

SPRING &
SUMMER
2023

Let's design a safer Charles Street South and Tremont Street!

We aim to begin making changes this year.

Our vision for Charles Street South and Tremont Street between Marginal Road and Stuart Street

- ▶ **Pedestrian safety.** We want to improve safety and comfort for people crossing Charles Street South and Tremont Street.
- ▶ **Accessible curb ramps.** We will rebuild curb ramps that do not meet accessibility standards.
- ▶ **Connected bicycle network.** We will add separated bike lanes on Tremont Street and Charles Street South between Marginal Road and Stuart Street. This will close the gap between Tremont Street south of Herald Street, where separated bike lanes are currently under construction, and the existing separated bike lanes on Stuart Street.

Join us at an upcoming event!
