closing achievement gaps. They are content-rich in science, literacy, arts and math. Data shows that BPS pre-kindergarten attendees outperform their peers in third and fifth grade MCAS, in both ELA and Math.

### **Special Education**

The FY23 BPS budget makes robust investments in special education that will result in over 50 new school-budgeted special education teachers and paraprofessional positions. The special education budget totals roughly \$312 million in FY23, an increase of \$4.9 million, or 1.6%, from the FY22 budget. The special education budget accounts for nearly a quarter of the total BPS budget and supports the over 10,200 students with disabilities, or about 21% of the BPS student population.

The significant increase in special education teachers in the FY23 budget aligns with the continued inclusion rollout across the district and into new grade levels. In FY23, BPS plans to dedicate \$6.7 million in ESSER funds for programming for students with disabilities that addresses the impact of COVID-19 on their learning and well-being.

In addition to mainstream or substantially separate placements in the district, BPS is responsible for the educational services of approximately 426 special education students in out-of-district placements. Over time, BPS has seen an increase in the number of high-need students and DCF-involved students placed in group homes who require private placement. BPS is fully or partly responsible for paying for services for most of these students, at a total projected cost of \$43 million in FY23. Some of the costs for these services will be reimbursed by Circuit Breaker. Tuition rates are established by the Commonwealth of Massachusetts Rate Setting Commission.

BPS is also responsible for providing education services to students with IEPs in private placements. To better support these students, the FY23 budget continues to fund a proportionate share team responsible for conducting IEP meetings and evaluations.

## **English Learners**

The Bilingual/Sheltered English Immersion budget totals \$110 million in FY23, an increase of \$6.3 million, or 6.1%, from the FY22 budget. Nearly a third (31%) of BPS students has an ELL designation; as a group, they hail from 141 different countries and speak 83 languages. Anticipating that these students will require targeted support to address COVID-19-related learning loss, BPS will devote \$5 million in ESSER funds to bilingual supports and increased native language programming in FY23.

## **BPS Enrollment**

Student enrollment is the foundation of the BPS budget. The preliminary stage of the budget process involves enrollment projections for each program, grade, and school, which are based on historic trends and current data. The projected enrollment at each school for the upcoming school year determines the allocation of resources

at the school level through the weighted student funding formula. The FY23 budget development process required close collaboration between school leaders and BPS Finance to develop accurate enrollment projections.

BPS projected enrollment for FY23 is approximately 49,850. The change in FY23 continues a trend of enrollment decline in the last 15 years, driven by broader demographic trends, with fewer students living in Boston and entering the district as birth rates decline and the cost of living continues to rise. Despite declining enrollment and decreasing salary and operational costs, BPS's budget will increase by about \$2,200 per pupil, from approximately \$24,900 per pupil in FY22 to \$27,100 in FY23. At the school level, BPS has seen some shifts in enrollment. BPS gives parents a voice in where their child attends schools, which causes shifts from year to year. The BPS School Committee has also supported school communities that have requested to expand grades in recent years, which has led to additional shifts.

## **Weighted Student Funding**

Weighted Student Funding (WSF) ensures resource equity for all students no matter the school they attend. The weighted student funding model creates a baseline per-student funding amount and then adjusts the amount depending on individual student need. For example, students whose family income is at or below the poverty level will receive additional funding in the formula. Other needs-based weights include students with disabilities, English Language Learners, and vocational education students. A school's budget is calculated by adding the individual funding amounts for every student projected to attend that school in the fall. Additionally, each school also receives a foundation budget to support essential staff.

For FY23, the twelfth year using the WSF formula, BPS continues to refine this

needs-based method of funding. Student-based allocation models are the standard for transparent and equitable school budgeting. Such models allow dollars to follow students, and those dollars are weighted based on student need. BPS's highest-need students receive more resources through the weighted student funding structure.

When enrollment declines at a school, the BPS central office works closely with the school to appropriately adjust staffing. Particular care is made through this process to ensure classrooms are full so that they are affordable to schools. There are safeguards in place to assist schools with declines in enrollment, such as sustainability allocations and soft landings, as well as other reserves that are used throughout the budgeting process.

In FY23, WSF funding is decreasing by \$26.9 million, to \$519.7 million. WSF is only one component of schools' funding; total school funding will rise by \$22.7 million in FY23.

BPS school budgets also include substantial supports on top of WSF. The Foundation for Quality, which replaces sustainability funds, expands the definition of baseline services for schools, ensuring that all schools have a baseline amount of funding above compliance. Schools in transition will receive additional targeted funding, including supports for K-6 transitions, new inclusion programs, strands undergoing redesign, and capacity maintenance for existing programs.

### **The Opportunity Index**

FY23 is the fifth year that BPS will be using the Opportunity Index (OI) as part of WSF. The OI is an innovative tool that quantifies differences in experiences, opportunities, and need between students, allowing BPS to allocate resources more equitably. The OI is a composite index that incorporates a range of data representing factors that are outside of the schools' control, yet are

predictive of students' academic outcomes. By rolling multiple measures into a single, more accessible metric ranging from 0.01 to 0.99, BPS is better equipped to direct resources and supports to the schools and students who need them most.

Since FY19, BPS has used OI for the allocation of two central sources of funding: School Support Funds, which support schools' academic priorities, and the Partnership Fund, which enables schools to partner with community nonprofit organizations. Funding is allocated based on student enrollment and level of need. In FY23, \$5 million in discretionary School Support Funds will be awarded to schools with an OI score greater than or equal to 0.35. Additionally, \$5.9 million from the Partnership Fund will be awarded to schools with an OI score greater than or equal to 0.56.

### **EXTERNAL FUNDS**

External funds are provided directly to BPS through formula grants (entitlements), competitive grants, reimbursement accounts, and other grants, primarily from state and federal sources. These external funds are critical to the success of the district, but have decreased to 11.9% of total funding in FY23 from 15% in FY13 (Figure 1), excluding the infusion of \$276 million in time-limited ESSER III funding for pandemic recovery. Decreased external funding was identified as a challenge to BPS's long-term financial stability in the district's 2016 Long-Term Financial Plan. In recent years, the BPS budget has relied on the increased City appropriation to help absorb these decreases.

One of the largest sources of federal revenue for BPS is the Title I entitlement grant. BPS expects to receive \$43 million in Title I revenue in FY23. The grant's purpose is to improve the academic achievement of disadvantaged students by ensuring that all students have an equal opportunity to obtain a high-quality education. The grant

provides direct funds to schools with higher levels of poverty.

**Figure 1 - External Funds as % of Total Funds FY13-21 Actuals, FY22 Appropriation, FY23 Adopted (Excluding ESSER III)**

BPS receives two external revenue sources to fund the district’s comprehensive special education program. Through Circuit Breaker reimbursements, the Commonwealth shares the cost of educating students with disabilities once the cost to educate those students exceeds a threshold amount. BPS has budgeted approximately \$22.5 million in Circuit Breaker revenue in FY23. Additionally, funds provided through the federal Individuals with Disabilities Education Act (IDEA) grant enable the district to provide special education services in the least restrictive environment possible for children with disabilities ages three through twenty-one, and to provide early intervention services for children from birth through age two. BPS expects to have \$17.8 million in IDEA funds available in FY23.

**School Improvement Grants**

In FY23, BPS will receive an estimated \$900,000 from the Commonwealth through Targeted Assistance Grant funding.

Targeted Assistance Grant funding is provided to the lowest performing schools in BPS, also known as turnaround or transformation schools, to increase professional development, add staff, and provide other supports. In FY23, 33 BPS schools will be eligible for this funding.

As school improvement grants end for each school exiting turnaround status, the district shifts these activities to the operating budget to continue the work of turning around low-performing schools. The FY23 budget includes \$1.79 million in funding to transition the Channing, Grew, English, Brighton, Excel, and Madison Park schools, where previous school improvement grants have ended or funding is tapering.

**Federal Relief Funding**

BPS is expecting \$400 million via the federal Elementary and Secondary School Emergency Relief (ESSER) Fund. In FY21, the increase in the percentage of external funds as a share of total BPS funds (Figure 1) reflects COVID-19 relief funding, including a federal ESSER I grant. In FY22, federal ESSER II and ESSER III grants became available to BPS, with \$108 million already appropriated in FY22, both directly to schools and for districtwide initiatives.

BPS has used federal relief funding to make and match investments in the *Return*, *Recover*, and *Reimagine* framework for FY23. In the *Return* category, \$18 million will fund a range of activities, including increased capital planning capacity and facilities assessments, and investments in HVAC and air quality. In the *Recover* category, \$66 million will support expanded access to academic counseling for K-8 students, expanded access to libraries, social emotional supports for students, and school ESSER allocations. In the *Reimagine* category, \$20.1 million in ESSER funds will provide bilingual supports and increase native language programming, promote equitable literacy, complement operating

investments in implementing MassCore in all high schools, and reimagine programming for students with disabilities.

## **PERFORMANCE**

BPS is committed to using data to improve school performance and provide the best education to students. In FY21, the district created a new performance management system based on the six anchor goals: eliminate opportunity and achievement gaps, accelerate learning, amplify all voices, expand opportunity, cultivate trust, and activate partnerships. Each goal is paired with a series of aligned metrics to measure progress. BPS has been evaluating its progress towards academic goals using measurable outcomes for several years.

### **Graduation Rates**

The overall four-year graduation rate for the BPS class of 2021 was 78.8%, a 4.5% increase over the 2020 rate and the highest ever recorded by BPS. The graduation rate has increased by 22.4% over the past decade, from 64.4% in 2011.

In 2020, sixteen Boston high schools achieved graduation rates of 80% or above: the John D. O'Bryant School of Mathematics and Science, Edward M. Kennedy Academy for Health Careers, Boston Latin School, Boston Latin Academy, New Mission High School, Mary Lyon Pilot High School, Another Course to College, Dearborn STEM Academy, Josiah Quincy Upper School, East Boston High School, TechBoston Academy, Boston Green Academy, Fenway High School, Boston Arts Academy, Dr. William Henderson Upper School, and Jeremiah E. Burke High School.

### **Dropout Rate**

The overall dropout rate for grades 9-12 in 2021 was 2.0%, a 48.7% decrease from the 2020 dropout rate of 3.9%. BPS has cut the dropout rate by 69% over the past ten

years, with a decrease of 829 students dropping out annually over that period.

According to state guidelines, students in grades 6-12 are counted as dropouts if they leave school during the year for any reason other than transfer, graduation, death, or expulsion with an option to return.

## **Accountability Results**

The Massachusetts Department of Elementary and Secondary Education (DESE) implemented a new accountability system in the fall of 2018, which determines schools' need for assistance or intervention based on a set of accountability indicators including student growth, graduation rate, and chronic absenteeism.

Due to the COVID-19 pandemic, DESE did not issue school or district accountability determinations for the 2020-2021 school year and will pursue an "accountability lite" model for 2021-2022 featuring published data but no determinations. In 2019, DESE singled out the Hale and Winship as schools of recognition. Fourteen schools were classified as meeting or exceeding targets, and thirty-five were classified as making substantial progress toward targets. 67% of schools improved relative to 2018 performance. BPS met English language arts, math, and science targets for all students in grades 3-8, and many schools showed strong progress against targets.

In March 2020, as the result of a district review by DESE, BPS and DESE entered into a partnership to improve the district's lowest performing schools, continue to address systemic barriers to equity across the school system, and support its most vulnerable students to achieve their highest educational potential.

As part of that partnership, BPS committed to four priority initiatives: make improvements in BPS schools included among the lowest performing 10% of schools in the state; address instructional rigor, equitable access to advanced

coursework, and chronic absenteeism at the high school level; improve educational services for students with disabilities; and improve on-time arrival of school buses. BPS has also committed to a long-term initiative to develop a plan for improving services to English learners and improve interpretation and translation services for limited English proficient parents and guardians.

To assist in a holistic understanding of the progress that BPS made toward these goals, DESE undertook a follow-up district review of BPS in March 2022. The review found that progress had been made in multiple areas but that persistent challenges remained. The resulting systemic improvement plan succeeds the 2020 agreement with DESE and focuses on many of the same areas, as well as student safety, facilities, and data integrity. The City will work to meet the new commitments by the deadlines stipulated in the plan and will receive significant support from the Commonwealth, including an expected \$10 million in funding over three years.

## **BPS CAPITAL**

The City is committed to modernizing Boston's public school infrastructure. Through a dedication of City capital funds and a strong working relationship with the Massachusetts School Building Authority (MSBA), the commitment more than doubles the capital spending on BPS facilities from FY18 to FY27.

The plan will result in new school buildings and major transformations, reconfigurations to align schools with K-6/7-12 and K-8/9-12 pathways, and increased investments district-wide for all school buildings and communities. The planning process is focused on creating high-quality, twenty-first-century learning environments for students, which contributes to closing opportunity gaps for more students.

The new Boston Arts Academy school building will open for the start of school in September. The Josiah Quincy Upper School is currently in construction, and the Carter School is currently in design. In FY23, the City will continue studying programming and siting for future elementary schools, including a new elementary school in East Boston. In addition, BPS will pursue building improvements to facilitate grade reconfigurations at various schools, including the Irving School building.

The City will continue districtwide investments in window replacements, bathroom upgrades, fire systems, radiator covers, entryway improvements, and plumbing and fixture upgrades to expand drinking water availability. Continuing to build on FY22 initiatives are investments in building accessibility, upgrade auditoriums, and improve building interiors and exterior grounds, as well as the fourth phase of the multi-year kitchen upgrade initiative. The City is also investing in new school maintenance initiatives to upgrade libraries, science rooms, and art rooms. Additionally, the City will continue annual programs for school yards, security improvements, and technology infrastructure, as well as leveraging the MSBA Accelerated Repair Program to fund roof, window, and boiler repairs.

The FY23-27 capital plan sustains and supports planning for large-scale projects coming out of the BPS Capital engagement process. The FY23-27 capital plan projects \$613 million in spending over the next five years.

## **CHARTER SCHOOL TUITION**

Commonwealth charter schools, which are granted charters by the Massachusetts Board of Elementary and Secondary Education, are publicly-funded schools administered independently from local school districts and district bargaining rules and regulations. Commonwealth

charter schools are primarily financed by each student's sending district through per-pupil-based tuition.

Commonwealth charter schools are projected to educate approximately 11,001 Boston students in FY23. Boston is assessed by the Commonwealth to fund charter schools on a per-pupil basis, and the City's charter school tuition assessment is projected to increase by \$12.9 million over FY22 to a total of \$264.5 million due to increasing enrollment and higher per-pupil tuition rates.

As of FY23, Boston's charter school assessment has nearly tripled since the enactment of the 2010 Achievement Gap legislation. This has put increasing pressure on the City to fund education, as overall state support decreased for charter school tuition costs. However, thanks to the Student Opportunity Act (SOA) passed in 2019, Boston and other municipalities across the Commonwealth is seeing an increase in state education aid. The SOA will make an unprecedented \$1.5 billion investment in Massachusetts public schools, and provides an implementation timeline for fully funding charter school reimbursement costs. The Commonwealth fully funded the SOA in Year 1 (FY22) and more than fully funded the Year 2 (FY23) commitment in the state budget still being negotiated at the time the City's budget was approved.

See the *Revenue Estimates and Analysis* section of Volume I for more details on state education aid, charter school tuition reimbursement, and the SOA.

# Capital Planning

## INTRODUCTION

The \$3.6 billion FY23-27 Capital Plan will make critical investments in the City's infrastructure in every Boston neighborhood, guided by Imagine Boston 2030 and the schools, streets, arts, climate and resilience plans under its umbrella. Taken together, these initiatives will support Boston's dynamic economy and improve quality of life for residents by encouraging affordability, increasing access to opportunity, promoting a healthy environment, and guiding investment in the public realm.

Planned borrowings are expected to increase 2.8% over last year's plan, one-time funding sources are leveraged, and the City continues to collaborate with the Massachusetts School Building Authority on the design and construction of new schools and the repair of existing building systems.

An estimated 90% of the investment in the FY23-27 Capital Plan is aligned with the City's planning efforts:

- The Capital Plan supports a commitment to invest in Boston's schools including the construction of new buildings, partnering with the MSBA, reconfiguring and renovating existing buildings, and establishing reserves for future projects identified through strategic planning and community engagement.
- Boston, in collaboration with State and Federal sources, will invest \$1.2 billion implementing the core initiatives outlined in Go Boston 2030: streets that are safer for all users of our roads and sidewalks, particularly pedestrians and cyclists; travel that is more reliable and predictable; and quality

transportation choices that improve access to interconnect our neighborhoods for all modes of travel.

- Boston will prepare for climate change by investing at least 10% of all new capital funding to open space, infrastructure, and facilities projects that are climate resilient or contribute to making the City more environmentally friendly.
- Setting the stage for planning and early action items for the comprehensive, long-term recovery campus on Long Island to tackle the opioid crisis and when fully permitted move forward with the construction of a new bridge to Long Island.
- The Percent for Art Program, demonstrates the City's leadership and commitment to sustainable funding for the arts by setting aside one percent of the City's annual capital borrowing for the commissioning of public art.

## FY23-FY27 EXPENDITURES

The City is responsible for maintaining a large inventory of capital assets, including roads, bridges, schools, parks, libraries, public safety equipment, and more. The City's capital investments enhance our neighborhoods, improve mobility, support the academic agenda of our schools and reinforce public safety with quality emergency response tools.

With Imagine Boston 2030 and other City planning efforts guiding many of the investments in this plan, projects in the FY23-27 Capital Plan are categorized within the Imagine Boston 2030 initiatives below.

## Education

The City is committed to modernizing Boston's public school infrastructure. Through a dedication of City capital funds and a strong working relationship with the Massachusetts School Building Authority (MSBA), the plan will more than double the City's capital spending on BPS facilities from FY18 to FY27. The FY23-27 capital plan continues that investment in BPS projects.

This Capital Plan enables the City to invest in BPS projects already in the pipeline:

- Construction will be completed for the new \$137.4 million Boston Arts Academy in Fenway. The MSBA has committed a maximum project grant totaling \$48.9 million.
- Construction will continue for the new \$193.6 million Josiah Quincy Upper School (JQUS) in Chinatown. The MSBA has committed a maximum project grant totaling \$54 million.
- Design is underway for the new \$92 million Carter School building and outdoor learning spaces in the South End. The MSBA has committed a maximum project grant totaling \$26.2 million.
- The City will continue the fourth phase of a multi-year kitchen renovation program and will enhance the district's remaining schools this summer with kitchen renovations that support the delivery of fresh, nutritious food. The investment will close food security gaps that prevent many children from learning to their full potential.
- To facilitate grade reconfigurations that minimize school transitions for students, BPS will pursue building improvements at various schools, including the Irving School in Roslindale and the Timilty School in Roxbury. The City will also begin studies for rebuilds and reconfigurations at the West Roxbury

Education Complex in West Roxbury, McKinley School in the South End, and for new elementary schools in Dorchester and Roxbury.

- New school maintenance initiatives will launch in FY23, including upgrades to libraries, science rooms, and art rooms across schools, as well as increased budgets for auditorium improvements.
- The City will begin lighting upgrades at Condon Elementary in South Boston and Warren-Prescott Elementary in Charlestown, as well as roof maintenance and replacement at the Community Academy of Science and Health and Winthrop Elementary School in Dorchester and the Mendell Elementary School in Roxbury.

## Transportation

Drawing on City, State and Federal sources, the Capital Plan invests \$1.2 billion implementing the core initiatives outlined in Go Boston 2030. Boston strives for streets that are safe for all users of our roads, bridges, and sidewalks, particularly pedestrians and cyclists; travel that is more reliable and predictable; expanded quality transportation choices that improve access by interconnecting our neighborhoods for all modes of travel; and upgraded capital assets that make travel more reliable and predictable. Driven by these core goals of safety, access, and reliability, the Capital Plan focuses on several key investments.

The Capital Plan makes critical investments to improve safety and accessibility for Boston's most vulnerable street users with a focus on pedestrian ramps and safety interventions on residential streets and in small business districts. In FY23, the City has budgeted \$18.5 million as part of a commitment to make all pedestrian ramps ADA-compliant by 2030. The city's ADA pedestrian ramps and walkable streets projects will work in tandem to create a more accessible Boston. The capital plan

also continues the Safety Intervention Program for Neighborhood Streets from last year's budget. The City will maintain a \$2.5 million contract to evaluate and quickly respond to all resident 311 safety requests.

These updates complement the investments in the City's intersection and neighborhood safety programs, including Vision Zero, Neighborhood Slow Streets, and Safe and Reliable Streets. Altogether, investments totaling over \$45 million are targeted for safety improvements at specific intersections and neighborhoods. These improvements will rebuild intersections to prioritize pedestrian safety; implement traffic calming measures on residential streets; and help create corridors that share prioritization among different modes of travel.

As Boston works to expand access and make neighborhoods interconnected for all modes of travel, this Capital Plan invests in the reconstruction of Ruggles Street, Nubian Square, Cummins Highway, and Boylston Street. All of these streets will be designed and reconstructed with the Complete Streets approach to include new sidewalks, lighting, storm water infrastructure, and upgraded facilities for pedestrians and cyclists.

In FY23, the Capital Plan is investing significantly in the expansion of bicycle infrastructure and the bikeshare network. \$18.6 million is being allocated towards the Strategic Bike Network, including specific projects on Cambridge Street and on Mass Ave. south of Melnea Cass Boulevard, which complements the \$7.25 million being invested towards expanding the Bike Share Network and replacing existing Bikeshare docks based on age and condition.

This Capital Plan also takes the lead on prioritizing reliable bus transit for all commuters. Encouraged by the success of the Columbus Ave Phase I dedicated bus lane, the Plan is committing to

transforming several corridors Citywide to facilitate rapid bus transit. This includes continuing the Columbus Ave. lane from Jackson Square to Ruggles Street, and new lanes along Warren Street and Malcolm X Blvd. In addition, with support from the federal government and in coordination with the state, the City is investing almost \$40 million in the redesign of Blue Hill Avenue, beginning with the Blue Hill Avenue Action Plan and culminating with a new, multimodal and complete street view for one of Boston's busiest corridors.

The City is finalizing plans and designs to widen sidewalks, realign the median, install new crosswalks, and make traffic signal improvements in Egleston Square and redesign Mattapan Square to enable pedestrians to cross Blue Hill Avenue directly from the Mattapan MBTA station and River Street/Cummins Highway. We expect construction to begin later this year.

The Capital Plan invests in design and provides matching funds to unlock federal and state investment to transform key corridors in the City. The designs focus primarily on stress-free walking, protected bicycling, and public transportation. It also puts an additional emphasis on improving the street infrastructure in parallel with new housing investment in some of our neighborhoods. Key corridors include Melnea Cass Boulevard, Commonwealth Avenue, Boylston Street, Columbia Road, the Sullivan Square / Rutherford Avenue / North Washington Street corridor, and street designs for the Boston Planning and Development Agency's PLAN initiatives in Jamaica Plain/Roxbury and on Dorchester Avenue. The Capital Plan focuses on adding protected bicycle lanes on every "Great Streets" project, and on off-street Green Links pathways such as the Fenway-Roxbury Connector and the planned new gateway at Arboretum Road, that will create new entrances to the Arnold Arboretum

and extend the Blackwell Path south to Roslindale Square.

Through the FY23-27 Capital Plan, the City will also increase asset reliability through investments in bridges, roads, sidewalks, off-street paths, street lighting, traffic signals and building facilities that are essential to the high-quality delivery of services. In FY23, the City plans to invest \$39 million in its annual road resurfacing, reconstruction, and sidewalk ramp programs. There is also a new \$6 million allocation for stairways and footpaths to redesign and rebuild the Wellington Hill Stairs in Mattapan and Nottingham Path Stairways in Allston/Brighton. This Capital Plan continues to invest in upgrades to the North Washington Street Bridge, Dalton Street Bridge and others so that the City's bridges achieve a state of good repair by 2030. By investing in asset management programs for our bridges, street lights, ramps, and pavement markings, among other assets, Boston will continue targeting a state of good repair that ensures the safe and reliable movement of people across the City.

## **Technology**

The City is dedicated to delivering exceptional City services by leveraging investments in technology. In FY23, the City will continue its focus on supporting and developing innovative initiatives and projects across departments while also enhancing its cyber security tools and the resilience of its systems. In line with its multi-layered approach to managing risk, the City will make investments to ensure continuity of operations and recovery of data in the event of a disaster. The City will also devote funding to its five focus areas including: Core Infrastructure, Enterprise Applications, Digital Engagement and Service Delivery, Data Analytics, and Broadband and Digital Equity.

In FY23, the City will continue work on the Boston Fiber Network (BoNet) to improve

Boston's fiber backbone and switching infrastructure. This \$14 million network build-out will connect the remaining Boston Public Schools with City fiber, as well as public safety locations, public housing developments, and other sites. Altogether, the project aims to connect ~ 170 City buildings, providing broadband service to the City's public schools, public works and public housing, and strengthening public safety communications.

In FY23, the Department of Innovation and Technology will partner with other City departments, including Inspectional Services, Neighborhood Development, Transportation, and the Public Health Commission, to support and develop innovative technology initiatives and projects. It will also continue work on revamping the internal municipal systems, to bring our financial and human resources management up to the standards of the 2020s.

## **Open Space**

Imagine Boston 2030 calls for the City to strengthen Boston's existing park system and invest in new open spaces. Through the use of City capital dollars and leveraging external funds, the City continues to take action in implementing Imagine Boston 2030's Open Space goals using previously underutilized spaces that have become essential recreational infrastructure for the health and well-being of Boston.

Neighborhood open spaces remain a core focus of the Department's capital work. We continue to develop family- and kid-friendly environments that promote opportunities to play everywhere. New projects at O'Day Playground, Byrne Playground, and Hardiman Playground are critical neighborhood open spaces with diverse programs to support a variety of recreational activities. The revitalization of the Geneva Cliffs Urban Wild is also included in this year's capital plan. The

community has advocated that this urban wild serve the neighborhood by adding more active recreational play spaces and formalized pathways. The FY23-27 Capital Plan also allocates \$10 million to acquire property suitable for preservation and use as public open space.

In the FY23 Capital Plan, the Parks and Recreation Department takes important steps to increase Boston's climate readiness, as guided by Climate Ready Boston. This includes \$3 million to provide district scale flood protection through a new berm and other strategies at Moakley Park. The FY23 plan continues the work at Christopher Columbus Park to implement playground renovations including play structure, safety surfacing, fencing, lighting, site furnishings, pathway repairs, drainage, signage, and green infrastructure to mitigate future sea level rise. Projects at the Mary Ellen Welch Greenway and Roslindale Wetlands will implement Green Storm water Infrastructure (GSI) to decrease rainwater runoff during storm events and complement open spaces by expanding biodiversity, beautification, and ornamental value.

One hundred percent of Bostonians live within a ten-minute walk of a park, but those spaces are only truly equitable if they serve the diverse needs of all our residents. The City recognizes the need for inclusive design across Boston and will continue to address equity in all neighborhoods. New projects at Byrne Playground and Clifford Playground will prioritize cooling strategies including access to water in their site design for these Heat Vulnerable Focus Areas. The capital plan includes projects to a diverse portfolio of park types including new projects at Watson Park and White Stadium at Franklin Park. The Capital Plan also supports investments in the renovation and renewal of playing courts (basketball, tennis, and street hockey) and playground safety surfacing in various parks.

## **Energy and Environment**

As part of Boston's implementation of Imagine Boston 2030, the FY23-27 Capital Plan includes investments to support a healthy environment, reduce energy consumption and greenhouse gas emissions, and prepare for climate change. Leveraging outside funding, the Capital Plan allows for development of more detailed climate plans for Boston neighborhoods, especially those most at risk for coastal flooding, as recommended in Climate Ready Boston. These long-term plans, early actions, are essential for protecting the safety and vitality of existing residents, businesses, and institutions, and for ensuring the implementation of continued growth and development. In FY23, the City will continue its capital commitment to the Climate Ready Boston Harbor Study. These funds partially fund an in-depth study of the feasibility of measures along and within Boston Harbor to reduce the vulnerability of Boston to coastal flooding and sea-level rise. The U.S. Army Corps of Engineers, who will conduct the study, supply matching funds.

In FY23, the Climate Resilience Reserve is increasing by \$3 million. These funds will support adding climate resilience features to existing projects. For example, a play lot renovation project could become more resilient through the addition of a storm water retention system. If the project budget cannot accommodate the additional scope, the Resilience Reserve can be used to fund the improvements without sacrificing the project's original goals.

To preserve the city's natural areas and continue to combat the urban heat island effect, the Capital Plan invests \$750,000 to rehabilitate the Mattahunt Woods, a valuable urban wild of secluded forested wetlands located in Mattapan.

The City has committed \$10 million for the development of a new linear park along Fort Point Channel. This new park will

protect the surrounding properties from expected sea level rise through the year 2070. The City has applied for a FEMA mitigation grant.

Renew Boston Trust has systematically identified energy projects in the City's 300+ buildings to both lower energy bills and reduce emissions. The City finances the program through general obligation bonds, paid for in part from reduced energy consumption at City departments.

Including funding from grants, Renew Boston Trust Phase 2 and 3 invest authorize over \$80 million in these projects that create a healthier Boston. Now nearing completion, RBT Phase 2 is implementing energy conservation measures (ECMs) in buildings audited as part of RBT Phase 1, but which were not included in that phase. RBT Phase 3 will continue the Energy Conservation Measure installations similar to Phases 1 and 2 to implement ECMs in an additional 10 schools and 4 other buildings. In addition, another 19 buildings are being assessed for rooftop solar PV and in some cases parking lot PV canopies. By utilizing contracts with Energy Service Companies (ESCOs) that guarantee the energy savings generated by the projects, the City will sufficiently offset anticipated debt service costs.

## Health

To encourage a healthy environment, including safe streets and communities, Boston is renovating several neighborhood community centers to serve residents' needs and conducting program studies for new community centers. Major renovation work will be completed at the BCYF Curley Community Center, in South Boston for a total of \$30.7 million investment. The heavily used building, which spans nearly a quarter mile on the South Boston beachfront, will be completely refurbished. In East Boston, the \$8.9 million renovation to the BCYF Paris Street Pool will be completed in FY23 with new family

changing rooms, refreshed existing locker rooms, creation of a new front entrance, and upgrades of all building and pool systems. An annual \$1 million for Youth Budget will be allocated through a participatory budgeting process where the City's Youth will vote to determine how the Capital Investment will be spent.

Design will begin for a new North End Community Center in FY23 and investments for program studies and facility assessments have been set aside for Allston, Dorchester and Charlestown. A complimentary \$4 million has been set aside for design to begin for a new community center once the Dorchester Program Study has been completed. Funding for improvements to the pool at BCYF Marshall Community Center, totaling \$2.5 million, and a redesign of the entrance of the Tobin Community Center to make it accessible are also included in this year's capital plan. In addition, \$750,000 has also been set aside for technology infrastructure and security upgrades to ensure cameras at all standalone sites.

Construction work will be completed this year at the BCYF Mattahunt Community Center. The project includes exterior improvements and interior renovations to the lobby, gymnasium, community room, and computer lab. Design work will begin for a renovation of the BCYF Roslindale facility including exterior renovations and other facility upgrades to enable using the facility as a sheltering site year-round. \$3 million has been set aside for the Hyde Park Community Center for a renovation project that will include interior and exterior renovation to athletic facilities, and fenestration improvements. Upgrades to the facilities will also enable the facility to be used as a sheltering site year-round and to allow for community neighborhood-based healthcare services.

The Capital Plan includes continuing work for the \$23.5 million investment to implement upgrades to the Emergency

Medical Services (EMS) radio system. Construction will begin to renovate a facility in West Roxbury as a new EMS training academy along with a new ambulance bay. Design and construction of a new EMS Station in Seaport will begin in FY23.

The Capital Plan includes \$22 million for initial design work and for the preservation of buildings on Long Island that will be used as part of the future recovery campus. Repair and renovation work continues at the Woods Mullen Shelter in the South End with an investment totaling \$6.7 million.

Smaller investments include repairs for the Northampton Square Garage for structural and electrical upgrades and IT Disaster Recovery/Business Continuity to establish a disaster recovery site to increase disaster preparedness of BPHC's primary computer system infrastructure. Additional projects include a roof replacement at the Miranda-Creamer and South End Fitness Center buildings for a total of \$5.6 million investment and an upgrade for HVAC systems at 201 River Street, totaling \$4.8 million.

## **Housing**

The City combines General Fund dollars with federal grants, state grants, and developer fees to leverage a wide variety of sources to invest in the creation and preservation of affordable housing citywide. The FY23 Capital Plan includes three new projects: the Mary Ellen McCormack Redevelopment, the Mildred C. Hailey Phase 1 Redevelopment, and the Mildred C. Hailey Preservation. These three new projects total \$72 million.

Phase 1 of the Mary Ellen McCormack Redevelopment, located in South Boston, comprises 1,365 units of new mixed-income housing (572 of which are affordable replacement units), 69,000 square feet of community and retail space, 2.3 acres of

open space, and approximately 520 parking spaces. The FY23 investment is \$10 million.

The Mildred C. Hailey Phase 1 Redevelopment will consist of about 690 apartments which will include the 1-to-1 replacement of the existing 253 public housing units and the construction of about 435 new affordable and upper middle-income apartments. The Preservation project next to this one will renovate existing BHA housing units, including new plumbing, ventilation, windows, and other building repairs. The city is investing \$10 million toward Phase 1, and \$52 million toward the preservation project.

In FY23, the City will finish some projects, increasing the housing and community space available to residents. The Orient Heights Senior Center project, which converts the former Orient Heights Branch Library into a new community senior center, offers green space and programming to East Boston seniors. The BHA Orient Heights project will finish its third phase, consisting of 123 units of housing, a gateway park, and a community center.

\$1 million will be invested in the reconstruction of roads and sidewalks in the Whittier Street housing development in conjunction with a \$30 million Housing and Urban Development grant to revitalize the development and surrounding neighborhood.

## **Arts and Culture**

The Mayor's Office of Arts and Culture released the City's first cultural plan, *Boston Creates*, in 2016, which calls for increased support to Boston's arts and culture ecosystem. The Percent for Art Program is a key policy outcome of this planning process. The City projects to borrow \$325 million in FY23 to support the Capital Plan, and will invest one percent, or \$3.25 million, in public art projects.

This year's plan includes new projects such as the Chinatown Worker Statutes Project, a memorial for the Cocoanut Grove, and upgrades for existing art signage. The plan also supports projects previously funded including Book Mark'd to be installed at the Mattapan Branch Library, a statute titled the Legacy of Frederick Douglass, and a memorial for Judge Edward Gourdin.

In the branch library system, a major renovation project that includes a building addition is underway at the Faneuil Branch in Brighton. The renovation will focus on accessibility and new programming space.

In FY23, design activity will begin on a new building to replace the current Fields Corner Branch Library. Design work is also expected to begin for a new Egleston Branch Library. The City is working on plans that will leverage public land to build new affordable housing and new branch libraries in Chinatown and the West End.

In FY23, after an extensive \$15.7 million renovation, the Rare Books Departments will reopen. The renovated and modernized facility will enable the Boston Public Library to preserve its valuable and historic special collections that includes nearly 250,000 rare books and 1 million manuscripts. The renovation includes major environmental and mechanical improvements to regulate temperature and humidity control of the department's collection storage areas, staff spaces, conservation lab, and public reading room. Ultimately, the project will increase accessibility to the collection and ensure its preservation for future generations.

## **Economy**

As a \$3.6 billion investment in the City's assets, the Capital Plan supports economic growth in Boston by creating construction jobs and investing in infrastructure that unlocks economic activity. From the establishment of a contract for construction to the completion of a project, the City is ensuring that the location and

partnerships on work is advancing our commitment to equity and supporting all Bostonians. Whether infrastructure improvements to Nubian Square's main streets or awarding bids to minority and women owned businesses, the Capital Plan works to ensure that the economy of all our neighborhoods is supported.

## **Public Safety**

As part of the Imagine Boston 2030 initiative to reduce cancer risks for firefighters, the capital plan includes health and safety improvements to firehouse projects. Construction will begin on a new firehouse for Engine 17 in Dorchester and then for Engine 3 in the South End, with both projects currently in design. The City is also renovating the neighborhood's existing fire and police stations.

In FY23, the new police station in East Boston will open and be placed in service. As part of FY23 design work will begin for exterior renovations at several district stations. The construction works continues on the replacement of the roof and elevators at Police Headquarters. The Police Department is now in the final stages of upgrading their radio system. The roof at Fire Department headquarters and at Fire Alarm will also be replaced.

The Fire Department plans to purchase 3 pumper trucks and 2 ladder trucks in line with their annual replacement program. Additional funding is available for the replacement of the Fire Department's main boat (the "Damrell") and the dive boat (the "Kenney"). The \$46 million multi-year upgrade of the Fire Department's radio system continues in FY23. This project leverages work done by the Police Department in their recent radio system upgrade.

## **Government Effectiveness**

The City Hall Master Plan was launched to allow Boston to rethink the way the public interacts with government in City Hall and to enliven the plaza.

The current renovation project which will deliver updated civic spaces and programming capabilities year-round. New infrastructure will make the plaza more environmentally sustainable. Specific improvements include connecting Congress and Cambridge Streets with an accessible sloped promenade, shady seating and gathering areas, play space, and public art space. The North entrance of City Hall will also be re-opened improving public access to the building. Phase 1 is expected to be completed early in FY23.

In addition, an overhaul of City Hall's HVAC system and elevators is currently underway.

## FY23 Expenditure Allocation

The City estimates FY23 capital expenditures from all sources will total \$560.1 million (see Figure 2).

**Figure 2 – Capital Expenditures**  
FY20-FY27

All projects in the Capital Plan are categorized as Upkeep, Upgrade, New/Major Renovation, Planning or Matching Funds. The City tracks the overall distribution of these categories to maintain a balance between the upkeep of existing assets and the expansion or introduction of new ones.

**Figure 3 – Capital Expenditure Allocation**  
FY21-FY23

Upkeep represents projects that maintain the City's assets, a fundamental priority of the Capital Plan. In FY23, 26% of projected spending supports Upkeep projects. These include roof and masonry repairs, the replacement of play equipment in parks, HVAC and boiler replacement, and critical repair funds for departments to address relatively small but vital repair projects not covered by routine maintenance. A substantial portion of the Upkeep category supports on-going bridge, street, sidewalk, and street lighting repairs that ensure the City's roads and sidewalks are safe and in good condition.

Upgrade represents projects that improve existing assets by adding new capacity or innovations. This year's upgrade allocations account for 45% of projected spending, and includes projects such as equipment upgrades for public safety radio systems.

New/Major Renovations represents 25% of FY23 allocations. New facilities and rehabilitation projects for schools, libraries, parks and community centers enable the City's facilities to adapt to fit the needs of today's programs, improve the 'green' performance of facilities, and extend the useful life of older assets. Highlights in this category include a new branch library in Fields Corner.

About 3% of the FY23 budget is assigned to matching fund requirements and planning projects. Comprehensive planning projects, which analyze a group of buildings or program needs, provide the groundwork for targeted investments in the categories of Upgrade and New/Major Renovations. Projects in this category include funds for a programming and siting study for the construction of new elementary schools. The Matching fund category includes projects in which the City covers the costs of design and engineering services. These expenditures are able to leverage State and Federal construction funds on projects such as the new North Washington Street Bridge.

## **FINANCING THE FY23-FY27 CAPITAL PLAN**

The Capital Plan is financed with general obligation bonds issued by the City, other City funds, State grants, Federal grants, and private grants.

### **General Obligation (G.O.) Bonds**

General obligation bonds represent 72.9% of all project funding. This year's plan assumes \$1.6 billion in new general obligation borrowings over the next five years. This borrowing level remains sustainable within the City's debt affordability policy.

### **State and Federal Funds**

State and Federal financing represent 19.6% of all project funding. Programs, such as the School Building Assistance program, Chapter 90 and the Transportation Improvement Program, provide key resources for Boston's Capital Plan. Funds for capital financing are currently estimated at \$306.9 million from State programs and \$403.5 million from Federal programs.

### **School Building Assistance Program**

The School Building Assistance (SBA) program, administered by the Massachusetts School Building Authority (MSBA), is an important revenue source for school renovation and construction. Annually, the MSBA accepts new project requests from cities, towns, and school districts, and if a project is ultimately approved, the MSBA pays 40% to 80% of eligible project costs.

The MSBA operates two major programs – the Core Program and the Accelerated Repair Program (ARP). Major renovation and new construction projects are funded through the Core Program. The ARP funds roof, boiler, and window replacement

projects in school buildings that are otherwise sound.

The City currently has three projects in various phases of the Core Program -- the Boston Arts Academy, the Josiah Quincy Upper Pilot School, and the Carter School.

The MSBA has approved a maximum project grant totaling \$48.9 million for the Boston Arts Academy project, which covers 35.6% of the current \$137.4 million project budget. Construction on the new school building will be completed in spring 2022 and will open for students in September 2022.

Construction work is underway for the new Josiah Quincy Upper School project. The MSBA has approved a maximum project grant totaling \$54.1 million which covers 27.9% of the \$193.6 million project budget.

The Carter School project is currently in the final design. Initial construction phase work will begin this summer. The City expects to receive a maximum project grant from the MSBA totaling \$26.2 million. The current estimated cost of the project is \$92.0 million.

