Said text amendment brings Article 25 into compliance with federal flood regulations for development in the floodplain while the adoption of the new FIRMs will codify where these regulations will apply.

9:30 AM **Map Amendment Application No. 783**
Planned Development Area No. 154, 180 Western Avenue
Map 7B/7D, Allston-Brighton Neighborhood District

Said map amendment would amend “Map 7B/7D, Allston Brighton Neighborhood District”, by adding the designation “D”, indicating a Planned Development Area overlay to approximately 1.2 acres (+/- 50,227 square feet) of land generally bounded by Western Avenue to the north, Bertram Street to the south, North Harvard Street to the west, and Travis Street to the east. Said Development Plan would allow for the demolition of the existing buildings on the Project Site, and to construct a pedestrian-oriented, mixed-use building including residential uses, ground-floor retail, restaurant, and service uses, parking and loading uses and other uses. The Proposed Project comprises an approximately seven-story building, containing approximately 200,000 square feet of Gross Floor Area, including residential space (approximately 274 units), ground-floor retail, restaurant, service uses, and accessory spaces, shared indoor and outdoor amenity spaces for residents, served by parking located within the building.

9:45 AM **7th Amendment to the Master Plan for Planned Development Area No. 69, The 100 Acres**

Said 7th amendment would update the existing exhibits of the Master Plan for Planned Development Area No. 69, The 100 Acres, South Boston. Said

Development Plan consists of the redevelopment of the site, currently a surface parking lot and related improvements, to include one new building comprising approximately 324,315 square feet of gross floor area ("GFA") containing research laboratory and office space, ground floor space with intended retail, restaurant, civic, and/or cultural uses, and below-grade parking for up to 125 vehicles.
