

**LITTLE FREE LIBRARY
FIRST CHURCH IN BOSTON
66 Marlborough Street,
Boston, MA 02116**

The location for our Little Free Library at 66 Marlborough Street is an area conducive to reading with built-in outdoor seating and a porch area with benches. It is next to the John Winthrop Pre School, in the basement of the church, so there is quite a bit of foot traffic and we plan on including books for kids. There will be no logos or words on the exterior—only the Little Free Library sign and registration number for this library.

The colors will work with the signature rust-red used in the interior of the church, which was designed by Paul Rudolph. This model is a 2 shelf version in the “Modern” Little Free Library style design.