The MSBA recently selected four projects from Boston for their Accelerated Repair Program. The design phase has started at these schools. Construction is expected to begin in summer 2023.

### **Transportation Infrastructure Enhancement Fund**

An Act was approved in August of 2016 that establishes oversight and regulation by the Department of Public Utilities over transportation network companies. As part of its oversight the Transportation Infrastructure Enhancement Fund was established. Annually each transportation network company is required to submit a per-ride assessment of \$0.20 based on number of rides in previous year and half of the assessment will be proportionately distributed to cities and towns based on the

number of rides that originated within the city or towns with the funding used to address the impact of the transportation network services on municipal roads, bridges and other transportation infrastructure. The fee will be discontinued as of January 1, 2027.

The FY23-27 Capital Plan includes \$15.2 million in revenue from this source.

**Chapter 90 Funds**

Administered by the Massachusetts Highway Department, Chapter 90 funds are allocated by formula through State bond authorizations and through the State budget to all cities and towns in the Commonwealth. The City uses Chapter 90 funds to support its roadway resurfacing and reconstruction programs as well as its sidewalk reconstruction programs. The City anticipates an allocation of approximately \$14.7 million in FY23.

**Transportation Improvement Program (TIP)**

The Transportation Improvement Program is a statewide road and bridge construction advertisement program developed under the management of the Massachusetts Department of Transportation (MassDOT). It includes both local and State owned roads and bridges. The TIP’s funding sources include State-issued general obligation bonds and Federal funds made available through the Federal Highway Administration and other Department of Transportation agencies.

**Other Funds**

Other Funds is a revenue category that includes both City and non-City sources.

City sources of Other Funds include transfers from the Surplus Property Fund and the Parking Meter Fund.

**Other Funds Summary**

(in millions)

	<b>\$ Amount</b>
Parking Meter Fund	167.36
Surplus Property Fund	70.00
Utility Company Grants	21.84
Boston Water & Sewer	4.00
BPDA	3.24
Fund for Parks	3.02
Other	4.80
<b>Total</b>	<b>\$274.27</b>

**Figure 4 – Other Funds Summary**

FY23-FY27

Non-City sources of Other Funds include grants from the Boston Planning and Development Agency for roadway construction or other capital projects, as is the case with Harrison Avenue. Other Funds also include incentive rebates provided by utilities to carry out energy efficiency projects. Altogether, these City and non-City sources of capital funds are estimated at \$274.3 million.

**CAPITAL PLANNING PROCESS**

Capital needs and resource availability are assessed annually through a capital planning process that results in a five-year Capital Plan. The first year of the spending plan constitutes the City’s capital budget. Expenditures against this budget are closely monitored throughout the year. To emphasize the balance between needs and resource availability, the budget document (in Volumes 2 and 3) includes both capital authorizations and expenditure projections for each project.

The annual capital planning process begins with a capital improvement project request period during which all departments have an opportunity to identify their facility, equipment, infrastructure, and planning needs in a systematic manner, and to submit their proposals for funding consideration. The development of

department project requests may involve both internal assessments of current needs and a review of external constituent requests.

A project request includes a cost estimate, a description of the proposed scope of work, and additional descriptive information to help OBM evaluate it.

Proposed projects must account for short-term and long-term effects on the City's operating budget. Accordingly, project requests that OBM determines may impact the City's operating budget are subject to additional review to determine the anticipated effect on personnel, utilities, maintenance, and supply costs, as well as expected changes in service demand or delivery of departmental programs. As a practical matter, it is assumed that certain types of projects such as energy conservation and energy efficiency projects (e.g. heating system upgrades or roof and window replacements) provide operating budget savings. OBM works with departments to measure these savings.

OBM reviews project proposals to determine the extent to which private purposes or benefits may exist; this review allows the City of Boston to maintain its tax-exempt financing status.

Proposals with strong alignment to City-wide planning efforts, such as Imagine Boston 2030 and climate resilience are prioritized for near-term investment.

Expertise from the Department of Innovation and Technology is leveraged to evaluate the feasibility, cost, and implementation plan for IT investment proposals City-wide. Investments with strong return-on-investment, alignment to master plans, and support of legal ordinances are prioritized using an automated scoring system that results in metric-based recommendations.

New capital requests that are recommended for funding are placed into a

multi-year spending plan along with previously authorized projects. The Mayor submits the Capital Plan to the City Council each year. The City Council, in turn, holds public hearings to consider project authorizations. This year's Capital Plan identifies 407 new and continuing projects and proposes \$682.1 million in new bond authorization.

Descriptions of all 407 projects can be found in Volumes 2 and 3 of the Budget. Project descriptions include authorizations and funding sources, projected expenditures, scope of work summary, and an indication of whether or not the project generates a near-term operating budget impact.

### **Operating Budget Impacts**

Determining the impact that proposed capital investments will have on the City's operating budget (personnel, contracted services, equipment and utilities) is essential to the capital budgeting process. Many capital projects, such as those that replace aged or outdated equipment with modern, more efficient versions, save the City money in future operating costs; others, such as those that allow the City to expand programming or establish a stronger presence in different neighborhoods, may entail future operating costs. Understanding the balance between future savings and future costs resulting from these capital projects is vital to maintaining the City's long-term financial health.

In Volumes 2 and 3 of this document, each capital project summary indicates whether or not there is an operating impact associated with the project.

While most capital projects can be assumed to have a marginal impact on energy savings or personnel demands, only those projects that will likely result in an increase or decrease in a budget appropriation are included here.

## **Savings**

The Capital Plan supports investments that will decrease operating expenses by reducing costs associated with emergency repairs, maintenance of old systems, and energy inefficiency. A substantial portion of the Capital Plan is focused on these types of basic facility improvements.

Through an Executive Order relative to climate action, the City has committed to designing new buildings and selected major renovations to the standards required to attain U.S. Green Building Council LEED (Leadership in Energy and Environmental Design) certification.

By far the largest operational savings comes from the conversion of street lights to newer fixtures using Light Emitting Diode (LED) technology. To date, the City has performed over 51,000 streetlight LED retrofits. As a result, the FY22 Budget reflects energy avoidance of 37.4 MWh, a roughly \$6 million non-personnel expense reduction directly attributable to this work.

Renew Boston Trust has systematically identified energy projects in the City's 300+ buildings to both lower energy bills and reduce emissions. The City finances the program through general obligation bonds, paid for in part from reduced energy consumption at City departments.

A \$10.7 million Phase 1 construction project completed in FY20 and will result in non-personnel operating expense savings of more than \$600,000 annually.

Implementation of the \$24 million Phase 2 investment will increase estimated operating expense savings by \$900,000 annually. A robust measurement and verification program was also established to ensure non-personnel expense savings truly offset fixed debt service costs related to the capital project. Implementation of Phase 3 is also in development. The City will implement the program through contracts with Energy Service Companies (ESCOs) that will provide financial guarantees that

the energy savings generated by the projects will be sufficient to cover anticipated debt service costs.

## **Costs**

Increases in operating expenses expected as a result of capital projects are primarily driven by two areas: an expansion of the City's IT infrastructure and the addition of buildings to the City's portfolio.

The ongoing \$128 million investment in radio system upgrade projects will require the procurement of compatible handheld units and related technology to achieve optimal functionality. The majority of these costs impact the City's lease/purchase program, primarily for public safety departments and the Boston Public Health Department.

Many of the projects identified in the Department of Innovation and Technology (DoIT)'s capital budget replace legacy systems, and in some cases they include an expansion of infrastructure, as well. Annual licensing fees to support the ongoing maintenance and upgrades of new software is typically required, and additional personnel are sometimes needed to ensure the new software meets the City's needs. For FY23, the Office of Budget Management partnered with DoIT to perform cost-benefit analyses for all new technology proposals, prioritizing funding for proposals with positive return on investment calculations, among other factors, including improved performance.

## **DEBT MANAGEMENT POLICIES AND DEBT IMPLICATIONS OF THE PLAN**

Effective debt management ensures that the City can meet its capital infrastructure and facility needs. Debt management requires a series of decisions about the amount, timing, purposes and structure of debt issuance. Long-term debt related to capital investment has two main purposes:

(1) It finances acquisition, construction, repair, and renovation of City-owned buildings and equipment that are necessary to provide public services; and

(2) It finances infrastructure improvements to ensure the City's continued growth and safe roadway conditions.

The Treasury Department manages all borrowings according to the City's debt management policies. These policies address issues such as debt affordability and limitations on the level of variable rate debt the City will use. The City's goals are to rapidly repay debt, maintain a conservative level of outstanding debt, and ensure the City's continued positive financial standing with the bond market.

Key components of the debt management policies ensure that:

- combined net direct debt does not exceed 3% of taxable assessed value;
- at least 40% of the overall debt is repaid within five years and 70% within ten years;
- annual gross debt service costs do not exceed 7% of general fund expenditures;
- variable rate debt does not exceed 20% of the City's total currently outstanding bonded debt (the City has no variable debt).

For further discussion of the City's financial policies and management controls, refer to the chapter on Financial Management.

In March, 2022 the City sold \$335 million of general obligation bonds. The City's debt service forecast assumes general obligation borrowing of \$325 million annually between FY23 and FY27 for a total planned issuance of \$1.625 billion. The debt tables at the end of this chapter detail the City's outstanding debt service obligations and demonstrate the City's rapid retirement of its debt.

**Figure 5 – Gross Debt Service as a Percent of Total General Fund Expenditures**  
FY20-FY27

The City's gross debt service requirement will remain under 7% of total General Fund expenditures through FY27 (See Figure 5).

The City's current overall debt burden (net direct debt to assessed property value of \$203.89 billion) is approximately 0.63% as of March 1, 2022. The City's net direct debt per capita currently stands at approximately \$1,747 as of March 1, 2022.

Boston has been conservative about assuming long-term debt and aggressive about retiring debt expeditiously. Over 40% of the City's outstanding debt will be retired within the next five years.

In March, 2022, Moody's Investors Service and Standard & Poor's reaffirmed Boston's credit rating at Aaa, and AAA, respectively. A bond rating is a statement of credit quality and is analyzed when determining the interest rate that should be paid for a municipality's bonds. A higher bond rating translates into lower interest rates and real dollar savings for the City.

NOTES:

- (1) FY20 - The City did not issue any bonds.  
FY21 - the City issued:  
\$121,660,000 in General Obligation Bonds with a 20-year maturity and a true interest cost of 1.29%; sale closed December 30, 2020  
\$23,885,000 in General Obligation Bonds (Green Bonds) with a 20-year maturity and a true interest cost of 1.82%; sale closed December 30, 2020  
\$35,000,000 in General Obligation Bonds (Federally Taxable, Social Bonds) with a 15-year maturity and a true interest cost of 1.75%; sale closed December 30, 2020  
\$29,565,000 in General Obligation Refunding Bonds with a 6-year maturity and a true interest cost of 1.22%; sale closed December 30, 2020  
\$61,840,000 in General Obligation Refunding Bonds (Federal y Taxable) with a 13-year maturity and a true interest cost of 1.22%; sale closed December 30, 2020  
FY22 - the City issued:  
\$335,215,000 in general obligation bonds with a 20-year maturity and a true interest cost of 2.779%; the sale closed April 13, 2022.

Assumptions:

- FY23 - Assumes General Obligation debt issuance of \$325 million with a 20 year maturity and an interest rate of 5.0%.
- FY24 - Assumes General Obligation debt issuance of \$325 million with a 20 year maturity and an interest rate of 5.0%.
- FY25 - Assumes General Obligation debt issuance of \$325 million with a 20 year maturity and an interest rate of 5.0%.
- FY26 - Assumes General Obligation debt issuance of \$325 million with a 20 year maturity and an interest rate of 5.0%.
- FY26 - Assumes General Obligation debt issuance of \$325 million with a 20 year maturity and an interest rate of 5.0%.
- (2) Under the American Recovery and Reinvestment Act of 2009 (ARRA), in 2010 and 2011, the City issued Tax Benefited Bonds which are entitled to receive subsidy payments from the Federal Government. The IRS has released subsidy reduction notifications since March of 2013, reducing the expected annual subsidy.  
An estimated subsidy reduction to ARRA-related issuances of 5.7% per year from FY2022 through FY2027 has been applied in response to IRS withholding notifications.
- (3) Debt Service Costs will be offset by charging City departments for the space they occupy.
- (4) Debt Service Costs will be offset by semi-annual payments from the Retirement Board.
- (5) Quarterly payments of principal in the amount of \$363,636.36 are currently being made to the paying agent with respect to the City's outstanding \$20 million G.O. Qualified School Construction Bonds, 2009 Series A, which were issued as tax credit bonds that do not earn interest. These funds are kept in escrow until the Bonds mature on September 15, 2024.

# Boston's People and Economy

## INTRODUCTION

Boston was first incorporated as a town in 1630 and then as a city in 1822, making it one of the oldest cities in the United States. The City has evolved into a center for innovation and entrepreneurship as well as for social and political change. Boston has become the economic engine and cultural hub of New England.

As the seat of Suffolk County, the capital city of Massachusetts, and the region's hub, Boston is home to approximately 675 thousand residents, many world-renowned institutions of higher education, some of the world's finest inpatient hospitals, numerous successful corporations, and many professional sports teams and cultural organizations. Tens of millions of people typically visit Boston each year to take in its historic sites, diverse neighborhoods, and attend cultural or sporting events, and functions in one of Boston's convention centers.

The outbreak of COVID-19 in early 2020 required restrictive public health interventions that caused severe economic disruption in Boston and across the world. Additional waves driven by viral variants have continued to pose challenges, but city government along with federal, state, non-profit, and private sector partners have mobilized to manage the health crisis, address the immediate needs of residents, and drive economic recovery. As a result, Boston is poised to emerge from the pandemic stronger, more equitable, and more resilient than ever before.

**BOSTON'S GROWING AND CHANGING POPULATION**

The City of Boston ranks as the 24<sup>th</sup> largest city by population in the United States. According to the 2020 U.S. Census, Boston’s population is 675,647. The 9.4% growth between 2010 and 2020 is nearly double the growth rate experienced from 2000 to 2010. (Note: The City challenged the 2020 Census numbers on the basis that it may have undercounted students, the incarcerated, and foreign-born residents.)

Boston is the center of the 10<sup>th</sup> largest Metropolitan Statistical Area (MSA) in the nation at 4.9 million people in 2020.

Over the thirty years between 1950 and 1980 Boston’s population declined 30% from 801,444 to 562,994. This decline is attributed to a post-war national trend of suburbanization. Since 1980, however, Boston’s population has stabilized and grown. The 2010 U.S. Census recorded the city’s population at 617,594, representing a nearly 5% increase over its 2000 population and a nearly 10% increase over 1980. The 2020 U.S. Census gives Boston’s population as 675,647, a 9.4% increase over 2010.

**Figure 1 - Boston’s Population 1950-2020 Census**

Accompanying population growth, the demographic makeup of the city has also changed. In 1950, the share of white

residents was 95%, while non-White residents accounted for 5% of the City’s population. Boston became a majority-minority city in 2000. As of 2020, 55.3% of Boston’s residents are Hispanic/Latino and/or non-White.

Data from the Census Bureau’s American Community Survey (ACS) shows that Boston is a relatively young city. The median age in Boston is 32.4, due to the large number of students and young professionals living and working in the City. More than one out of every three persons in Boston is between the ages of 18 and 34 years old (39%). People ages 35 to 54 years old comprise 23% of the population and people ages 55 to 64 years old comprise 10%. Senior citizens ages 65 and above make up 12% of the City’s population, an age group that has been growing in line with national trends relating to the aging of the baby boomer generation.

Along with population growth, the number of households in Boston has also grown, reaching 273,188 in 2020. Of these households, 35.3% are owner-occupied, up 0.4% from 2010.

**BOSTON'S JOBS, LABOR FORCE, AND INCOME**

Boston ranks among the highest concentrations of employment in the U.S. and supplies an estimated 96% of the jobs in Suffolk County. In 2020, there were approximately 792 thousand payroll and non-payroll jobs in Boston.

Nearly 400,000 residents were employed at the start of 2020. However, between February and April 2020, that number fell by 83,546, while unemployed residents increased by 44,983.

Prior to the COVID-19 pandemic, the unemployment rate had been decreasing for both Massachusetts and Boston, with both hovering around 3% in 2019. However, the prolonged shutdown in Massachusetts due to the spread of the virus in the state

caused the state unemployment rate to reach 17.1% in April 2020, or 594 thousand unemployed residents, the highest rate in the country. In May, the rate began dropping, reaching 6.0% in June 2021, and 3.7% in June 2022. Boston's unemployment rate peaked at 16.1% in June 2020, fell to 6.2% in June 2021 and 3.5% in June 2022. Citywide 14,110 residents were counted as unemployed.. Even as unemployment rates have fallen across the city and state they remain stubbornly high for communities of color; for instance, in 2021 the average estimated unemployment rate for Black/African-American Massachusetts residents (9.1%) and Hispanic/Latino residents (10.1%) was nearly double the rate for White residents (5.8%).

Figure 2 shows the National, Massachusetts and Boston Metro Area Unemployment rates since 2001. During and following recessions, unemployment rates increase dramatically. Nationally, the highest annual rate occurred in 2010, averaging 9.6%, following the Great Recession. In Massachusetts and Boston, the 2020 COVID recession caused the highest annual average, with 9.5% and 9.0%, respectively.

**Figure 2 - National, Massachusetts, and Boston Metro Unemployment Rates, 2001-2021, Federal Reserve Economic Data**

Higher education, health care, and financial services play a major role in Boston's economy. Since the Great Recession, Boston's job growth was positive across most industries but was concentrated in health care and social assistance, professional and technical services, and education. As of 2020, the health care and social assistance industry employs the largest number of people in Boston, 18.6% of total jobs. Educational services is an area of specialization for Boston (8.2% of total jobs), with an employment share three times the national average.

Boston hosts dozens of universities, colleges, and community colleges, with a combined enrollment of nearly 140,000 students annually. Included among the city's colleges and universities are some of the finest educational institutions in the country, including Boston College, Boston University, Northeastern University and Harvard University.

These institutions of higher education have a major effect on the Boston's economy. Because many of these students remain in Boston after graduation, the city's educational institutions are a major source of highly-skilled professionals for Boston's workforce.

As the COVID-19 pandemic surged throughout the country, and with many institutions shifting to remote and hybrid learning, enrollment figures declined. The National Student Clearinghouse estimates that nationwide undergraduate enrollment fell by 3.6% from Fall 2019 to Fall 2020 and a further 3.1% between Fall 2020 and Fall 2021. Meanwhile, graduate enrollment first increased from 3.6% in Fall 2020 relative to Fall 2019 and then declined slightly by 0.4% in Fall 2021.

In 2020, the Boston Planning and Development Agency (BPDA) approved 1.1 million new square feet of institutional development across the city and in 2021 an additional 1.28 million square feet were

approved. These new projects primarily came from a new campus for Benjamin Franklin Institute of Technology, as well as major medical institutions.

Many of the nation's finest research and teaching hospitals are located in Boston, including Massachusetts General Hospital, Brigham and Women's Hospital, Beth Israel Deaconess Hospital, Boston Medical Center, Tufts Medical Center, and Boston Children's Hospital. In total, there are 22 inpatient hospitals in the city with a combined 6,110 beds as of January 2022. Furthermore, Boston is home to the medical and dental schools of Harvard University, Tufts University, and Boston University.

According to the commercial real estate firm CBRE, the Boston-Cambridge area hosts the largest Life Sciences cluster in the nation, as defined by size, growth and concentration of employment, laboratory inventory, National Institute of Health (NIH) awards, and venture capital funding. Boston's life science industry benefits from skilled labor force availability, leading universities in basic academic science fields, innovative research and development districts, proximity to major research hospitals, and strategic presence of venture capital resources.

Several of the country's leading financial services firms are located in Boston, including Fidelity Investments, John Hancock/Manulife Financial, State Street Corporation, and Wellington Management.

Table 2 provides a summary of total estimate jobs in the City of Boston for the year 2020 broken down by industry.

**Table 2**

Source: U.S. Bureau of Economic Analysis, Massachusetts Executive Office of Labor and Workforce Development (EOLWD), BPDA Research Division Analysis.

The BPDA estimates that the total number of jobs located in Boston fell from 851,468 in 2019 to 792,419 in 2020, or a loss of approximately 59,000 payroll jobs (6.9%). This decrease is much greater than the 15,000 average annual jobs lost in Boston between 2001 and 2004 or the 17,500 jobs lost in 2009.

Industries that rely on the physical proximity of workers and customers suffered disproportionate job losses. Figure 3 illustrates the percentage of jobs lost in

industries where 10% or more of jobs were lost. *Accommodation and Food Services* suffered the highest number of jobs lost as well as the highest percentage, dropping from 65,645 jobs in 2019 to 38,055 in 2020 – more than 27,000 jobs lost, or 42%. *Arts, Entertainment and Recreation* lost 5,716 jobs, or 30%. As the economy recovers, these industries are expected to rebound.

**Figure 3 Percentage Job Loss by Industry, 2020, BPDA Research Division Analysis**

When examining the types of jobs held by Boston residents, it is clear the city's resident labor force has undergone a significant transformation. Of the 266,505 Boston residents working in 1970, 45% held blue-collar jobs and 55% held white-collar jobs. In 2019, of the 406,937 Boston residents in the labor force, those holding blue-collar jobs fell to 29% and those employed in white-collar occupations rose to 71%. The changing needs of a service-based economy have resulted in a better-educated and more highly skilled workforce. In 2019, 89% of the adults in Boston had finished high school, compared to 53% in 1970. In 2019, 52% of adults in Boston had completed a bachelor's degree or higher compared to only 10% in 1970 and 36% in 2000.

Along with Boston's well-educated workforce comes comparatively high household incomes and wages. In 2020, per

capita personal income in Metro Boston was \$89,568, up 24% from 2010 and 34% from 2000 in real terms. Since 1990, per capita income in Metro Boston has consistently been more than 25% greater than per capita income in the United States, 44% greater in 2020. The average annual wage and salary disbursement per job in Suffolk County was \$117,665 in 2020. Beginning in 1990, wages in Suffolk County began to grow faster than the state and the nation. In 2020, the average annual wage per job in Suffolk County was 38% higher than the average Massachusetts wage and 76% higher than the national average wage.

## ECONOMIC ACTIVITY IN THE CITY OF BOSTON

### Transportation

A key to any city's economic health is its ability to transport residents, workers, visitors, and goods efficiently and safely to their intended destinations, whether in the city or throughout the region.

### Local Transportation

According to 5-year 2016-2020 American Community Survey data, 33% of households

in Boston did not have a vehicle and 56% of Boston resident workers commuted to work without a car.

Boston’s public transportation system reaches into every neighborhood of the city whether by trolley, subway, bus, or commuter train. The MBTA provides commuter rail, subway, local and express bus services, and water ferry service to 175 cities and towns in eastern Massachusetts, offering public transit to a population of roughly 4.9 million people across 3,244 square miles. Prior to the COVID-19 pandemic, the MBTA served about 1.2 million passengers every weekday. Average weekday trips dropped to 140,000 in April 2020 before beginning to rebound slowly, reaching 686,000 by October 2021. Despite this recovery, average monthly ridership is still 715,000 below 2019 levels. Figure 5 illustrates the average weekday trips by month for 2019-2021.

**Figure 5 MBTA Average Weekday Trip by Month, 2019-2021**

Mass transit ridership is an important indicator of progress towards economic recovery and social revitalization in Boston and as such will be watched closely.

**National and International Travel**

Boston’s Logan International Airport is the most active airport in New England. Due to the COVID-19 pandemic and the travel restrictions which followed, the total number of passengers dropped from over 42.5 million in 2019 to about 12.6 million in 2020, a 70% decrease. While total passengers rose in 2020 to about 22.7 million, this was still 47% below 2019 levels. Total number of flights, domestic and international, followed a similar trajectory, decreasing 52% between 2019 and 2020 and then growing 29% between 2020 and 2021. Flights were still off 2019 levels by 38% in 2021.

**Figure 6 Total Air Passengers at Logan Airport by Month, 2019-2021, Massport Airport Statistics**

**Tourism and Culture**

Boston entertains many types of visitors each year: those seeking historical sites, museums, sporting events, restaurants, theatre or business conventions. According to the Greater Boston Convention and Visitors Bureau, an estimated 22.7 million people visited Boston in 2019. Of those, an estimated 2.9 million were international visitors to Greater Boston. Travel to Boston declined dramatically in the spring of 2020 and has since picked up gradually. Domestic visitors to Boston were at around

80% of 2019 levels in October 2021 before a setback due to the Omicron variant wave.

Prior to the pandemic, Boston was an attractive destination for conventions, meetings, and trade shows. The Boston Convention and Exhibition Center (BCEC), located on a 60-acre site in South Boston, contains 516,000 square feet of contiguous exhibition space designed to accommodate larger conventions. This facility, along with new hotel projects in the City, has given a significant boost to the local economy. In 2019, the Boston Convention and Exhibition Center, along with the John B. Hynes Memorial Convention Center, hosted 336 events, with an aggregate of 832,243 attendees, generating 800,000 hotel room nights and \$870 million in economic impact. The COVID-19 pandemic forced the cancellation of conventions and events. Both convention centers served other purposes over the last two years; the BCEC was converted to the Boston Hope field hospital in April and May of 2020 and Hynes became a vaccination site in Spring 2021.

The Boston area is home to five major professional sports teams: The Boston Red Sox baseball team plays at historic Fenway Park, and the Boston Bruins hockey team and the Boston Celtics basketball team play at the TD Garden. The New England Patriots football and Revolution soccer teams play at Gillette Stadium in nearby Foxborough, MA.

The New England Aquarium, Museum of Fine Arts, Isabella Stewart Gardener Museum, Institute of Contemporary Art, and many other attractions bring in thousands of tourists each year. The city also provides venues for concerts, ice shows, circuses and other entertainment performances as well as street festivals and parades in its neighborhoods and parks.

### **Hotels**

Tourism is a large Boston industry that supported approximately 38,000 *Accommodation and Food Services* jobs in

2020, 4.8% of Boston's total payroll jobs. The hotel industry provided 6,098 direct jobs in Boston in 2020, down from 11,609 in 2018, representing about 1% of Boston's total payroll jobs. These significant shares exposed the City to high rates of unemployment, due to the direct hit the industry has suffered due to COVID-19.

As of January 2022, Boston had 95 hotels with a total of 24,300 rooms in establishments with fifty or more rooms. This is a substantial increase in supply from 18,363 rooms a decade ago. The average daily rate in 2021 was \$216. Much of this was in response to demand resulting from the construction of the Boston Convention and Exhibition Center (BCEC). The BCEC and the smaller Hynes Convention Center produce considerable demand for hotel nights.

According to the Pinnacle Perspective Monthly Report, the average occupancy rate of hotels in Boston was 79.5% from 2009 through 2019. Due to COVID-19 and the state's stay-at-home advisory, the occupancy rate dropped from 72.7% in February 2020 to 5.3% in April 2020. Overall, the lodging market in Boston and Cambridge's occupancy rate dropped to less than 27% in 2020, driving revenue per available room down more than 80% percent, according to the Pinnacle Advisory Group. Occupancy rates rebounded somewhat in 2021, but at about 47% rates were a little more than half of the 2019 rate.

**Figure 7 Boston Average Daily Rate and Room Occupancy, 2015-2021, Pinnacle Advisory Group and BPDA Research Division**

## Consumer Spending

From a baseline in January 2020, overall consumer spending by Boston residents, which includes both online and in-person transactions, fell by 17% in March and by April was down 41% in the midst of the COVID-19 shutdown (See Figure 8). Boston residents who maintained their jobs during the pandemic still had income to spend, but may have shifted their spending patterns in light of the public health risks (for example limiting restaurant dining). However, for residents who lost their jobs or a significant portion of their income, lack of financial resources became a driving factor behind consumer spending decisions.

The COVID-19 recession was the shortest on record, officially lasting just two months and ending in May 2020. In the aggregate consumer spending was quick to rebound, returning close to January 2020 levels by July 2020. By January 2021, overall consumer spending was 13% higher than the immediate pre-pandemic period and has continued an uneven climb into 2022.

Spending patterns for different categories of goods and services have diverged. For example, Boston spending on Groceries was elevated throughout the pandemic, as people chose to eat at home more often. On March 18, 2020, grocery spending peaked at 71% above January levels and averaged at least 30% above January 2020 levels from July 2020 to August 2021.

Spending in the Accommodation & Food category fell by 74% in April, increasing gradually over the spring as the stay-at-home advisory and other COVID related regulations were relaxed, averaging 32% less than January 2020 levels during the months of July-September 2020. In January 2021, Accommodation & Food spending was still 25% below the pre-pandemic baseline and would not return to January 2020 levels until June 2021.

Meanwhile, spending on Transportation crashed to 84% below January 2020 in April 2020. It then increased slightly in the following months, but despite sustained economic recovery since that point spending on transportation remained more than 7% below baseline in March 2022.

**Figure 8 Percent Change in Consumer Spending, January 2020-March 2022, Opportunity Insights Economic Tracker**

Reduced consumer demand due to the pandemic has impacted Boston businesses. Small business revenue in Boston fell by 64% between January and April 2020 and averaged more than 50% below January 2020 levels into 2021. Small businesses in the *Leisure and Hospitality* sector were hit particularly hard, dropping to 86% below the baseline in April. Likewise, revenue for small businesses in the *Education & Health Services* sector fell a cumulative 79% by May 2020 and continued to struggle into 2021 and beyond. Boston is not unique in this regard as statewide small business revenue remained 7% below pre-pandemic levels as of mid-January 2022.

## REAL ESTATE

The COVID-19 pandemic altered the pace of development in Boston as construction activity was paused in the spring of 2020 and development review activities had to be restructured and moved online due to public health considerations. Since that time, concerns about the impact of the COVID-19 crisis on the real estate market have lingered, but the development pipeline in Boston has proven resilient.

### Housing

The housing market is a spur for many industries and serves as a barometer of economic health overall.

Despite initial setbacks during the spring and summer of 2020, the BPDA Board approved 15.9 million square feet of new development by the end of the year. The BPDA Board was active again in 2021, approving 14.6 million square feet of development: 7.1 million square feet of residential space and 7.5 million square feet of non-residential space.

The 7.1 million residential square feet approved in 2021 translate to over 6,666 new residential units, of which 2,366 are income-restricted, a larger share than in recent years.

**Figure 9 Total Square Feet Approved by Residential and Non-Residential, 2015-2021, in millions, BPDA Research Division**

Vacancy rates in residential buildings with five or more units climbed from 5.0% in 2019 to 9.2% in 2020 before dropping to 3.3% in 2021, according to BPDA Research Division analysis of CoStar data. The pandemic affected demand for rentals, with rents falling 4.3% in real terms in between 2020 and 2021. In the fourth quarter of 2021, rents began to increase with the return of college students and continued economic recovery. For those seeking to become homeowners, the median sale price for a single-family home in Boston reached \$745,000 in 2021 per data provided by Banker & Tradesman and the Department of Neighborhood Development, a 5.6% increase in real terms over 2020.

### Office Market

Prior to the COVID-19 pandemic, Boston experienced job growth in industries such as professional and scientific services, finance and insurance, which require commercial office space. This employment growth drove an increase in demand for office space in Boston. During the pandemic, many office workers began working from home and a substantial share have yet to return to work in-person.

Census estimates in 2021 suggest that 30% of Bostonians work from home, a six fold increase from 2019.

As of the second quarter of 2022, there were about 67 million square feet of office space in Boston. Downtown, which includes the Financial District, remains Boston's largest commercial office market with nearly 38 million square feet of office space, followed by Back Bay with in excess of 12 million square feet, and the South Boston Waterfront with almost 10 million square feet.

As existing leases have expired and new office developments come on line, reduced demand has led to increasing vacancy rates in the commercial office market, reaching 8.8% in the South Boston Waterfront and nearly 13% in Downtown as of the second quarter of 2022. The citywide office real estate vacancy was just below 14%. Reduced demand also explains why only 0.1 million square feet of office development was approved by the BPDA Board in 2021.

## **Life Science and Technology Industry**

Life science and biomedical research companies' demand has shown to be resilient during the pandemic, unlike traditional office tenants. The Greater Boston lab and life science market has continued to rank first across the nation in JLL annual reports since 2012. Boston's life science market has both absorbed spillover demand from Cambridge and independently attracted new companies.

So great is the demand for lab space in Boston that some previously approved projects are pivoting from office to lab and research and development (R&D) uses. For example, 321 Harrison, previously approved and under construction as an office project, returned to the BPDA Board in July 2021 proposing to change the primary use of its square footage to lab space. A total of

220,000 square feet of lab space will be added to the South End project.

# Financial Management of the City

## OVERVIEW

Strong financial management is the underpinning of City operations. Clear financial policies and practices provide a framework within which the City is able to safeguard the present, meet its obligations, and position itself for the future.

As the City's Chief Executive Officer, the Mayor directs the City's financial operations and has general supervision of and control over the City's boards, commissions, officers, and departments.

The City operates under a cabinet form of government. This structure helps to facilitate the execution of mayoral priorities and the day-to-day executive and administrative business of the City.

The following departments are included in the Finance Cabinet and have major roles in the fiscal management of the City:

- The Treasury Department collects all revenues due to the City and pays all amounts due for payrolls and outside vendors. The Treasury Department prudently manages the investment of City funds and prioritizes the safety of such investments.
- The Auditing Department prepares the City's annual financial statements, implements fiscal controls over departmental spending, provides technical assistance to departments, and reviews and processes all financial transactions for accuracy, completeness, and compliance.
- The Assessing Department is responsible for the valuation and assessment of all real and personal

property in the City for the purpose of taxation.

- The Office of Budget Management coordinates the analysis and presentation of the Mayor's operating budget and capital plan, assembles, analyzes, and presents data with respect to revenue and debt management, and facilitates the establishment and use of data to analyze performance.
- The Procurement Department procures all supplies, materials, and equipment, selects vendors through public bidding and processes purchase orders and contracts.

The Finance Cabinet works closely with the People Operations Cabinet, made up of the Office of Human Resources and the Office of Labor Relations, among other departments. With employee compensation and health benefits comprising over three quarters of the City's total appropriation, the management of these policy areas within a broader context promotes coordination and accountability across City government.

## STRATEGIC FINANCIAL MANAGEMENT

Maintaining a healthy financial base that fully supports City services according to mayoral priorities requires both careful planning and proactive management. This work is reflected in restructuring City services in order to streamline operations, gaining improved operational efficiencies from financial management systems, securing sound recurring revenues, and making responsible spending adjustments

in light of any revenue growth limitations in order to achieve a balanced budget. Strong financial management provides a framework within which the City is able to safeguard the present and position itself for the future.

### **Balanced Responsible Budgets**

In accordance with state law, the City develops a balanced budget every year. A balanced budget is a budget in which revenues equal expenditures. The Massachusetts Department of Revenue (DOR) approves property tax rates during the tax certification process governed under General Laws Chapter 59, Section 23. This approval ensures that all cities and towns have balanced budgets and that tax levies are within the limits set by Proposition 2 ½ (see *Revenue Estimates and Analysis* section of Volume I for detail on Prop. 2 ½). Appropriations, fixed costs, and any prior year deficits along with the approved property tax levy, estimated local revenues, and available prior year surpluses must be in balance in order to obtain DOR authorization to issue property tax bills.

### **Healthy Credit Profile**

In March 2022, Standard & Poor's and Moody's affirmed their AAA and Aaa bond ratings, respectively, the highest possible to achieve. These ratings reflect Boston's sound fiscal management of a stable financial position and the City's substantial and economically diverse tax base.

This superior credit quality allows the City to borrow new money and refinance existing debt at extremely attractive interest rates. The City sold general obligation bonds on March 30, 2022 with a par amount of \$335.2 million that resulted in proceeds totaling \$397.4 million and closed on the sale in mid-April.

### **Maximizing Return on Investment**

The City has articulated a vision to make finance a high performing organization in supporting and serving the departments and citizens of Boston. By making daily

operations more efficient, using leading business practices, spending more time on value-added activities, improving customer service while maintaining appropriate controls, and engaging the next generation of finance leaders, this City has been at the forefront of municipal finance.

### **Stable Revenue Base**

Roughly 88% of recurring general fund revenue comes from the property tax and state aid. Although net state aid is expected to increase slightly in Fiscal 2023, multiple decades of decline in the City's second largest single source of revenue has highlighted the risk of relying on any one source of revenue. The City protects and grows its revenue base through the expansion of current revenue sources and the pursuit of diversified revenue sources that fit well with its economic strengths.

The City's tax base has experienced significant growth. Based on assessed values as of January 1, 2021, Fiscal 2022 assessments totaled \$197.8 billion, a 124% increase over assessed values as of January 1, 2011 a decade earlier.

### **Multi-Year Budget Plan**

The City develops a financial forecast as part of the yearly budget process. Preparing a multi-year planning horizon provides time for the Administration to make adjustments and/or policy decisions that may be necessary.

## **FINANCIAL POLICIES, PROCEDURES & CONTROLS**

Pursuant to state law mandates and policy initiatives, the City has well-established policies and internal controls to govern its financial operations effectively. These policies and controls are designed to maximize revenue collections, safeguard assets, monitor both operating and capital spending, evaluate infrastructure needs, and enhance the City's internal control of its business procedures. The major components of the City's system of

financial management controls and relevant financial policies are discussed below.

### **Expenditure Controls**

The City operates under several statutory financial control systems which are summarized in the Statutes and Ordinances section in Volume I. Along with conservative revenue estimates and strong budgetary flexibility, the City is able to maintain a solid financial position. The City monitors spending and all transactions go through a budget-check process prior to procurement. Maintaining tight central expenditure controls allows for critical review of all non-personnel spending as well as the ability to adjust to fiscal changes or trends. Additionally, the Office of Budget Management prepares a monthly variance report, updating all departments expected year-end position using actual information, and maintains continuous dialogue with departments throughout the year.

### **Position Review Committee (PRC)**

The PRC is comprised of the Chief Financial Officer, the Human Resources Director, and the City's Budget Director. In place for over a decade, the committee serves to strictly control and monitor all hiring. In a budget where people and the benefits they carry account for over three quarters of total appropriations, this committee has been instrumental in maximizing City resources.

### **Debt Management**

The City continually evaluates the potential impact of debt issuance on cash flow, credit, and statutory debt capacity. The Treasury Department manages all City borrowings, focusing on the timing of them in order to take advantage of favorable market conditions. The City's cash flow is anchored by the quarterly billing of the property tax and the monthly receipt of state aid distributions. Treasury manages this cash flow wisely, obviating the need to borrow for operating purposes.

The Treasury Department also ensures adherence to the City's conservative debt

policies, including the rapid repayment of debt where at least 40% of overall debt is repaid within 5 years and 70% in 10 years, as well as a 7% ceiling on debt service as a percentage of general fund expenditures. The City imposes a 20% ceiling on variable debt and has no variable debt outstanding at this time. Lease-purchase financing of equipment with a three-to-seven year useful life is used to replace front-line equipment and upgrade technology.

### **Capital Planning**

A capital planning process aligned with the annual operating budget cycle allows for the regular reassessment of capital needs, the refinement of projections, and the update of the City's rolling five-year capital plan. The City prioritizes capital requests and takes into account the financial requirements and timing of these requests in order to recommend the responsible allocation of resources.

The City primarily funds its capital plan through the issuance of general obligation bonds. The size of the City's bond issue is consistent with the City's financial management policies regarding debt levels, debt service, and rate of debt retirement.

### **Fund Balance Policy**

The City maintains adequate levels of fund balance to mitigate current and future risks – a generally accepted accounting principles (GAAP) Unassigned Fund Balance in the General Fund that is 15% or higher than the current fiscal year's GAAP General Fund Operating Expenditures, and a Budgetary Unassigned Fund Balance at 10% or higher than Budgetary Operating Expenses.

Budgetary fund balance can be appropriated for use during the fiscal year and is more commonly referred to as "free cash" when used this way. This item is most simply described as the portion of available reserves, generated to a considerable degree by annual operating surpluses, which the City can responsibly appropriate for spending. The appropriation of

Budgetary Fund Balance or Free Cash certified by the MA Department of Revenue (DOR) is only considered to offset certain fixed costs (pensions, OPEB) or to fund extraordinary and non-recurring events as determined by the City Auditor.

Prior year certifications and the amount used or appropriated from each certification are in Table 1.

Notes: (\$ millions)

**Table 1**

In May 2022, the Director of Accounts certified that the amount of funds available for appropriation (“free cash”), as of July 1, 2021, was \$366.0 million. The FY23 budget assumes the use of \$40 million in Budgetary Fund Balance from this certification. If the Budgetary Fund Balance is not required to fund expenses it reverts back to the pool of funds eligible to be certified as free cash. Budgetary Fund Balance was not required to be used in FY19 and FY20.

#### **Investment Policy**

Investment policies are defined in Chapter 643 of the Acts of 1983 (“The City of Boston Bond and Minibond Procedure Act”), Chapter 107 of the Acts of 1991, and Chapter 44 of the Massachusetts General Laws. The City’s policy for the investment of operating funds prioritizes security, liquidity, and yield. Certain limitations placed on the City’s investment activities or operational

protocols are self-imposed so as to make sound, timely, and safe investment decisions. As a matter of practice, the City tends to limit its investments to repurchase agreements, money markets and certificates of deposit, all of which are collateralized by U.S. Government obligations and are held with a third party.

