Funding Streams Expo

Darren Sack, Chair
Margaret Lombe, Chair-Elect

Moment of Silence

At this time, let's take a moment of silence in remembrance of those who came before us, those who are present, and those who will come after us.

Agenda

We will NOT be doing attendance during the meeting to save time – you should have signed in right when you arrived! See PCS after the meeting if you didn't or are unsure.

November Minutes Review & Vote

November 9th, 2023

1. Are there any edits to the meeting minutes?

2. First and second motion to approve minutes as written or with any edits.

3. Raise of hands to approve Nov. 9th meeting minutes.

Let's learn about Funding Streams!

- **7 Teams** - Each team has a scenario of a client situation that could benefit from services paid for by many different funding streams
- Each team has a **TEAM LEADER!**
- Teams will rotate *clockwise* to each table and learn about what services that funding stream could provide, then discuss how that funding stream may pay for a service that your client could use
- 11 minutes per table
- Teams will report back to the full Council at the end - think about what your key takeaways will be as you go!

Topic A: Welcome and Introductions

The Chair of the Planning Council called the meeting to order and led a moment of silence.

Topic B: Review Meeting Minutes

Motion to Approve: Bryan Thomas

Second: Kim Wilson

Result: The November meeting minutes were approved with 23 in person votes (100% approved).

Topic C: Funding Streams Expo

PCS introduces the Funding Streams Expo and how it would run, then separated members into seven teams, labeled as different animals for the activity. Each team has a scenario of a client situation. Teams rotate clockwise to each table and learn about what services that funding stream could provide, then discuss amongst team members how that funding stream may pay for the service that that client could use. Teams rotate between each table that represents a different type of funding that provides social and medical services, including Medicaid, HOPWA, State of MA & NH, and Ryan White Parts A, B, C, D & F. After all teams went through the various funding stream tables, the group came back together to discuss what was talked about and what they learned.

Topic D: Expo Debrief

Discussion:

- For a client that needs support all around medically and peer support, Part A and Part B would be the most ideal
- Case management is very important
- (for the client that just got out of prison) In MA there is a CCC- Correctional Care Continuum that should've connected him before he left prison to a doctor and a case manager and to his medication.
- Part D has a family approach, ideal for clients that have kids, can get client to WIC and SNAP.

Topic E: Announcements, Evaluation & Adjourn

Announcements

- Agency updates/committee reports are in the handouts and on Basecamp.
- 6 spots left for Volunteering at Community Servings on January 9th from 4 – 7 PM
