

Construction & Demolition Safety Ordinance - Site Safety Plan Affidavit

The undersigned Permittee (“Permit Holder”) certifies the following under the pains and penalties of perjury:

The Permit Holder hereby acknowledges the City’s concerns regarding safety at project worksites, and that the City has implemented new regulations to reduce accidents on and around worksites. The Permit Holder agrees that it has read and understands the City of Boston Code, Ordinances, Chapter 16-65, Ordinance Governing Construction and Demolition Operations in the City of Boston (“the Ordinance”) and will conduct its operations in strict compliance with all applicable obligations, guidelines, and requirements imposed by said Ordinance.

The Permit Holder understands that it is the Permit Holder’s responsibility to develop, maintain, and follow a written project-specific Safety Plan specifying how it will meet its obligations.

The Permit Holder acknowledges that no provision of the Ordinance requires the Inspectional Services Department, or any other City entity, to interpret or enforce any existing Occupational Safety and Health Administration (“OSHA”) health and safety regulation that governs the safety of persons employed in construction or demolition operations and that compliance with OSHA regulations is the sole responsibility of the Permit Holder.

The Permit Holder certifies that it has created and implemented a Site Safety Plan for the site subject to the permit that complies with, and will satisfy, all regulations obligations, guidelines, and requirements imposed by the Ordinance. Specifically, the Permit Holder certifies that the Safety Plan for this site defines planned protections from the potential hazards to people on the project site, the public, and property from construction and demolition operations and meets the applicable requirements defined by the Department, as set forth in Commissioner’s Bulletin CB2023-04. The Permit Holder also certifies that each Subcontractor, Sub-subcontractor, and other parties that will perform work on the Project worksite will also comply and will satisfy these requirements. The Permit Holder acknowledges that it is their sole responsibility to ensure that its subcontractors comply with the Ordinance.

The Permit Holder certifies that it will comply with all applicable operational requirements of the Ordinance and the associated Commissioner’s Bulletin’s administrative procedures, including Site Safety Orientations, Annual Refreshers, Pre-Shift Safety Meetings, keeping of relevant logs and records, making required notifications, and providing required documentation, pursuant to the Ordinance, upon request by the Inspectional Services Department and/or its Inspectors and Building Officials.

The Permit Holder acknowledges and agrees that non-compliance with any of the requirements above, including failure to abide by its own Site Safety Plan, may result in suspension or termination of work in progress or revocation of the City’s permit for such work; provided, however that the City reserves the right to allow the Permit Holder the opportunity to immediately correct or cure violations prior to the City issuing a suspension or termination of work in progress or revocation of the City’s permit for such work.