#### **Contracting Procedures**

The Uniform Procurement Act (the UPA), Massachusetts General Laws Chapter 30B, creates uniform procedures for the contracting of services and supplies by all municipalities in the Commonwealth. The City has implemented internal processes to conform its contracting procedures to the requirements of the UPA and utilizes an online eProcurement system to further support these compliance efforts.

#### **Tax Collections**

Tax collection remedies as prescribed by statute are utilized when taxes become delinquent. The City’s ability to secure its right to foreclose by recording its tax title lien at the Registry of Deeds is the most effective tool available for payment enforcement.

The property tax collection rate was 98.9% of the FY21 gross tax levy as of June 30, 2021.

A Taxpayer Referral and Assistance Center provides “one-stop” service on tax-related matters and the City offers an on-line payment option for taxpayer convenience. Parcel-specific information as well as payment history is also available on-line.

#### **Pension Management**

The City’s employees are not participants in the federal social security system. Instead, they participate in a contributory defined benefit retirement system that is administered by the Boston Retirement System (BRS), of which the City is the largest member. The BRS provides pension benefits to retired City employees under a state contributory retirement statute and is administered by a Retirement Board

comprised of five members: the City Auditor, who serves ex-officio; two individuals elected by members of the system; an individual chosen by the Mayor; and an individual chosen by the other four members or appointed by the Mayor, if a selection is not agreed upon within 30 days of a vacancy.

The BRS performs a full valuation every two years to determine the total system liability and assets and the annual funding requirement for future years.

The City’s pension liability is currently 75.60% funded and is on track to reduce the unfunded liability to zero by 2027, thirteen years prior to the legally required funding date of 2040. The BRS hires an investment manager who oversees the various fund managers of all (non-teacher) pension assets.

**Other Post-Employment Benefits**

Similar to pensions, employees earn post-employment health care and life insurance benefits (OPEB) over their years of active service, with those benefits being received during retirement. The City, including the Boston Public Health Commission (BPHC), has an unfunded liability for these benefits of \$2.13 billion, as of the most recent independent actuarial valuation on June 30, 2019. The size of this liability is largely influenced by changes to retiree health benefits, the City’s annual additional contribution to fund the liability, and the discount rate assumed.

While the City is required by law to make an annual contribution toward reducing its unfunded pension liability, there is no such requirement for retiree health and life insurance benefits. In FY08, the City followed new Governmental Accounting Standards Board (GASB) requirements to identify and disclose this estimated liability, and also began voluntary annual allocations to fund the liability. Annual allocations are retained in an irrevocable Trust Fund, authorized through the City’s acceptance of M.G.L. Chapter 32B section 20. As of June

30, 2022, the Fund had a balance of \$860.0 million.

The annual Actuarially Determined Contribution (ADC) for the City to significantly reduce the OPEB liability is projected at \$213.5 million in FY23, as shown in Table 2. \$197.4 million (92%) of this amount will be funded through a combination of pay-as-you-go benefit payments for current retirees, a \$40 million FY23 allocation by the City to the Trust, and an additional \$2.25 million deposit by the BPHC into the Trust.

**Table 2**

As noted above, the City is currently on a schedule that targets reducing its pension liability by 2027, and then plans on redirecting some portion of its annual pension contribution to further reduce the OPEB liability. However, this schedule is illustrative only of the currently expected funding schedule, and actual circumstances will likely vary from current assumptions.

**Risk Finance**

The City’s risk-related costs related to legal liability claims, property losses, workplace injuries, and employee health care are managed by central departments, such as Law and Human Resources, in addition to individual operating departments. The Office of Budget Management’s Risk Finance unit works to maximize the effectiveness of these departmental efforts by reviewing cost trends, assisting in improvements, and implementing the City’s risk financing strategy.

The City’s risk finance strategy focuses on a planned approach of self-insurance,

supported by strong prevention and cost reduction efforts, financial reserves and catastrophic insurance. The City is self-insured in most areas of risk including general liability, property and casualty, workers' compensation, unemployment compensation and certain employee health care costs, except for self-insured health care costs which are financed through trust funds established under MGL Ch 32b S. 3A. The City budgets for and funds the premium costs for all plans through the General Fund.

A catastrophic risk reserve with an available balance of \$38.9 million at the end of fiscal year 2022 is maintained by the City to account for unexpected large losses and allow the City to strategically purchase high deductible commercial insurance for specific exposures and minimum premium to include. These policies include: a catastrophic property insurance policy that provides \$100.0 million for all risk protection after a \$10.0 million deductible; boiler and machinery losses that are insured up to \$50.0 million per incident, after a \$50 thousand deductible; and a Fine Arts Policy that provides \$150 million for risk protection after a \$1,000 deductible for a variety of fine arts and collectible. The City property exposure is further reduced through the procurement of engineering and loss control services to further mitigate potential risk and increase resilience standards.

### **Reserve**

As required by law since 1986, the City has maintained a reserve fund equal to 2 1/2% of the preceding year's appropriations for all City departments except the School Department. The fund may be applied to extraordinary and unforeseen expenditures after June 1 in any fiscal year with the approval of the Mayor and the City Council. To date, this budgetary reserve has not been utilized. As of June 30, 2021, the reserve fund had a balance of \$38.6 million.

## **Annual Audit/Management Letters**

The City consistently receives unqualified opinions on the audit of its Basic Financial Statements and the Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association for its Comprehensive Annual Financial Report. The City's independent auditors also deliver a yearly management letter containing comments and recommendations on internal financial controls.

## **Financial Accounting Systems**

The Boston Administrative Information System (BAIS), an integrated financial and human resources management system, supports financial management and improves operational efficiency. These systems support the rigorous monitoring and reporting requirements enforced by the City.

## **FINANCIAL MANAGEMENT PROGRAMS**

### **Performance Management and Program Evaluation**

The City's performance management and evaluation program aims to create a sustainable and reliable system to capture the core functions of City departments and citywide strategic goals, assist in the decision-making process, identify areas of improvement, and effectively communicate performance results to a broad range of stakeholders.

Using performance management as its foundation, the program encourages organizational changes and operational improvements that increase the effectiveness and productivity of City departments. The program does this by providing reliable, objective, and independent information and reports to City managers about department performance and operations.

## Operational Reviews

The City systematically engages in independent operational reviews and other planning efforts aimed at making government more efficient in order to address areas needing renewed attention.

## Energy Management

An Energy Management Unit develops design standards and implements measures that enhance the energy efficiency of the City's new construction and capital improvement projects.

- The conversion of street lights to newer fixtures using Light Emitting Diode ("LED") technology has achieved significant operational savings.
- In FY19, the City began implementing improvements to achieve utility cost savings at City facilities, under an initiative entitled "Renew Boston Trust." The first phase was completed in FY20, the second phase is underway, and construction related to phase three is expected to begin in FY23. The City plans to finance the program with general obligation bonds with debt service expected to be offset by the long-term energy savings guaranteed by the ESCO.

## AUDITING & BUDGETING PRACTICES

The City prepares its comprehensive financial reports in accordance with generally accepted accounting principles (GAAP). However, accounting practices established by the Commonwealth's Department of Revenue, the so-called "budgetary basis" which is a modified accrual method of accounting, is used in the annual general fund budget and property tax certification process. Budgetary basis departs from GAAP in the following ways:

- (a) Real and personal property taxes are recorded as revenue when levied (budgetary), as opposed to when susceptible to accrual (GAAP).

(b) Encumbrances and continuing appropriations are recorded as the equivalent of expenditures (budgetary), as opposed to a reservation of fund balance (GAAP).

(c) Certain activities and transactions are presented as components of the general fund (budgetary), rather than as separate funds (GAAP).

(d) Prior years' deficits and utilized available funds from prior years' surpluses are recorded as expenditure and revenue items (budgetary), but have no effect on GAAP expenditures and revenues.

In addition, there are certain differences in classifications between revenues, expenditures and transfers. The reconciliation in Table 3 summarizes the differences between budgetary and GAAP basis accounting principles for the year ended June 30, 2021.

Table 4 shows a Statement of Revenues & Expenses and Changes in Fund Balance for FY20 & FY21 (actual) – FY22 (budgeted).

Financial statements for the fiscal year ended June 30, 2022 are expected to be available in late fall.

## FUND STRUCTURE AND USE

The accounts of the City are organized on a fund basis. Each fund is considered to be a separate accounting entity and complies with finance-related legal requirements. All of the funds of the City can be divided into three categories: Governmental Funds, Proprietary Funds, and Fiduciary Funds.

The City has four governmental funds - the General Fund, Special Revenue Fund, Capital Projects Fund and all non-major governmental funds in an "Other" category. The General Fund is the only fund for which a budget is legally adopted and is used to account for all revenues, expenditures, and other financial resources except those required to be accounted for in other funds.

The Special Revenue Fund accounts for proceeds that are legally restricted for specific purposes. This fund accounts for federal and state grants and also money that has been set aside by state statute and can be used to support the City's general fund operations.

The Capital Projects Fund accounts for financial resources, primarily from the issuance of bonds, used for the acquisition or construction of major capital facilities.

The Proprietary Funds are used to show activities that operate more like those of commercial enterprises. The City's only proprietary is its Internal Service Fund, which accounts for the City's self-insurance for health benefits.

Fiduciary Funds are used to account for resources held for the benefit of parties outside City government and are not available to support the City's own programs. The City's fiduciary funds are the Pension Trust Fund, the Other Post-Employment Benefits (OPEB) Liability Trust Fund, as well as Private Purpose Trust Funds.

The City's operating and capital budgets are also supported by available governmental funds transferred and appropriated from other available funds. The City may appropriate yearly parking meter revenues

(Special Revenue Fund) to support the Transportation Department and to support transportation capital projects and cemetery trust monies (Other Governmental Funds) to support the City's maintenance of its public cemeteries.

These tables provide a history as well as projected changes in fund balances for the available funds used to support the City's operating budget.

The table at the end of this chapter shows the appropriations that make up the City's FY23 budget.

# Statutes and Ordinances Governing Boston's Operating and Capital Budgets

## OVERVIEW

This section summarizes key Massachusetts laws and City ordinances affecting Boston's operating budget development and its subsequent expenditure. It also covers significant laws and ordinances governing general obligation loan authorization. Although the material is not all-inclusive, it covers the more important laws guiding the budget process.

In addition to the statutes and ordinances, other budget-related directives are set out in various mayoral Executive Orders and in the policies and administrative guidelines issued by the Office of Budget Management.

Two pieces of legislation important to understanding the City of Boston's operating budget are Chapter 190 of the Acts of 1982, commonly referred to as the Tregor legislation, and Chapter 701 of the Acts of 1986, known as the Tregor Amendments.

## Annual Appropriation Process

On November 2<sup>nd</sup> 2021 67.37% of Boston voters approved Ballot Question 1 which amended the City of Boston's existing budgetary process from the City Council having power to adopt or reject a budget or reduce a specific item in a budget to the Mayor and the City Council holding

budgetary powers together, with the power to modify and amend appropriation orders. The measure was originally approved by the City Council December 2020 but when reviewed by the Office of Attorney General Maura Healey it was returned with suggestions. The revised version was approved by the City Council May 19, 2021 and subsequently approved by Mayor Kim Janey on June 7, 2021 and by the Office of the Attorney General Maura Healey on July 2, 2021.

Under the newly amended process the Mayor still originates "all appropriations, excepting those for school purposes, to be met from taxes, revenue or any source other than loans" in accordance with Section 15 of Chapter 190 of the Acts of 1982, as amended by Section 2 of Chapter 701 of the Acts of 1986 and the mayor is still required not later than the second Wednesday in April of each year to submit to the city council the annual budget of the current expenses of the city and county for the forthcoming fiscal year.

Under the approved amendment to the budget process the City Council now has the ability to amend the budget by reallocating funds among existing or new line items but the total budget as amended by the City Council may not be greater than the total budget proposed by the Mayor. The approved amendment to the budget process did not alter the required date for

action on the budget. The City Council must still act on the budget by the second Wednesday in June. The Mayor may accept or reject the City Council's version of the budget, or amend any line item in the City Council's version of the budget. The City Council can override the Mayor's veto or amendment by a two-third vote.

The amended budgetary process also extends to supplemental appropriation orders and maintains the current timelines for action within sixty day after an order is filed with the city clerk. Ballot Question 1 also requires the Mayor and the City Council to create by ordinance an independent Office of Participatory Budgeting including an external oversight board to further public engagement with public spending. The Office would in turn create and oversee an equitable and binding decision-making process open to all Boston residents.

## Key Budget Dates/Requirements

Public Hearings held prior to budget adoption	No Requirement (April-June)
City Council action on budget on or before 2nd Wednesday in June	Ch. 190 Acts of 1982, as amended by Ch. 701 Acts of 1986 (6/8/2022)
Mayor's approval of FY23 budget adopted by City Council on or before July 1, 2022	No Requirement (6/29/2022)

## School Department Budget Process

Section 6 of Chapter 70 of the Massachusetts General Laws states that “in addition to the amounts appropriated for long-term debt service, school meals, adult education, student transportation, and tuition revenue, each municipality shall annually appropriate for the support of public schools in the municipality an amount not less than the (municipality's) net school spending requirement (the sum of its Chapter 70 education aid and its required local contribution)...The commissioner (of the Department of Elementary and Secondary Education) shall estimate and report such amounts to each municipality and regional school district as

early as possible, but no later than March first for the following fiscal year and shall revise such estimates within thirty days following the enactment of the general appropriations act (the state's next fiscal year's budget)...".

Section 2 of Chapter 224 of the Acts of 1936, as amended by Chapter 613 of the Acts of 1987, further states that "(a) ....In acting on appropriations for educational costs, the city council shall vote on the total amount of the appropriations requested by the mayor, but neither the mayor nor the city council shall allocate appropriations among accounts or place any restriction on such appropriations. The appropriation of said city shall establish the total appropriation for the support of the public schools, but may not limit the authority of the school committee to determine expenditures within the total appropriation; provided, however, that if the city auditor determines that school department expenditures in any fiscal year are projected to be in excess of total budgeted expenditures for that fiscal year, as supported by appropriation and other available funding, then the school committee shall not reallocate or transfer funds from any item in the budget for that fiscal year to fund any such projected additional expenditures.

"(b) After the fourth Wednesday of March of any fiscal year, the school committee shall not initiate or authorize any new or additional programs or categories of expenditures requiring additional unbudgeted expenditures unless such programs or categories have been incorporated or fully funded in the budget for the subsequent fiscal year. If such programs or categories have not been incorporated and fully funded in the budget for the subsequent fiscal year, they shall not be initiated or authorized until the school committee shall have amended its budget submission for the subsequent fiscal year to reduce or eliminate other costs, programs or categories in amounts equal to

the projected annualized costs of the new or additional programs or categories of expenditures.

"(c) The superintendent of schools shall prepare and submit to the school committee, the city auditor and the city office of budget and program evaluation (d/b/a Office of Budget Management), a monthly budget update report which shall detail and itemize year-to-date and projected school department expenditures and budget transfers..."

### **School Department Financial Affairs**

Section 1B of Chapter 231 of the Acts of 1906, as amended by Chapter 613 of the Acts of 1987, notes that "(a) the school committee may delegate, in whole or in part, to the superintendent of schools the authority to approve for the school department the acceptance and expenditure of grants or gifts of funds from the federal government, charitable foundations, private corporations, individuals, or from the commonwealth, its counties, municipalities or an agency thereof, the provisions of Section 53A of Chapter 44 of the General Laws notwithstanding.

"(b) The superintendent of schools shall provide to the school committee, the city auditor and the office of budget and program evaluation (d/b/a Office of Budget Management) of the City of Boston a report, detailing the source, purpose and balance on hand of all funds received or expended pursuant to subsection (a), quarterly."

Section 2 of Chapter 231 of the Acts of 1906, as amended by Chapter 613 of the Acts of 1987, states that "subject to appropriations therefore, the superintendent of schools shall have the exclusive authority to make on behalf of the school committee contracts, or amendments to contracts, for the purchase or rental of equipment,

materials, goods or supplies, leases of property, alterations and repairs of school property, and for professional or other services, with the exception of collective bargaining agreements and contracts for the transportation of students. All school department contracts or amendments to contracts shall otherwise conform to the requirements of the city charter of the city of Boston.

“(b) With respect to all contracts, agreements or amendments thereto made or entered into by the school department, the superintendent shall be responsible for establishing procedures for auditing and monitoring the compliance of the parties with the terms and obligations of such contracts, agreements or amendments thereto.”

### **Reserve Fund**

Section 7 of Chapter 701 of the Acts of 1986, requires the creation of an operating budget Reserve Fund to deal with “extraordinary and unforeseen expenditures.” This section requires that “prior to the date when the tax rate for a fiscal year is fixed, [the City must] include in the appropriations for such a fiscal year as a segregated reserve fund a sum not less than 2 1/2 percent of the preceding year’s appropriations for city and county departments, excepting the school department.

“The mayor, with the approval of the city council, may make direct drafts or transfers against such fund before the close of the fiscal year, provided that no such drafts or transfers be made before June first in any fiscal year.

“Each transfer recommended by the mayor to the city council shall be accompanied by written documentation detailing the amount of such transfers and an explanation of the reason for the transfer...”

Prior to fiscal year 2018 the school department was required to establish a

segregated reserve fund of not less than two and one-half percent of the current fiscal year’s school department appropriation, but Chapter 166 of the Acts of 2016 eliminated the requirement going forward.

### **Budget Allotment Process and Reallocations**

Section 18 of Chapter 190 of the Acts of 1982, as amended by Sections 8 and 9 of Chapter 701 of the Acts of 1986, requires that “on or before August first of each year, or within ten days of the annual appropriation order for such fiscal year, whichever shall occur later, the city or county officials in charge of departments or agencies, including the school department, shall submit to the city auditor, with a copy to the city clerk...an allotment schedule of the appropriations of all personnel categories included in said budget, indicating the amounts to be expended by the department or agency for such purposes during each of the fiscal quarters of said fiscal year.”

The school department’s allotment may not be greater than 20 percent for the first quarter and 30 percent in each of the remaining three quarters. Allotments for city and county agencies may not exceed 30 percent for first or second quarters or be less than 21 percent for the third and fourth quarters.

In addition, “whenever the city auditor determines that any department or agency, including the school department, will exhaust or has exhausted its quarterly allotment and any amounts unexpended in previous quarters, he shall give notice in writing to such effect to the department head, the mayor and the city clerk, who shall transmit the same to city council.

“The mayor, within seven days after receiving such notice, shall determine whether to waive or enforce such allotment. If the allotment is waived or not

enforced the department or agency head shall reduce the subsequent quarter's allotments appropriately and the director of administrative services, within seven days, shall state in writing to the city council and the city clerk what reductions in each subsequent quarter's allotment will be taken or what reallocations or transfers will be made to support the spending level in each subsequent quarter's allotment. If the allotment for such quarter is enforced and not waived, thereafter the department shall terminate all personnel expenses for the remainder of such quarter.

No personal expenses earned or accrued, within any department, shall be charged to or paid from such department's or agency's allotment of a subsequent quarter without approval by the mayor, except for subsequently determined retroactive compensation adjustments.

"Approval of a payroll for payment of wages, or salaries or other personnel expenses which would result in an expenditure in excess of the allotment shall be a violation by the department or agency head.

"To insure that the overall city and county spending program remains in balance, the mayor may reallocate no more than three million dollars of non-personnel appropriations other than school appropriations during a fiscal year to other departmental purposes provided that in no department from which appropriations have been reallocated in accordance with this section shall any transfers be made from personal services to non-personal services, except with the approval of a two-thirds vote of city council, if such transfer would require the layoff of departmental personnel, who have been permanently appointed to a position in the department.

"No reallocation may be made under this section after April fifteenth in any fiscal year.

"A list of each reallocation made by the mayor shall be transmitted to the city council and the city clerk by the city auditor by April thirtieth in any fiscal year. In each case, the report shall state the accounts from which the transferred funds were taken and the accounts to which the funds were reallocated, and the reasons therefore."

### **Transfer of Appropriations**

Section 23 of Chapter 190 of the Acts of 1982, as amended by Section 3 of Chapter 701 of the Acts of 1986, states that "after an appropriation of money has been made...no transfer of any part of the money thus appropriated, between such department or office and another department or office, shall be made, except in accordance with and after the written recommendation of the mayor to the city council, approved by a vote of two-thirds of all the members of the city council, provided that the city auditor, with the approval in each instance of the mayor, may make transfers, other than for personal services, from any item to any other item within the appropriations for a department, division of a department or county office.

"After the close of the fiscal year, the city auditor may, with the approval of the mayor in each instance, apply any income, taxes and funds not disposed of and make transfers from any appropriation to any other appropriation for the purpose only of closing the accounts of such fiscal year, provided further that the city auditor within seventy days after the close of the fiscal year, shall transmit to city council and the city clerk a report listing what income, taxes, or funds were applied and what transfers were made and the reasons therefore."

### **Penalty for Overspending Budget**

Section 17 of Chapter 190 of the Acts of 1982 (Tregor) states that "no official of the city or county except in the case of extreme

emergency involving the health and safety of the people or their property, shall expend intentionally in any fiscal year any sum in excess of the appropriations duly made in accordance with law, nor involve the city in any contract for the future payment of money in excess of such appropriations...

“Any official who violates the provisions of this section shall be personally liable to the city for any amounts expended intentionally in excess of an appropriation to the extent the city does not recover such amounts from the person to whom paid...”

### **Appropriation Restrictions**

Section 10 of Chapter 701 of the Acts of 1986, requires that “the mayor and city council shall appropriate for the hospitalization and insurance account an amount not less than the average of the past three years actual expenditures from those accounts. The city auditor shall certify, in writing to the board of assessors that adequate funds are provided in the operating budget for existing collective bargaining contracts...”

Restrictions on the Use of Proceeds from the Disposition Of Surplus Property - Section 24 of Chapter 190 of the Acts of 1982, as amended by Section 4 of Chapter 701 of the Acts of 1986, requires that “proceeds from the disposition of any surplus property shall be deposited in a separate fund which shall be known as the Surplus Property Disposition Fund, and shall be used only as follows: (1) the amount equivalent to the debt incurred, and interest paid or payable thereon, as a result of the acquisition or improvement from time to time of the property shall be used only for purposes for which the city is authorized to incur debt for a period of ten years or more and (2) all proceeds in excess of such amount shall be credited to the capital fund of the city unless the city council by a majority vote determines with

the approval of the mayor to credit such proceeds to the general fund of the city.”

### **Duties of Supervisor of Budgets**

City of Boston Code Ordinance 5, section 5 states that “the supervisor of budgets shall, under the direction of the mayor and in consultation with the director of administrative services, prepare in segregated form the annual and all supplementary budgets and shall report to the mayor on all subsequent revisions of the items in any budget.

“The supervisor of budgets shall also prepare all transfer orders.

“The supervisor of budgets shall further prepare the form of estimate sheets to be used by each officer, board and department, and each division of a department for which the city appropriates money, and the form of monthly report of such officer, board and department, and each division thereof, showing expenditures to date of all appropriations by item.

“The supervisor of budgets shall, in addition, have the powers and perform the duties conferred or imposed on the budget commissioner by any statute other than Section 56 of Chapter 35 of the General Laws.”

### **Convention Center Legislation**

Chapter 152 of the Acts of 1997, the Convention Center Legislation, authorized the development and construction of a convention center in Boston.

Under this legislation and through the joint efforts of the Boston Redevelopment Authority (BRA) d/b/a Boston Planning and Development Agency) and Massachusetts Convention Center Authority (MCCA), the new Boston Convention and Exhibition Center (BCEC) has been developed and constructed on a 60-acre site in South Boston. The facility, which opened in June 2004, includes 516,000 square feet of

contiguous exhibition space, has made Boston a major competitor for larger international and national convention and exhibition business.

The City's share of the BCEC development expense was \$181 million for site acquisition and preparation. (The Commonwealth paid for all of construction, and for a small portion of site acquisition and preparation.) The city's BCEC expense was financed by means of dedicated revenue sources. On April 1, 2011, the city's BCEC related long-term debt was restructured. The remaining principal for the prior bonds was paid down by a combination of available cash in the convention center fund and new general obligation debt (\$38.295 million) at a lower interest rate. The impact on annual debt service was significant: an annual savings of approximately \$5 million per year through FY27. In October 2019, the City refunded \$17.46 million of the remaining principal and achieved net present value debt service savings of \$799,600.

### **Contracting Procedures**

Chapter 196 of the Acts of 2011, as amended, brought the City's bid requirements in line with Chapter 30B of the General Laws. It requires that documents are in writing and have approval of the mayor. Following passage of Chapter 218 of the Acts of 2016, An Act Modernizing Finance and Government, current procurement thresholds for goods and services were increased. The City has elected to implement the increase to its current Chapter 30B threshold requirement for competitive sealed bidding and competitive sealed proposals from \$35 thousand to \$50 thousand in FY17. In 2022 the Governor signed into laws Chapter 198, An Act Relative to School Operational Efficiency, increasing the current threshold requirement for competitive sealed bidding and competitive sealed proposals to \$100 thousand for school districts only.

### **Pension Funding COLAs**

The annual Cost of Living Adjustment (COLA) pension increase for retirees is set each year at the Consumer Price Index (CPI) or an amount up to, but not greater than 3% on the first \$15,000 also known as the COLA base of a retiree's annual payment

To aid municipalities dealing with property tax reduction due to Proposition 2 ½ in the early 1980s, the state began assuming the cost for local pension COLAs starting in 1981. However, during the FY97 state budget process, the state decided it would not fund local pension COLAs in future years. Local systems, including the Boston Retirement System, have had to pay for retiree COLAs since FY99. The state, however, still remains obligated to pay for outstanding pension costs related to local pension COLAs granted between FY81 and FY97 for former employees that retired prior to July 1, 1998. The number of these retirees with older COLA increases along with the state's funding obligation will diminish over time.

### **Boston Public Health Act of 1995**

The Boston Public Health Act of 1995 (Chapter 147) established a new, comprehensive health care system to meet the challenges of a rapidly changing health care environment. Chapter 147 abolished the Department of Health & Hospitals and established the Boston Public Health Commission (BPHC) in its place. With City Council approval, the legislation allowed the City to merge or consolidate the operations and assets of the hospitals with the Boston University Medical Center Hospital.

The law requires the City to set the budget equal to the amount, if any, by which the projected expenditures exceed revenues, the net cost of public health services. If there is a net cost of public health services, the budget is subject to mayoral review and

approval. The mayor may approve or reject and return the budget to the BPHC. If the budget is accepted, the mayor shall include the net cost of public health services in the City's annual budget and may submit supplementary appropriations as needed. The BPHC must adopt its budget no later than the second Wednesday in June.

### **An Act Transferring the Sheriffs of 2009**

Although Suffolk County remains as a legal entity in state law the passage of Chapter 61 of the Acts of 2009, "An Act Transferring Sheriffs to the Commonwealth", as amended by Chapter 102 of the Acts of 2009, "An Act Relative to Sheriffs", and again amended by section 39 of Chapter 166 of the Acts of 2009, "An Act Establishing Fiscal Stability Measures for Fiscal Year 2010", completes the transfer of the offices and functions of Suffolk County to the Commonwealth.

Chapter 61 transfers the offices, responsibilities and duties of Barnstable, Bristol, Dukes, Nantucket, Norfolk, Plymouth and Suffolk County sheriffs to the Commonwealth. These were the remaining sheriffs not yet transferred previously to the Commonwealth. The Act includes provisions for transfer of county employees, properties, disposition of current lawsuits and reallocation of the Deeds Excise Tax. It provides that retired employees shall remain members of the county retirement system and in the case of Suffolk County the Boston Retirement System and the City of Boston shall be assessed by the State for the remainder of the amortization of the unfunded portion of this liability. In accordance with the BRS January 1, 2020 valuation, that annual amount shall be \$2.898M for the years through FY 2027. Active employees have been transferred to the state retirement system along with their annuity saving funds. Their pension liability is now a liability of the state retirement system.

### **An Act Related to the Funding of Boston Teacher's Pensions**

Chapter 112 of the Acts of 2010 provides for a change to the funding mechanism for Boston Teacher's Pensions. Sections 7 through 18, 48 and 50 adjust sections of Chapter 32 with regard to the City of Boston's role in the funding and reimbursement by the Commonwealth of Teacher's Pension liability. Those sections of Chapter 112 remove the City as a "middleman" and establish a relationship directly between the Commonwealth and the Boston Retirement System (BRS) Board for the financing of Boston teacher pensions. Consequently, the City will no longer show a revenue reimbursement for this item, and its annual pension funding cost will be significantly downsized. Meanwhile, Boston teacher's pension assets are to be managed by the state. However, the administration of Boston teachers' contributions and pension payments, as well as their membership, will remain with the BRS.

### **Local Option Meals Tax of 2009**

In August 2009, effective October 1, 2009, the City adopted a local option offered under sections 60 and 156 of Chapter 27 of the Acts of 2009 to accept the provisions of Massachusetts General Laws Chapter 64L section 2(a) which allows municipalities to increase the excise tax on meals sold locally by .75% in addition to the state excise tax of 6.25% on the same purchase. The revenue generated by the .75% local tax and collected by the State's Department of Revenue is returned to the municipality of sale origin.

### **An Act Relative to Municipal Health Insurance**

Governor Patrick signed Chapter 69, An Act Relative to Municipal Health Insurance, on July 12, 2011. The Act allows cities and towns to either make health insurance plan design changes or transfer into the State's Group

Insurance Commission (GIC). The Act lays out between a municipality and public employee committee strict notice, negotiations, and plan saving requirements. Chapter 69 allows cities and towns to include changes to copayments, deductibles, tiered provider network copayments, and other cost-sharing features up to the dollar amounts of those same or similar features in the most enrolled GIC plan for their proposed plan design changes. It also allows cities and towns to transfer to the GIC if savings for the first year is 5% or more than those achievable under planned design. The Act is clear it is not a vehicle for contribution ratio changes. The Act also requires that all eligible retirees be enrolled in a Medicare health plan.

### **Municipal Modernization Act**

Chapter 218 of the Acts of 2016, An Act Modernizing Finance and Government, was approved on August 9, 2016, building upon previous acts that increased flexibility for municipalities. The Act eliminates and updates obsolete laws, promotes local independence where possible, and provides municipalities' greater flexibility to do their day-to-day jobs.

Since the enactment of the Municipal Modernization Act, Boston has moved forward on several reforms. The City established a default speed limit of 25 miles per hour, enacted an ordinance that will authorize its revolving funds, increased the residential property tax exemption to 35%, the maximum rate established under the Act (in concert with the provisions of Chapter 326 of the Acts of 2016), and increased the current goods and services procurement thresholds under Chapter 30B. In 2017, the City implemented a single overlay reserve. In addition, the Act streamlined and consolidated the clauses in Chapter 44 Section 7 and Section 8 that detail the purposes for which municipalities may borrow.

### **Departmental Revolving Funds**

In accordance with amendments made to the statute governing revolving funds in the 2016 Municipal Modernization Act the City in 2017 authorized and established departmental revolving funds for use by City departments, boards, committees, agencies or officers in connection with the operation of programs or activities that generate fees, charges or other receipts to support all or some of the expenses of these programs or activities. No appropriation is required to expend money from a fund but City Council approval is required to establish an amount that can be spent from the funds before July 1<sup>st</sup> of year one and requires that interest credited to revolving fund be deposited in the general fund. Funds established include: Public Art Revolving Fund, Strand Theatre Total Revolving Fund, City Hall Child Care Revolving Fund, Boston Public School (BPS) Transportation Revolving Fund, BPS Facilities Revolving Fund, BPS Technology Revolving Fund, Solar Renewable Energy Certificates Revolving Fund, Third Party Property Damages Revolving Fund, City Hall Plaza Rent Revolving Fund, Police Academy Revolving Fund, Canine Revolving Fund, Fitness Center Operations Revolving Fund and the Environment Conservation Commission Revolving Fund.

### **An Act to Ensure Safe Access to Medical and Adult-use of Marijuana**

On July 28, 2017 the State enacted An Act to Ensure Safe Access to Medical and Adult-use of Marijuana in the Commonwealth. The Act was a complete and comprehensive rewrite of both the 2016 initiative petition that legalized recreational marijuana and the 2012 initiative petition that legalized medical marijuana.

The legislation includes an increase in the total tax on recreational marijuana purchases to a maximum of 20% (including 6.25% in sales tax, 10.75% in marijuana

excise tax and 3% in local sales tax), up from a maximum of 12% (combined sales tax and marijuana tax), that was approved in the recreational marijuana ballot law. The legislation also merges oversight of the recreational and medical marijuana industries into a five-person Cannabis Control Commission and details the rights of adults 21 and older to grow, buy, possess, and use limited quantities of marijuana. It establishes that in order to ban or severely limit recreational marijuana establishments in a city or town that voted 'yes' on the ballot initiative a voter referendum is required but in cities and towns that voted 'no' local elected officials can make that decision. In addition the Act also details that a host community agreement can include a community impact fee for the host community that shall be reasonably related to the costs imposed upon a community by operation of a marijuana establishment or treatment center and shall not amount to more than 3% of the gross sales of the marijuana establishment or treatment center and will be effective no longer than five years.

### **Establishing Equitable Regulation of the Cannabis Industry in the City of Boston**

In order to ensure that communities disproportionately impacted by the prohibition on cannabis are able to benefit from this new emerging industry the City of Boston enacted an ordinance in November 2019 to ensure equity in the City of Boston's cannabis industry. It provides that there will be an equal or greater number of equity licensees to non-equity licensees. Equity designation will only be given to license applicants with 51% of its ownership meeting at least three criteria including among others place of residence in a disproportionately impacted community, a marijuana arrest or conviction between 1971 and 2016, an annual household income at or below 100% of the area median income. The ordinance, also, establishes a Boston

Cannabis Equity Program to provide services to equity applicants and establishes the Boston Cannabis Board which oversees designation of applicants as equity license applicants.

In August 2021, the City of Boston enacted an ordinance amending the Ordinance Establishing Equitable Regulation of the Cannabis Industry in the City of Boston. It adds and expands the criteria that allows applicants for a cannabis license to meet equity applicant status, further quantifies the minimum number of equity licenses, sets out additional application requirement for applicants located with a half mile of a licensed retail marijuana establishment, amends application evaluation criteria for applicants who received conditional approval for a cannabis license and provides for future changes in the zoning code.

### **An Act Relative to Equity in the Cannabis Industry**

On August 11, 2022 the Governor approved Chapter 180 of the Acts of 2022 strengthening the Cannabis Control Commission's oversight and regulatory authority over host community agreements. The Act reaffirms the three percent (of gross sales) cap on community impact fees and extends their duration to no more than eight years. The Act, also, provides that one percent of sales tax revenue from social equity marijuana businesses be directed back to municipalities to bolster municipal support for social equity marijuana businesses. Further, the Act provides for an opportunity through local initiative or ordinance for cities and towns to allow marijuana to be consumed on premises of marijuana retail businesses.

### **An Act Regulating Transportation Network Companies**

An Act was approved in August of 2016 that establishes oversight and regulates

transportation network companies. As part of its oversight it establishes a Transportation Infrastructure Enhancement Fund. Annually each transportation network company is required to submit a per-ride assessment of \$.20 based on number of rides in previous year. Half of the assessment will be proportionately distributed to cities and towns based on the number of rides that originated within the city or town with the funding used to address the impact of the transportation network services on municipal roads, bridges and other transportation infrastructure. The fee will be discontinued as of January 1, 2027.

### **Establishing the Regulation of Shared Mobility Businesses**

In March 2019 an ordinance establishing the City of Boston Transportation Department's authority to license and regulate shared mobility businesses was enacted. Vehicle sharing businesses make available to pre-approved members a network of vehicles in exchange for hourly, daily or weekly rate. The ordinance provides oversight of businesses, who offer ten or more small vehicles, such as electric scooters, for rent or delivery service on a self-service basis. It establishes a five hundred dollar fee for license or renewal for the operation of a small vehicle sharing business and gives the Boston Transportation Department authority to regulate including revoking or suspending the license for such business. The ordinance, also, establishes a Small Vehicle Sharing Business Advisory Committee. It, further, provides the Boston Transportation Department the authority to permit and issue regulations for vehicle sharing businesses.

### **Community Preservation Act**

Boston voters approved the adoption of the Community Preservation Act (CPA) on November 8, 2016. Almost one year later

the Boston City Council on August 2, 2017 voted to create a Community Preservation Act Committee to make recommendations on preservation needs and use of the funds generated by the CPA's 1% surcharge on residential and business property taxes.

The Committee produces a Community Preservation Plan and makes recommendations to the Mayor for transmittal to City Council for the acquisition, creation, preservation, rehabilitation, restoration and support of open space, historic resources, affordable housing, recreation land, and community housing with CPA funding supplementing not supplanting existing operating funds.

To further support the Community Preservation Act, the State enacted in Chapter 41 of the Acts of 2019 an increase in the surcharge for registering deeds and municipal liens that would be directed to the State's Community Preservation Trust Fund.

### **An Act Regulating and Insuring Short Term Rentals**

On December 28, 2018 the State enacted the Act Regulating and Insuring Short Term Rentals. The Act regulates and taxes short term rental (rentals for thirty-one or less days). It expands the State hotel and motel excise to include short term rentals including those rented through rental platforms. The Act subjects the rentals to the state hotel/motel excise of 5.7%, local excise by local option of up to 6.5%, a 2.75% excise for the Cape and Islands Water Protection Fund, a 2.75% Convention Center Fee (for transfers in Boston, Worcester, Cambridge, Springfield, West Springfield and Chicopee) and up to a 3% community impact fee on professionally managed units and units in two- or three-family houses with 35% of this fee dedicated to affordable housing or local infrastructure needs. The Act provides for a statewide registry, insurance requirements for the rental units and

inspections by cities and towns. Rental booking made after January 1, 2019 are subject to the tax and the law becomes effective July 1, 2019.

### **An Act Relative to Educational Opportunity for Students**

An Act Relative to Educational Opportunity for Students, known as the Student Opportunity Act, was enacted on November 26, 2019. The Act updates the Education Reform Act of 1993 bringing much needed reform to the education funding formula, increasing state support for education reforms by an estimated \$1.5 billion over seven years and establishes a way forward to close the student achievement gap. The Act provides for a historic update of the Chapter 70 formula based on the 2015 recommendations of the Foundation Budget Review Commission with updates to the formulaic calculation of in-district special education enrollment and increases in foundation budget rates for: out-of-district special education, benefits, guidance, low income and English language learners, establishes a Twenty-first Century Trust Fund to provide support to districts in closing the achievement gap, requires evidence-based three year district improvement plans to address disparities in achievements among subgroups, establishes a data advisory commission charged with collecting, analyzing and reporting data on student preparedness, establishes a goal of fully funding charter school reimbursement by FY2023, expands circuit breaker reimbursable claims and establishes a schedule for full reimbursement (75%) for the expanded claims by FY2024, increases funding for school building assistance to \$800 million and provides for policy studies on local contribution, rural schools, counting low income students, recovery high school per pupil costs and the school building assistance program expenses and reimbursement rates. Implementation of the Student Opportunity Act was delayed

one year because of the financial uncertainty surrounding the Covid-19 pandemic but full implementation of the foundation budget rate increases is on schedule to be fully met by FY2027. The FY 2023 State Budget fully funds years two and three of charter school tuition reimbursement meeting the Student Opportunity Acts full funding schedule. The FY 2023 State Budget also funds years two and three of the four year full funding schedule for circuit breaker reimbursement bringing funding in line with the Student Opportunity Act's goals.

### **Covid-19 Pandemic**

Twenty-six Acts were passed by the Massachusetts Legislature and signed into law by Governor Baker between March 10<sup>th</sup> 2020 when he declared a state of emergency to support the commonwealth's response to the coronavirus and the end of 2021.

The twenty-six bills passed provide support to cities and towns as well as residents to better address the impact of Covid-19 and the effect of the state of emergency.

Governor Baker, also, signed sixty-nine executive orders providing regulation for the state, municipalities, businesses and residents during the Covid-19 pandemic. In addition the Massachusetts Department of Public Health has issued orders and guidance for congregate care, labs, hospitals, health care delivery, health care workforce, pharmacies and groceries.

On June 15, 2021 the Governor lifted the State of Emergency and all emergency and Public Health Orders currently in effect and issued pursuant to the Covid-19 emergency terminated. The Governor reissued Modified Public Health Emergency Orders under the authority of the public health statutes which are still in place. The Department of Public Health reissued the fourteen public health orders pursuant to Governor Baker's Modified Public Health

Emergency and subsequently issued an additional twenty five orders through March 2022.

On April 1, 2022 the Governor approved an extension of the continued sale of wine, beer and mixed drinks for off premises consumption and for delivery of the same for off-premise consumption , as well as local authorization for outdoor table service (until April 1, 2023), and certain housing protections for tenants (until March 31, 2023). On June 22, 2022 the Governor signed Chapter 92 of the Acts of 2022 into law making permanent a measure established during the state of emergency that provides that qualified voters can vote early and by mail for all state and local elections. On July 16, 2022 the Governor signed Chapter 107 of the Acts of 2022 into law allowing for an extension of remote and reduced quorum town meetings until January 1, 2025.

### **Classification of City Debt**

Pursuant to the Bond Procedure Act of 1983, all indebtedness of the City, other than certain special obligation bonds, constitutes general obligation indebtedness of the City for which its full faith and credit are pledged and for the payment of which all taxable property in the City is subject to ad valorem taxation without limit as to rate or amount. Pursuant to the 1982 Funding Loan Act and the Bond Procedure Act of 1983, general obligation bonds of the City may also be secured by a pledge of specific City revenues pursuant to covenants or other arrangements established under a trust or other security agreement.

Special obligation bonds of the City may be issued and be payable from and secured solely by a pledge of specific revenues derived from a revenue-producing facility of the City. Indebtedness of the City may also be classified by the nature of the City's obligation for the payment of debt service, depending on whether such debt is a direct obligation of the City or is an obligation of

another governmental entity for the payment that the City is indirectly obligated.

### **Direct Debt**

Direct debt of the City consists principally of the City's outstanding general obligation bonds for which the City's full faith and credit are pledged and for the payment of which all taxable property in the City is subject to ad valorem taxation without limit as to rate or amount.

The City's direct indebtedness does not include special obligation debt which may be secured solely by a pledge of specific revenues derived from a revenue-producing facility of the City or for which the payment of which the City's obligation is subject to annual appropriation. As of the current date, the City has no Special Obligation debt.

### **Secured Indebtedness**

In addition to authorizing the City to secure its indebtedness with letters of credit, the Funding Loan Act of 1982, and the Bond Procedure Act of 1983, empower the City to secure any of its indebtedness issued under any general or special law by a pledge of all or any part of any revenues that the City received from or on account of the exercise of its powers. Examples include taxes (such as real property taxes), fees payable to or for the account of the City, and receipts, distributions, and reimbursements held or to be received by the City from the Commonwealth that are not restricted by law for specific purposes. Currently, the City does not have any outstanding bonds secured by such a pledge. The City, however, reserves the right in the future to issue bonds, notes or other obligations secured by various revenues of the City or by letters of credit.

### **Bond Procedure Act of 1983**

In 1983, the City Council passed and the Mayor signed a home rule petition to the

state legislature that enacted Chapter 643 of the Acts of 1983 of the Commonwealth. This act, formally entitled the City of Boston Bond and Minibond Procedure Act of 1983, is referred to as the Bond Procedure Act of 1983. In 1984, the legislation modified various procedural restrictions related to the City's issuance of indebtedness. Such modifications provide, among other things, more flexible schedules for repaying debt principal, the issuance of variable rate bonds, term bonds and bonds redeemable at the option of the bondholder, and authorization for the sale of bonds at a discount. The legislation also provides the City with the authority to issue bonds in an amount up to \$5 million in any one fiscal year and notes in an amount outstanding at one time of up to five percent of the prior year's property tax levy. Each bond and note is issued in a denomination less than \$5,000 (known as minibonds and mininotes). In addition, the legislation authorizes the issuance of refunding bonds and grant anticipation notes, as well as restating the investment powers of the City and the extent to which city bonds are legal investments for certain entities.

The Bond Procedure Act of 1983 also reaffirms provisions of state law, indirectly affected by Proposition 2 ½. This law requires that the City's annual tax levy must include the debt and interest charges that are not otherwise provided for as well as all general obligation indebtedness of the City regardless of the date of issue.

In addition to modifications to the procedures related to the City's general obligation indebtedness, the legislation authorizes the City to finance revenue-producing facilities with special obligation bonds payable from and secured solely by a pledge of facility revenues. Under this act, the City may also issue general obligation bonds secured by the pledge of specific city revenues and finance projects that otherwise could be financed by bonds,

lease, lease-purchase or sale-leaseback agreements. The Bond Procedure Act of 1983 was amended in August 1991 to provide, among other things, for increased flexibility in establishing debt principal amortization schedules.

### **Authorization of Direct Debt; Debt Limits**

All direct debt of the City requires the authorization of the city council and approval of the mayor. If the mayor should veto a loan order passed by the city council, the charter of the City provides that the loan order is void and may not be passed over the mayor's veto. Authorization of bonds under a loan order of the city council includes, unless otherwise provided in the loan order, the authorization to issue temporary notes in anticipation of such bonds. Under the Bond Procedure Act of 1983, temporary notes in anticipation of bonds, including any renewals thereof, must mature within two years of their issue dates.

The laws of the Commonwealth provide for a statutory debt limit for the City consisting of a debt limit and a double debt limit. The debt limit is 5.0 percent of the assessed valuation of taxable property in the City as last equalized by the state Department of Revenue and the double debt limit is 10.0 percent. The most recent Equalized Valuation ("EQV") of taxable property in the City approved on January 20, 2021 for use until January 30, 2023 or until a new EQV is established by the state legislature, stands at \$203.89 billion. Based on the current EQV, the City's debt limit is \$10.19 billion and its double debt limit equals \$20.389 billion. The City may authorize debt up to its debt limit without state approval. The City may authorize debt over the debt limit up to the double debt limit with the approval of a state board composed of the State Treasurer and Receiver General, the State Auditor, the Attorney General and the Director of Accounts, or their designees. As

of March 1, 2022, the City had outstanding debt of \$1.12 billion subject to the debt limit, and authorized but unissued debt subject to the debt limit of \$1.99 billion. Based on the City's EQV at that time, the City had capacity to authorize an additional \$7.05 billion of debt. There are many categories of general obligation debt exempt from the general debt limit (although authorization of such debt is subject to various specific debt limits, specific dollar limitations or state approval). Among others, these exempt categories include temporary loans in anticipation of current and in anticipation of reimbursements or other governmental aid, emergency loans, loans exempted by special laws, certain school bonds, and bonds for housing and urban and industrial development. The latter bonds are subject to special debt limits ranging from 5.0% to 10.0% of equalized valuation depending on purpose. On March 1, 2022 the City had \$89.1 million in outstanding debt exempt from the general debt limit and \$99 million in authorized but unissued debt exempt from the general debt limit.

### **Related Authorities and Agencies**

In addition to direct and indirect indebtedness of the City, the City and certain agencies and commissions related to the City are authorized by law to issue obligations that are solely a debt of the agency or commission issuing the obligations or are payable solely from revenues derived from projects financed by such debt. Except as described below, such obligations are not a debt of the City.

The Boston Public Health Commission is an independent corporate and political subdivision of the Commonwealth created in June 1996 as the successor to the City's Department of Health and Hospitals (DHH). Effective July 1, 1996, all powers and functions of DHH and THH (Trustees of Health & Hospitals) were transferred to the commission. In addition, the commission

assumed all assets and liabilities of the City allocated to DHH. At its inception, the Commission also assumed responsibility for paying the City an amount equal to current debt service on all outstanding general obligation bonds of the City issued for public health and hospital purposes. All obligations have been paid. The commission has also assumed responsibility for paying the debt service on the City's Special Obligation Refunding Bonds dated August 1, 2002 for Boston City Hospital (BCH), which were issued to refund bonds that first financed the project in 1993. On May 4, 2012, the City issued General Obligation Refunding Bonds to current-refund all of the outstanding BCH Special Obligation Bonds.

The Boston Water and Sewer Commission (BWSC) is an independent political and corporate subdivision of the Commonwealth created 1977. At its inception, BWSC assumed responsibility for the operation of the City's water and sewer systems and for paying to the City an amount equal to current debt service on all outstanding bonds the City issued for water and sewer purposes. All debt service for such bonds has been paid. The City is not obligated on bonds issued by the Commission.

The Economic Development and Industrial Corporation of Boston (EDIC) is a political and corporate entity of the Commonwealth led by a five member board who are also appointed as board members of the Boston Redevelopment Authority d/b/a as the Boston Planning and Development Agency (BPDA). EDIC has a variety of powers to assist industrial development projects in the City. EDIC is not authorized to issue debentures in excess of \$5 million secured solely by the credit and properties of EDIC and revenue bonds secured by revenues from the lease or sale of its projects. The City is also authorized to appropriate or borrow monies for EDIC development

projects within certain urban renewal debt limitations.

The BPDA is a public political and corporate body that combines the City's redevelopment and planning board authority with certain powers of the state Department of Community Affairs. The BPDA board consists of four members appointed by the Mayor, subject to confirmation by the City Council, and one member appointed by the Governor. The BPDA is an urban planning and economic development agency and is part of the Mayor's Planning Cabinet. Although the BPDA is authorized to issue revenue bonds and notes that are not City debts, the BPDA traditionally finances its projects through a combination of federal and state grants, proceeds of general obligation bonds issued by the City, and revenues from the lease or sale of land.

### **Major Debt Statutes and Borrowing Authority**

Chapter 188 of the Acts of 2010, the Municipal Relief Act, passed by the State on July 27, 2010, made several positive changes to the purposes for which cities, towns and districts may borrow as well as to the terms, debt service schedules, and special approvals related to such borrowings. The addition of several new purposes for which the City may borrow as well as extensions to certain useful life determinations gives the City added borrowing flexibility.

Chapter 44, Sections 7 and 8 of the Massachusetts General Laws permits cities and towns in the Commonwealth to incur debt within and outside the statutory limits of indebtedness described previously for various municipal purposes and identifies the maximum maturity period for each purpose. The purposes include, but are not limited to, the acquisition of interests in land or the acquisition of assets, or for the construction, reconstruction, rehabilitation, improvement, or extraordinary repair of public buildings,

facilities, assets, works or infrastructure, construction and/or reconstruction of water and sewer mains, improvements to parks and playgrounds, reconstruction and resurfacing of roads, and equipment acquisitions.

On July 31, 2003, the Municipal Relief Act, Chapter 46 of the Acts of 2003 passed. It amended section 7 of Chapter 44 of the General Laws so that the City would no longer be required to go to the state Emergency Finance Board for approval of debt incurred for remodeling, reconstruction, or extraordinary repairs to public buildings.

The Capital Improvements Act of 1966, as amended, permits the City of Boston to issue debt outside the debt limit for various municipal purposes, including new construction and renovation of existing facilities. The legislation provides a specific limit on the total amount of debt that may be issued under the statute.

Chapter 208 of the Acts of 2004 established the Massachusetts School Building Authority. The program is designed to assist cities and towns in building new schools or in renovating existing ones; however, the state's reimbursement methodology has been modified. Projects for which cities and towns are currently receiving reimbursement approved under the former school building assistance program managed by the Department of Elementary and Secondary Education will continue to receive annual payments. The City of Boston received its final payment under the former school building assistance program in 2020. Chapter 208 also provides for a pay-as-you go system paying cities and towns for school projects in installment grants during construction to save on interest costs.

# Budget Organization and Glossary of Terms

## INTRODUCTION

This chapter is a guide to the organization of Boston city government and the FY22 Operating Budget.

The City of Boston, incorporated as a town in 1630 and as a City in 1822, now exists under Chapter 486 of the Acts of 1909, and Chapter 452 of the Acts of 1948 of the Commonwealth which, as amended, constitute the City's Charter. The chief executive officer of the City is the Mayor. Mayor Michelle Wu assumed the role of Mayor in November 2021. Former Mayor Walsh was elected to serve his second four-year term, beginning in January 2018; on March 22, 2021, Mayor Walsh was confirmed as United States Secretary of Labor by the United States Senate and tendered his resignation as Mayor on the same day. Upon his resignation, City Council President Kim Janey assumed the role of Acting Mayor, and served in this capacity until the certification of Michelle Wu as the regularly elected Mayor in November 2021. In her capacity as Mayor, under the City Charter, Mayor Wu possesses the powers of mayor in matters not admitting of delay and may not make permanent appointments.

The Mayor has general supervision of and control over the City's boards, commissions, officers, and departments. The portion of the budget covering appropriations for all departments and operations of the City, except the School Department, is prepared under the direction of the Mayor.

The legislative body of the City is the Boston City Council, which consists of

thirteen members serving two-year terms. Four councilors are elected at-large and nine are elected from geographic districts. The City Council may enact ordinances and adopt orders that the Mayor may either approve or veto. Ordinances and orders, except orders for the borrowing or appropriation of money, may be enacted by the City Council over the Mayor's veto by a two-thirds vote. The City Council may reject or reduce a budget submitted to it by the Mayor, but may not increase it; in addition, beginning with the FY23 budget process, the City Council may also amend the budget submitted to it by the Mayor but cannot increase over the Mayor's proposal in total.

## ORGANIZATION OF CITY GOVERNMENT: THE MAYOR'S CABINET

The City of Boston operates under a cabinet form of government to recognize the major functional responsibilities of city government, to facilitate improvements in the conduct of the executive and administrative business of the City, and to eliminate duplication and waste.

The structure of the Mayor's cabinet is illustrated in the citywide organizational chart displayed on the next page. A description of the members of the Mayor's cabinet and the City departments for which each has authority follows.

### Mayor's Chief of Staff

The Mayor's Chief of Staff is a member of the Mayor's cabinet and has an advisory role over all operations of City government. The Chief of Staff is also charged with

supervising and directing the operations of the Mayor's office, including scheduling, security, press, and constituent services.

### **Mayor's Chief of Policy**

The Mayor's Chief of Policy is a member of the Mayor's cabinet and has an advisory role over all policy development across all departments of the City, with Intergovernmental Relations reporting direct to the Chief.

### **Operations**

The Chief of Operations is responsible for Property Management, the Public Facilities Department, and the Inspectional Services Department.

### **Corporation Counsel**

The Law Department provides professional legal services, including formal and informal opinions and advice to the Mayor, the City Council, the Boston School Committee, and other officials in matters relating to their official duties, and also represents all of the foregoing entities and individuals in litigation.

### **Communications**

The Chief Communication Officer oversees all press related activities and advises the Mayor on the City's overall communications strategy.

### **Equity & Inclusion**

The Chief of Equity oversees the Equity & Inclusion cabinet and leads efforts to embed equity in all city planning, operations and work. The cabinet includes the Office of Equity, Black Male Advancement, LGBTQ+ Advancement, Women's Advancement, Immigrant Advancement, Fair Housing and Equity, the Mayor's Office of Resilience and Racial Equity, Language & Communications Access, and the Human Rights Commission.

### **Office of Police Accountability & Transparency (OPAT)**

The Office of Police Accountability & Transparency (OPAT) provides a single point of public access to police accountability and community oversight. OPAT includes the Civilian Review Board, the Internal Affairs Oversight Panel, and the OPAT Commission, which has subpoena power to investigate misconduct.

### **Finance**

The Chief Financial Officer, who also serves as the Collector-Treasurer, oversees the City's financial resources, including Treasury, Assessing, Auditing, Budget, Participatory Budgeting, and Procurement.

### **People Operations**

The Chief People Officer supports and builds the capacity of the City's workforce, overseeing Human Resources, Labor Relations, and the Registry Division.

### **Education**

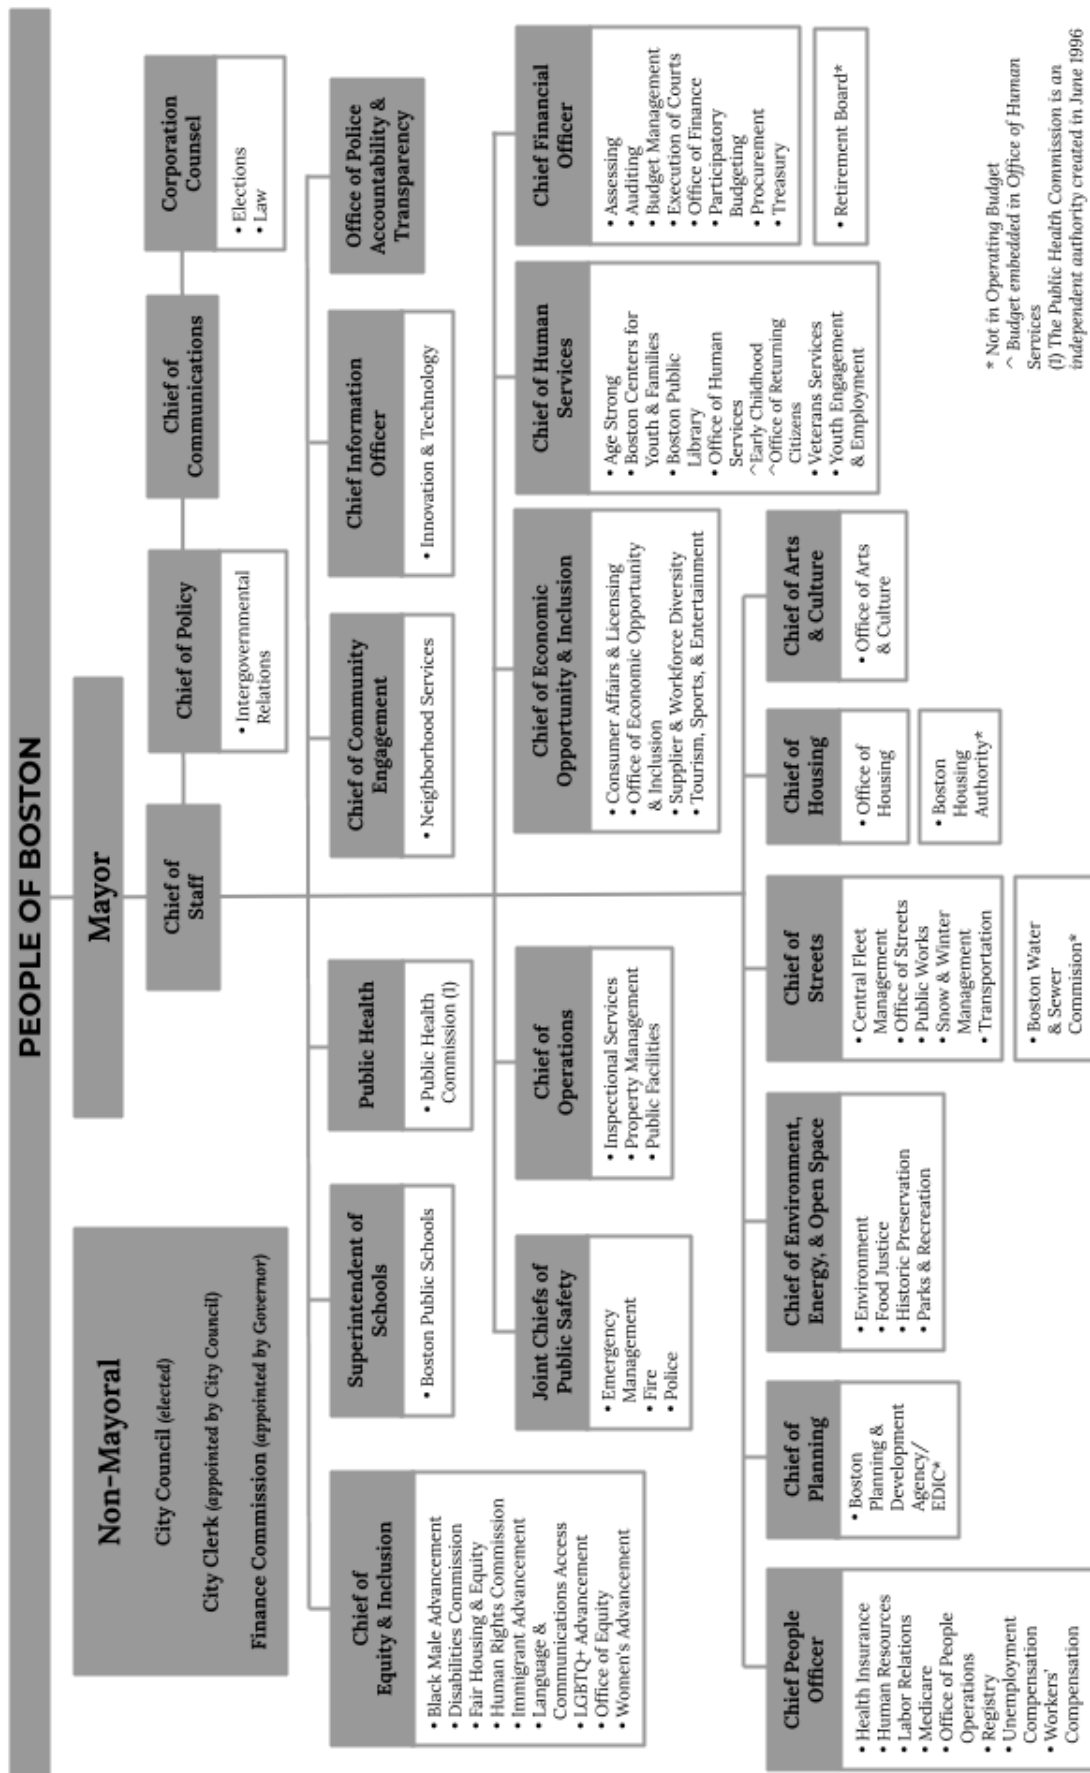

The Superintendent of the Boston Public Schools is appointed by the Boston School Committee and oversees all day-to-day operations as well as long term strategic planning.

### **Community Engagement**

This cabinet is comprised of the Mayor's Office of Neighborhood Services, including the neighborhood liaisons, Boston 311, and Office of Civic Organizing.

### **Information & Technology**

The Department of Innovation and Technology (DoIT) is responsible for supporting and expanding the use of enterprise-wide technology to improve the business of government and delivery of service.

\* Not in Operating Budget  
 ~ Budget embedded in Office of Human Services  
 (f) The Public Health Commission is an independent authority created in June 1996

## **Public Safety**

The Police and Fire Departments provide and promote public safety and protection services, firefighting, and fire prevention services. The Office of Emergency Management is responsible for facilitating communication and cooperation across cities and towns and managing state and federal funds designated for homeland security initiatives.

## **Human Services**

Human Services is responsible for providing human services and other support services for Boston's residents through its departments and programs: Boston Centers for Youth & Families, Youth Engagement & Employment, the Elderly Commission, Boston VETS, the Office of Early Childhood, the Boston Public Library, and the Commission for Persons with Disabilities.

## **Public Health**

The Boston Public Health Commission, including Emergency Medical Services, strives to protect, preserve, and promote the health and well-being of all Boston residents, particularly those who are most vulnerable.

## **Economic Opportunity and Inclusion**

The Economic Opportunity and Inclusion Cabinet is comprised of the Office of Economic Opportunity and Inclusion, Consumer Affairs & Licensing, Supplier and Workforce Diversity, and the Office of Tourism.

## **Planning**

The Boston Planning and Development Agency and the Economic Development and Industrial Corporation are both bodies politic and corporate and are responsible for economic development in the City.

## **Arts & Culture**

This cabinet is responsible for supporting and promoting the arts community in Boston and works with the Arts Commission and the Boston Cultural Council to bring the arts to the forefront of City life.

## **Environment, Energy & Open Space**

This cabinet is comprised of the Environment Department, the Parks & Recreation Department, the Office of Historic Preservation, and the Office of Food Justice. The Chief is responsible for environmental and energy policies for the City.

## **Housing**

The Mayor's Office of Housing, through its Office of Housing Stability, Boston Home Center, and array of other diverse programs, invests public resources strategically to strengthen and stabilize the City's neighborhoods.

## **Chief of Streets**

This cabinet includes the Public Works Department, the Transportation Department, Central Fleet Management, and Snow Removal, with a central goal of maintaining and improving Boston's public ways.

## **An All-Funds Budget**

The City of Boston presents a fully integrated budget - including capital, operating, and external funds - to show the total funding available to departments to fulfill their missions.

The operating budget funds personnel and non-personnel expenses to departments so that they may provide important city services. The capital budget funds new construction or renovations to existing city-owned facilities (e.g., police and fire

stations, school buildings), infrastructure improvements (e.g., roads, sidewalks, lights), and major equipment purchases such as fire-fighting apparatus. The external funds budget describes the projects and programs that will be undertaken in the next fiscal year with funding received from the state, federal, or other non-general fund sources.

## **ORGANIZATION OF THE BUDGET**

The City of Boston's program budget provides information related to City services and their associated costs. The operating and capital budgets present the recommended resource allocations in terms of personnel, facilities, goods, and services. The budget document also describes the services provided by each City department and the performance targets that have been set for FY23.

### **The Operating and Capital Budget Document: Organization of the Volumes**

Volume I contains information on the FY23 budget and the context in which it is prepared. Sections include:

- Mayoral Transmittal Letters
- Executive Summary
- Operating Budget
- Revenue Estimates and Analysis
- Education
- Capital Planning
- Boston's People and Economy
- Financial Management
- Statutes and Ordinances
- Budget Organization and Glossary
- City Council Orders

In Volumes II and III, cabinet and departmental budgets are presented by cabinet. The cabinet presentation includes cabinet mission and initiatives, followed by a table displaying total operating, external,

and capital budgets. The budget presents FY20 actual results through the FY23 budgets.

## **Departmental Operating Budgets**

Activities and services of the City are grouped into programs for budgeting and management purposes. The operating budget for each department is presented by program.

A "program" is defined as an organized group of activities directed toward attaining one or more related objectives, and the resources to execute them.

A program can consist of direct services to the public and neighborhoods of the City (e.g. police patrol or tree maintenance), or traditional city staff functions (e.g. administrative services or engineering and design).

Some City activities may not be defined as separate programs, even though they may be self-contained operations. For example, a fire station is not a separate program, although for accounting purposes it is a cost center within the Fire Department's Fire Suppression program.

Program budgets serve as the basic building blocks of the budget. There are three additional organizational levels above the program level in the budget. The three levels are:

- The Division Level for units within some departments.
- The Department Level, which includes departments, commissions, and other offices.
- The Cabinet Level, which includes functionally-related departments.

## **Description of Organization and Definition of Categories**

This section outlines the information reported within each department and program in the budget.

## Department or Division Level

*Department Mission:* The mission statement is a fundamental statement of purpose.

*Performance Goals:* These goals represent stated aims for which the department or division is held accountable.

*Description of Services:* The description of services provides a general overview of the department and its responsibilities, and lists examples of major services provided.

*Authorizing Statutes:* This section lists statutes and ordinances that create departments as well as endow them with legal powers.

*Operating Budget:* The operating budget presentation includes a table displaying total operating and external budgets by program beginning with FY19 actual expenses through the FY22 budget.

## Program Level

*Program Description:* This section presents a general overview of the program, including its responsibilities and major services provided.

*Program Goals:* Each program identifies the department goals related to the efforts of the program to further the department's mission.

*Performance Measures:* Performance measures demonstrate a program's progress in implementing the department's goals. Performance measures may gauge workload, effectiveness, efficiency, or productivity. Some performance measures also show the changing context in which programs are working.

## Financial Data

The financial data tables identify the major groups and expenditure account codes (for example, Personnel Services/Overtime, Supplies and Materials/Office Supplies), historical expenditures in each, and the proposed appropriations in each group and account in for a four year period.

Two financial data sheets are provided for the operating budget: Department History and Department Personnel.

## Department History

Expenditure account codes are listed within six expenditure groups. Dollar amounts are shown for:

- FY20 actual expenditures,
- FY21 actual expenditures,
- FY22 appropriations,
- FY23 appropriations, and
- The difference between the FY22 appropriation and the FY23 appropriation.

## Department Personnel Data

Personnel data shows funding for permanent positions, including existing and proposed positions. All permanent positions are listed by union and salary grade within the department or division. The total salary request is listed for these positions.

For each position shown, the following information is provided:

*Title:* The civil service/personnel system job title for the position.

*Union Code and Grade:* The union code (including exempt and CDH for department head) and code for the salary grade of the position.

*Position and Salary Requirement:* These columns show the number of permanent positions for which funding is available and the total funding provided for that title for the upcoming fiscal year.

*Total Funding:* The total funding for permanent employees, shown at the bottom right of the personnel sheet, reflects the amount of funding required to support personnel prior to adjustments. This figure may be adjusted by differential payments, other payments, chargebacks, and salary savings.

*Differential Payments:* Employees who are serving temporary job titles, or who are entitled to additional payments based on

the shifts they work (e.g., night shifts), receive differential payments. This figure is added to the permanent employee line.

*Other:* The permanent employee line contains other payments such as sick leave and vacation buybacks.

*Chargebacks:* Some personnel costs are charged to another fund or appropriation. These costs or reimbursements are included in the permanent employee line.

*Salary Savings:* This figure reflects savings due to vacancies. The amount is estimated based on experience in prior fiscal years and subtracted from the total salary requirements.

### **External Funds**

The financial data identify the major groups and expenditure account codes for external funds expenditures. Historical expenditures and the proposed appropriations in these accounts in are shown over a four year period. The personnel data show permanent positions, including existing and proposed positions, funded with external funds. All permanent positions are listed by union and grade within the department or division. The total salary request is listed for these positions by job title. The External Funds Projects page lists a description of each project's mission.

### **Capital Budget**

The capital budget section provides an overview of projects and major initiatives for departments charged with managing facilities and major equipment assets. Dollar amounts are shown for:

- FY20 actual capital expenditures,
- FY21 actual capital expenditures,
- FY22 estimated capital expenditures,
- FY23 projected capital expenditures

Following this overview are capital project profiles, including descriptions of each project mission, the department managing the project, the status and location of each project, and if there are operating budget

impacts. A table summarizes the total capital funds authorized for projected expenditures in FY23 and for future years, as well as whether the source is City authorization or other funding such as federal and state infrastructure grants or trust funds. A listing of actual and planned capital expenditures in comparison to authorized dollars is also provided.

## **GLOSSARY OF TERMS**

*Account:* A classification of appropriation by type of expenditure.

*Account Number:* The number by which the City Auditor categorizes an appropriation. For budget purposes, this is also known as appropriation code.

*Accrual Basis:* The basis of accounting under which transactions are recognized when they occur, regardless of the timing of related cash flows.

*Allotment:* The amount that can be expended quarterly for personnel as submitted to the City Auditor at the beginning of each fiscal year.

*Appropriation:* The legal authorization to expend funds during a specific period, usually one fiscal year. In the City of Boston, the City Council is the appropriating authority.

*CRF:* The Coronavirus Relief Fund (CRF) is CARES Act funding specifically for states,

tribal governments and units of local government from the United States Treasury.

**CRM:** The Constituent Relationship Management (CRM) system tracks citizen requests received through the Mayor's Hotline (311 Call Center), online self-service forms, the Citizens Connect mobile application, and direct department contacts.

**Debt:** Money owed to another party, such as a lender.

**Debt Limit:** The maximum amount of debt that a governmental unit may incur under constitutional, statutory, or charter requirements. The limitation is usually a percentage of assessed valuation and may be fixed upon either gross or net debt.

**Debt Outstanding:** The general obligation bonds that have been sold to cover the costs of the City's capital outlay expenditures from bond funds.

**Debt Service:** The annual amount of money necessary to pay the interest and principal on outstanding debt.

**Department:** A major service-providing entity of city government.

**Departmental Deficit:** A condition that exists when departmental expenditures exceed departmental appropriations.

**Departmental Income:** Income generated by a specific city department, usually as a result of user revenues applied for services rendered. Parking meter charges, building permit fees, and traffic fines are examples of departmental income.

**Depreciation:** The decrease in value of an asset over time.

**Division:** A budgeted sub-unit of a department.

**DNR:** Did not report.

**Encumbrance:** Funds set aside from an appropriation to pay a known future liability.

**ESSER II & III:** Elementary and Secondary School Emergency Relief; funding for

school districts allocated in the \$900 billion federal Coronavirus Response and Relief Supplemental Appropriations Act bill in 2020 and the \$1.9 trillion federal American Rescue Plan Act (ARPA) bill in 2021.

**Excise:** A tax applying to a specific industry or good. The jet fuel tax and the hotel/motel occupancy tax are examples of excises.

**Expenditure Account Code:** An expenditure classification according to the type of item purchased or service obtained, for example, emergency employees, communications, food supplies, and automotive equipment.

**Expenditure:** An actual payment for goods or services received.

**Expense/Debit Transfer:** The transfer of actual expenditures from one expenditure account code to another within or between departments.

**External Fund:** Money that is not generated from city general fund sources, but is received by an agency, such as grants or trusts.

**FEMA:** Federal Emergency Management Agency.

**Fiscal Year:** The twelve-month financial period used by the City beginning July 1 and ending June 30 of the following calendar year. The City's fiscal year is numbered according to the year in which it ends.

**Fixed Debt:** Long-term obligations other than bonds, such as judgments, mortgages, and long-term notes or certificates of indebtedness.

**Free Cash:** The amount of budgetary fund balance available for appropriation and certified by the MA Department of Revenue. Only considered to offset certain fixed costs or to fund extraordinary and non-recurring events.

**Full Faith and Credit:** A pledge of the general taxing powers for the payment of governmental obligations. Bonds carrying such pledges are usually referred to as general obligation or full faith and credit bonds.

*Full-time Equivalent Position (FTE):* A concept used to group together part-time positions into full-time units.

*Fund:* An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources with all related liabilities, obligations, reserves, and equities that are segregated for specific activities or objectives. Among the fund types used by the City are General, Special Revenue, Capital Projects, Trust, and Enterprise.

*GAAP:* Generally Accepted Accounting Principles. The basic principles of accounting and reporting applicable to state and local governments, including the use of the modified accrual or accrual basis of accounting, as appropriate, for measuring financial position and operating results. These principles must be observed to provide a basis of comparison for governmental units.

*General Fund:* The fund into which the general (non-earmarked) revenues of the municipality are deposited and from which money is appropriated to pay the general expenses of the municipality.

*General Obligation (G.O.) Bonds:* Bonds for whose payment, the full faith and credit of the issuer has been pledged. More commonly, but not necessarily, general obligation bonds are payable from property taxes and other general revenues.

*Goal:* A statement, in general terms, of a desired condition, state of affairs or situation. By establishing goals, departments can define their missions and the methods for achieving those goals.

*Governmental Fund:* A fund used in government accounting to support standard functions of a government.

*Grant Year:* The grant accounting period designated by the requirements of a specific grant.

*Headcount:* The actual number of full-time or full-time equivalent employees in a department at any given time.

*Interest:* Compensation paid or to be paid for the use of money, including interest payable at periodic intervals or discount at the time a loan is made.

*Interest Rate:* The interest payable, expressed as a percentage of the principal available for use during a specified period of time.

*K1 seats:* Kindergarten 1, the early childhood program for four-year olds.

*Line item:* See Expenditure Account Code.

*Massachusetts Water Pollution Abatement Trust (MWPAT):* A statewide revolving fund that commenced operations in 1990 to address necessary environmental actions outlined in the Federal Clean Water Act.

*Mayoral Reallocation:* A transfer of appropriations of up to \$3 million that may be authorized by the Mayor until April 15 in a given fiscal year to relieve departmental deficits or address unanticipated financial problems.

*Mission:* A general overview of the purposes and major activities of a department or program.

*Modified Accrual Basis:* The accrual basis of accounting adapted to the governmental fund type, wherein only current assets and current liabilities are generally reported on fund balance sheets and the fund operating statements present financial flow information (revenues and expenditures). Revenues are recognized when they become both measurable and available to finance expenditures of the current period. Expenditures are recognized when the related fund liability is incurred except for a few specific exceptions. All governmental funds and expendable trust funds are accounted for using the modified accrual basis of accounting.

*Official Statement:* The municipal equivalent of a bond prospectus.

*Operating Budget:* A legally adopted plan for anticipated expenditures for personnel, contractual services, supplies, current charges, and equipment in one fiscal year.

*Payments-In-Lieu-of-Taxes:* Income to replace the loss of tax revenue resulting from property exempted from taxation.

*Performance Measure:* An indicator of progress toward a strategy. Measures can be defined for identifying output, work or service quality, efficiency, effectiveness, and productivity.

*Principal:* The face amount of a bond, exclusive of accrued interest.

*Program:* An organized group of activities and the resources to execute them.

*Program Evaluation:* The process of comparing actual service levels achieved with promised levels of service with the purpose of improving the way a program operates.

*Proposition 2 1/2:* A statewide ballot initiative limiting the property tax levy in cities and towns in the Commonwealth to 2 1/2 percent of the full and fair cash valuation of the taxable real and personal property in that city or town. The statute also places an annual growth cap of 2 1/2 percent on the increase in the property tax levy, with exceptions for new growth.

*Proprietary Fund:* A fund used in government accounting to show activities that operate more like those of commercial enterprises.

*Quota:* The planned number of positions that can be filled by a department, subject to the availability of funds. The quota can refer either to specific titles or to the number of personnel in the entire department. The quota of positions may change by means of a budget amendment. The actual number of personnel working in a department at any given time may differ from the quota.

*Reimbursement Grant:* A federal or state grant that is paid to the City once a project is completed and inspected for conformance to the grant contract. The City must provide the full funding for the project until the reimbursement is received.

*Reserve Fund:* An appropriation for contingencies.

*Revenue:* Income received by the City.

*Salary Savings:* For budget purposes, savings that accrue due to employee turnover or unfilled budgeted positions in a department.

*SLA:* A Service Level Agreement (SLA) represents a department's stated expectation of the amount of time it will take to close out specific types of constituent service requests in CRM. The SLA can then be used as a standard of department performance.

*Special Appropriation:* An authorization to expend funds for a specific project not encompassed by normal operating categories.

*Special Revenue Fund:* Used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or sources for major capital projects) legally restricted to expenditures for specific purposes. A special revenue fund is accounted for in the same manner as a General Fund.

*STAT:* Statutory accounting and reporting adopted by a legislative body of a governmental entity. The method of recording and reporting actual expenditures and revenues within a plan of financial operations that establishes a basis for the control and evaluation of activities financed through the General Fund.

*State Distributions:* All City revenue flowing from the state. Major categories include educational distributions and reimbursements, direct education expenditures, general government reimbursements, and other distributions.

*Supplementary/Supplemental Appropriation:* An appropriation that is submitted to the City Council after the operating budget has been approved. Such appropriations must specify a revenue source.

*Tax Exempt Bonds:* Bonds exempt from federal income, state income, or state or local personal property taxes.

*TBR:* To be reported.

*Third Party Payment:* Medical payments, usually from an insurance carrier to a health care provider on behalf of an injured or infirm party.

*Trust Funds:* Funds held by the City in a fiduciary role, to be expended for the purposes specified by the donor.

*Unliquidated Reserve:* A fund established at year-end, used to pay for goods and services received this year, but not billed until next year.

CITY OF BOSTON

MAYOR MICHELLE WU

TO THE BOSTON CITY COUNCIL

Dear Councilors:

I respectfully return to your Honorable Body the City's Fiscal Year 2023 (FY23) Budget for the City of Boston. Thank you for your continued collaboration, starting with our joint budget listening sessions this past winter and through the robust public process this spring including over 30 hearings and working sessions. In this moment of urgency and opportunity for our city, our amended \$4 billion FY23 Operating Budget and \$3.6 billion FY23-FY27 Capital Plan sets a foundation for our future, connects our communities, and delivers on the details of city services across our neighborhoods. Through sound fiscal management, this budget is a roadmap for investing critical resources to build a more connected city for everyone.

This returned budget is responsive to the advocacy and legislative intent of the City Council, while recognizing the importance of fiscal stability. Many proposed amendments were accepted, though most at reduced amounts in recognition of existing resources or anticipated start-up timing. In partnership with the City Council, the returned budget includes enhanced funding for youth jobs, housing vouchers, neighborhood clean up, and valuable programming for historically underserved communities including immigrants, LGBTQ+ residents, and returning citizens. As required, the City Council's proposed additions to the budget were offset by reductions in other areas. While the City is pleased to be able to slightly increase the FY23 Operating Budget at this time due to net state aid revenue adjustments in the House budget passed this spring, that funding alone is not enough to accommodate the entirety of the Council's suggested additions, and it is still subject to the legislature's budget reconciliation process and final approval. After careful review, this returned budget partially accepts some suggested Council reductions that can be taken without harming city services or transparent budget practices.

I'm proud that the first budget of our administration comes in the first year of a new balance of budgetary power with the City Council, and we have reshaped this process to reflect direct community engagement and City Council collaboration from the very beginning. For the first time, public feedback guided budget drafting from the start as residents highlighted community needs and priorities through listening sessions co-hosted by City Councilors, a citywide survey in 12 languages, and direct engagement over the last three months. Our recommended budget reflects the clear call for transformative action to support our people, our neighborhoods, and our City services.

Even as Boston continues to absorb the impacts of a lingering pandemic, our City's fiscal health has paved the way for a strong public health response and citywide recovery. This spring, the City of Boston received AAA credit ratings for the eighth year in a row. These top credit ratings not only highlight solid financial management and policies embedding fiscal responsibility, but also secure the most favorable rates for our infrastructure investments to support equity, affordability, and resiliency in every neighborhood.

To maintain the City's strong fiscal health and to support honest, transparent dialogue with community members about how taxpayer dollars are put to use, we must be clear about planned expenditures. The City Council unanimously voted to present a proposed budget to the administration that would secure a collective \$10 million increase for various initiatives through a reduction to the Boston Police Department's overtime line item by that amount. As we are all aware, due to state laws that require payment of all public safety overtime hours worked—regardless of the size of a budgeted line item—this would set up the City to repeat the pattern over several years of overspending on this line item and dipping into needed reserves from other areas to cover that. Therefore, I cannot include a false reduction to the budget that would create unpredictability elsewhere. We will continue to work through leadership, organizational improvements, and collective bargaining to rein in overtime. However, in recognition of the unanimous advocacy and intent of the City Council, a total of \$1.2 million in reductions to the Police Department have been identified: \$1 million in the reduction to the Police Department's personnel line is retained as a reduction to the permanent employee line, which will delay the next recruit class by two months; and a \$200,000 reduction to the department's equipment line is included. Should net state revenues come in higher than currently budgeted over the next few months as the state budget is finalized, this will be a top priority to restore and accelerate our recruit class.

This returned budget also includes most of the City Council's proposed investments and our team has tremendous respect for the Council's advocacy and representation of communities across our neighborhoods. While the Mayor's Administration is charged with the executive and administrative duties of city government, the valued partnership with the Council is critical to ensure that City government meets the needs of our residents. Directives about how to staff or execute public work within a departmental budget category constitute executive action, which is reserved to the Mayor under the City Charter, and are not within the City Council's legislative authority to amend appropriations. Therefore, the intra-departmental transfers set forth in the appendix to the City Council's amended budget is a non-binding narrative of priorities that I cannot formally accept as appropriations. However, the intra-department portion of the appendix highlighted some key community priorities that our returned budget dedicates funding toward, such as arts grants and pest control.

Specific accepted and partially accepted amendments include the following.

- Accepted amendments at reduced amounts in recognition of existing resources or expected start-up timing: \$3.5 million for youth jobs (offset by grant funding), \$1.85 million for housing vouchers, \$500,000 for Main Streets technical assistance, \$544,000 for tree and urban wilds maintenance, \$482,000 for neighborhood clean-up (hokeys) and waste reduction positions, \$300,000 for Office of Returning Citizens, and \$200,000 for the Office of Black Male Advancement.

- Accepted amendments at full amounts proposed by City Council: \$250,000 for the Mayor's Office of Immigrant Advancement programming and events, \$150,000 for the Office of LGBTQ+ Advancement, additional positions to support the 311 system, increased burial assistance, a new position to expand capacity at the office of the City Clerk, Graffiti Busters grants to help small businesses restore their storefronts, programming for older adults, increased support for the Boston Groundwater Trust, and additional funding for City Council staffing.
- A total of \$1.5 million in partially accepted reductions that can be taken without harming city services or transparent budget practices: \$1 million in Police personnel line by delaying recruit class two months, \$200,000 from Police equipment line, and \$300,000 from the Fire Department equipment line.

The returned FY23 Operating Budget proposes a year-over-year increase of \$219 million or 5.8% over FY22, coordinated to target impact in key areas, including:

- Focusing on housing affordability, including creating and acquiring new affordable units, housing stability services, and an expanded voucher program. Over the next three years, new commitments in the Operating and Capital Budgets paired with federal recovery funds will infuse an unprecedented \$365 million into affordable housing, supportive services, and public housing preservation and creation.
- Moving fast on a Boston Green New Deal, with a greener City vehicle fleet, improvements for mobility and active transportation, the first citywide composting program, new leadership for food justice and urban agriculture, and investments in our tree canopy and open space.
- Investing in public safety grounded in public health, with a new Center for Behavioral Health to elevate mental health as a citywide priority, a coordinated crisis response program, specialized supports for older adults, and pathways for greater representation of Boston residents and people of color in public safety jobs.
- Accelerating an equitable economic recovery by more than doubling investments in our Main Streets districts to support our small businesses; creating an innovative Legacy Business Fund; funding the new Office of Contract Services that will help tie city contracting to wealth-building opportunities for BIPOC- and women-owned local businesses; expanding workforce development for immigrant professionals, young people, and city residents; and investing in neighborhood placemaking, arts, and culture.
- Amplifying all voices, with a major expansion of our language access capacity, investments in immigration legal services, wraparound supports for returning citizens, and resources to grow our new Office of Black Male Advancement and Office of LGBTQ+ Advancement.
- Empowering youth and families, with a significant commitment to the Boston Public Schools through \$40 million in Operating Budget growth paired with over \$100 million in federal ESSER funding to support students and school communities, strengthen academics, and improve facilities and operations; a new Office of Early Childhood; and funding for 6,000 youth summer jobs and 1,000 full-year jobs.

The operating budget works in concert with the City's proposed budget for allocation of \$349.5 million in unallocated federal resources from the American Rescue Plan Act (ARPA), intended to accelerate a Green New Deal for Boston. These funds represent a once-in-a-generation set of

transformational investments that will create lasting impact. I ask the City Council to act with urgency and put these resources to work for Boston residents.

Informed by community-driven visioning and guided by the urgency for bold change, our proposed investments include \$206 million for affordable housing and homeownership, \$34 million for economic opportunity and inclusion, \$31.5 million to advance climate resilience and improve mobility for all Bostonians, \$20 million to strengthen arts and culture in both downtown and our neighborhood communities, \$20 million to ensure an equitable response to the ongoing pandemic, \$18 million to support behavioral and mental health, \$15 million to focus on our early education and childcare system, and \$5 million for administration, evaluation and data transparency.

It will take time for the city's economy to fully regain its footing, and we are planning carefully around the uncertainty from viral variants, geopolitical events, and macroeconomic pressures. This fiscally responsible, balanced budget fully funds our long-term liabilities, such as pensions and debt service, enabling investment in the largest Capital Plan in our City's history. The Capital Plan supports capital projects across all our neighborhoods, from healthier schools and beautiful libraries, to safer streets, street trees, and dog parks.

As we continue to emerge from the pandemic, this budget points the way toward an equitable recovery and charts the course for our brightest future. Thank you for your many hours of analysis, community outreach, and thoughtful discussion. I look forward to the continued partnership of the City Council in this budget process and beyond. I respectfully request your favorable action on the FY23 Operating Budget, the FY23-FY27 Capital Plan and the ARPA orders.

Sincerely,

TO THE BOSTON CITY COUNCIL

Dear Councilors:

I transmit herewith my Fiscal Year 2023 (FY23) Recommended Budget for the City of Boston. In this moment of urgency and opportunity for our city, our \$3.99 billion FY23 Operating Budget and \$3.6 billion FY23-FY27 Capital Plan sets a foundation for our future, connects our communities, and delivers on the details of city services across our neighborhoods. Through sound fiscal management, this budget is a roadmap for investing critical resources to build a more connected city for everyone.

Even as Boston continues to absorb the impacts of a lingering pandemic, strong fiscal health has paved the way for a strong public health response and citywide recovery. Last month, the City of Boston received AAA credit ratings for the eighth year in a row. These top credit ratings not only highlight solid financial management and policies embedding fiscal responsibility, but also secure the most favorable rates for our infrastructure investments to support equity, affordability, and resiliency in every neighborhood.

I'm proud that the first budget of our administration comes in the first year of a new balance of budgetary power with the City Council, and we have reshaped this process to reflect direct community engagement from the very beginning. For the first time, public feedback guided budget drafting from the start as residents highlighted community needs and priorities through listening sessions co-hosted by City Councilors, a citywide survey in 12 languages, and direct engagement over the last three months. Our recommended budget reflects the clear call for transformative action to support our people, our neighborhoods, and our City services.

The Recommended FY23 Operating Budget proposes a year-over-year increase of \$216 million or 5.7% over FY22, coordinated to target impact in key areas, including:

- Focusing on housing affordability, including creating and acquiring new affordable units, housing stability services, and an expanded voucher program. Over the next three years, new commitments in the Operating and Capital Budgets paired with federal recovery funds will infuse an unprecedented \$365 million into affordable housing, supportive services, and public housing preservation and creation.

- Moving fast on a Boston Green New Deal, with a greener City vehicle fleet, improvements for mobility and active transportation, the first citywide composting program, new leadership for food justice and urban agriculture, and investments in our tree canopy and open space.
- Investing in public safety grounded in public health, with a new Center for Behavioral Health to elevate mental health as a citywide priority, a coordinated crisis response program, specialized supports for older adults, and pathways for greater representation of Boston residents and people of color in public safety jobs.
- Accelerating an equitable economic recovery by more than doubling investments in our Main Streets districts to support our small businesses; creating an innovative Legacy Business Fund; funding the new Office of Contract Services that will help tie city contracting to wealth-building opportunities for BIPOC- and women-owned local businesses; expanding workforce development for immigrant professionals, young people, and city residents; and investing in neighborhood placemaking, arts, and culture.
- Amplifying all voices, with a major expansion of our language access capacity, investments in immigration legal services, wraparound supports for returning citizens, and resources to grow our new Office of Black Male Advancement and Office of LGBTQ+ Advancement.
- Empowering youth and families, with a significant commitment to the Boston Public Schools through \$40 million in Operating Budget growth paired with over \$100 million in federal ESSER funding to support students and school communities, strengthen academics, and improve facilities and operations; a new Office of Early Childhood; and funding for 6,000 youth summer jobs and 1,000 full-year jobs.

To lay a foundation for the future, this operating budget works in concert with the federal resources of the American Rescue Plan Act (ARPA) to accelerate a Green New Deal for Boston. Of Boston's nearly \$560 million ARPA allocation, \$110 million has been previously earmarked for revenue replacement from FY22 to FY24 to support the City's annual operating budget and vital public services through the economic uncertainty of the pandemic. The City also previously appropriated \$90 million for an emergency relief package, financial support for small businesses, and a two-year fare-free bus pilot—leaving \$349.5 million for once-in-a-generation, transformational investments that must create lasting impact. Informed by community-driven visioning and guided by the urgency for bold change, our proposed investments include:

- \$206 million for housing stability, affordable homeownership and financial assistance to first-generation homebuyers, strategic acquisitions to combat displacement, and deeply-affordable housing creation on City-owned land; a nation-leading pilot to advance energy efficiency in triple deckers and other multi-family homes while maintaining affordability; and upgrades to public housing units across five sites for air quality, energy efficiency, and health;
- \$34 million for economic opportunity and inclusion, to grow BIPOC-owned businesses, further invest in our Main Street business districts, expand tuition-free community college and workforce training programs, and create a commercial rental rebate program to support small business recovery and build wealth in our neighborhoods;
- \$31.5 million for climate-focused investments, including expanding the Green Youth Jobs program, creating walking and biking infrastructure, growing and preserving our

urban tree canopy, strengthening our local food systems, and supporting electrification of the City vehicle and school bus fleet;

- \$20 million for transformative arts and culture investments that will facilitate placemaking and strengthen both downtown and our neighborhood communities;
- \$20 million to ensure an equitable response to the ongoing pandemic by support critical COVID-19 vaccination efforts, ongoing testing, community engagement, and continued collaboration with community-based organizations and community health centers;
- \$18 million to tackle behavioral health and substance use disorder challenges;
- \$15 million for investments in our early education and childcare system, including growing the early educator workforce and streamlining access and enrollment for Boston families; and
- \$5 million for evaluation and equitable administration, to support language access, establish an equity framework, and ensure strong compliance with federal guidelines.

These ARPA investments are paired with the Operating and Capital Budgets to jumpstart solutions to long-term challenges; coordinate across departments and sectors to deliver equity, climate resiliency, jobs, and health as the foundation for a Boston Green New Deal; and prioritize financial sustainability beyond ARPA. Along with coordinated housing investments, engineering and planning positions funded in the Operating Budget support ARPA-funded projects to make Boston more bikeable and walkable, as well as an expanded capital project for the Blue Hills Multimodal Corridor. A new Office for Early Childhood and a new Behavioral Health Center in the Operating Budget are complemented by significant infusions of ARPA funding to immediately scale impact.

It will take time for the city's economy to fully regain its footing, and we are planning carefully around the uncertainty from viral variants, geopolitical events, and macroeconomic pressures. This fiscally responsible, balanced budget fully funds our long-term liabilities, such as pensions and debt service, enabling investment in the largest Capital Plan in our City's history. The Capital Plan supports capital projects across all our neighborhoods, from healthier schools and beautiful libraries, to safer streets, street trees, and dog parks.

As we continue to emerge from the pandemic, this budget points the way toward an equitable recovery and charts the course for our brightest future. I look forward to the continued partnership of the City Council in this budget process and beyond. I respectfully request your favorable action on the FY23 Operating Budget, the FY23-FY27 Capital Plan and the forthcoming ARPA orders.

Sincerely,

Michelle Wu

MICHELLE WU  
MAYOR

April 11, 2022

TO THE BOSTON CITY COUNCIL

Dear Councilors:

I transmit herewith an appropriation order for the Boston Public Schools (BPS) for Fiscal Year 2023 (FY23), in the amount of \$1.33 billion, submitted pursuant to the provisions of Chapter 224 of the Acts of 1936, as amended by Chapter 190 of the Acts of 1982, as further amended by Chapter 701 of the Acts of 1986, Chapter 613 of the Acts of 1987, and Chapter 108 of the Acts of 1991.

As a BPS mom, I take special pride in lifting up Boston's young people as our citywide mission, and I am fiercely committed to connecting resources across every department in city government and every sector across our city to advance the health, happiness, and opportunity of our children and families. That requires investment, coordination, and community-building well beyond BPS, and this budget will be supplemented by those efforts.

Since the beginning of the pandemic, the entire BPS community—students, families, educators, and staff—has come together to ensure the well-being of our young people and support their learning in the face of challenging, ever-changing circumstances. Investing in our future means committing significant resources to supporting our school communities, so that every child, in every classroom, in every school has the opportunity to reach their full potential.

To that end, the FY23 BPS Operating Budget is focused on not only meeting this moment, but laying a foundation that will empower our school district to be all that it can be. The \$1.33 billion proposed BPS budget exceeds the City's prior BPS three-year funding commitment, targets areas where our students need the most support, and works to transform our public education system.

As part of an extensive public engagement process centered around the district's federal Elementary and Secondary School Emergency Relief (ESSER II and III) funding, BPS held public hearings to listen and learn from the families we are serving. We heard from students, parents, and educators who want inclusive instruction and curricula, engagement outside of the classroom, improvements to facilities, and more resources for families. All these priorities and more are reflected in the FY23 budget.

The FY23 BPS budget is also structured around an equitable recovery from COVID-19. It consists of three key principles: Return, Recover, and Reimagine. With both Operating Budget and ESSER investments addressing each of these principles, this budget will enable us to bridge gaps in opportunity and achievement, and make significant strides in supporting the social-emotional well-being of our students.

The FY23 BPS Operating Budget includes \$52 million in new investments, such as:

- \$6.6 million for new social workers, school psychologists, and guidance counselors, to build out coordinated, multi-tiered systems of support for students and their families;
- \$26.7 million directly to schools to ensure equitable access to vital student programs and services;
- \$5.5 million to expand access to libraries and invest in inclusive library collections and materials;
- \$6.8 million in operations improvements and expanded organizational capacity for transportation, food and nutrition services, and facilities maintenance repairs;
- \$3.8 million to increase access to MassCore at the secondary level and access to more physical education, art, music, and academic enrichment, creating high-quality, rigorous, and ethnically- and culturally-responsive curriculum and instruction; and
- \$2.6 million to expand language access with translations and interpretations for school meetings and materials.

With ESSER funding to help support our recovery, we have the opportunity to make transformative investments across the district, providing every student with opportunities to succeed and prepare them for the future. BPS is expected to receive a total of \$400 million in ESSER funding, of which \$108 million has already been appropriated for FY22, both directly to schools and for districtwide initiatives. In FY23, \$104 million in ESSER funds will work in tandem with operating investments to fund additional initiatives and improvements, such as:

- \$18 million to invest in high-quality facilities, HVAC systems, and air quality improvements;
- \$16.7 million to invest in supports and programming for English Language Learners and students with disabilities, as well as equitable literacy curricula;
- \$50 million directly to schools to tailor programming and recovery to the communities they serve; and
- \$10 million to expand access to academic counseling to complement the operating investment in high school guidance counselors.

The FY23 Operating Budget also includes a proposed \$16 million increase for our public charter school students, bringing our total public education funding up to \$1.6 billion. This \$56 million increase in FY23 represents over 26% of the total new City resources across all categories of spending. Public education spending remains over 40% of our City budget, and per-pupil spending at BPS will reach \$27,100, an increase of \$3,600 over last year. Key investments in the City Operating Budget and the FY23-27 Capital Plan will also accelerate district-wide school facilities planning initiatives and key construction and renovation projects to deliver school facilities that are safe, healthy, energy-efficient, and inspiring for our school communities.

During a time of transition in the district, the proposed FY23 BPS Operating Budget lays the foundation for transformational change across grade levels, schools, and neighborhoods, while bolstering existing supports and services on which students and families depend. I look forward to working with you to implement a bold vision for BPS, and I respectfully request your support of the FY23 appropriation for the Boston Public Schools.

Sincerely,

Dear Councilors:

I transmit herewith for your approval an order appropriating \$40,000,000 to the Other Post-Employment Benefits (OPEB) Liability Trust Fund authorized under Chapter 32B, §20, as added by Chapter 479 of the Acts of 2008. The latest available OPEB actuarial valuation as of June 30, 2019 estimated the City's unfunded liability at \$2.13 billion.

We remain committed to work together with the Public Employee Committee (PEC) on continued healthcare cost containment strategies and supporting efforts that promote employee wellness.

Sustaining quality healthcare benefits for current and future retirees within the means of the City's budget is a mutual goal and I thank you for your continued support of this important issue.

Sincerely,

Michelle Wu  
Mayor of Boston

TO THE CITY COUNCIL

Dear Councilors:

I hereby transmit for your approval an Order authorizing the City of Boston to appropriate the amount of One Million Six Hundred Thousand Dollars (\$1,600,000) from the City's Capital Grant Fund to address the impact of transportation network services on municipal roads, bridges, and other transportation infrastructure or any other public purpose substantially related to the operation of transportation network services in the city. Such funds will be transferred and credited to the Capital Grant Fund from revenue received from the Commonwealth Transportation Infrastructure Enhancement Trust Fund.

I urge your Honorable Body to pass this Order so that the City of Boston may use the funds for much needed transportation improvements.

Sincerely,

Michelle Wu  
Mayor of Boston

**CITY OF BOSTON**  
**IN CITY COUNCIL**

**ORDERED:** That the City of Boston appropriate the amount of One Million Six Hundred Thousand Dollars (\$1,600,000) from the Capital Grant Fund of the City for various departments including the Public Works Department and the Transportation Department to address the impact of transportation network services on municipal roads, bridges, and other transportation infrastructure or any other public purpose substantially related to the operation of transportation network services in the city including, but not limited to, the complete streets program and other programs that support alternative modes of transportation as permitted in Chapter 187 of the Acts of 2016. To meet this appropriation, the Collector/Treasurer, with the approval of the Mayor, is authorized to transfer such amount to the Capital Grant Fund from special revenue received from the Commonwealth Transportation Infrastructure Enhancement Trust Fund.

In City Council June 8, 2022. Passed: yeas 13

# External Funds Projects

## Beta Blocks Grant

### Project Mission

The "Beta Blocks" grant from the John S. and James L. Knight Foundation seeks to explore ways of making it easier for individuals and organizations to conduct experiments in city streets that provide clear civic value to Boston residents. These can range from sensor technologies to street furniture to temporary events or installations. With this grant, the Mayor's Office of New Urban Mechanics will hold a public process to discuss privacy and security concerns and how the City can support more meaningful relationships between communities throughout Boston and the many technologists, startups, and research labs that also call Boston home. The grant to the City of Boston totals \$200,000 over two years.

## Boston's Safest Driver 2.0

### Project Mission

Boston's Safest Driver 2.0 is a Road to Zero Safety Innovation grant, which aims to end roadway fatalities. The grant was awarded from the National Safety Council to implement safe driver practices in Boston through a city-wide safe driving competition set to launch in the winter of 2019. Boston's Safest Driver is a key component of the Vision Zero initiative aimed at eliminating traffic fatalities and serious injuries from Boston's roadways by 2030.

## Chief Resilience Officer Grant

### Project Mission

A two year grant administered by the Rockefeller Philanthropy Advisors, Inc, on behalf of the 100 Resilient Cities Initiative. The purpose of this grant is to fund a Chief Resilience Officer for the City of Boston and assist the City in building its capacity to maintain and recover critical functions despite shocks and stresses so that the cities people, communities and systems can bounce back more quickly and emerge stronger from these shocks and stresses.

## Community Gardens

### Project Mission

Community Gardens is a grant from TD Garden. This 3 year grant is for the activation of community gardens and green spaces throughout the City of Boston. The effort will combine physical installations with skill and community building events during the summer months of 2018, 2019, and 2020.

## Early Childhood Innovation

### Project Mission

Early Childhood Innovation is a grant from Gary Community Investments. The grant is focused on maximizing every child's potential during the first three years of life. Specifically, funds will support solutions to address infant and childcare shortages in the City of Boston.

## HBS Service Leadership Fellows Program

### Project Mission

The mission of the Harvard Business School Service Leadership Fellows Program is to both enrich the learning experience of the fellow and to provide valuable intellectual resources that will assist the City with strategic public policy analysis. The Harvard Business School has provided annual financial and personnel resources to support this program.

#### **Innovation Delivery Team**

##### **Project Mission**

The Innovation Delivery Team grant provided by the Bloomberg Philanthropies seeks to provide cities with a method to address any barriers, implement solutions and deliver change more effectively to citizens. Innovation teams or i-teams seek to reduce the risks associated with innovation, and provide mayors and city leaders with assurance in their ability to develop and implement effective solutions to their highest-priority problems. The grant to the City of Boston totals \$1,350,000 over three years.

#### **Lego Foundation Prime Award**

##### **Project Mission**

MONUM will design a guidebook and retrospective, intended for for aspiring public entrepreneurs in public space. The book will focus on the process of creating projects that inspire play and delight in public space. Grant amount: \$10,000. Expended in FY20.

#### **Play Around the Snowy City**

##### **Project Mission**

Play Around the Snowy City is a grant from the Center on the Developing Child at Harvard University. This grant is focused on funding early childhood learning and development projects. It will be used to create temporary design installations and events in the winter of 2019.

#### **Policy Research Grant**

##### **Project Mission**

The Policy Research Grant is provided by UMASS Boston to support 50% of fellowship in the Mayor's Office focused on public policy research.

#### **Public Service Fellowship**

##### **Project Mission**

The Public Service Fellowship Grant is provided by Harvard University to support 50% of a fellowship in the Mayor's Office to create paths for meaningful public service in Boston.

# Program 1. Operations

Adam Cederbaum, Corporation Counsel, Organization 151100

## Program Description

The Operations Program provides the Department with the administrative structure and services necessary for the Department to carry out its day-to-day activities under court mandated litigation deadlines. The Operational duties include general managerial functions of recruiting, training, supervising administrative and support staff members and procuring supplies and services necessary to protect the City’s legal interests. The Operations Program also provides the database administration and technical support to ensure attorney staff members have the legal research resources in carrying out their duties. Furthermore, the administrative staff within the Operations Program provides centralized administrative support for the attorneys, including but not limited to legal documents preparation, courier services coordination, depositions assistance, and duplication of hundreds of documents daily, and servicing and filing of legal papers.

# Program 2. Litigation

Susan Weise, Manager, Organization 151200

## Program Description

The Litigation Program is responsible for the pretrial, trial, disposition and appeals of lawsuits in federal and state courts. It supervises and manages litigation matters including personal injury cases, road defect cases, employment claims, civil rights claims, and contract disputes. Litigation support includes legal advice and representation of City employees in cases arising from the performance of their official duties. The Program also oversees the litigation of affirmative and non-litigation claims by the City against other parties. In addition, the Litigation Program manages contracts with special outside counsel and provides day to day liaison with the police department legal advisor and school department legal advisor for all litigation matters.

# Program 3. Government Services

Jason Lederman, Manager, Organization 151300

## Program Description

The Government Services Program provides general legal consultation to all City departments, with staff dedicated to Boston Public Schools, Boston Police Department, Inspectional Services, Public Facilities and Neighborhood Development. The Program also provides legal assistance regarding the development and implementation of new public policies and programs. Attorneys in the Government Services Division serve the dual roles of city in-house counsel and litigators. Government Services attorneys advise the mayor, city council, and city departments on issues that touch every aspect of municipal law. The Division provides legal advice on municipal initiatives and policies and advises city departments on their day-to-day operations. Government Services attorneys draft and review contracts, local legislation, regulations, license and intergovernmental agreements, respond to public records requests, counsel employees on conflict of interest issues, advise on open meeting law, municipal finance, telecommunications and elections issues, and counsel city departments on real property transactions and public procurement issues. Division attorneys also litigate cases on behalf of the city in numerous areas including zoning and land use, contract, construction, tax and procurement disputes, and challenges to city administrative determinations and legislation. The Government Services Program is also responsible for the Tax Title program which oversees the litigation of foreclosure proceedings and the collection of delinquent real estate taxes on property located in Boston.

## Disabilities Public Awareness

### **Project Mission**

A grant provided by the Boston Foundation to provide operating support in the pursuit of increasing opportunities for people with disabilities by facilitating full and equal participation in all aspects of life within the City of Boston, particularly in light of COVID-19. To increase employment equity, in collaboration with the disability community, a public awareness campaign will highlight the important and impressive contributions people with disabilities have made to the workforce in Boston. This grant will be finalized in FY22.

# Fair Housing & Equity Operating Budget

William Onuoha, Director, Appropriation 403000

## Community Development Block Grant

### Project Mission

The Community Development Block Grant (CDBG) is an annual entitlement grant from the U.S. Department of Housing and Urban Development to the City of Boston designed to fund a variety of neighborhood development activities. At least 70 percent of CDBG funds must be used to benefit low- and moderate-income households. CDBG funds are used to produce and preserve affordable housing, revitalize neighborhood commercial districts, assist the renovation of non-profit facilities, improve vacant lots, promote and monitor fair housing activities, and assist non-profit organizations in the operation of emergency shelters, health care, child care, youth and adult literacy programs. CDBG funds cannot be used for general government services or to replace funding cuts from existing public service activities. The CDBG awards for FY17, FY18, and FY19 were \$15,958,081, \$15,761,309, and \$17,229,498 respectively. The FY20 award was \$17,146,361, and the FY21 award is \$17,437,636.

## Fair Housing Assistance Program (FHAP)

### Project Mission

The Boston Fair Housing Commission is contracted by the U.S Department of Housing & Urban Development to investigate and enforce complaints of housing discrimination under federal and state law within the City of Boston. The FHAP funding provides the BFHC support for a variety of fair housing administrative and enforcement activities, including complaint investigation, conciliation, administrative and/or judicial enforcement, training, and education and outreach.

## Housing Choice Program

### Project Mission

The Housing Choice Counseling Program is designed to promote housing choice and to increase housing access for recipients of Section 8 vouchers awarded as a result of a consent decree.

## Regional Opportunity Counseling Program (ROC)

### Project Mission

The ROC program provides housing and counseling to clients. These services include housing search counseling and referral to local agencies which provide resources for maintaining existing housing or locating new housing.

# Office of Diversity Operating Budget

## Description of Services

The Office of Diversity leads the City's diversity agenda, including the ongoing development and delivery of the City's diversity goals and objectives in areas of hiring, leadership and career development, diversity training, strategic planning, recruitment and retention. The department performs outreach to community, academic, and business organizations in order to increase diversity of employee candidate pools, and assist in the development of hiring processes to ensure maximum opportunities for employment and career advancement for candidates from underrepresented demographic groups. To that end, the Office will be responsible for collecting, analyzing and reporting the City's employee diversity data, working closely with the City's Human Resources Department.

# Office of Equity Operating Budget

## **Description of Services**

The Office of Equity actively engages with city departments, quasi-agencies, and local non-profit organizations to advance broad systemic policy change. We focus on collaborative work, organizing stakeholders across the Equity Cabinet to dismantle barriers to racial, gender, health, and socioeconomic disparities internal to City Hall as well as externally. Additionally, the Office of Equity can be used as a resource for constituents seeking to provide feedback about areas for improvement and community engagement opportunities.

# Program 1. Equity

Vacant, Chief of Equity, Organization 402100

## Program Description

The Equity program seeks to dismantle systemic barriers to achieve racial, gender, health and socio-economic equality, develop a city workforce that is representative at all levels of the demographics of the city, support immigrant, refugee and other vulnerable communities to promote public safety, quality of life, and human rights, support communities of color and marginalized groups across all departments, and building equitable governmental structures, support coordinated efforts to drive forward equity throughout the City of Boston, such as through supporting the Boston Racial Equity Fund, and working across City departments to address Health Equity, Digital Equity, and Police Reform.

# External Funds Projects

## Economic Mobility Lab

### Project Mission

The City of Boston, in partnership with 100 Resilient Cities and the Rockefeller Foundation, has launched an Economic Mobility Lab. The Lab works across City departments and agencies to advance economic mobility for Bostonians by analyzing existing programs and policies, highlighting and expanding what works, and creating innovative, scalable solutions to promote economic security for everyone. The structure of the Economic Mobility Lab is modeled on successful innovation labs in the Mayor's Office of New Urban Mechanics (MONUM), the City's civic innovation team.

## Equity Planning and Implementation Grant

### Project Mission

Funded by the Barr Foundation, this grant aims to build internal capacity within the City's Equity Cabinet departments, support operations and fund an internship program. The Equity Cabinet was created in FY22, and these funds would support the strategic direction towards a more equitable Boston. The \$200,000 amount will be expensed during FY23.

# Office of Language & Communications Access Operating Budget

Jeniffer Vivar Wong, Director, Appropriation 409000

# Office of Language & Communications Access Operating Budget

**Authorizing Statutes**

- Communications Ordinance of 2016.

**Description of Services**

The Mayor’s Office of Language and Communications Access is a mostly internal facing department which focuses on serving as a guiding office to other departments when it comes to implementing language & communications access. The department supports other City departments by creating resources and training sessions, and working one-on-one with their LCA liaisons to ensure language & communications access is incorporated in all their programming, documents and events. Externally, LCA communicates with individuals and community based organizations to inform them about their rights when it comes to language & communications access within the City and the accommodations available to them.

# Inspectional Services Department Operating Budget

Sean Lydon, Commissioner, Appropriation 260000

## Department Mission

The mission of the Inspectional Services Department (ISD) is to serve the public by protecting the health, safety, and environmental stability of Boston's business and residential communities. To this end, ISD effectively administers and consistently enforces building, housing, and environmental regulations within the City of Boston. The Department will continue to use its resources to protect and improve the quality of life in Boston's neighborhoods by providing public information, education, and enforcement.

## Selected Performance Goals

### ISD Administration & Finance

- Ensure compliance with City's foreclosed/vacant building ordinances
- Manage the Department's legal case load.
- To hear Zoning Board of Appeal cases in a timely manner.
- To improve responsiveness to constituent requests.

### Buildings & Structures

- To ensure the safety of buildings by reviewing their compliance with regulatory codes by means of scheduled inspections.

### Field Services

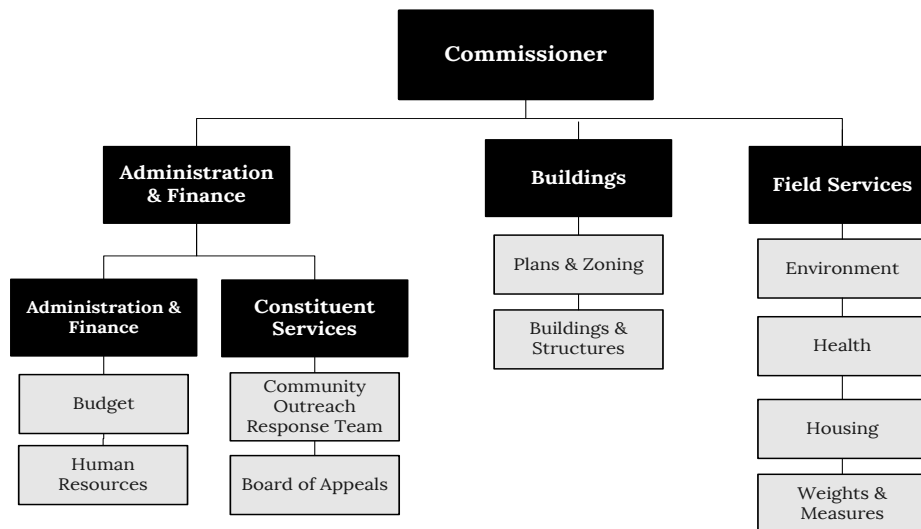

- Prevent housing emergencies and violations.
- Reduce risk of foodborne illness or disease.
- Respond to cleanliness & environmental safety complaints.
- To ensure devices that vendors use to weigh and measure products are accurate.

## Description of Services

The Inspectional Services Department provides a broad range of regulatory services that includes the inspection of buildings for compliance with building and public safety regulations, general housing inspections, and retail food establishment inspections for compliance with public health regulations. The Department provides services to victims of serious incidents such as fire, building collapse, power failure, etc., by providing coordination and assistance with building board-ups, hazard waste removal, short term make-safe repair activities and counseling. The Department works in cooperation with other public safety, human service, and law enforcement agencies to investigate and prosecute fraudulent contractors, environmental violators and others engaged in illegal activities that could have a negative impact on the quality of life. The Inspectional Services Department continues to develop and implement public information programs about the services and activities available through this agency.

# Program 1. Commissioner's Office

Sean Lydon, Commissioner, Organization 260100

## Program Description

The Commissioner's Office is responsible for overseeing daily departmental operations. The Commissioner's Office coordinates all policy and planning functions, as well the Department's efforts to disseminate information in an understandable and timely manner. The Inspectional Services Department (ISD) is comprised of five regulatory divisions, namely, Buildings and Structures, Housing, Health, Environmental Services, and Weights & Measures, with the aim to protect and improve the quality of life for all City of Boston residents by effectively administering and enforcing regulations mandated by City and State governments.

# Program 2. Administration & Finance

Sean Lydon, Manager, Organization 260200

## Program Description

The Administration and Finance program provides direction and supervision for Human Resources, Budget Management, Information Technology, Legal Services, and Constituent Services. Human Resources directs the administration of all employee services, payroll, and labor relations. Budget provides fiscal oversight for the responsible management of the departmental non-personnel operating budget, including asset/fleet management. Information Technology is responsible for maintaining the department's local area network, web page materials and Microsoft exchange server. Legal Services works with departmental field inspection divisions in enforcing State Building, Housing and Sanitary Codes, in addition to addressing distressed properties and processing property liens. Constituent Services holds Zoning Board of Appeal hearings and responds to non-emergency complaints from the public.

# Program 3. Buildings & Structures

Sean Lydon, Manager, Organization 260300

## Program Description

The Inspector of Buildings oversees all building permit application processing, plans and zoning reviews, field inspections, and the investigative and regulatory enforcement activities administered by the Department. The Buildings and Structures management staff is responsible for inspecting buildings for safety and compliance with the allowable uses and applicable laws and codes and issuing building permits for repair and installation, certificates of occupancy, building licenses. The Plans and Zoning staff responds to all permit applications and reviews building plans for zoning compliance. Zoning Materials and Zoning Clinics are available at 1010 Massachusetts Avenue and neighborhood libraries to assist individuals and businesses. Building, Electrical and Mechanical inspectors inspect all construction or renovation work to ensure that proper safety standards are followed. Inspectors respond to all community complaints about non-permitted work and zoning violations, including the use of land and structures beyond their allowable use and occupancy.

# Program 4. Field Services

Sean Lydon, Manager, Organization 260400

## Program Description

The Field Services program consists of four divisions: Health, Housing, Environmental Services and Weights & Measures. The Health Division's role is to protect the public health by permitting and inspecting food establishments, restaurants, caterers, health clubs, massage practitioners, and recreational camps. The Housing Division's role is to ensure the availability of clean, safe living conditions as required by the State Sanitary Code. The Environmental Services Division is responsible for the abatement and prevention of rodent infestation, the implementation of the City's site cleanliness ordinance, the boarding and securing of abandoned properties, and the coordination of the vacant lot maintenance program. The Weights and Measures Division is charged with protecting consumers by ensuring accuracy in retail establishment pricing and proper readings on gas pumps, taxi meters, scales, and fuel truck meters.

# External Funds Projects

## Animal Control Fund

### Project Mission

The Animal Control Fund authorized by (Chapter 44, Section 53E ½) generates monies derived from dog licenses and animal violations. The revolving fund is used to offset the costs of animal control programs such as veterinary care, animal food, spay and neuter services, and public service television programming. This fund transitioned to the Parks and Recreation Department in FY20.

## Foreclosure Fund

### Project Mission

The Foreclosure Fund was created in 2008 in compliance with the M.G.L. c.59, s57D, M.G.L. c.,156D, s5.02 and the 950CMR 113,20 requirement to register vacant or foreclosed properties. The fund allows Inspectional Services to charge an annual \$100 fee for the registration of each foreclosed property. Monies collected are to be used to offset costs to track and secure foreclosed properties.

## Weights and Measures Enforcement Fund

### Project Mission

The fund was created in 1998 in order to be in compliance with MGL c. 98 s. 29A, which was amended in 1998 to allow local weights and measures departments to issue civil citations (fines). The amended law specifically required revenue collected from said fines be retained and expended only for the purposes of enforcing “item pricing” and weights and measures laws.

# Property Management Operating Budget

Eamon Shelton, Commissioner, Appropriation 180000

## Department Mission

The mission of the Property Management Department is to manage, maintain, repair and provide security for the City's municipal buildings including City Hall and Faneuil Hall; to preserve the useful life of City facilities and reduce operating costs through effective preventive maintenance measures.

# Property Management Capital Budget

## Overview

On-going investments in municipal structures, historic buildings and other city-owned properties ensure that City's facilities are well-maintained and managed. Asset preservation is of the utmost importance as Fiscal Year 2023 capital investments support a number of new and ongoing initiatives across the city.

### FY23 Major Initiatives

- Phase 1 construction on City Hall Plaza will be completed and includes a new public entrance on the North Plaza, extensive repairs and improvements to the plaza, accessibility upgrades including a universally accessible pathway, and a children's play area.
- The renovation of 26 Court Street will continue. This work includes new mechanical, electrical, and plumbing systems. The building is a key municipal administrative office space for City operations.
- Energy efficiency projects including an upgrade of the HVAC system will proceed at City Hall.
- Elevator upgrades, masonry repairs and replacement of windows at the Family Justice center will continue.
- Construction will continue for the replacement of all elevators at City Hall and design work will begin to replace the escalator.

## Department Mission

The Office of Neighborhood Services (ONS) encourages, facilitates and maximizes citizen input and participation in all aspects of government through service requests, neighborhood meetings, mailings, and emergency responses. Also included in ONS is the Mobile City Hall to Go truck that visits Boston's neighborhoods offering a select menu of services directly to constituents. The Boston 311 Program provides a wide-ranging information and referral function as well as coordinates emergency response after business hours. The program also responds to citizens' requests for service through direct interaction with City departments.

## Selected Performance Goals

### Neighborhood Services

- Increase public access to city services.

### Boston 311

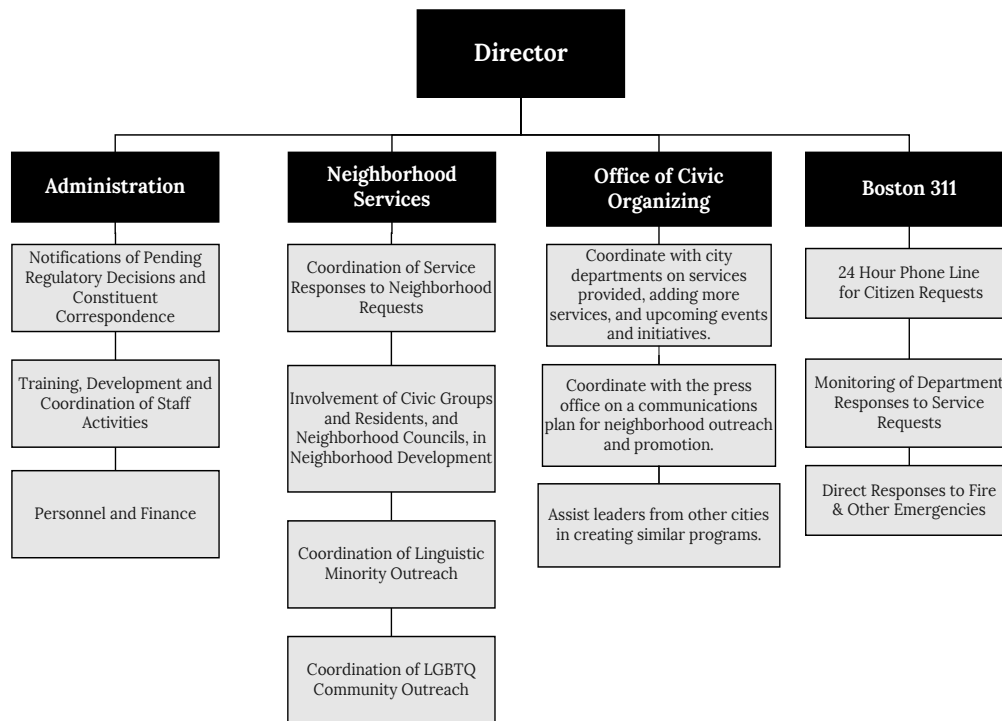

- Maintain a high level of constituent service.

# Neighborhood Services Operating Budget

## Description of Services

The Office of Neighborhood Services invites community involvement in municipal government across the wide spectrum of its programs. Neighborhood Services provides a forum for both groups and individuals to express concerns, request services, and extend opinions, while serving to disseminate information and facilitate delivery of City services. The City Hall to Go truck offers a select menu of city services to all Boston's neighborhoods. The Boston 311 Program provides a wide-ranging information and referral function as well as coordinates emergency response after business hours. The program also responds to citizens' requests for service through direct interaction with City departments.

## Love Your Block/Boston Shines

### **Project Mission**

Love Your Block originated in 2015 as a mini-grant program for neighborhood beautification projects. It was originally funded with \$30,000 from Cities of Service, to be used over 3 years ending in 2018. In 2018, Love Your Block was combined with Boston Shines, a spring clean-up initiative funded by external donations. Starting in 2019, Love Your Block is funded with external donations to the Make Boston Shine Trust.

## Description of Services

The Office of Arts and Culture enhances the quality of life, the economy, and the design of the city through the arts. The role of the arts in all aspects of life in Boston is reinforced via equitable access to arts and culture in every community, its public institutions, and public places. Key areas of work include support to the cultural sector through grants and programs such as the Artist Resource Desk, Open Studios, and the Poet Laureate; as well as the production and permitting of art in public places via exhibitions, temporary installations, the stewardship of the City's collection of permanent sculpture, memorials and monuments, and the management of the Strand Theatre. The mission is articulated in a cultural plan for Boston and is carried out via the implementation of this plan which will foster further investment in the arts community, deepen intergovernmental collaborations, and address cultural facility development and the support of cultural districts.

# External Funds Projects

## Adopt-a-Statue

### Project Mission

The Adopt-a-Statue grant funds the care and maintenance of the Samuel Adams and Edgar Allen Poe statues and the Hungarian Revolution and Angell memorials. The award is funded by the Boston Foundation, to be expended through FY26.

## Americans for the Arts

### Project Mission

The Americans for the Arts grant funds a study of the economic impact of arts and cultural institutions in Boston. The award is funded by the Barr Foundation and will be expended by FY23.

## Artist Resource Desk

### Project Mission

The Artist Resource Desk supports artists through the process of permitting, zoning, and other regulatory requirements for arts and culture uses. The award was funded as part of a public benefit obligation of the Russia Wharf Redevelopment Project. As of FY20, the Artist Resource Desk is now funded on the operating budget.

## ArtLab

### Project Mission

The ArtLab grant funds Allston-Brighton artists and projects through the Opportunity Fund, a program that supports professional development for Boston-based artists, events and festivals in the City, and cultural field trips organized by public schools. The award is funded by Harvard University as part of a public benefit obligation of the ArtLab Project, to be expended over five years through FY23.

## Boston Artists in Residence

### Project Mission

The Boston Artists in Residence program seeks to integrate artists into City departments and agencies. The award was funded as part of a public benefit obligation of the Russia Wharf Redevelopment Project. As of FY20, the Artists in Residence program is now funded on the operating budget.

## Boston Cultural Council

### Project Mission

The Boston Cultural Council allocates funds from the Massachusetts Cultural Council annually to Boston to be re-granted to non-profit arts organizations in the City.

## Boston Marathon Memorial

### Project Mission

The Boston Marathon Memorial grant supported the planning of a memorial in Copley Square that speaks to the resilience of Boston, honors survivors and victims of domestic terrorism and violence, and celebrates Boston's peacekeepers and healers. This one-time grant was awarded by the Copley Square Charitable Trust.

## Communications Staff Grant

### Project Mission

Funded by the Boston Foundation through FY19, full-time, in-house communications staff enhances the Mayor's Office of Arts and Culture capacity to reach every community and all of Boston's artists. As of FY20, communications staff is now funded on the operating budget.

## Creative Placemaking Study

### Project Mission

The Creative Placemaking Study will explore public art and creative interventions in the public realm to build a sense of community and connection in the Allston/Brighton neighborhood. The award is funded by the Harvard-Allston Public Realm Flexible Fund and will be expended by FY22.

## Cultural Institutions Convening

### Project Mission

The Cultural Institutions Convening grant funds engagement with cultural organizations in Boston around diversifying boards and board recruitment and retention, as well as practices for hiring and retaining a more diverse staff. The award is funded by the Boston Foundation, to be expended through FY21.

## Emerging Artists Program

### Project Mission

Supported by the Boston Foundation, the Fay Chandler Emerging Artist was a five-year grant ending in FY20 that awarded three local artists who produce fresh, original, and contemporary work.

## Grants to Individual Artists

### Project Mission

The Grants to Individual Artists programs give support to artists for activities that enable them to share their work, teach others, and continue their professional development. Funding is used for materials, stipends for teaching artists, or anything that helps an artist develop their artistic practice. The award is funded as part of a public benefit obligation of the Russia Wharf Redevelopment Project and supplements funding on the operating budget for individual artist grants.

## National Arts Program

### Project Mission

Funded by the National Arts Program Foundation, this annual grant supports the City of Boston's National Arts Program Awards, an annual exhibition that invites City employees and immediate family members to display their art in City Hall.

## National Endowment for the Arts

### Project Mission

Awarded through the National Endowment for the Arts' Our Town program, this year-long grant supported arts programming and cultural district planning in Hyde Square's Latin Quarter Cultural District.

## National Endowment for the Arts (NEA) Artworks

### Project Mission

Awarded through the National Endowment for the Arts, the Project Partnership Grant accomplishes the City of Boston's goal of creating a responsive capacity-building program for community arts events, cultural festivals, and projects. These grants allow the Office of Arts and Culture to provide project support for events and projects that serve Boston's underrepresented artists and communities. This award is to be expended by FY22.

#### National Endowment for the Arts (NEA) CARES Act

##### Project Mission

This award funded grants for community arts organizations in Boston affected by COVID-19. These funds targeted organizations that are not eligible for most relief grants in Greater Boston, prioritizing those that serve communities of color, people with disabilities, non-English-speaking and immigrant communities, low-income communities, youth, and older adults.

#### Public Art Revolving Fund

##### Project Mission

The purpose of this fund is to purchase goods and services to support public art throughout the City of Boston. Funding is received from easements granted by the Public Improvement Commission, per G.L.c44, §53E ½.

#### Quest Eternal Sculpture

##### Project Mission

Funded by a one- time donation by Boston Properties, this grant supports maintenance of the Quest Eternal sculpture and will be expended by FY25.

#### Strand Theatre Revolving Fund

##### Project Mission

The purpose of this fund is to pay for expenses related to the operations of the Strand Theatre. Funding is received through receipts from theater rental fees, per G.L.c44, §53E ½.

#### Surdna Foundation Grant

##### Project Mission

Funds from the Surdna Foundation have provided project support for MOAC's implementation of Surdna's refined strategy, Radical Imagination for Racial Justice (RIRJ). In addition, Surdna's RIRJ Grant supports a three-year collaboration with the Center for Art and Community Partnerships and MassArt to invest in artists, artists collectives, and small arts organizations of color proposing projects to imagine and practice more racially just systems and structures.

#### Youth Poet Laureate Program

##### Project Mission

The Youth Poet Laureate Program grant supports the publication of a book by the Boston Youth Poet Laureate. The funds were granted in memory of Scott Harney, Charlestown High School Class of 1973, to be expended through FY22.

# Office of Arts & Culture Capital Budget

## Overview

The Mayor’s Office of Arts and Culture is responsible for the integration of arts and culture into all aspects of civic life. Their office enhances the quality of life, the economy, and the design of the City through the arts. The Percent for the Arts project will utilize one percent of the City’s annual capital borrowing, to provide permanent public artwork by collaborating between professional artists and the community.

### FY23 Major Initiatives

- Fabrication of exterior artwork at the Mattapan Branch Library will begin.
- Leveraging CPA funding, the City will fund public art and a plaza honoring Frederick Douglass in Douglass Square.
- New projects include the Chinatown Worker Statues Project and a monument at Statler Park for the Cocoanut Grove Memorial.
- A new round of project locations for public artworks will be identified.

# Consumer Affairs & Licensing Operating Budget

Kathleen Joyce, Director, Appropriation 114000

## Department Mission

The Consumer Affairs & Licensing Department contributes to the overall mission of improving the quality of life in the City of Boston by maintaining safety and order in the restaurant community through the licensing of entertainment activities and monitoring compliance with relevant laws. The office also educates and mediates on behalf of Boston area consumers in order to facilitate successful resolution of consumer related complaints. The Licensing Board grants and regulates various types of alcohol, food licenses and other licenses for restaurants, nightclubs, private clubs, liquor stores. The Licensing Board consists of 3 Commissioners appointed by the Mayor. Boston Police officers support the office and report violations of the alcoholic and other laws of the Commonwealth. The Licensing Board holds hearings on these violations and issues penalties.

## Selected Performance Goals

### Consumer Affairs

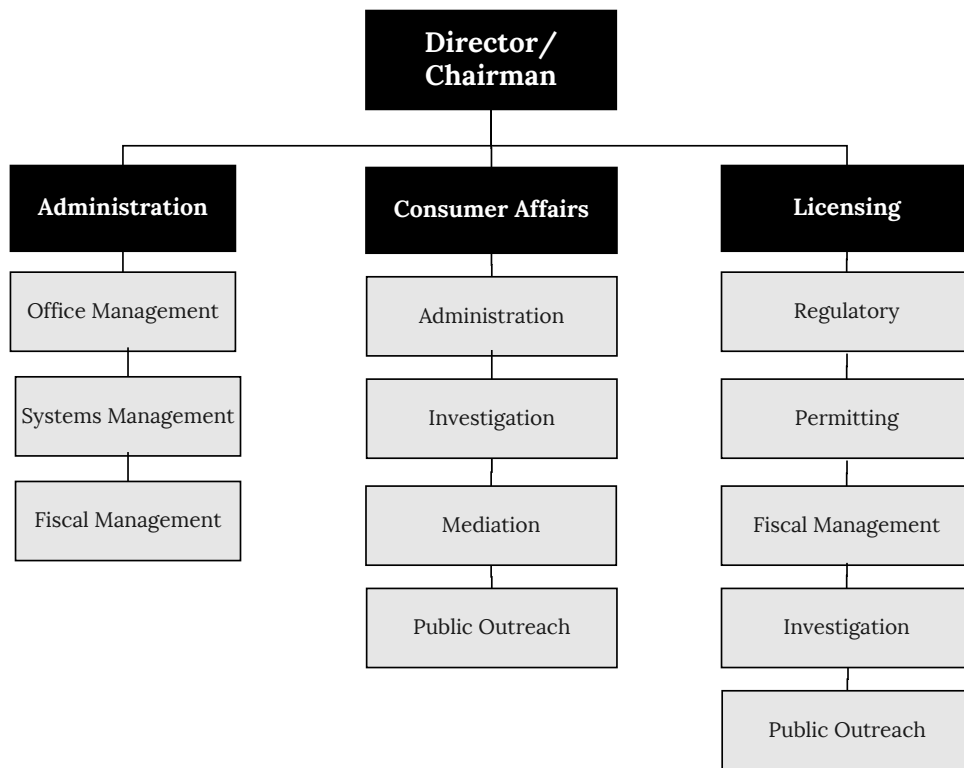

- Close cases in a short amount of time for better service to consumers.
- More resolved cases from consumer complaints filed with our department.
- To track cases closed per month.

# Office of Economic Opportunity & Inclusion

## Operating Budget

### Description of Services

The Office of Economic Opportunity & Inclusion (OEI) helps support new business development, ensures pathways to economic opportunities and seeks to streamline business permitting and licensing. The Office supports business attraction, retention, and engagement, with specialization in startups, life sciences, high tech, and equity in the growing cannabis industry. The Office includes a Global Affairs team to support international business development and broader citywide international partnerships. The Office's strategic planning work coordinates cross-departmental collaboration to ensure economic investments support thriving and healthy neighborhoods. The Small Business Unit assists small, local businesses through technical assistance programs that include direct coaching and group workshops; design and storefront improvement services; and food truck and outdoor dining support. The team also oversees the Boston Main Streets program to support neighborhood commercial districts and administers financial resources such as commercial loan and grant opportunities

# External Funds Projects

## Boston Cannabis Equity Fund

### Project Mission

The Boston Cannabis Equity Fund was established by the Ordinance Establishing Equitable Regulation of the Cannabis Industry in the City of Boston. This fund will make resources and technical assistance available for equity applicants and licensees to establish and operate a cannabis business in the City of Boston.

## CDBG

### Project Mission

The Community Development Block Grant (CDBG) is an annual entitlement grant from the U.S. Department of Housing and Urban Development to the City of Boston designed to fund a variety of neighborhood development activities. At least 70 percent of CDBG funds must be used to benefit low- and moderate-income households. CDBG funds are used to produce and preserve affordable housing, revitalize neighborhood commercial districts, assist the renovation of non-profit facilities, improve vacant lots, promote and monitor fair housing activities, and assist non-profit organizations in the operation of emergency shelters, health care, child care, youth and adult literacy programs. CDBG funds cannot be used for general government services or to replace funding cuts from existing public service activities.

## Neighborhood Development Fund

### Project Mission

The Neighborhood Development Fund receives revenue from the repayment of Urban Development Action Grant (UDAG) loans to the City. Funds can be used for eligible HUD Title I activities which are somewhat less restrictive than CDBG regulations.

## EDIC

### Project Mission

Funded by the Economic Development and Industrial Corporation (EDIC), this program will support the operational needs of the Office of Economic Development. This multi-year project will award the department \$500,000 each year over the next three years.

## Small Business Relief

### Project Mission

Funding provided by the Massachusetts Attorney General's Office was included as part of the larger 'Small Business Relief Fund' that provided emergency grants to City businesses and business owners who have been critically impacted by the COVID-19 pandemic.

# External Funds Projects

## Formula Grants

### Project Mission

Formula grants are funds received through federal or state programs that provide assistance for educational services for low income, minority, and special needs students. Levels of funding are established through a predetermined formula that considers the amount of legislative appropriation and the number of students eligible for the program. Federal formula grants include the Title I, Title II, and IDEA grants. MCAS support/Academic support is a state formula grant.

## Competitive Grants

### Project Mission

Competitive grants are funds received through open competition with other school districts and non-profit organizations. The grant providers establish the levels of funding. The use of these funds is determined through local planning, which typically aims to advance local priorities while meeting the funding requirements.

## Reimbursements

### Project Mission

Reimbursement funds are resources received by the local school districts as compensation for costs incurred by certain programs. Reimbursement programs include the Department of Agriculture’s School Lunch Program and Summer Food Program.

## Revolving Funds and Other Grants

### Project Mission

Additional resources are received through revolving funds and other grants. These include funds raised through the Boston Education Development Foundation, and the Homeless Student Initiative.

# Boston Public Schools Capital Budget

## Overview

The Green New Deal for Boston Public Schools is a cross-departmental effort to improve the safety, comfort, and quality of City school buildings. The FY23 capital plan includes funding for the construction of new schools, the renovation of several existing schools, and the planning required to realize the promise of the Green New Deal.

### FY23 Major Initiatives

- Construction will be completed for the new \$137 million Boston Arts Academy building, funded in partnership with the Massachusetts School Building Authority (MSBA).
- Construction will begin for the new \$193 million Josiah Quincy Upper School in Chinatown, funded in partnership with the MSBA.
- Construction will begin for the new \$92 million Carter School building and outdoor learning spaces, which will be funded in partnership with the MSBA.
- Construction will begin for the Horace Mann School Relocation, with a budget of \$31 million.
- Design will continue for the Irving School Reconfiguration.
- The City is investing \$3 million for an Elementary School and Grades 7-12 Programming and Siting Study.
- The City will begin envelope repairs at the Bradley School, Mather School, and EMK Academy and electrical upgrades at the Dever and McCormack Schools.

## Cabinet Mission

The mission of the Environment, Energy and Open Space Cabinet is to coordinate several City departments and programs to enhance sustainability, preserve historic and open space resources, protect the health and safety of the built environment, prepare for climate change, and provide public spaces to gather and recreate in Boston. The Environment, Energy and Open Space Cabinet includes initiatives that reduce energy use in municipal buildings and in the community with Renew Boston, enforce the right to a healthy home, engage the community on sustainability with Greenovate Boston, promote waste reduction, and expand the network of street trees.

# Environment Department Operating Budget

Alison Brizius, Commissioner, Appropriation 303000

## Department Mission

The mission of the Environment Department is to enhance the quality of life in Boston by protecting air, water, climate and land resources, and by preserving and improving the integrity of Boston's architectural and historic resources. \*In FY23, the Office of Historic Preservation moved out of the Environment Department, becoming its own department in the Environment, Energy, & Open Space Cabinet.

## Selected Performance Goals

### Environment

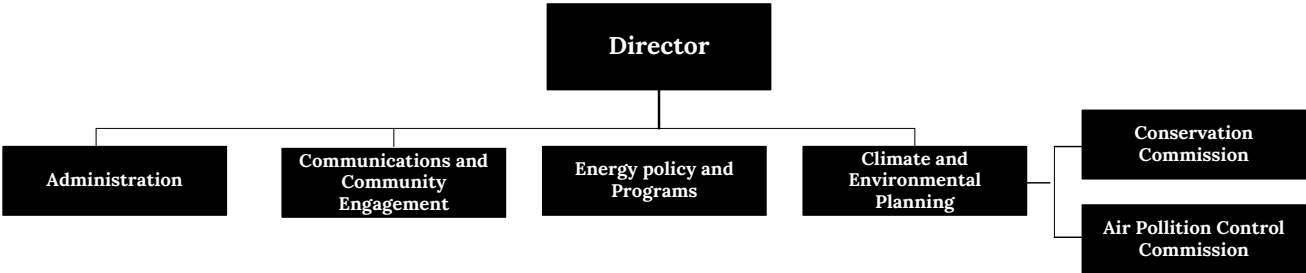

- Engage Community.
- Increase sustainability.
- To protect environmental quality and resources.

# Program 1. Environment

Alison Brizius , Manager, Organization 303100

## Program Description

The Environment Program works to enhance the quality of Boston's air, water, and land, and the integrity of its. The Program is focused on implementing the Mayor's commitment to sustainable development, climate protection, and the environment by reviewing environmental impact assessments, issuing permits and providing information and referral services on environmental issues. Through participation in various local, state, and federal review processes, the program seeks to increase the accessibility and quality of Boston's water and riverfronts. The program provides improved access to energy efficiency services for both residents and businesses.

**Goal:** Reduce GHG Emissions. Boston is committed to reducing its emissions of greenhouse gases that contribute to global climate change. We have community-wide goals of reducing our emissions by 25% by 2020, 50% by 2030, and achieving carbon neutrality by 2050. We are also committed to reducing our municipal emissions (those from local government operations) by 25% by 2020, 60% by 2030, and achieving carbon neutrality by 2050. We have already achieved our 2020 goal for municipal emissions. Due to delays in data availability, final emissions data is not available until up to 2 years after the end of a given calendar year. # External Funds Projects

## Archeology Fund

### Project Mission

This grant fund will accept and expend donations and honorariums. Expenses will include supplies in support of the field, laboratory, and museum activities of the City Archaeology Program.

## BARR/Smart Utilities Policy

### Project Mission

The BARR/Smart Utilities grant is a one-time grant given by the BARR Foundation that will help create the City's smart utilities policy.

## Boston Pollution Abatement Fund

### Project Mission

The Pollution Abatement Fund was established in 1984 to receive funds from environmental permits and fines which are to be expended by Air Pollution Control Commission in support of pollution abatement programs. The Fund has received permit fees from the South Boston Parking freeze and has been used to administer the Freeze and associated air pollution reduction efforts pursuant to 310CMR 7.33 and the Federal Clean Air Act. The fund provides grants for pollution abatements, vehicle retrofits, and air pollution research.

## Climate Action Plan Update Grant/ BARR Foundation

### Project Mission

This is a one-time grant for \$170,000 given by the BARR Foundation that will help update the city's 2014 Climate Action Plan in order to reduce greenhouse gas emissions and meet the City's Climate Action Goals.

## DEP Sustainable Materials

### Project Mission

The Massachusetts Department of Environmental Protection Sustainable Materials Recovery Program (SMRP) Recycling Dividends Program (RDP) granted funds for policies and programs that maximized reuse, recycling, and waste reduction.

## Climate Preparedness Grant

### Project Mission

This is a one-time grant for \$170,000, given by the BARR Foundation, which will provide for a two-year Climate Preparedness Fellow to pursue implementation of the climate preparedness strategies and actions in the 2014 Climate Action Plan.

## Greenovate Fellowships

### Project Mission

The BARR Foundation donated \$170,000 to support two fellowships. The Fellows have provided support to existing and new environmental policies expanded the media presence of the Greenovation agenda and promoted citywide participation in energy and other sustainability programs.

## Humanities Collections & Reference Resources

### Project Mission

The National Endowment for the Humanities awarded a grant to digitize archaeological collections from five sites throughout the city.

#### **Moon Island Project**

##### **Project Mission**

Massachusetts Clean Energy Technology Center, an independent public instrumentality of the Commonwealth of Massachusetts, provided funding to defray the City's costs in implementing solar and energy storage options at the Moon Island safety training facility for the Boston Fire Department.

#### **Multi-City Microgrids**

##### **Project Mission**

This funding enables USDN core members, associate members, and partners to explore together the potential benefits and various complexities of developing multi-user micro-grids with or without district energy in cities.

#### **Municipal Waterways Account**

##### **Project Mission**

Pursuant to Massachusetts General Law Chapter 40 Section 5G, this municipal waterways improvement and maintenance fund receives revenue under subsection (i) of section 2 of chapter 60B and under section 10A of chapter 91 and sums received from the commonwealth or the federal government, and may expend funding for: (1) maintenance, dredging, cleaning and improvement of harbors, inland waters and great ponds of the commonwealth, (2) the public access thereto, (3) the breakwaters, retaining walls, piers, wharves and moorings thereof, and (4) law enforcement and fire prevention.

#### **MVP Heat Resilience Study**

##### **Project Mission**

The Massachusetts Executive Office of Energy and Environmental Affairs, through the Municipal Vulnerability Preparedness Program, will provide funding for a city-wide heat resilience planning study.

#### **Renew Boston**

##### **Project Mission**

This ongoing fund will accept and expend utility funds and other donations in support of Renew Boston Programming. Funds will be spent on community-based outreach services to promote residential and small business energy efficiency and solar projects.

#### **National Register Nomination**

##### **Project Mission**

National Register Nomination is an annual grant from the Massachusetts Historical Commission. This survey and planning grant allows the Boston Landmarks Commission to support the third and final phase of a comprehensive survey of cultural resources in the North End neighborhood of the City of Boston.

#### **Solar Renewable Energy Certificates**

##### **Project Mission**

A revolving fund authorized (by Chapter 44, Section 53E ½) to facilitate the purchase of offsets of greenhouse gas emissions which is associated with a portion of the electricity consumed by the City annually as well as to operate, maintain, monitor, and expand the City and Boston Public Schools existing solar and combined heat and power facilities. This revolving fund is funded by the sale of solar renewable energy certificates and alternative energy credits produced by the City and Boston Public School's solar photovoltaic arrays and the combined heat and power units.

# Environment Department Capital Budget

## Overview

The City will expand on recent success in retrofitting facilities to reduce energy consumption by launching projects under the Renew Boston Trust program. The Renew Boston Trust program aims to reduce energy consumption at City facilities and achieve annual savings to support the initial investment in energy efficiency projects. The City will continue to address the need for protection against climate change through ongoing planning and implementation of targeted capital investments.

### FY23 Major Initiatives

- Construction will begin on the third round of self-financing energy efficiency projects in City buildings under the Renew Boston Trust program including for the first time Boston Public School buildings.
- Construction will be completed on the second round of self-financing energy efficiency projects in City buildings under the Renew Boston Trust program. The goal of the program is to reduce carbon emissions and achieve energy savings.
- Climate Ready Streets is a continuation and expansion of Climate Ready Boston, a city-wide initiative to enhance resiliency to future sea-level rise, higher temperatures, and more intense precipitation caused by global climate change.
- The department will begin work developing an Urban Wilds Land Management Plan that will establish priorities for future capital investments in the City's Urban Wilds.
- Improve energy management and increase efficiency in City buildings through targeted capital design processes and building assignments.

# Office of Food Justice Operating Budget

**Description of Services**

OFJ connects residents and community partners to a variety of programs to meet residents’ food needs in the places that work best for them. Current programs focus on increasing participation in subsidized meal programs for youth 18 and younger; increasing buying power and supporting locally owned corner stores and local farmers; and connecting residents to food resources. OFJ also will work to support Boston’s food economy overall and promote environmentally sustainable and resilient food production.

# External Funds Projects

## Can Share

### Project Mission

Can Share fund raising supports the Office of Food Access' Double Bucks and Healthy Incentives Program (HIP). These programs enable SNAP beneficiaries to increase their buying power at Boston farmer's markets and at brick and mortar stores that provide access to fresh food.

## Double Up Food Bucks

### Project Mission

Double Up Boston Food Bucks Pilot Program will increase the buying power of SNAP recipients to buy fresh food and vegetables, by expanding SNAP-matching programs to locally-owned, brick-and-mortar food retailers. OFA is participating in a multi-state USDA Food Insecurity Nutrition Incentive (FINI) application led by Fair Food Network (FFN). Fair Food Network, is a non-profit in Minnesota that pioneers solutions that support farmers strengthen local economies, and increase access to healthy food, specifically in underserved communities. Can Share fund raising supports the Office of Food Access' Double Bucks and Healthy Incentives Program (HIP). These programs enable SNAP beneficiaries to increase their buying power at Boston farmer's markets and at brick and mortar stores that provide access to fresh food.

## Share our Strength

### Project Mission

Share Our Strength and the Mayor's Office of Food Access desire to work together toward a collective goal of expanding food security to students in Boston Public Schools. The purpose of this grant is to support critical work to end childhood hunger through increased participation in federal child nutrition programs and create awareness of how students and families can access these programs. This grant is expected to conclude in FY23.

# Office of Historic Preservation Operating Budget

# Parks & Recreation Department Operating Budget

### Authorizing Statutes

- Care of Public Parks and Playgrounds, CBC St. 7 §§ 100-106.
- Parks and Recreation Board: Powers and Duties, CBC Ord. §§ 7-4.1-7-4.13.
- Administration, Ch. 624m, s. 1-10, Acts of 1982.
- Generally, 1953 Mass. Acts ch. 473 § 1; CBC Ord. §§ 11-10.1-11-10.2(q).

### Description of Services

The Department is responsible for 217 City parks, playgrounds and athletic fields, 2 golf courses, 65 squares, 17 fountains, 75 game courts, 16 historic and 3 active cemeteries, urban wilds, 4 High School Athletic Fields, and approximately 125,000 trees, all covering 2,346 acres, 1,000 of which comprise the historic Emerald Necklace. In addition, the Parks Department is responsible for more than 35,000 street trees. The department annually beautifies these park and open space areas with ornamental plantings of trees, shrubs, and flowers. The department schedules events and programs for the participation and enjoyment of the public.

# Program 3. Citywide Recreation

Michael Devlin, *Manager*, Organization 300300

## Program Description

The Citywide Recreation Program offers youth athletic programs, clinics, and camps in neighborhood parks citywide, as well as local community centers in partnership with Boston Centers for Youth & Families. The program offers a variety of healthy activities and events including golf lessons, the All Girls Sports Festival, Sox Talks with Boston Red Sox players and coaches, Boston Neighborhood Basketball League games, Mayor’s Cup baseball, cross country, golf, hockey, soccer, and softball tournaments, and much more.

# Program 4. Parks Design & Construction

Cathy Baker-Eclipse, *Manager*, Organization 300400

## Program Description

The Design & Construction Program works to develop and revitalize the full potential of Boston's physical park system by designing, contracting, and monitoring capital improvement projects. The planning process analyzes active and passive park opportunities, restores park lands, and promotes open space that is safe and accessible as well as functional and aesthetically pleasing. Improvements must be sensitive to community needs, budget limitations, appropriate environmental and horticultural values, and maintenance requirements.

# Program 7. Urban Forestry

Max Ford-Diamond, Manager Organization 300600

## Program Description

The Urban Forestry Division supports the maintenance, care, and expansion of Boston's Urban Canopy. The division cares for over 35,000 Street Trees, and hundreds of thousands of trees within Boston's parks, cemeteries, golf courses, and other public open spaces. The Urban Forestry Division also conducts hearings when a public tree needs to be removed, and responds to emergencies when a tree or limb falls on public property.

# External Funds Projects

## Fund for Parks and Recreation

### Project Mission

The Fund for Parks and Recreation in Boston was established in 1983 for the purpose of furthering the maintenance and preservation of parks now or in the future belonging to the City of Boston and to provide recreational programs to the residents of Boston.

## George W. Parkman Trust Fund

### Project Mission

The Parkman Fund annually provides additional funding to maintain and improve parks, such as the Boston Common, Public Garden, Franklin Park, the Fens, etc. This includes tree work, repairs to roads, turf, and funding for maintenance employees working in designated parks.

## Park Floodlighting Fees

### Project Mission

Floodlighting fees are charged to non-resident groups and resident non-youth group organizations (typically sports leagues) conducting permitted night-time activities which require the use of the floodlights located at City parks.

## Parks Animal Control Revolving Fund

### Project Mission

The Animal Care and Control Program provides safe and humane care and control of animals for the protection of both residents and the animals. The revolving fund receives revenues from the licensing and registration of all dogs. The fund helps the Animal Care & Control Division maintain a city animal shelter for stray animals and manage adoptions. In FY22, the related expenses and revenues are moving to the General Fund and this revolving fund will be closed.

## Ryder Cup/Youth Endowment Fund

### Project Mission

The Ryder Cup/Youth Endowment Fund was formed from the proceeds of tickets to the 1999 Ryder Cup matches. The tickets were donated by the Country Club of Brookline to the City of Boston. The income from the Fund is used to support youth golf programming and other youth recreation activities.

# Parks & Recreation Department Capital Budget

## Overview

Boston’s parks and open spaces provide environmental, recreational, social and economic benefits to the City’s residents and visitors. The City will make a robust investment in urban signature parks projects. Many of these investments tackle environmental justice issues and have the ability to stabilize neighborhoods. Ongoing capital investment in parks, playgrounds, and other recreational areas utilized by the City’s visitors, youth and families, help to protect and enrich a park system that is among the nation’s best.

### FY23 Major Initiatives

- An open space acquisition budget will be established that will allow the City to acquire and preserve land for use as parks and urban wilds.
- Capital funding is including for establishing dog recreation areas in our City parks.
- The renovations of Malcolm X Park and Jeep Jones Park are underway, while construction will begin at Crawford Playground, Titus Sparrow, McGann, Copley Square, and Millennium Park.
- Construction will be completed on the renovation of McConnell Playground, Mission Hill Playground, and Judge Gourdin Park.
- Phase 1 design work continues at Moakley Park. The scope includes new playing fields, pathways, and features that address climate resilience.
- New projects include O'Day Playground, Byrne Playground, Geneva Cliffs Urban Wild (converting to park), Hardiman Playground, and masterplan studies for Town Field, and Walsh Park.

## Description of Services

The Assessing Department is responsible for the valuation and assessment of all real and personal property in the City of Boston for the purpose of taxation. Assessment records are reviewed annually to reflect new construction, fire damage, and changes in ownership. The department conducts a revaluation program every three years. The department researches assessment practices and provides the necessary accounting control and other related clerical support to properly assess real and personal property. The department maintains official maps, records of assessment and ownership, abatements and related property description data.

# Program 1. Operations

Emmanuel Dikibo, Manager, Organization 136100

## Program Description

The Operations program provides administration, fiscal, human resources, and other related administrative services to all operating units within the department, including ownership and physical description changes to real property that are maintained by the Tax Data Administration and Land Records units. It also provides management and technical support for fleet administration, facilities and office management, and office technology. The Taxpayer Referral and Assistance Center (TRAC) provides a single point of contact to taxpayers seeking information, assistance or referrals regarding excise, personal property and real estate. TRAC handles inquiries by phone, mail and email.

# External Funds Projects

## Earned Indirect

### **Project Mission**

Earned Indirect is funding provided through various grants to cover the City's cost of supporting the operations of these grants. This funding is used to support two administrative positions in the Grant Monitoring Program of the Auditing Department.

# Budget Management Operating Budget

James Williamson, Director, Appropriation 141000

## Department Mission

The Office of Budget Management (OBM) promotes the high quality delivery of services to Boston's residents in a cost effective way. OBM evaluates City programs and then uses analysis to build, present, and manage the Mayor's operating budget. OBM also creates the capital plan. The capital plan is a strategic document that shows how the City's investment in its infrastructure, such as bridges and roads, contributes to Boston's future. The City also uses the plan to make smart spending decisions and protect its assets.

## Selected Performance Goals

### Budget & Management

- Improve use of limited city resources.

### Revenue Monitoring

- Ensure long-term financial stability.
- Maximize current and future revenues.

### Capital Budgeting

- Improve use of limited city resources.

## Description of Services

The Office of Budget Management coordinates the analysis and presentation of the Mayor's operating budget and capital plan. The Office also assembles, analyzes and presents data with respect to revenue and debt management. In addition, the Office assists line departments to evaluate programs and to establish and use performance measures to improve the quality, effectiveness, and efficiency of City services while minimizing the cost of program delivery.

## American Rescue Plan Act (ARPA)

### Project Mission

The American Rescue Plan Act of 2021 (ARPA) is a \$1.9 trillion economic stimulus bill passed by the 117th U.S. Congress and signed into law by the President on March 11, 2021. ARP will provide an estimated \$424 million to the City of Boston with funding availability through the end of calendar year 2024. Funding from the ARP will be provided in two tranches, in May 2021 the second tranche will come a year later. Eligible uses of ARPA funding are broader than CARES-CRF funding and include: Revenue replacement to strengthen support for vital public services and help retain jobs; Urgent COVID-19 response efforts to continue to decrease spread of the virus and bring the pandemic under control; Assistance to small businesses, households, and hard-hit industries, and economic recovery; Addressing systemic public health and economic challenges that have contributed to the unequal impact of the pandemic on certain populations; and Investments in water, sewer and broadband infrastructure.

## CARES-Coronavirus Relief Fund

### Project Mission

The Coronavirus Aid, Relief, and Economic Security Act, also known as the CARES Act, is a \$2.2 trillion economic stimulus bill passed by the 116th U.S. Congress and signed into law by the President on March 27, 2020 in response to the economic fallout of the COVID-19 pandemic in the United States. The CARES Act is a broad-based economic stimulus bill, but the City of Boston is a direct recipient from a \$150 billion program called the Coronavirus Relief Fund (CRF) specifically for states, tribal governments and units of local government paid in advance by the United States Treasury. Boston with a population in excess of 500,000 was eligible for a direct payment totaling \$120.8 million. These funds were approved in the Boston City Council on May 6, 2020 and have been used to respond to COVID-19 crisis by providing resources to support rental relief; small business support, public health interventions and the funding will be spent by December 31, 2021.

## FEMA-Coronavirus Response

### Project Mission

The Federal Emergency Management Agency (FEMA) will provide reimbursement through the Commonwealth of Massachusetts for costs related to the emergency response funding for the COVID-19 emergency. The Boston City Council approved the first round of reimbursement on June 24, 2020 additional reimbursement authorization has been submitted to City Council total reimbursable costs are estimated at \$14 million.

# Execution of Courts Operating Budget

## Appropriation 333000

### Department Mission

The Execution of Courts appropriation provides funding for settlements, awards, and court orders. These result from claims against the City of Boston and its agencies and employees for damages to persons or property. The appropriation also funds interest on tax abatements.

# Pensions & Annuities - City Operating Budget

## Appropriation 374000

### Department Mission

The Pensions and Annuities appropriation funds City payments for retirees who are not members of the contributory retirement system. These include approximately 28 individuals who qualify under the Veteran's Retirement Law as being World War II veterans, having 30 years of service, and being employed prior to 1939, and approximately 25 Police and Fire members who received special legislation retirements due to extreme workplace injuries.

# Procurement Operating Budget

Christopher Radcliffe, Interim Purchasing Agent, Appropriation 143000

## Department Mission

The Procurement Department mission is to purchase the best quality products using fair and Equitable Procurement Processes, inclusive of small and local businesses, including minority-owned businesses (MBEs), woman-owned businesses (WBEs), and veteran-owned small businesses. These products are to be purchased at the lowest possible price and delivered promptly to City departments. The department is also responsible for surplus property, processing mail, providing copier service and publishing the City Record.

## Selected Performance Goals

### Procurement

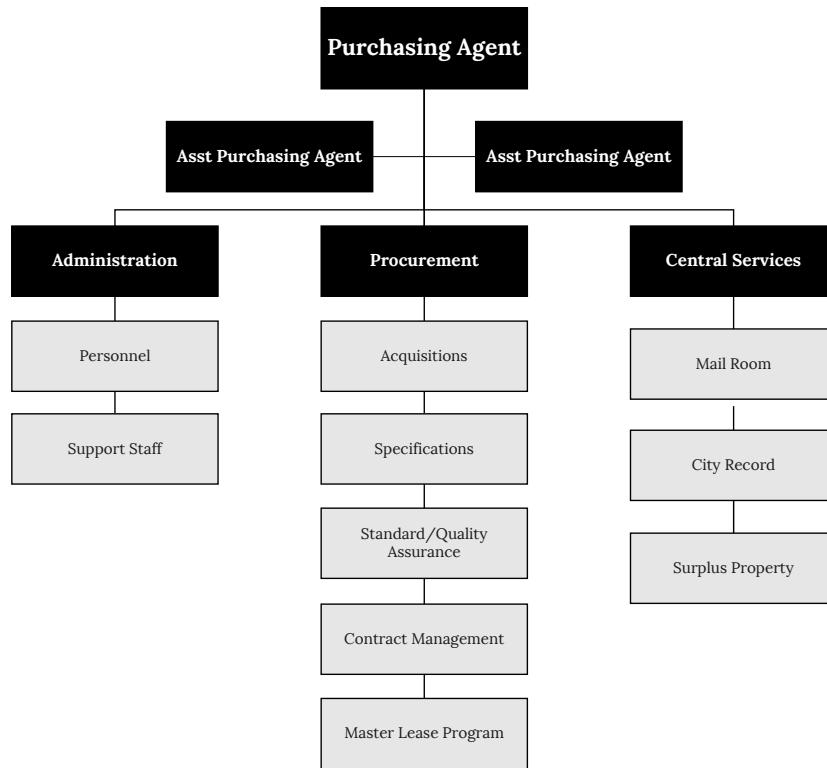

- The Procurement Office in the City of Boston uses a 100% electronic format. Creating a contract should be a seamless and relatively quick process. This is achieved by continuously monitoring and reviewing this process.
- To display the percentage of savings the departments are able to achieve from request to the time of order.
- To measure the amount of time that it takes to produce a purchase order (should be less than seven days). There are certain cases where there is a need for public bidding, that will take a longer time frame. To simplify conducting business with the City of Boston. To provide an exceptional experience and a superior level of customer service for all vendors. To supply support to vendors at all stages of procurement.

# Program 2. Procurement

Gerard Bonaceto, Managers, Organization 143200

## Program Description

The Procurement Program procures goods and materials for use by all City departments. This program selects vendors through the public bid process, and initiates purchase orders and contracts consistent with appropriateness of cost, quality, delivery requirements, and vendor service. All procurements are fully inclusive of small and local businesses, including minority-owned businesses (MBEs), woman-owned businesses (WBEs), and veteran-owned small businesses are conducted to ensure taxpayers money is spent appropriately. Our Procurement Program follows a Green Purchasing process and purchases products that has a lesser or reduced negative effect or increased positive effect on human health and the environment, when compared with competing products that serve the same purpose.

# External Funds Projects

## Community Preservation Act

### **Project Mission**

The Massachusetts legislature passed the Community Preservation Act in 2000. The law gave individual cities and towns authority to mount a ballot campaign to add a surcharge on real estate taxes to fund affordable housing, parks and open space improvements, and historic preservation. Boston voters approved the ballot initiative in November 2016 to adopt the Community Preservation Act. By adopting the CPA, the City created a Community Preservation Fund and finances this fund in part by a 1% property tax-based surcharge on residential and business property tax bills. Beginning in FY18, funding will be available every year for affordable housing, parks and open space improvements, and historic preservation. Additionally, a statewide Community Preservation Trust Fund gives cities and towns that passed the act a “match.” Real estate transfer fees from across the state provide money for the Trust Fund.

# Program 1. Personnel

Vivian Leonard, Manager, Organization 142100

## Program Description

The Personnel Program provides personnel services to all City departments. Through Personnel, departments are provided with management systems with which to hire, classify, compensate and promote employees, pursue good labor relations and management practices, provide unemployment benefits and, in each process, have access to relevant records. The program also carries out a variety of training and assistance programs to encourage and enhance human resource management in the City of Boston.

# Medicare Payments Operating Budget

Appropriation 139000

Department Mission

The Medicare Payments appropriation supports federal regulations that extend mandatory Medicare coverage to municipal employees. Federal law requires the City of Boston and County of Suffolk to pay the Social Security Trust Fund a Medicare insurance premium amounting to 1.45% of an employee's salary up to \$125,000 for each employee hired after March 31, 1986. The Medicare Payments appropriation reflects the amount of this contribution. The City's payment is matched by an equal contribution from the employee.

Jose Masso, Chief of Human Services

## Cabinet Mission

The Human Services Cabinet is committed to promoting the health and well-being of the City's residents particularly the most vulnerable. The provision of social, recreational, health and support services to city residents, particularly the homeless, persons with disabilities, women, the elderly, youth, immigrants and veterans, will be coordinated and made available in a customer-friendly and culturally sensitive manner. The Cabinet enforces all antidiscrimination laws and protections under the jurisdiction of the City, and advocates for the advancement of policies and legislation to address the needs of individuals and groups, supports disease and injury prevention, delivers emergency health services and health education and promotion services within the City.

# Age Strong Operating Budget

Emily Shea, Commissioner, Appropriation 387000

## Department Mission

The mission of the Age Strong Commission is to enhance the quality of life for Boston's senior citizens through developing, planning, coordinating, implementing, and monitoring the delivery of programs and services to the elderly in an efficient and effective manner. These activities are provided in collaboration with various federal, state, and City agencies, along with neighborhood service providers and senior citizen groups.

## Selected Performance Goals

### Age Strong Operations

- Keep older adults engaged, informed and connected to resources, services, and programs.

### Age Strong Transportation

- Provide accessible, reliable, discounted and free transportation options to Boston's older adults.

### Programs & Partnerships

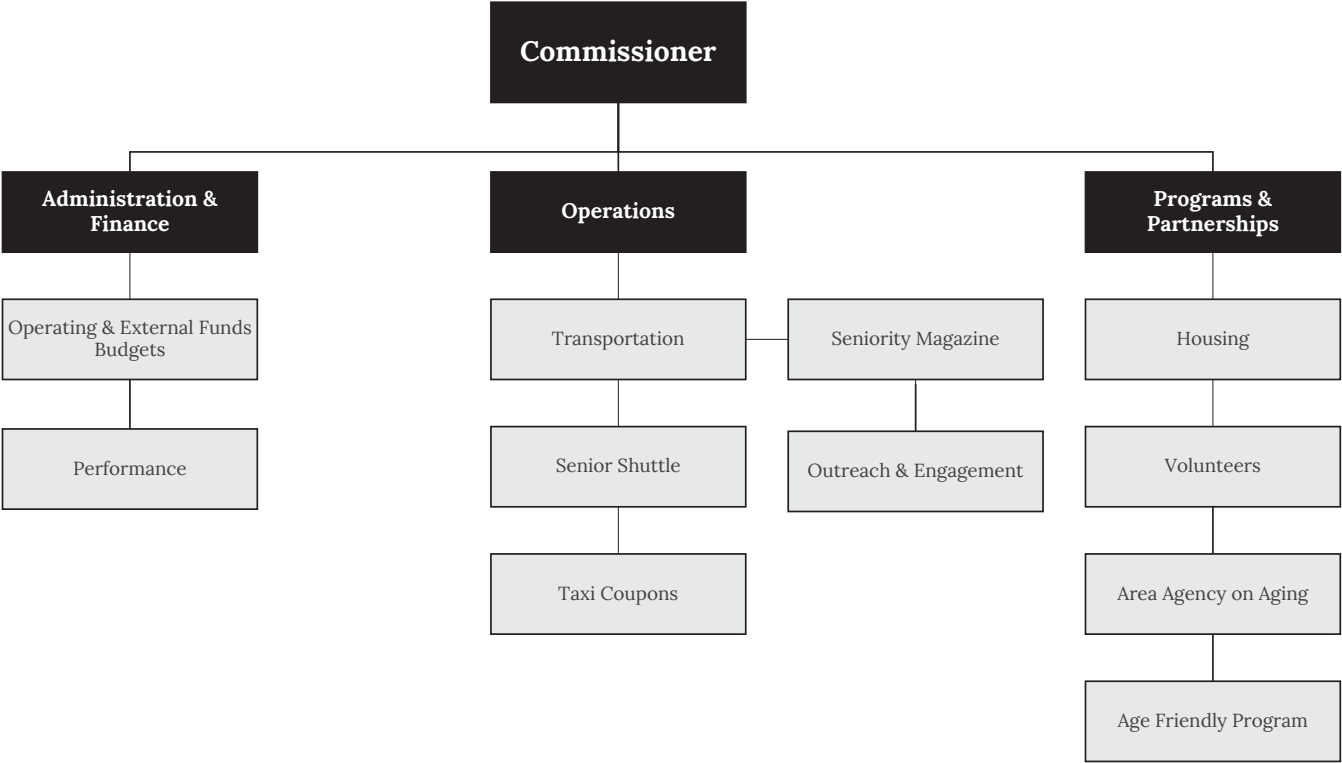

- Promote meaningful volunteer engagement opportunities to Boston's older adults.
- Set course for successful aging programs, policies and practices in Boston.

# Program 1. Age Strong Administration

Francis Thomas, Manager, Organization 387100

## Program Description

The Administration Program provides fiscal supervision of all Commission programs, and procures resources to ensure that all programs perform their mission on time and on budget. The program provides data management, purchasing, staff training, program evaluation and analysis. The Administration Program maintains a close relationship with senior citizen groups, and service providers through administrating and monitoring providers supported by Area Agency on Aging grants. Administration staff is responsible for initiating systems that increase productivity and community outreach. Administration is also responsible for financially preparing the Commission to serve the growing needs of our multicultural and linguistically diverse clients and staff and the eventual boom in the elder population.

# Program 2. Age Strong Operations

Karine Querido, Manager, Organization 387200

## Program Description

The Operations Program provides seniors, caregivers, and the general public with essential information that helps to improve the quality and safety of seniors’ lives. The monthly newspaper and web site offer articles and information of special interest to seniors. The Commission produces television shows for Boston Neighborhood Network and the Boston cable channel. The Operations program creates and manages internal and external relationships aimed at developing and maintaining staff, city, neighborhood, public, media and business relationships. This program promotes employment and volunteer opportunities for seniors and helps to develop, coordinate and support intergenerational and multicultural activities. It also coordinates special fundraising, recreation, health and fitness events to reduce isolation and encourage community involvement of seniors.

# External Funds Projects

## Area Agency on Aging

### Project Mission

As Boston's Area Agency on Aging (AAA), the Age Strong Commission, also known as the Elderly Commission, is a sub-grantee of federal Title III funding through the Massachusetts Executive Office of Elder Affairs. The federal funding source of this annual grant is the Administration on Aging, an agency of the Department of Health and Human Services. The AAA plans and coordinates public, private and voluntary programs to provide the best possible service for Boston's older citizens. The AAA also provides direct funding for elderly-related services throughout Boston. The AAA Unit of the Elderly Commission monitors the agencies providing services and provides technical assistance as needed. The grant awarded in FY18 totaled \$3,873,198 started on 10/01/17 and ended on 09/30/18. The FY19 award is \$3,734,042.

## AAA CARES

### Project Mission

The Coronavirus Aid, Relief, and Economic Security Act (CARES) is federal legislation providing among other things support to state and local governments in light of the COVID-19 pandemic. Grant funding will be utilized to support congregate meal sites and home delivered meals and is expected to end in FY22. FY22 amount includes carryover amount of \$1.8M from FY21.

## East Boston Senior Center

### Project Mission

The East Boston Senior Center grant was created for the East Boston Foundation with funding from Massport for the operation of the new East Boston Senior Center opening in the fall of FY22.

## Elderly Universal Fund

### Project Mission

The Universal Fund is the repository for funds donated to the Age Strong Commission, also known as the Elderly Commission, to support events and services provided by the Commission for the seniors of Boston. The projected amount to be collected in FY19 is \$100,000.

## EOEA Formula Award

### Project Mission

As Boston's Council on Aging, the Age Strong Commission, also known as the Elderly Commission, receives the formula grant from the Massachusetts Executive Office of Elder Affairs. The annual grant provides for direct services including the community service advocates. The grant also provides resources to the housing unit which provides information, referral and direct assistance to Boston's elder tenants and homeowners. The grant starts on July 1st and ends on June 30th. Both FY18 and FY19 awards are \$1,056,840, or \$12 per senior.

## Family First Coronavirus Response Act (FFCRA)

### Project Mission

The Families First Coronavirus Response Act is federal legislation providing paid sick leave, free coronavirus testing, expanded food assistance, unemployment benefits, and requires employers to provide additional protections for health care workers. Grant funding will be utilized to support congregate meal sites and home delivered meals and is expected to end in FY21.

## MCOA Respite

### Project Mission

The Massachusetts Councils on Aging through the U.S. Department of Health and Human Service's Administration for Community Living provides this Caregiver Respite and Support Services grant. This grant funding will enable the department to create a broad community-based support network for those with Alzheimer's and their caregivers – a new Memory Café, a volunteer Respite Companion program, support for the Alzheimer's Associations' Family Service Volunteers, and a social outing listing so that people with dementia can stay engaged and connected. The FY22 amount is \$18,771.

## Mobility Management Program

### Project Mission

The Mobility Management Program of \$220,017 for multi-year is received as state funding through the Massachusetts Department of Transportation to help provide meaningful transportation options across the Commonwealth. The Commission will use funds to acquire and implement a suite of technologies, including both software and hardware to help the Age Strong Shuttle, also known as Elderly Commission's Senior Shuttle, to achieve responsive dispatching, an efficient deployment of resources, automated scheduling and dispatching, and on-board navigation assistance. The grant awarded in FY18 totaled \$170,017 and the FY19 additional award is \$50,000.

## Nutrition Services Incentive Program

### Project Mission

The Nutrition Services Incentive Program (NSIP), formerly called the USDA Elder Lunch Program, is received as federal funding through the Massachusetts Executive Office of Elder Affairs. The federal funding source of this annual grant is the Agency on Aging within the U.S. Department of Health and Human Services. The NSIP program is a pass through grant, providing direct funding to nutritional service providers. The grant awarded in FY18 totaled \$349,003 started on 10/01/17 and will end on 09/30/18. The FY18 award is estimated at \$341,985.

## Prevention and Wellness Trust

### Project Mission

This annual grant is provided by the Boston Public Health Commission, a body politic and corporate and political subdivision of the Commonwealth of Massachusetts, to the Commission and sub-grantees for the continued operation of prevention and wellness programs to the elderly of Boston. The FY17 award was \$391,624 and the remaining portion for FY18 is \$11,200.

## Retired Senior Volunteers Program

### Project Mission

The federal funding for the Retired Senior Volunteer Program (RSVP) comes from the Corporation for National and Community Service. The purpose of RSVP is to develop a recognized role in the community and a meaningful life in retirement for older adults through significant volunteer services. RSVP recruits and places approximately 500 senior volunteers in opportunities allowing them to use their skills, acquire new skills and explore new interests. Volunteers are partially reimbursed for meals and transportation and receive insurance coverage. Volunteers must be at least 55 years old to participate. The FY18 and FY19 awards are \$130,253, and each grant begins on April 1st.

## Senior Companion Program

### Project Mission

The Age Strong Commission, also known as the Elderly Commission, receives federal funding for the Senior Companion Program annually from the Corporation for National and Community Service. The Senior Companion Program offers part-time stipendiary community service opportunities for low-income persons who are 55 years and older. Volunteers provide assistance to adults with exceptional needs, development and disabilities, or other special needs throughout Boston's neighborhoods. These volunteers work 20 hours weekly and receive accident insurance in addition to a meal and travel allowance. The FY18 and FY19 awards are \$250,250, and the grant now begins on April 1st.

### **Project Mission**

This annual grant is provided by the Massachusetts Executive Office of Elder Affairs for the purpose of providing direct funding to nutritional service providers. This grant is a pass through grant, starting each year on July 1st. The FY18 and FY19 awards were \$1,363,864.

# Program 1. Administrative & Policy

Vacant, Manager, Organization 385100

## Program Description

The Administrative Services Division is responsible for the overall operation of BCYF and includes budget and finance, human resources, facilities management, public relations, planning and development and information technology. The division is responsible for ensuring the fiscal integrity and effectiveness of BCYF, training BCYF staff and leveraging additional resources. The division also includes Chief of Health and Human Services and The Office of Food Access. The division works with community centers to build their capacity to serve as neighborhood hubs for services, resources and programming and supports community outreach and partnership development, including the development of local community center site councils.

# External Funds Projects

## Boston Food Policy

### Project Mission

Supported by funding from local grant foundations, the Food Policy Council will support healthy eating and nutritional advancement in Boston's neighborhoods. The grants will support cooking classes for Boston Public School parents, assistance to food trucks that supply nutritional options and a community supported agriculture program aimed at seniors.

## Can Share

### Project Mission

Can Share fund raising supports the Office of Food Access' Double Bucks and Healthy Incentives Program (HIP). These programs enable SNAP beneficiaries to increase their buying power at Boston farmer's markets and at brick and mortar stores that provide access to fresh food.

## Center Based Day Care Program

### Project Mission

The Center Based Daycare Program represents two external resources to support daycare programs located at BCYF centers. The first external resource was a grant funding by the Massachusetts Department of Early Education and Care to provide for 21 daycare slots at community centers. The second external resource was the Community Child Care Voucher Program which is an agreement to provide funding by Child Care Choices of Boston which also receives their funding from the Massachusetts Department of Early Education and Care.

## Charles E. Shannon Grant

### Project Mission

Funded by the Executive Office of Public Safety and Security in partnership with proven successful faith and community based organizations and city agencies for focused Prevention, Intervention and Suppression support services to youth at risk or involved in gang related activity in hopes of reducing gun and gang related violence in hot spot areas of city.

## Child & Adult Care Food Program

### Project Mission

BCYF child care programs participate in the USDA Child and Adult Care Food Program. Meals are provided by Boston Public Schools and are available without a separate charge to participating children. Annual funding is provided by the Commonwealth of Massachusetts, Department of Early Education and Care.

## City Hall Child Care Program

### Project Mission

The City Hall Child Care Program provides quality infant, toddler and preschool care for children and their families. The funding for this program comes from parental fees and state vouchers.

## Community-Based Violence Prevention

### Project Mission

Funded by the Office of Juvenile Justice and Delinquency Prevention (OJJDP). The goal of this funding is to reduce youth homicides and shootings in Mattapan by increasing enforcement and accountability; providing violence interruption, conflict resolution, and opportunities to our 'shooters' and their families; and mobilizing the community through a saturated social norms and consequences campaign.

## Food Resiliency Study

### Project Mission

This is a one-time grant, funded in FY15, to study gaps in food resilience in Boston and address them through substantive policy and programmatic changes on a city level.

## James Curley Recreation Center

### Project Mission

Get Text.

## Mayor's Food Security Action Plan

### Project Mission

This three-year grant in the amount of \$195,000 from United Way of Massachusetts Bay and Merrimack Valley, is for the purpose of supporting the Mayor's Food Security Action Plan through the hire of a Food Security Action Plan Fellow.

## Mass Marketing Partnership

### Project Mission

The Mass Marketing Partnership Grant will provide funding in the amount of \$100,000 to be expended by June 30, 2019 from Massachusetts Office of Travel & Tourism to provide equipment for the fitness center and pre-school classroom at the Roslindale Community Center.

## Safe and Successful Youth Initiative Program

### Project Mission

Boston's Safe and Successful Youth Initiative Program was a grant of \$274,601 in 2011 provided by the Commonwealth of Massachusetts' Safe and Successful Youth Initiative. The Boston Public Health commission was the lead city agency providing resources to Boston Centers for Youth and Families, Jobs and Community Services, the Boys and Girls Club, and Boston Medical Center's Violence Intervention Advocacy Program. Through this program, BCYF was able to deploy staff in areas of the city that experienced high levels of crime, or 'hot spots'. Staff intervened, mediated and provided teens and their families with referrals for service in an effort to alleviate the stress that leads to violence.

## Street Safe Grant

### Project Mission

The Street Safe Grant will provide funding in the amount of \$3,100,000 from the Boston Foundation to enhance anti-violence measures. Violence Interrupters work with "Proven-Risk/At-Risk" youth in a variety of capacities, including providing case management, conflict and resolution, trauma services and outreach and support to family members of youth served. This funding is expected to increase access to targeted youth reaching 550-600 individuals annually, as well as facilitate on-going training for outreach workers in critical areas.

## Tiny Tots Program

### Project Mission

The Tiny Tots Program is funding provided by community center site councils to support the personnel and fringe costs for existing city employees that staff the Tiny Tots programs at each center. The current agreement has site councils covering 50% of costs.

# Boston Centers for Youth & Families Capital Budget

## Overview

The City's Capital Plan for BCYF targets an increase to programming capacity at the City's community centers and supports high-quality facilities. Community centers provide families, children and teens with enriching programs such as after school care, athletics, job and computer training.

### FY23 Major Initiatives

- Construction will be completed at BCYF Paris Street Pool to enhance interior conditions and accessibility, and transform the facility's connection with nearby outdoor spaces.
- Major renovation at BCYF Curley Community Center including climate resilience and accessibility improvements will be completed.
- Design will begin for a new North End Community Center.
- Youth budgeting will continue for the ninth year. Youth Engagement & Employment will focus on project implementation and preparation for another round of participatory voting.
- Begin design for facility renovations at BCYF Hyde Park and Roslindale.
- Begin planning for major upgrades to technology infrastructure and security systems, providing new servers, security cameras, and Wi-Fi equipment.
- Begin planning for renovation work to the BCYF Marshall Pool.

## Description of Services

The Boston Office of Veterans Engagement, Transition, and Services (Boston VETS) assists Boston veterans in need of financial, medical, or other support services. The Department also coordinates with federal, state, and local agencies to help refer veterans suffering from Agent Orange exposure, Post-Traumatic Stress Disorder, or other issues to appropriate service providers. The Department provides financial assistance and pays medical expenses for eligible veterans and their dependents. In addition, the Department assists veterans with obtaining burial plots in cemeteries owned by the City of Boston and assists indigent veterans with funeral and burial expenses. The Department also oversees the decoration of veterans' graves and hero squares on Memorial Day.

# Program 1. Veterans' Services

Robert Santiago, Manager, Organization 741100

## Program Description

The Veterans' Services Program explores all legal avenues to provide veterans and their dependents with assistance in obtaining benefits to which they are entitled. The Department provides emergency cash assistance to homeless or about -to-be-displaced eligible veterans and their dependents. The Department also provides financial assistance and reimbursement of medical expenses to indigent veterans. The Department offers employment, housing, and other referral services. In addition, Department employees participate in the Massachusetts Veterans' Service Officer Association to improve services to veterans.

### Description of Services

The Boston Public Library system consists of the Central Library at Copley Square, including the Kirstein Business Library, branch libraries located throughout Boston’s neighborhoods and one remote storage facility. Library staff assists users in locating and using resources, and provides public programming, exhibits, and outreach. Internet, wireless, and online technology resources connect people to informational resources aimed at enriching individuals, organizations, and the entire community.

# Program 1. Library Administration

David Leonard, President, Organization 110100

## Program Description

The Administration Program proposes goals and objectives to the Board of Trustees, manages the library to continuously improve service to the public, and provides centralized functional support for the library. The program functions through the centralized offices of the President, Human Resources, Finance, Facilities, Systems, Technical Services, and Communications and Community Affairs.

# External Funds Projects

## Boston Public Library Affiliates

### Project Mission

Represents funding received through the Library's fundraising partners, including the Fund for the Boston Public Library, the Associates of the Boston Public Library, the Boston Public Library's City-wide Friends group, and Boston Public Library branch Friends' groups.

## InterLibrary Loan Grant

### Project Mission

Interlibrary loan (ILL) is a service through which a user of one library can borrow materials or receive electronic copies of documents (usually journal or magazine articles) that are owned by another library. Massachusetts Library System contracts with the Boston Public Library to supply copies of documents electronically to all Massachusetts Library System members. These documents come either from the Boston Public Library's own collection or BPL's ILL staff will locate and request documents from libraries around the world. BPL is uniquely suited to provide documents to the state because of BPL's large and diverse collection that is second in size only to the Library of Congress.

## Library for the Commonwealth

### Project Mission

The Library for the Commonwealth (LFC) provides reference and research services for all residents of the Commonwealth of Massachusetts at the Boston Public Library through developing, maintaining, and preserving comprehensive collections to supplement library resources available throughout Massachusetts. The Massachusetts Board of Library Commissioners provides this appropriation for the BPL to support personnel, purchase materials, digitize content, and develop a digital repository. The appropriation is calculated on a statewide per capita basis and distributed annually.

## Other sources

### Project Mission

Represents revenue from private events, royalties, commissions, pay for print, etc.

## State Aid To Libraries

### Project Mission

The Library Incentive Grant/Municipal Equalization Grant is annually granted by the Commonwealth of Massachusetts Board of Library Commissioners to the Trustees of the Boston Public Library. The Library is required to meet certain minimum standards of free public service established by the Board to receive the grant. Four important measures are used to determine eligibility: the Municipal Appropriation Requirement (MAR), the percent of the total budget spent on library materials, the hours of operation, and the ability to lend books to other libraries in the Commonwealth.

## Trust funds and other donations

### Project Mission

Represents gifts received from individuals, corporations, and other private donors. Donations made via trusts are held in accordance with the intention of the donor, and the principle is invested in securities that generate an annual income. This income is used to purchase library materials, support specific library positions, and enhance library programming.

# Library Department Capital Budget

## Overview

The City is committed to investing in reinvigorating its branch libraries, an important cultural attraction in neighborhoods across the city. Fiscal year 2023 capital investments will further enhance the Boston Public Library by continuing to preserve existing buildings and build new library spaces to provide better services for all.

### FY23 Major Initiatives

- The City will begin architectural review as well as, the design and build out of a new Chinatown Branch library at the R1 parcel.
- Construction of a major renovation and addition to the Faneuil Branch Library will continue this fiscal year.
- Design for the construction of a new building for the Fields Corner Branch Library will begin.
- Design for the construction of a new building for the Egleston Branch Library will begin.
- A study at the Codman Square Branch will be completed and design for a new or renovated library will begin.
- A study at the South Boston Branch will begin.

## Can Share

### Project Mission

Can Share fund raising supports the Office of Food Access' Double Bucks and Healthy Incentives Program (HIP). These programs enable SNAP beneficiaries to increase their buying power at Boston farmer's markets and at brick and mortar stores that provide access to fresh food.

## Children's Hospital- Boston EATS

### Project Mission

Boston Eats seeks to improve food access in Boston communities by increasing the number of open sites for summer and after-school meals. These open sites offer free meals to children age 18 and under in a stigma-free way, without prior registration, identification, or any eligibility requirements to receive a meal. These meal sites ensure that children have access to free, healthy food when school breakfast and lunch are not available. This work happens through partnerships with community partners who can expand the support they offer to their community through the resources provided through this program, including technical assistance from coordinating partners and mini-grants to fund meal site activities.

## Double Up Food Bucks

### Project Mission

Double Up Boston Food Bucks Pilot Program will increase the buying power of SNAP recipients to buy fresh food and vegetables, by expanding SNAP-matching programs to locally-owned, brick-and-mortar food retailers. OFA is participating in a multi-state USDA Food Insecurity Nutrition Incentive (FINI) application led by Fair Food Network (FFN). Fair Food Network, is a non-profit in Minnesota that pioneers solutions that support farmers strengthen local economies, and increase access to healthy food, specifically in underserved communities. Can Share fund raising supports the Office of Food Access' Double Bucks and Healthy Incentives Program (HIP). These programs enable SNAP beneficiaries to increase their buying power at Boston farmer's markets and at brick and mortar stores that provide access to fresh food.

## Strategic Planning Grant

### Project Mission

Share Our Strength and the Mayor's Office of Food Access desire to work together toward a collective goal of expanding access to Breakfast After the Bell in Boston Public Schools. The purpose of this grant is to support critical work to end childhood hunger by adding staff capacity to the Mayor's Office of Food Access to provide additional support and technical assistance for Boston Public Schools' Breakfast After the Bell program.

## SOS Food Insecurity Specialist

### Project Mission

Share Our Strength and the Mayor's Office of Food Access desire to work together toward a collective goal of expanding food security to students in Boston Public Schools. The purpose of this grant is to support critical work to end childhood hunger through increased participation in federal child nutrition programs and create awareness of how students and families can access these programs. This grant is expected to conclude in FY22.

## ABCD-CSBG Cares

### Project Mission

This grant from Action for Boston Community Development through the Community Service Block Grant program is a federal funding source designed to help low-income people become more self-sufficient. CSBG CARES is a special allocation intended to address the urgent need in low-income communities created by the COVID-19 pandemic. This grant is expected to conclude in FY22.

# Youth Engagement & Employment Operating Budget

Rashad Cope, Director, Appropriation 448000

## Department Mission

The Youth Engagement & Employment appropriation is used to support activities and services for Boston's youth. The department provides youths and families with resources including employment, out of school time activities, peers who listen, and youth development opportunities.

## Selected Performance Goals

# Youth Engagement & Employment Operating Budget

**Description of Services**

Youth Engagement and Employment supports employment opportunities and serves as a resource for Boston youth. It provides funding for summer jobs for youth at community based organizations (CBOs) and teams aimed at citywide beautification initiatives. During the school year, Youth Engagement and Employment maintains a fully accessible - via web or phone - and comprehensive database of resources available to Boston's youth and their parents. The Youthline provides timely information and referrals to education, health, sport, cultural, civic participation and after-school resources available to youth in the City of Boston.

# Program 1. Youth Engagement & Employment

Rashad Cope, Manager, Organization 448100

## Program Description

The Youth Engagement & Employment Program manages partnerships with community based organizations to provide employment, events, activities, resources, and other services for Boston's youth. This includes the summer employment program, school year employment program, Mayor's Youth Council, career development workshops, and Youth Lead the Change Participatory Budgeting.

# External Funds Projects

## Youth Jobs Grant

### Project Mission

As a result of events precipitated by two private companies: Bechtel International Corp. and Turner Broadcasting Systems, the city of Boston received financial settlements totaling over two million. These funds were dedicated by the Mayor to supplement the year-around youth job program.

## Youth at Risk

### Project Mission

The Youth at Risk program is a summer jobs program for at-risk youth funded through the Commonwealth of Massachusetts. Funds are targeted to cities in Massachusetts that have the greatest incidence of juvenile detention and adjudication, where low-income youth are especially in need of access to summer job opportunities.

## Youth Employment & Enrichment Fund

### Project Mission

The Youth Employment & Enrichment Fund was established 2014 to ensure that Boston youth have access to high quality opportunities for employment, enrichment and personal development during the summer and school months. The fund was made possible by financial contributions from local corporations and foundations committed to supporting youth employment in the City of Boston. The fund is used to hire youth and to pay for non-personnel costs associated with youth employees such as enrichment training, materials and supplies.

## William T Grant Foundation Institutional Challenge Grant

### Project Mission

In partnership with Northeastern University, this grant will support an umbrella of research projects that will focus on four areas (1) increasing coordination and alignment across city agencies, program intermediaries, community colleges, and employers to target opportunities for underserved youth, (2) Strengthening program features that have the potential to reduce inequality (e.g., job type, career readiness curriculum, job laddering, number of summers), (3) expanding opportunities for youth to engage in post-secondary education and training, and (4) linking summer jobs participants to other year-round supports. Projects are expected to be complete in FY24.

## Cabinet Mission

The Boston Public Health Commission ensures the preservation of accessible, high quality, and community-based health care to Boston residents regardless of ability to pay. The overall mission of the Boston Public Health Commission is to protect, preserve and promote the health and well-being of Boston residents, particularly those who are most vulnerable. Our mission is met through the provision and support of accessible, high quality and community based health care, disease and injury prevention, health promotion and health education. In fulfillment of its mission, the Commission works collaboratively with area hospitals, community health centers and community based organizations to foster access to health services for the culturally and economically diverse communities of Boston.

# Program 1. Public Health Services

Dr. Bisola Ojikutu, Executive Director, Organization 620100

## Program Description

The Boston Public Health Commission promotes the health of the people of Boston by protecting and fostering the three core functions of public health: assessment, assurance and policy development. It carries out these functions through a wide variety of activities including health promotion and disease prevention initiatives (such as neighborhood outreach and community education); provision of critical health services for vulnerable, under-served and at-risk populations (such as health and wellness clinical and education services for school aged children, emergency shelter and transitional housing and support services for the homeless, and substance abuse treatment for those suffering from addiction); emergency preparedness and response (such as pre-hospital emergency medical care and transport , infectious disease surveillance and outbreak control, and environmental hazards prevention and response); monitoring and reporting on the health status of the city’s residents (such as city wide and disease specific health status reports); and development of public policy approaches that support positive health outcomes (such as tobacco control, banning the use of transfats in food establishments, regulating biological laboratories, and environmental health regulations).

This grant is funded for 4 years (October 2019-September 2023) pending annual renewal from SAMHSA. It is the Family Independence, Resilience, Support, and Treatment System of Care (FIRST SOC). Three direct service grant staff will be employed by CSR and work closely with grant staff from BPHC to design and deliver services and systems change projects in partnership with DCF.

## Boston Healthy Start Initiatives (BHSI)

### Project Mission

Boston Healthy Start Initiative aims to reduce disparities in infant mortality and adverse perinatal outcomes by (1) improving access to quality health care and services for women, infants and children (2) strengthening the health workforce (3) building healthy communities and (4) promoting and improving health equity by connecting with appropriate organizations and strengthening family resilience. BHSI funds 5 sites which include community-based health centers and a hospital. The families served are residents of the Boston neighborhoods of Dorchester, Mattapan, and Roxbury. Each BHSI site provides intensive case management services to Black and Latina pregnant women, prenatally and postpartum for up to 18 months post-delivery. It also supports the Father Friendly Initiative (FFI), an initiative to strengthen families by providing men with support related to life planning and informed fatherhood. This project is funded by Health Resources and Services Administration (HRSA).

## Capacity Building & Training Initiative

### Project Mission

The Division of Violence Prevention's Capacity Building & Training Initiative (CBTI) prevents and addresses violence by strengthening trauma-informed and equitable approaches among providers and systems serving children, adults and families in Boston and beyond. We do this through two key strategies: innovative workforce development initiatives and building the organizational capacity of our governmental and community partners.

## Community Based Crime Reduction (CBCR)

### Project Mission

The CBCR grant will be used to fund a two-prong violence prevention strategy in the Bowdoin Geneva neighborhood. We will partner with Dorchester Bay Economic Development Corp and College Bound to increase services for the Re-Entry population in the neighborhood. Additionally, we will partner with Boston Police Department (BPD)/C-11 and various neighborhood service providers and resident associations to implement Crime Prevention Through Environmental Design (CPTED). Through CPTED, neighborhood groups will partner with BPD/C-11 to identify areas of the neighborhood for enhancement projects aimed at reducing crime and increasing social cohesion.

## Barr Climate Resilience

### Project Mission

Funding from the Barr Foundation to build capacity for community resilience and preparedness through a Community Resilience Network to generate community driven solutions in response to extreme climate and other climate emergencies.

## Bragdon Street Maintenance

### Project Mission

For maintenance associated with Bragdon street building.

## CHEC Income

### Project Mission

Funding obtained from fees for training programs offered through the Community Health Education Center.

## COVID-19 Disparities

### Project Mission

Funding from the Centers for Disease Control and Prevention to address COVID-19 related health disparities and advance health equity. Funding is used for testing, vaccination, research, and public health response.

## HMCC ASPR

### Project Mission

Funding from the Assistant Secretary for Preparedness and Response passed through the Massachusetts Department of Public Health (MDPH) to support Healthcare System Preparedness, including the management and administration of the City of Boston's Health and Medical Coordinating Coalition and the Boston Hospital Preparedness Program.

## HMCC Hospital Funding

### Project Mission

Funding from US Centers for Disease Control and Prevention (CDC), passed through the Massachusetts Department of Public Health (MDPH), to develop culturally competent risk communication plans and materials to inform and educate residents about emergency preparedness, before, during and after a public health emergency. Public information also includes communicating the need to dispense medication to the entire population within 48 hours.

## HMCC MRC Reserve

### Project Mission

Funding from the Massachusetts Department of Public Health (MDPH) to support the administration and management of the Boston Medical Reserve Corps volunteer program.

## HMCC Public Health Emergency Preparedness

### Project Mission

Funding from CDC, passed through the Massachusetts Department of Public Health (MDPH), to support public health preparedness and response initiatives in the City of Boston, including community resilience, public health emergency management, public health and healthcare emergency response and recovery, and education and training. This funding builds our capacity to provide equitable access for Boston residents to health and human services during and following an emergency.

## OPHP Income

### Project Mission

Funding obtained from fees for training programs offered through the DeValle Institute for Emergency Preparedness.

## Racial Ineq. in Opioid Treat

### Project Mission

BPHC, in collaboration with the Institute for Community Health, Boston University School of Public Health, and Boston Medical Center, received RIZE Massachusetts grant funding to conduct a qualitative study to build understanding of the factors impacting racial/ethnic inequities in substance use disorder treatment access post opioid overdose in Boston. The research team will conduct interviews with residents of different racial and ethnic backgrounds who recently had an opioid overdose to better understand their subsequent treatment seeking experience and with members of the prevention and treatment providing community to gain additional understanding for why these racial inequities exist. Together, these interviews will inform lived-experience policy recommendations for improving substance misuse treatment access for all.

## Statewide Training

### Project Mission

Funding from the Massachusetts Department of Public Health (MDPH) to serve as the Massachusetts Emergency Preparedness Education and Training Center. The Education and Training Center assesses, develops, delivers, coordinates, and evaluates competency-based emergency preparedness education and training utilizing an all-hazards approach while focusing on the CDC/ASPR Public Health and Healthcare Preparedness Capabilities.

## UASI Mutual Aid

### Project Mission

Funding from the Urban Area Security Initiative (UASI) through the Mayor's Office of Emergency Management to continue supporting the Massachusetts Mutual Aid Program which supports and facilitates the evacuation of long term care facilities, and provides situational awareness and mutual aid for community health centers during emergencies.

## UASI Patient Tracking

### Project Mission

Funding from the Urban Area Security Initiative (UASI) through the Mayor's Office of Emergency Management that provides resources for planning, organization, and equipment, training, and exercise needs of the Metro Boston Emergency Tracking System, also known as the Patient Tracking System. This is a secure web-based, HIPAA compliant application, which facilitates incident management, family reunification and overall patient accountability during several types of emergency incidents, including mass casualty incidents, hospital evacuations, mass prophylaxis dispensing clinics and emergency shelter operations.

## UASI Social Services Resilience

### Project Mission

Funding from the Urban Area Security Initiative (UASI) through the Mayor's Office of Emergency Management to support community, human services, and social services organizations to develop Continuity of Operations plans.

# Public Health Commission Capital Budget

## Overview

Capital investment in the facilities used by the Public Health Commission improves service delivery and enhances the administration of public health services provided by the City.

### FY23 Major Initiatives

- Construction for renovations at Woods Mullen Shelter, including installation of new elevator and an improved entrance.
- Begin a programming and siting study for EMS facilities.
- Increase preparedness of the Commission’s computer system infrastructure by establishing a disaster recovery site.
- Begin renovation of space at 201 Rivermoor Street in West Roxbury for use as an EMS Training Academy that will provide a dedicated space for department continuing education, Advanced Life Support, paramedic, recruit, and community EMT courses.
- Construction of a new ambulance bay at 201 Rivermoor Street in conjunction with the Training Academy project.
- Design a new EMS station at the Raymond L. Flynn Marine Park.
- Planning is underway for bringing recovery services to Long Island. The project will include designing repairs to preserve existing facilities on the island.
- Implementation of upgrades to EMS radio system network.

Sheila Dillon, Chief of Housing & Neighborhood Development, Appropriation 188000

## Department Mission

The Cabinet is committed to making Boston the most livable city in the nation by working with its many communities to build strong neighborhoods through the strategic investment of public resources. In 2014, the City announced its Boston 2030 plan which outlines a new comprehensive approach to accommodating Boston's complex housing needs over the next 15 years. Funding committed for the new plan has been renamed the "Housing 2030 Fund" which is included in the Neighborhood Development Operating Budget in "Program 3. Housing Development and Services."

## Selected Performance Goals

### Real Estate Management & Sales

- Dispose of tax-foreclosed and surplus property.

### Housing Development & Services

- Assist existing homeowners in retaining their homes.
- Assist tenants and landlords to preserve their tenancies.
- Ensure growth and affordability in Boston's Housing Market.
- Foster Homeownership in Boston Neighborhoods.
- Help Homeowners Improve their Homes and Communities.
- Provide assistance towards ending homelessness in Boston.

# Program 3. Housing Development & Services

M. Flynn, L. Bernstein, J. Boatright, T. Cain, Deputy Directors, Organization 188300

## Program Description

DND's Housing Development and Services programs support a wide range of housing creation and support activities that strive to make Boston the most livable city in the nation. This is accomplished through the work of the Boston Home Center (BHC), Neighborhood Housing Development (NHD), and the Supportive Housing (SH) divisions. BHC is designed to help Boston residents obtain, retain, and improve their homes. NHD works with non-profit and for-profit partners to develop and preserve affordable housing. SH provides funding for housing and supportive services for Boston's homeless and those at risk of homelessness. In 2014, Mayor Walsh announced his Boston 2030 plan which outlines a new comprehensive approach to accommodating Boston's complex housing needs over the next 15 years. Funding committed for the new plan has been renamed the "Housing 2030 Fund" which is included in this program.

## Allston Brighton Homeowner Fund

### Project Mission

In order to foster affordable homeownership and homeowner stability, the Boston Home Center and the Mayor's Office of Housing received a total of \$3.6 million from the WJG Realty Company LLC, as part of a community benefit related to the Allston Yards mixed used development at 60 Everett Street in Allston. This funding will primarily be used to administer a financial assistance program for income-qualified first-time homebuyers in the Allston-Brighton neighborhood. The grant started on 5/1/2021 and will end when all funds are depleted.

## Brownfields Economic Development Initiative

### Project Mission

The purpose of the Brownfields Economic Development Initiative (BEDI) is to spur the return of Brownfields to productive economic use through financial assistance to public entities and enhance the security or improve the viability of a project financed with Section 108 guaranteed loan authority. BEDI grants must be used in conjunction with a new Section 108 guaranteed loan commitment. The most recent BEDI grant was used to promote the remediation and redevelopment of the former Modern Electroplating Brownfields site, with a portion of the funding being used to pay for environmental monitoring at the Dudley Police Station.

## Choice Neighborhoods Implementation Grant

### Project Mission

The Choice Neighborhood Implementation Grant is a competitive grant from the U.S. Department of Housing and Urban Development. The \$30 million grant was awarded to the Boston Housing Authority (BHA) for the redevelopment of the Whittier Street public housing development. With DND as the lead, several City of Boston departments are responsible for administering the \$4 million neighborhood improvements portion of the grant, which includes road improvements, open space projects, art projects, first-time homebuyer assistance, business assistance, and educational assistance. The grant started on 8/15/17 and ends on 9/30/23.

## Commonwealth Builder Program

### Project Mission

Massachusetts Housing Partnership has awarded \$25 million to the Mayor's Office of Housing to be used for the creation and preservation of homeownership housing units for eligible moderate-income households. This program will help increase homeownership opportunities for households of moderate means, and will support vibrant communities, a strong economy, and a stable workforce in the City of Boston. The grant started on 8/1/2021 and has an end date of 7/30/2030.

## Community Development Block Grant

### Project Mission

The Community Development Block Grant (CDBG) is an annual entitlement grant from the U.S. Department of Housing and Urban Development (HUD) to the City of Boston designed to fund a variety of neighborhood development activities. At least 70 percent of CDBG funds must be used to benefit low- and moderate-income households. CDBG funds are used to produce and preserve affordable housing, revitalize neighborhood commercial districts, assist the renovation of non-profit facilities, improve vacant lots, promote and monitor fair housing activities, and assist non-profit organizations in the operation of emergency shelters, and workforce development programs. CDBG funds cannot be used for general government services or to replace funding cuts from existing public service activities. The CDBG awards for FY18, FY19 and FY20 were \$15,761,309, \$17,229,498 and \$17,146,361 respectively. The FY21 award was \$17,434,907 and the FY22 award is \$17,421,783.

## Community Development Block Grant – CV

### Project Mission

In FY20, DND received a one-time award of CDBG funds as part of the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The award was for \$20,039,341, and will be used for rent relief in order to prevent widespread displacement. The grant started on 3/1/2020 and ends on 2/28/2022.

## Continuum of Care

### Project Mission

The Continuum of Care (CoC) program combines the previously standalone Supportive Housing and Shelter Plus Care programs into one annual competitive grant program from the US Department of Housing and Urban Development (HUD). The purpose of the program is to assist individuals and families experiencing homelessness and to provide the services needed to help such individuals move into transitional and permanent housing, with the goal of long term stability. Specifically, the program helps develop housing and related supportive services for people moving from homelessness to independent living. The program provides rental assistance that, when combined with social services, provides supportive housing for homeless people with disabilities and their families. The CoC award for FY17, FY18, and FY19 were \$22,664,525, \$24,583,209, and \$26,368,398 respectively. The FY20 award was \$29,021,101. The FY21 Tier I Renewals award is \$26,665,386; Tier II and bonus applications have not yet been announced. If awarded in full, the grant will total \$30,511,862.

## Emergency Rental Assistance

### Project Mission

This first Emergency Rescue Plan grant (ERA1) was awarded to the City of Boston through the 2020 Coronavirus Relief Fund. The start date was retroactive to 3/13/20 and the grant ends on 12/31/21. As required, the funding will be used to provide rent relief to households adversely affected by the COVID-19 pandemic. The award was for \$20,670,810. In March of 2021, the American Rescue Plan Act of 2021 was signed into law. Boston was awarded \$30,092,991 in emergency rental assistance funds (ERA2) as part of that legislation, which will be used for the same purpose as ERA1. ERA2 started on 6/1/21 and ends on 9/30/24.

## Emergency Solutions Grant

### Project Mission

The Emergency Solutions Grant (ESG) is an annual entitlement grant to the City of Boston from the U.S. Department of Housing and Urban Development. It is used to assist individuals and families to quickly regain stability in permanent housing after experiencing a crisis or homelessness. The ESG awards for FY18, FY19, FY20 were \$2,014,377, \$1,418,872 and \$1,461,960 respectively. The FY21 award is \$1,506,611 and the FY22 award is \$1,487,124.

## Emergency Solutions Grant – CV

### Project Mission

In FY20, DND received a one-time award of ESG funds as part of the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The award was for \$28,543,879 and will be used to support homeless shelters and services. The grant started on 3/1/2020 and ends on 9/30/2022.

## EPA/Brownfields

### Project Mission

The U.S. Environmental Protection Agency makes Brownfield Assessment and Clean-up grants available on a competitive basis. These grants are used to evaluate and/or clean-up contamination at EPA-eligible Brownfield sites. Brownfields are defined as real property, expansion, redevelopment, or re-use of which may be complicated by the presence or the potential presence of a hazardous substance, pollutant, or contaminant. Assessment grant funds were used to assess environmental conditions on parcels abutting or near the Fairmount-Indigo Commuter Rail line. The EPA is expected to issue an RFP for a new grant in the third quarter of FY21.

## HOME ARP

### Project Mission

HOME ARP was awarded to the City as part of the American Rescue Plan Act of 2021. Eligible activities include new construction or rehabilitation of housing, tenant-based rental assistance for up to two years, and assistance to first-time homebuyers. All HOME funds must be used to benefit low and moderate income households. The award amount is \$21,597,797.

## Home Investment Partnership (HOME)

### Project Mission

The HOME Partnership Program is an annual entitlement grant from the U.S. Department of Housing and Urban Development (HUD) to the City of Boston to support the development of affordable housing. Eligible activities include new construction or rehabilitation of housing, tenant-based rental assistance for up to two years, and assistance to first-time homebuyers. All HOME funds must be used to benefit low and moderate income households. Fifteen percent of HOME funds are set aside for Community Housing Development Organizations. HOME grants are four years in duration. The HOME awards in FY19 and FY20 were \$5,863,642, and \$5,336,980, respectively. The FY21 award was \$5,871,574, and the FY22 award is \$5,959,142.

## HOPWA

### Project Mission

The Housing Opportunities for People with AIDS (HOPWA) Program is a three-year grant awarded annually from the U.S. Department of Housing and Urban Development to the City of Boston. The program is designed to provide affordable, appropriate housing for people with AIDS (PWAs) in the metropolitan Boston area. Eligible activities include housing, counseling, housing development, rental assistance, technical assistance, homelessness prevention, operating costs including support services, and housing-related costs. DND will be directing these funds to three primary activities: metropolitan-area housing counseling to help PWAs find/retain affordable housing, technical assistance to developers of housing for PWAs, and emergency assistance payments to help PWAs retain their existing housing. The HOPWA awards in FY18, FY19, and FY20 were \$2,285,329, \$2,588,781 and \$2,894,494 respectively. The FY21 award was \$3,089,167, and the FY22 award is \$3,248,220.

## HOPWA - CV

### Project Mission

In FY20, DND received a one-time award of HOPWA funds as part of the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The award was for \$449,562 and will be used to support homelessness prevention and supportive services programs for Persons with HIV/Aids affected by the pandemic. The grant started on 3/1/2020 and ends on 2/28/2022.

## Inclusionary Development Fund

### Project Mission

The Inclusionary Development (IDP) fund is managed jointly by the Boston Redevelopment Authority and the Department of Neighborhood Development. The fund is capitalized through fees paid by private developers in lieu of building onsite inclusionary affordable housing. IDP is used to fund the department's affordable housing production pipeline.

## Lead Paint Abatement

### Project Mission

The Lead Paint Abatement grant is a competitive 42-month grant from the U.S. Department of Housing and Urban Development's Office of Healthy Homes and Lead Hazard Control to the City of Boston. The purpose of the grant is to reduce the exposure of young children to lead-based paint hazards in their homes through intensive services consisting of counseling, outreach and abatement in the high-risk target areas of Dorchester, Roxbury and Mattapan and to provide financing services citywide. Activities include abatement, inspections, risk assessments, and temporary relocations. The grant awarded in FY20 totals \$4,342,674 and started on 12/1/19.

## Neighborhood Development Fund

### Project Mission

The Neighborhood Development Fund receives revenue from the repayment of Urban Development Action Grant (UDAG) loans to the City. Funds can be used for eligible HUD Title I activities which are somewhat less restrictive than CDBG regulations.

## Neighborhood Stabilization Program (State Funds)

### Project Mission

Neighborhood Stabilization Program grants were made available to Boston and several other direct grant communities on a non-competitive basis from the Massachusetts Department of Housing and Community Development. The Commonwealth of Massachusetts agreed to match Boston's HUD NSP funds \$1-\$1 and NSP admin funds \$0.50-\$1. Funds were used to establish financial mechanisms for purchase and redevelopment of foreclosed homes and residential properties. Such mechanisms included soft-second, loan loss reserves, and shared-equity loans for low and moderate income homebuyers; purchase and rehabilitation of homes and residential properties that were abandoned or foreclosed upon in order to sell, rent, or redevelop such homes as properties; establish land banks for homes that were foreclosed upon; demolish blighted structures; and redevelop demolished or vacant properties. The first NSP State grant totaled \$4,020,500. A second NSP State grant totaled \$999,999.

## Regional Foreclosure Education Grant (COM)

### Project Mission

The Regional Foreclosure Education grant from the Commonwealth of Massachusetts supported the expansion of foreclosure counseling providers under contract with the City of Boston. These providers served geographic areas of Boston with high rates of default and foreclosures targeting occupants of 1-4 unit properties.

## Rose Fellowship

### Project Mission

Enterprise Community Partners Inc, through the Public Facilities Commission, awarded a grant to the Mayor's Office of Housing (MOH) to help fund the hiring of an architectural fellow to work with MOH design staff within their Neighborhood Housing Development division. The fellow will work in close partnership with the City's Housing Innovation Lab to develop innovative solutions to address complex issues through design thinking and the development of prototype housing models. The Rose Fellowship stipend will be funded for \$68k a year for a total of \$136k for the entire duration of the Fellowship (2 years). The performance period is from October 1, 2020, to October 1, 2022.

## Section 108 Loan Guarantee Programs/Section 108 Unrestricted

### Project Mission

Section 108 funds are available to eligible cities from the U.S. Department of Housing and Urban Development (HUD) on an application basis. Section 108 funds are secured by the City through a pledge of its current and future CDBG grant awards. These funds are used for economic development projects. The Boston Invests in Growth Loan Fund is a \$40 million HUD Section 108 funded loan pool designed to jumpstart well-financed construction projects, create jobs, and strengthen Boston's economy. This program is designed for large commercial projects in Boston that have both permanent financing and equity in place. Boston Invests will finance the gap that remains between the financing and equity and the total project cost, known as mezzanine financing. In addition, up to 10% of the loan pool will be set aside for smaller neighborhood based projects of at least 5,000 square feet, the underwriting criteria for which will be the same as for the larger loans but the interest rate charged as well as the additional interest paid at the end will be lower. Additionally, \$2.5 million HUD Section 108 funded loan pool will be used for energy efficiency and to promote job creation. The Section 108 Spread Unrestricted Fund is income earned as a result of the interest spread between Section 108 loan repayments owed to DND by its borrowers and Section 108 repayments DND owes to HUD.

## State Brownfields Site Assessment

### **Project Mission**

Brownfields site assessment/remediation grant from the Massachusetts Development and Finance Agency for the parcel located at 25 Amory Street, Jamaica Plain. The grant started on 3/18/20 and ends on 12/31/21. The total award was \$220,100.

## Youth Homelessness Demonstration Program Grant

### **Project Mission**

To help end youth homelessness in Boston, the U.S. Department of Housing and Urban Development (HUD) has awarded \$4.92 million through its Youth Homelessness Demonstration Program (YHDP). This project will support a wide range of housing programs including rapid rehousing, permanent supportive housing, transitional housing, and host homes. The start date of this two-year grant was 10/1/2019.

# Mayor's Office of Housing Capital Budget

## Overview

Capital investment will support efforts to build and preserve affordable housing, repair and rebuild public facilities, revitalize neighborhood business districts, and improve public spaces operated by the Mayor's Office of Housing.

### FY23 Major Initiatives

- The City will invest in mixed income and affordable housing in conjunction with the Boston Housing Authority in various neighborhoods, including Jamaica Plain and South Boston.
- The Orient Heights initiative in East Boston will be completed in early 2023. The project renovates 42 units, builds 289 units, and incorporates public open and community spaces.
- Redevelopment of the Mildred Hailey Apartments as well as the Mary Ellen McCormack Housing Development will begin in FY23, the start of Phase 1 of larger preservation and renovation projects.

# Program 5. Data & Analytics

Stefanie Costa Leabo, Manager, Organization 149500

## Program Description

Use data and analytics to improve quality of life and the effectiveness of government operations. By providing technology and business support, we aim to create a modern, data-driven, responsive City government. We have worked on a variety of initiatives to improve performance and accountability (CityScore, BFD shift swap dashboard) and to deliver services more effectively (signal timing optimization, moving day trash collection).

# Program 6. Broadband & Digital Equity

Michael Lynch, Manager, Organization 149600

## Program Description

Work towards a future where every resident and business has access to affordable broadband internet, and the skills and equipment to make use of it. We support a variety of digital equity and public access initiatives, and work to provide both regulatory oversight for our cable TV providers and to lower the barriers to entry in Boston's broadband market.

# External Funds Projects

## 21st Century Access Fund

### Project Mission

The 21st Century Access Fund is used to support Public, Educational or Governmental (PEG) access services pursuant to Section 53F3/4 of Chapter 44 of the Massachusetts General Laws funded provided through cable television franchise agreements.

## BAIS Modernization

### Project Mission

BAIS Modernization funding is drawn from existing special revenue (E-Rate) and non-recurring revenue (Indirect) funds and supports upgrades to the City's Enterprise Resource Planning financial and human capital systems. While the majority of the project is backed by a capital investment, this supplementary funding will pay for software, staffing, contracted services, telecommunications, and supplies costs incurred between the project's kickoff in FY21 and its planned completion in FY23.

## Digital Equity/Smart City

### Project Mission

The Digital Equity/Smart City grant is provided by Verizon Wireless and will provide \$1 million for the City to provide for digital equity grants and an additional \$500 thousand for the City to hire a Smart City Fellow for up to four years. The fellow will be a technologist for the public realm who will lead the planning and execution of the \$4.7 million Verizon Smart Communities program. The fellow will work closely with the Streets Cabinet and the Department of Innovation and Technology (DoIT) to identify Verizon Smart Communities technologies and services that have 1) demonstrated proven value for addressing community challenges and 2) can be used to improve safety for vulnerable users of the public right of way and quality of life in Boston.

# Department of Innovation & Technology

## Capital Budget

### Overview

Capital investment in technology enables the City to work more efficiently at a lower cost; to be more responsive to citizens; and to provide convenience for Boston’s residents, businesses and visitors. Ongoing and new initiatives will build upon this progress, ensuring the City remains competitive and coordinated in computer information and communication technology.

### FY23 Major Initiatives

- Expansion of the City’s fiber optic network (BoNet) will continue in FY23. The fiber network will connect additional Boston Public School buildings.
- An increased investment in Cyber Security and Resiliency will further build out the city’s multi-layered defenses and ensure continuity of operations and data recovery in the event of a disaster.
- In Enterprise Applications, DoIT will continue developing Constituent Relationship Management tools and expanding usage to more departments, as well as pursue solutions that improve IT operations and support citywide.
- In Digital Service Delivery and Engagement, DoIT will continue modernization of multiple digital tools and public applications to improve the experience of users engaging with the city online.

## Cabinet Mission

Departments in the Public Safety Cabinet serve to protect the lives and property of City residents. The City maintains a ready state of preparedness through sufficient staffing levels, state-of-the-art equipment, and continual training and evaluation of policies and practices. The focus on neighborhood presence helps the City prevent crime, fire, incidents of terrorism, natural disasters quickly, and increases the sense of safety and security by residents and businesses.

# Emergency Management Operating Budget

Shumeane Benford, Chief, Appropriation 231000

## Department Mission

The Mayor's Office of Emergency Management advances the City's capability to effectively prevent, respond to and recover from incidents of terrorism, natural disasters and other emergency conditions by coordinating and directing Boston's inter-departmental and multi-jurisdictional activities, advising the Mayor on homeland security issues, and obtaining and managing outside funding.

## Selected Performance Goals

### Homeland Security

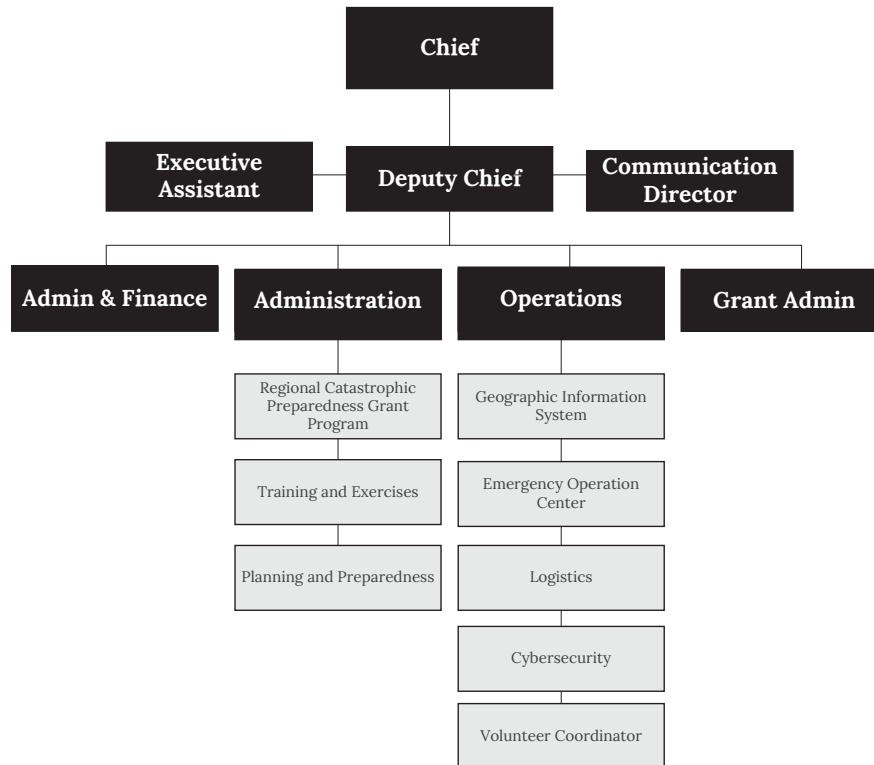

- To have the ability to shelter 5,000 Residents.
- To provide professional development training for first responders.

## Emergency Management Performance Grant

### Project Mission

The federal EMPG Program serves to assist local governments in preparing for all hazards, as authorized by the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.). Title VI of the Stafford Act authorizes FEMA to make grants for the purpose of providing a system of emergency preparedness for the protection of life and property in the United States from hazards and to vest responsibility for emergency preparedness jointly in the federal government and the states and their political subdivisions. The federal government, through the EMPG Program, provides necessary direction, coordination, and guidance, and provides necessary assistance, as authorized in this title so that a comprehensive emergency preparedness system exists for all hazards. Funding is received from the Federal Emergency Management Agency and the Commonwealth of Massachusetts's Emergency Management Agency.

## Regional Catastrophic Preparedness Grant Program

### Project Mission

The federal RCPGP grant serves to enhance regional catastrophic planning efforts, with the goal of strengthening the nation against risks associated with catastrophic events. The region includes communities from Massachusetts, New Hampshire, and Rhode Island. The project started March 2009 and funding is received from the Federal Emergency Management Agency and the Commonwealth of Massachusetts's Executive Office of Public Safety and Security. The RCPGP awards in federal FY10 and federal FY11 were \$3,393,900 and \$1,148,877 respectively.

## Urban Area Security Initiative

### Project Mission

The federal UASI grant serves to address the unique equipment, planning, exercise, training and operational needs of first responder agencies in the Boston Urban Area (Boston, Brookline, Cambridge, Everett, Revere, Quincy, Winthrop, Chelsea, Somerville) and to assist them in building an enhanced and sustainable capacity to prevent, protect against, respond to, and recover from threats or acts of terrorism, including chemical, biological, radiological, nuclear and explosive (CBRNE) incidents. UASI is an annual grant program and funding is received from the US Department of Homeland Security and the Commonwealth of Massachusetts Executive Office of Public Safety.

# Emergency Management Capital Budget

## Overview

The capital plan for the Office of Emergency Management works to provide OEM a space that is flexible, sustainable, secure, strategically located, and fully interoperable.

# Fire Department Operating Budget

Paul Burke, Commissioner, Appropriation 221000

## Department Mission

We, the Boston Fire Department, are an organization of dedicated professionals who are committed to serving the community by protecting life, property, and the environment through prevention, education, emergency medical, civil defense and fire service. We will provide fire protection and emergency service throughout the City of Boston by adequately staffing, training, and equipping firefighters at specific locations within the city.

## Selected Performance Goals

### BFD Training

- To ensure the safety, health and wellness of the City of Boston fire fighters by providing training in all aspects of Fire Services (including education in prevention) to ensure public safety.

### Maintenance

- To ensure City of Boston citizens are safe and protected from all emergencies with adequate fire fighting capacity in the field.

### BFD Fire Prevention

- To ensure City of Boston citizens are safe and protected from all emergencies with adequate fire fighting capacity in the field.

### Firefighter Safety, Health and Wellness

- To protect City of Boston constituents and to ensure the safety, health and wellness of the fire fighters by preventing exposure to carcinogenic toxins and avoiding injuries.

## Description of Services

The Fire Department provides fire and emergency protection to all Boston residents and to the hundreds of thousands of people who work, shop and visit the city. To provide this protection, the Fire Department deploys 33 engine companies (five of which are trained and staffed to respond to hazardous material, weapons of mass destruction and decontamination incidents), 19 ladder companies, one fire brigade, three tower ladder companies, two rescue companies, one marine unit (comprised of two vessels), a Safety Division, Six Special Operations Command Units which include a Hazardous Materials Operations Unit, a Mobile Decontamination Unit, a Decontamination Supply Unit, two Technical Rescue Support Units and a Collapse Unit. The Fire Department also operates a Special Unit that doubles as a lighting plant and backup Hazardous Materials Unit through a dispatching

system maintained at the Fire Alarm Communications Center. The City's mutual aid agreement with surrounding areas continues to benefit the City and the involved communities. The Fire Prevention Program provides public education and inspections of residential and commercial properties, investigates suspected arson fires, and issues permits and licenses.

# External Funds Projects

## Assistance to Firefighters Grant Program

### Project Mission

Funding provided from the US Department of Homeland Security, Preparedness Directorate's Office of Grants and Training, in cooperation with the United States Fire Administration under a competitive federal grant program. Prior years' funding included the SAFER Grant (Staffing for Adequate Fire and Emergency Response) which provided funding to increase the number of trained, "front-line" firefighters and to construct a building at Moon Island to simulate wind driven fires as well as driver training education. FY20 funding will include the purchase of radio equipment and an accountability management system.

## Fire Prevention and Education Fund

### Project Mission

This fund is supported by donations from private businesses, organizations, foundations, and individuals. It will be used to promote fire prevention and fire safety education.

## Hazmat Materials Response

### Project Mission

A grant awarded through the Commonwealth of Massachusetts Executive Office of Public Safety for the Hazardous Materials Response Teams and for the Training Academy. This grant provides for additional training of BFD HazMat personnel and equipment.

## Port Security Program Grant

### Project Mission

Funded through the U.S. Department of Homeland Security, the Port Security Program Grant will fund underwater hazardous device response training.

## Recovery Services Program

### Project Mission

Funding from Substance Abuse and Mental Health Services Administration (SAMHSA) to reduce and prevent opioid overdoses. This will be attained by improving access to recovery services and support for affected families and collaborating with other first responders and community stakeholders.

## Safety, Health and Wellness

### Project Mission

This fund is supported by donations from private businesses, organizations, foundations, and individuals. It will be used to promote policies and procedures that will provide equipment, information, education, and training on firefighter health, wellness and safety.

## State Training Grant

### Project Mission

Funded through the Commonwealth of Massachusetts Executive Office of Public Safety, for the purpose of providing equipment, training and administrative support for the BFD Training Academy on Moon Island.

### **Project Mission**

Funding provided by the foundation to the Boston Fire Department to develop technology to create lightweight fire-resistant hoses and to install commercial washing machines that remove toxins from a fire fighter's clothing in all fire houses.

# Fire Department Capital Budget

## Overview

The Fire Department continues to improve the fire protection and emergency services vital to neighborhood safety and security through capital investment in state-of-the-art technology and equipment. The five-year plan includes replacements or renovations of fire stations across the City.

### FY23 Major Initiatives

- The department will purchase two new Ladder trucks and three new Engine trucks as part of a multi-year fire apparatus replacement plan.
- The department will begin planning to replace the “Damrell” their main fire boat and their dive boat the “Kenney”.
- Construction of a new fire station for Engine 17 will begin in Dorchester.
- Implementation of a phased radio system upgrade will continue.
- HVAC upgrades will continue at various fire stations, to improve energy efficiency and take advantage of utility rebates.

# Program 3. Engineering

Para Jayasinghe, P.E., Manager, Organization 311300

## Program Description

The Engineering Program plans, designs, schedules and prepares contracts for the reconstruction of sidewalks, roadways and bridges. Engineering firms are used to supplement staff and all work is coordinated with other City and state planning agencies. Through the Public Improvement Commission, the program reviews any proposed changes on, over, or under public ways by outside groups. The program also maintains the official records of all City-owned land and streets.

# Program 4. Construction Management

John Vozzella, Manager, Organization 311400

## Program Description

The Construction Management Program is responsible for the construction and maintenance of the highway infrastructure of the City. Responsibilities include installing pedestrian ramps and managing major capital improvements in business districts. Engineering and inspection is provided for reconstruction and resurfacing projects and for the permanent restoration of damaged public ways. By inspecting public ways, analyzing and programming field data and estimating recovery cost, this program seeks to minimize the damages to roadways and sidewalks by utility companies and contractors.

# External Funds Projects

## Bloomberg Mayor's Challenge

### Project Mission

A grant provided by Bloomberg Philanthropies to build innovative ways to build equity into dispatching repairs and maintenance in its sidewalk and street maintenance programs.

## Home Composting

### Project Mission

This revolving account was started with a grant from the State Department of Environmental Protection and uses yard waste materials from community gardens to create compost. The compost is sold and the proceeds were used to buy compost bins, which are also sold to residential gardeners, along with compost.

## Sustainable Materials Recovery Program

### Project Mission

The Recycling Dividends Program funds from MassDEP provides payments to municipalities that implement specific Zero Waste policies. This grant will help the City of Boston fund a Zero Waste public education campaign.

# Public Works Department Capital Budget

## Overview

This Capital Plan invests deeply in bold projects that will have a direct impact and move the needle on climate justice, transit equity, with vibrant and connected communities.

### FY23 Major Initiatives

- Continue community engagement and design on improvements for Melnea Cass Boulevard.
- Sidewalk reconstruction for 311 requests (CRMs) to improve the condition of neighborhood sidewalks and ramps.
- Redesign and reconstruct Cummins Highway, from Mattapan Square to Harvard Street, for safety improvements and bike access.
- Expand our ramp reconstruction program to make all City sidewalk ramps ADA-compliant by 2030.
- Continue the Walkable Streets sidewalk expansion and rebuild high-use corridors in the most vulnerable neighborhoods.
- Construction will continue on a new North Washington Street Bridge.
- An engineering and design consultant will work on plans for rehabilitation of the McArdle Bridge.

## Department Mission

The mission of the Boston Transportation Department is to promote public safety, manage the City's transportation network, and enhance the quality of life for residents of our City neighborhoods. Accomplishment of our mission is ensured through the use of planning, coordinated engineering, education and enforcement. The Transportation Department strives to improve circulation in and around the City, enhance public transportation services, gain efficiencies in the management of parking resources, adjudicate and collect fines, collaborate with relevant agencies and encourage the use of alternate transportation modes.

## Selected Performance Goals

### Parking Clerk

- Provide people-focused service.

### Traffic Management & Engineering

- Design, construct, and maintain streetscapes that prioritize moving people safely and provide people focuses of service..
- Encourage multimodal, active transportation.
- Enhance Boston's walkability and neighborhood interconnectedness.
- Provide people-focused service.

### Policy & Planning

- Design, construct, and maintain streetscapes that prioritize moving people safely.

### Traffic Enforcement

- Design, construct, and maintain streetscapes that prioritize moving people safely.

### Traffic Operations

- To efficiently maintain traffic signs and parking meters throughout the city.

- Abandoned Motor Vehicles, M.G.L.A. c. 90 § 22C; 1988 Mass. Acts ch. 212.

**Description of Services**

The Transportation Department regulates traffic and parking for 802 miles of roadway and 3,708 public streets. In order to ensure an efficient yet safe flow of traffic and to balance competing demands for parking resources, the Department enforces 42 parking regulations, maintains and collects from the City's 7,100 parking meters, and annually replaces or repairs several thousand of the City's 300,000 street and traffic signs. The Department also continually responds to the changing transportation needs of the City and its neighborhoods by re-evaluating traffic patterns, increasing parking enforcement in response to neighborhood requests, incorporating the City's interests into state and federal roadway developments, and working to promote alternative modes of transportation for commuters.

# Traffic Division Operating Budget

Bradley Gerritt, Interim Commissioner, Appropriation 251

## Division Mission

The Traffic Division's mission is to develop, implement, support, and manage all transportation programs and projects undertaken by the Department. These programs and projects emphasize the smooth and safe flow of vehicular traffic through the streets of the City, cooperative work efforts with the MBTA to enhance mass transit, maximum utilization of the City's limited parking resources, and pedestrian safety.

### Selected Performance Goals

#### Traffic Management & Engineering

- Design, construct, and maintain streetscapes that prioritize moving people safely and provide people focuses of service..
- Encourage multimodal, active transportation.
- Enhance Boston's walkability and neighborhood interconnectedness.
- Provide people-focused service.

#### Policy & Planning

- Design, construct, and maintain streetscapes that prioritize moving people safely.

#### Traffic Enforcement

- Design, construct, and maintain streetscapes that prioritize moving people safely.

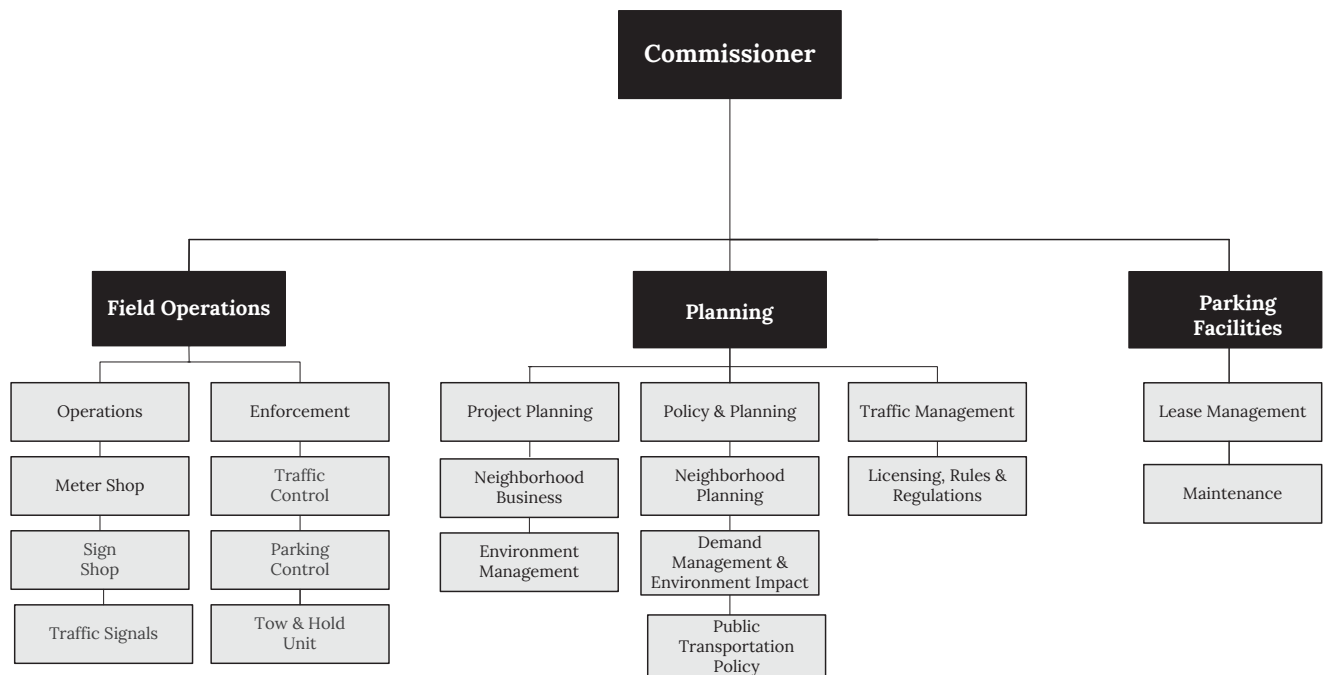

#### Traffic Operations

- To efficiently maintain traffic signs and parking meters throughout the city.

# Traffic Division Operating Budget

## Description of Services

The Traffic Division establishes and maintains a wide variety of programs to enhance transportation throughout Boston. The Division delivers such services as increased loading zone access for the delivery of goods and services, increased short-term parking opportunities and resident restricted parking spaces, efficient flow of vehicular traffic during peak periods, removal and disposal of abandoned vehicles, computerization of traffic signals, and traffic planning and engineering for the design or redesign of streets and intersections. The Division also provides clean, safe, and convenient parking facilities downtown and in neighborhood business districts. Provision of this service includes inspections, cleaning and renovations of facilities and enforcing existing parking leases.

# Program 1. Traffic Commissioner's Office

Bradley Gerritt, Interim Commissioner, Organization 251100

## Program Description

The Commissioner's Office is responsible for establishing and managing a wide variety of programs to enhance transportation throughout Boston. The office advocates for alternative financing for the administration of transportation programs including federal and state grants as well as public/private partnerships.

# Program 2. Traffic Management & Engineering

Amy Cording, Manager, Organization 251200

## Program Description

The Traffic Management and Engineering Program manages Boston’s transportation network to provide safe, efficient travel throughout the City. This is accomplished through maintenance of traffic signal timings using the City’s computerized traffic signal system; design and review of new/upgraded traffic signal installations; review of proposed roadway and transit projects, review and approval of private development plans; licensing of on-street construction; permitting of special events; review and modification of existing parking rules and regulations; and working with neighborhood groups to improve traffic and pedestrian safety on residential streets.

# Program 3. Policy & Planning

Vineet Gupta, Manager, Organization 251300

## Program Description

The Policy and Planning Division provides planning services leading to more effective engineering, construction and management of the city's transportation networks and initiates new projects to support the department's mission. Through extensive community process and coordination with city and state agencies, the division encourages the use of alternative modes, enhances pedestrian safety, addresses neighborhood traffic and parking concerns, reviews new development projects and proposes long-term strategies. The division also includes bicycle programs.

# Parking Clerk Operating Budget

Stephen McGuire, Assistant Parking Clerk, Appropriation 253

## Division Mission

The Office of the Parking Clerk's primary mission is to respond effectively to public inquiries about parking tickets, resolve any disagreements through an adjudication process, and to deter illegal parking by successfully collecting parking violation fines. The Office is also responsible for adjudicating and collecting fines on abandoned vehicles and for administering resident parking permits.

## Selected Performance Goals

### Parking Clerk

# Parking Clerk Operating Budget

## Description of Services

The Office of the Parking Clerk oversees and operates a number of major components of the City's Parking Violation System (PVS). The PVS is a high volume, complex operation involving numerous computer-based systems that support all elements relating to parking tickets from design, procurement, and processing of tickets, through providing responses to public inquiries, adjudication, collection, and final disposition. Parking permits for neighborhood residents are issued by the Office of the Parking Clerk.

# External Funds Projects

## Boston Bike Share

### Project Mission

Various funding sources will support the Boston Bike Share program, including grants from the Federal Transit Authority, sponsorship donations, funds from the Boston Public Health Commission's ARRA grant, the Barr Foundation and other state funding sources. The program began in FY12 and has 1,800 bicycles at publically accessible stations for member use.

## Boston Mobility Action Plan

### Project Mission

The Mobility Plan developed a long term vision to guide transportation policy and investments coupled with an action plan of projects. Barr funding supports a full time position for 2 years starting in FY15 to manage an ongoing capital program. The grant ended in FY17.

## Go Boston 2030 Tracking and Communication

### Project Mission

This grant from the Barr Foundation helps BTDC develop and sustain the transparent communication, tracking, and evaluation of the Projects and Aspirational Targets identified in Go Boston 2030.

## Parking Facilities Fund

### Project Mission

The City owns and operates several revenue producing parking lots. The resulting revenue from these lots goes into the fund to support their non-personnel operating expenses. This is an ongoing revolving account.

## Traffic Management Center

### Project Mission

The Traffic Management Center grant provided new financial resources to expand operational coverage in order to fully utilize existing technology and help monitor and improve the flow of traffic through the City. Funding has been provided thru FY18 by the Federal Highway Administration and Massachusetts Executive Office of Transportation and Construction.

# Transportation Department Capital Budget

## Overview

This Capital Plan invests deeply in the core goals of Go Boston 2030: transformational projects that expand access and interconnect Boston neighborhoods; streets that are safer for all users, particularly pedestrians and cyclists; and travel that is more reliable and predictable.

### FY23 Major Initiatives

- Begin reconstruction of Tremont Street, from Herald Street to Melnea Cass, to prioritize pedestrian safety and build protected bike facilities.
- Transform several corridors Citywide for bus transit, including the construction of dedicated bus lanes on Columbus Avenue and Warren Street.
- Construct Neighborhood Slow Streets projects at in various neighborhoods.
- Expand the 311 Constituent Safety Program and Pedestrian Signal Retiming initiative in order to address all resident safety requests and retime our most dangerous intersections.
- The addition of protected bicycle lanes on Massachusetts Avenue (South of Melnea Cass), Columbus Avenue, and other corridors by increasing the annual investment in the Strategic Bicycle Network.
- Vision Zero will continue to deliver targeted safety improvements in both our residential neighborhoods and along some of our most challenging corridors.
- A citywide, multi-year campaign to bring all painted crosswalks, lane markings, and bike lanes into a state of good repair continues this year.
- Design and installation of new traffic signals at 5 locations, including Roxbury, South Boston and Roslindale and West Roxbury.

## Overview

The Boston Planning & Development Agency, functioning as Boston’s central planning organization, will continue providing in-house planning expertise and will also help leverage the external resources necessary to shape Boston’s future.

### FY23 Major Initiatives

- Complete a technical analysis and develop coastal protective design options that address two near-term flood pathways identified through the 2017 Climate Ready East Boston report.
- Develop design plans to create a ferry service from Pier 10 to North Station for more reliable transit services in the Marine Park.
- Continue the design phase for climate resilience improvements at the Raymond L. Flynn Marine Park.

The City Clerk is also responsible for overseeing the work of the Archives Commission.

## Selected Performance Goals

### Legislative Support

- City Council meeting are created, updated and published on the City of Boston website.
- To distribute copies of the Municipal Code and Annual Supplements.
- To Update the Ordinance section of the Municipal Code and distribute supplements.

### Document Filing

- Scanning and indexing documents.
- Time used for processing documents.

### Document Filing

- To receive and record statutory filings as required by law.

### Archives

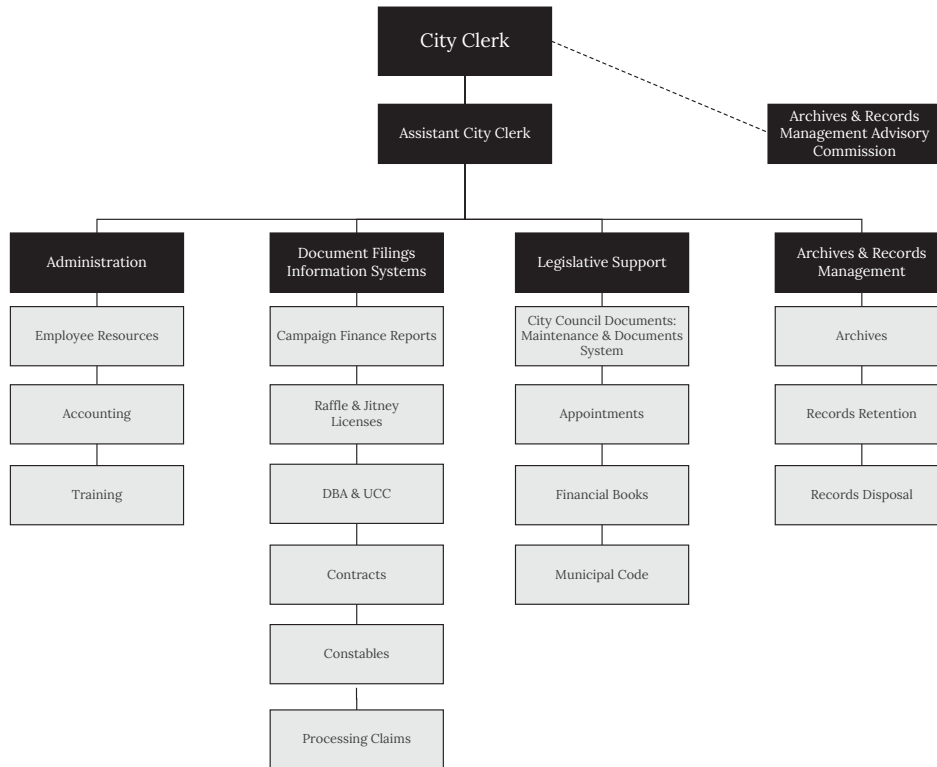

- To provide archives record center to City departments and the public; provide records disposition services to departments.

## Recordings at Risk

### **Project Mission**

"Preserving Boston's Voices: Digitizing the Boston 200 Community Oral History Collection" The Council on Library and Information Resources (CLIR) "Recordings at Risk" grant allows for the digitization of 184 audio cassettes containing about 227 hours of oral history recordings collected during the Boston 200 bicentennial celebration. The oral histories were collected across Boston neighborhoods, and include a diverse range of community members. The transcripts discuss immigration, the Great Migration, labor movements, the Boston Police Strike, the Great Depression, both World Wars, the Civil Rights Movement, housing issues, and the effect of urban renewal on Boston's neighborhoods.

# City Council Operating Budget

Ed Flynn, Council President, Appropriation 112000

## Department Mission

As the Legislative body of the City, the City Council serves as a link between the citizens of Boston and their municipal government. Through the filing of legislation, the enactment of orders, ordinances and resolutions, the Council actively represents the diverse interests of Bostonians while ensuring the efficient and cost effective delivery of services. The Council fulfills its obligation as the appropriating authority by analyzing appropriations and loan orders.

## Selected Performance Goals

### City Councilors

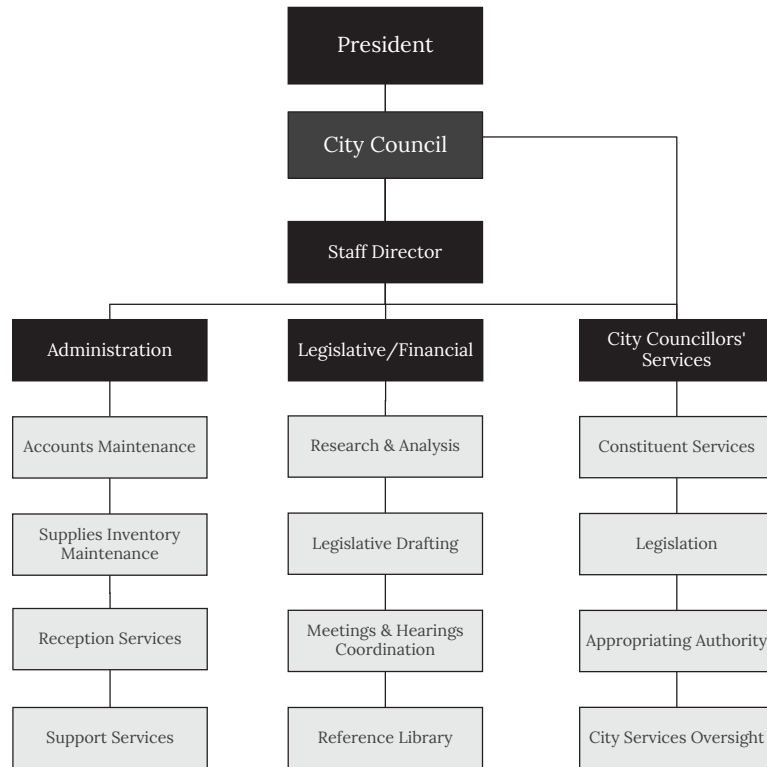

- To ensure the sustainable and efficient delivery of city services for Boston residents.
- To review, create and/or strengthen policies and laws that address the current and future needs of Boston residents, businesses and organizations.

## Authorizing Statutes

- Structure of City Council, 1948 Mass. Acts ch. 452, as amended.
- District Representation, 1982 Mass. Acts ch. 605; 1991 Mass. Acts ch. 108; 1986 Mass. Acts ch. 343.

## Description of Services

Members draft and file legislation on a wide range of public affairs in Boston designed to improve the quality of life for its citizens. Each year the Council conducts an extensive series of public hearings to review the Mayor's appropriation request for the subsequent fiscal year. After a thorough analysis and determination that the request is fiscally sound, the Council approves an appropriation. Constituent needs are served as directed by each individual councilor.
